The Election Law of India is contained in the Representation of the People Act, 1950 and the Representation of the People Act, 1951, the former dealing with matters pertaining to election prior to the stage of actual election and the latter dealing with the actual conduct of elections and matters connected therewith. The two Acts have been subjected to periodic amendments on the recommendations made by the Election Commission from time to time in the light of experience gained in the working of those Acts.

2. The present Bill also relates to recommendations in respect of the two Acts received from the Election Commission. In compliance with the assurance given by the former Law Ministers, they were referred to a Joint Committee of Parliament presided over by Shri Jagannath Rao, the earlier Committee presided over by Shri Ashok Sen having become *functus officio* consequent upon the dissolution of the Lok Sabha in 1970.

3. The recommendations made by the Election Commission as well as some other proposals which did not emanate from the Election Commission were considered very carefully and discussed in great detail by the Joint Committee on Amendments to Election Law, which made a comprehensive survey of the Election Law, including the laws of other countries and submitted its report in two Parts—Part I dealing with specific amendments to the Representation of the People Acts, 1950 and 1951 and Part II dealing with recommendations of a general nature, but having a bearing on Election Law. The Report of the Joint Committee has been carefully examined by Government and the comprehensive changes proposed in the present Bill are intended to give effect to such recommendations and suggestions as have been found acceptable.

4. Some of the more important proposals contained in the present Bill are briefly dealt with below.

(1) With a view to ensuring greater independence in the functioning of the various officers in-charge of elections and for avoiding any possible interference by the Governments in their working, it is proposed to provide that the Chief and Joint Chief Electoral Officers, Electoral Registration Officers, District Election Officers and Returning Officers shall not ordinarily be transferred during a stipulated period at the time of elections or when election is in prospect.

(2) In order to ensure that the maximum number of persons, who have completed 21 years of age prior to election and consequently are eligible to vote, are included in the electoral rolls, it is proposed to provide for four qualifying dates, namely, the 1st of January, the 1st of April, the 1st of July and the 1st of October (instead of one qualifying date, namely, the 1st of January as at present) for the purpose of preparation, revision and maintenance up-to-date of electoral rolls.

(3) It is also proposed to do away with even the existing nominal fee of ten paise and one rupee payable respectively for making an application and for filing an appeal regarding the inclusion of names in the electoral rolls.

(4) In addition to the officers to whom postal ballot facilities have been provided under the existing law, it is proposed to extend the same facilities to the officers and seamen of the Indian Merchant Navy.

(5) To ensure greater purity in elections, it is proposed to widen the provision relating to disqualification so as to provide that in cases where there exists a subsisting contract between the candidate and the Central Government or the State Government, or between him and a company or corporation (other than a co-operative society) in which the Central Government or the State Government has not less than 25 per cent. share, the candidate shall be disqualified for the purpose of election to Parliament as well as the State Legislature. It is further proposed to include cases of conviction under section 153B of the Indian Penal Code, or under some of the new sections relating to electoral offences proposed to be included in the Representation of the People Act, 1951, within the scope of section 8 relating to disqualification on conviction.

(6) With a view to eradicating the malpractices which mar a free and fair election, it is proposed to empower the Election Commission to order fresh poll in cases where the right of free exercise of vote has been hampered due to factors like coercion, intimidation, etc.; to make intimidation and coercion an electoral offence with a more severe punishment; to make impersonation at elections an electoral offence; and to provide for stringent punishment in cases relating to violation of orders prohibiting public meetings, etc.

(7) Having regard to the seriousness or gravity of the acts in question, which under the present law constitute corrupt practices under section 123 of the Representation of the People Act, 1951, it is proposed to split them up into two categories; namely, corrupt practices and illegal practices, which would respectively entail a disqualification for a period of six years and four years as against the present period of six years, which was being applied uniformly to all categories of corrupt practices. Under the revised scheme, from amongst the existing corrupt practices, the offences of hiring or procuring of vehicles for conveyance of voters and the incurring of expenditure in excess of the prescribed limits would be treated as constituting illegal practices. Incidentally, apart from making the periods of disqualification proportionate to the gravity of the offences, the classification now proposed would be in keeping with the provisions of article 326 of the Constitution. Incidentally, it may be mentioned that such a classification existed in the Representation of the People Act, 1951 prior to 1956.

5. The various provisions of the Bill are explained in detail in the Notes on clauses.

NEW DELHI;

H. R. GOKHALE.

The 7th December, 1973.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE
CONSTITUTION OF INDIA

[Copy of letter No. F. 7(30)/71-Leg.II, dated the 13th December, 1973 from Shri H. R. Gokhale, Minister of Law, Justice and Company Affairs to the Secretary-General, Lok Sabha.]

The President having been informed of the subject matter of the Bill further to amend the Representation of the People Act, 1950 and the Representation of the People Act, 1951 recommends, under clause (3) of article 117 of the Constitution, the consideration of the Bill by the Lok Sabha.

Notes on clauses

Clause 2.—This clause seeks to substitute a new section for section 13A of the 1950-Act dealing with Chief Electoral Officers. At present, in every State there is either a Joint Chief Electoral Officer or a Deputy Chief Electoral Officer to assist the Chief Electoral Officer who, generally being a Secretary to the State Government, is not in a position to devote his whole-time to election work. But there is no statutory basis for the office of Joint Chief Electoral Officer, which has in fact been in existence over a period of years. The new section seeks to give a legal basis to the office of Joint Chief Electoral Officer. It precludes transfer of the Chief Electoral Officer and the Joint Chief Electoral Officer when a general election to the House of the People or to the Legislative Assembly is in prospect so as to enable the officers to function more independently and without any interference from the Government.

Clauses 3 and 4.—These clauses seek to amend sections 13AA and 13B to effect certain changes which are only of a drafting and consequential nature.

Clause 5.—This clause seeks to insert a new section 13CC in the 1950-Act which would ordinarily preclude the transfer of an electoral registration officer or an assistant electoral registration officer during certain periods with a view to avoiding the objection that such officers are being transferred during the course of preparation or revision of an electoral roll.

Clause 6.—This clause seeks to amend section 14 of the 1950-Act so as to provide for four qualifying dates in a year for the purpose of preparation, revision, correction and maintenance of electoral rolls up-to-date instead of one qualifying date as at present. This is to ensure that the maximum number of persons who have completed the age of 21 years prior to an election are included in the electoral roll.

Clause 7.—This clause seeks to substitute a new section for section 15 of the 1950-Act which deals with the electoral roll. The new section amplifies the existing provisions with reference to the proposal in clause 6 for four qualifying dates.

Clause 8.—This clause seeks to amend section 20 of the 1950-Act to extend the postal ballot facility to officers and seamen of the Indian Mercantile Marine.

Clause 9.—This clause seeks to substitute two new sections for the existing sections 21, 22 and 23 of the 1950-Act. The proposed substitution is by way of amplification of the existing provisions having regard to the provision for four qualifying dates for the purpose of preparing, revising, correcting and maintaining up-to-date the electoral rolls.

Clause 10.—This clause is a transitional provision which seeks to clarify the position that an electoral roll, which is in force immediately before the commencement of the Amending Act, or which is under preparation or revision at such commencement, shall be deemed to be the relevant electoral roll for the purpose of elections, which may be called during the pendency or revision of the existing electoral roll and before its finalisation.

Clause 11.—This clause makes a consequential amendment in section 24 of the 1950-Act.

Clause 12.—This clause seeks to omit existing section 25 of the 1950-Act which confers power to make rules prescribing the fee payable on an application for correction of an entry or inclusion of any name in an electoral roll or for preferring an appeal against the order of the electoral registration officer in this behalf. In other words, the fee of 10 paise and Re. 1 respectively, which are the fees prescribed by the rules for making an application or preferring an appeal are being done away with so that for such purposes no fee shall be charged in future.

Clause 13.—This clause makes certain consequential amendments in section 27 of the 1950-Act. In addition, it also seeks to include within the ambit of clause (b) of sub-section (5) of that section persons engaged in teaching even on a part-time basis. Besides, sub-section (6) of that section is sought to be omitted, the effect of which will be that the qualifying dates in relation to a graduates' constituency and a teachers' constituency shall be the same as those in relation to an Assembly constituency.

Clause 14.—This clause seeks to omit the proviso to section 27H of the 1950-Act as it has become a spent provision.

Clause 15.—This clause seeks to amend section 28 of the 1950-Act to enable the making of rules for requiring officers charged with the duty of registration of deaths, to forward to the electoral registration officers at stated intervals a list of names, etc., of electors who have died in the constituency with the dates of their death.

Clause 16.—This clause seeks to rectify a typographical error in the Second Schedule to the 1950-Act, which occurred at the time of the amendment of the Act in 1966.

Clause 17.—This clause, apart from making some changes of a verbal or clarifying nature, seeks to insert in section 2 of the 1951-Act a new definition of the expression "joint chief electoral officer" which office is being given statutory recognition.

Clause 18.—This clause, apart from making a minor amendment of a clarifying nature, seeks to amend section 8 of the 1951-Act so as to enlarge the scope of the disqualification on conviction for certain offences, by including therein reference to section 153B of the Indian Penal Code and sections 125A, 125B, 125C and 133 of the 1951-Act which respectively deal with the electoral offences of coercion or intimidation, personation, unlawful activity and illegal hiring or procuring or use of conveyances at elections.

Clause 19.—This clause seeks to substitute a new section for section 8A of the 1951-Act which deals with disqualification for corrupt practice.

Under the existing scheme, section 8A provides for disqualification for the commission of any of the corrupt practices set out in section 123 of the 1951-Act. According to the scheme now proposed, having regard to the seriousness or the gravity of the acts in question, the existing corrupt practices are being split up into corrupt practices and illegal practices. Under the new categorisation, the hiring or procuring of vehicles and the incurring of expenditure in excess of the prescribed limit are termed as "illegal practices". As a logical corollary of such a two fold classification as corrupt practices and illegal practices in the newly proposed section 8A, it is sought to be laid down that the disqualification for corrupt practice and illegal practice shall respectively be six years and four years from the date of the order.

Clause 20.—This clause seeks to substitute a new section for section 9A of the 1951-Act. Like the preceding clause, this clause also seeks to widen the scope of the disqualification specified in section 9A which deals with disqualification for contracts with Government. Under the existing provision, a subsisting contract between a person and the Central Government or the State Government, as the case may be, would have the result of disqualifying him for election to Parliament or the State Legislature, as the case may be. It is now proposed that regardless of the Government with which the contract subsists—be it the Central Government or the State Government—the contract would operate as a disqualification for election to Parliament as well as to the State legislature. It is further proposed to enlarge the scope of the section by providing for a similar disqualification in cases of a like contract with a company or corporation (other than a co-operative society) in which the Central Government or the State Government has not less than twenty-five per cent. share.

Clause 21.—This clause seeks to make a drafting alteration in section 10A of the 1951-Act.

Clause 22.—This clause seeks to substitute a new section for section 11A of the 1951-Act which regulates disqualification for voting arising out of conviction and corrupt practices. By the proposed substitution, the scope of section 11A is being enlarged in the same manner as the scope of section 8 is being enlarged by the inclusion of references to section 153B of the Indian Penal Code and sections 125A, 125B, 125C and 133 of the 1951-Act which deal respectively with the electoral offences of coercion or intimidation, personation and hiring, procuring or use of conveyances at elections. Further, the proposed new section seeks to effect certain changes similar to the changes effected in section 8A consequent on the new categorisation of corrupt and illegal practices.

Clauses 23 to 25.—These clauses seek to make changes which are either consequential or drafting in nature in sections 19A, 22 and 23 of the 1951-Act.

Clause 26.—This clause seeks to insert a new section 24A in the 1951-Act to provide that no district election officer or returning officer shall ordinarily be transferred during a stipulated period at the time of elections.

Clause 27.—This clause seeks to substitute a new section for section 25 of the 1951-Act which deals with the setting up of polling stations for the constituencies. By the proposed section, elaborate provision is being made for the guidance of the district election officer in

the matter of setting up of polling stations including mobile polling stations.

Clause 28.—This clause seeks to omit sub-section (5) of section 26 of the 1951-Act which has become unnecessary consequent on the definition of district election officer proposed in clause 17.

Clause 29.—This clause seeks to amend clause (d) of section 30 of the 1951-Act and by this amendment, the time-table of elections is sought to be reduced by three days which would result in some reduction in election expenses.

Clause 30.—This clause seeks to effect certain changes in section 31 of the 1951-Act which would be of advantage to the candidates. The effect of the proposed amendment will be that the returning officer will have to specify in the public notice of election itself the place at which nomination papers are to be delivered and the place at which the forms of nomination may be obtained and the dates on which and the time and place at which the nomination papers are to be delivered.

Clause 31.—This clause seeks to make several amendments in section 33 of the 1951-Act. The first amendment, seeks to insert a new proviso after the existing proviso to sub-section (1) with a view to putting an end to certain irregularities which have come to the notice of the Election Commission. By the next amendment, two new sub-sections are sought to be inserted after sub-section (1). The proposed sub-section (1A) provides that no person shall sign as a proposer any nomination paper or papers of more than one candidate at the same election. It further seeks to provide that where a person signs more nomination papers than one, then the returning officer shall accept the nomination paper or papers of the candidate which or one of which was delivered first in point of time and reject the rest and shall not give any serial number or take them up for scrutiny. The proposed sub-section (1B) seeks to make it incumbent on the part of the returning officer to remind the candidate or the proposer at the time of the presentation of the nomination paper the candidate's obligation to make and subscribe the oath before the time fixed for scrutiny. The next amendment is in sub-section (3) so as to remove an error. The last amendment seeks to substitute new proviso for the existing proviso to sub-section (6). The newly proposed provisos would preclude more than four nomination papers being delivered by or on behalf of a candidate or accepted by the returning officer for election in the same constituency and also preclude a person being nominated as a candidate for election in more than two constituencies of the same class, that is, of Parliament or Assembly.

Clause 32.—This clause seeks to amend section 35 of the 1951-Act so as to require the returning officer to state, in the certificate on the nomination paper, whether the required oath or affirmation has been made and subscribed and if not whether he has reminded the candidate in this behalf. This amendment would be of advantage not only to the candidates but also to the returning officers.

Clause 33.—This clause seeks to amend section 36 of the 1951-Act so as to clarify that reasonable facilities should be given for examining the nomination papers which have been delivered in accordance with the provisions of section 33 but only in respect of those papers which

have not been rejected by the returning officer under that section. It has been further made clear that the returning officer should rectify errors in the particulars specified in a nomination paper of a candidate if he could gather the correct particulars from other nomination papers delivered on behalf of the candidate.

Clause 34.—This clause seeks to substitute a new sub-section for sub-section (2) of section 50 of the 1951-Act to make it clear that any act or thing required or authorised to be done by or under the Act in the presence of a polling agent or counting agent may also be done in the presence of the contesting candidate or his election agent.

Clause 35.—This clause seeks to make an amendment in section 51 of the 1951-Act which is of a clarifying nature.

Clause 36.—This clause seeks to amend section 57 of the 1951-Act so as to require the presiding officer or the returning officer, in cases of adjournment of poll in emergencies, to enclose a copy of any complaint made to him by any person in this behalf.

Clause 37.—This clause seeks to substitute a new section for section 58 of the 1951-Act so as to make the provision more comprehensive. Under the existing provision, there can be no fresh poll in cases where ballot papers used or intended to be used at polling stations are unlawfully taken out of the custody of the presiding officer or the returning officer, or are accidentally or intentionally destroyed or lost or damaged or tampered with. The proposed section would enable the taking of a fresh poll even in such cases. That apart, under the present law, there is no provision for fresh poll at polling stations where, because of the prevalence of coercion or intimidation on a large scale, the members of the weaker sections of the community are prevented from exercising their franchise. The proposed section 58 is intended to meet this lacuna also.

Clause 38.—This clause seeks to amend section 59 of the 1951-Act to make it explicit that the vote shall be by secret ballot.

Clause 39.—This clause seeks to insert a new clause (d) in section 61 of the 1951-Act to enable the making of rules for the purpose of obtaining the signature or the thumb impression of the elector on the counter-foil of the ballot paper before the delivery of such ballot paper to him. The proposed amendment would be an effective check on impersonation at elections.

Clause 40.—This clause seeks to substitute a new section for section 64 of the 1951-Act which deals with counting of votes. The proposed provision seeks to incorporate in the law itself a provision for recount of votes instead of leaving it to be regulated by rules. Under the proposed provision, the returning officer may *suo motu* order recount of the votes either in whole or in part or may do so when so directed by the Election Commission before the declaration of the result. The procedure to be followed in cases of recount shall, so far as may be, the same as in the original count.

Clause 41.—This clause seeks to amend section 64A of the 1951-Act dealing with destruction, loss, etc., of ballot papers at the time of counting. This is being done with a view to widening the scope of the section

to include cases where the unlawful taking out of ballot papers or accidental or intentional destruction, loss, damage or tampering of ballot papers has taken place before the ballot papers are put in the custody of the returning officer and is discovered at the time of counting. The proposed amendments also seek to remove certain discrepancies.

Clause 42.—This clause seeks to substitute a new section for section 66 of the 1951-Act which deals with declaration of results. The amendment effected in section 66 in the year 1966 was limited in scope and merely provided that the power of the returning officer to forthwith declare the result of the election on the completion of the counting should be subject to any direction which might be issued by the Election Commission to the contrary. It is felt that this amendment did not go far enough nor does the section spell out the details of the procedure which is to be followed after the declaration of the result has been withheld for the time being after the completion of the counting. The proposed new section 66 seeks to spell out as to what exactly is to be done by the Election Commission in cases where the declaration of the result has been withheld.

Clause 43.—This clause seeks to substitute a new Chapter for Chapter VIII relating to election expenses in Part V of the 1951-Act. It is proposed to substitute four sections, namely, sections 76, 77, 77A and 78 for the existing sections 76, 77 and 78 of the 1951-Act. The principal change is the insertion of new section 77A which deals with the maximum amount of election expenses. Though the limit is to be prescribed by the rules, under the new provision, certain items are sought to be excluded in the computation of the maximum amount. The amounts that are sought to be excluded are the amount which a candidate is required to pay to a political party in accordance with the rules of the party for being accepted as a candidate and the amount of deposit to be made under section 34. An element of flexibility to the fixation of the maximum amount is also being ensured by providing for an increase of such maximum in cases where a poll is countermanded.

Clause 44.—This clause seeks to substitute new sections for sections 99 and 100 of the 1951-Act which respectively deal with certain orders to be made by the High Court and the grounds for declaring an election to be void. The proposed amendments are consequent upon the new categorisation adopted by the splitting up of the existing corrupt practices into corrupt and illegal practices.

Clause 45.—This clause seeks to substitute a new section for section 106 of the 1951-Act and the new section reproduces the existing section with drafting changes for greater clarity.

Clause 46.—This clause seeks to substitute two Chapters I and II for the existing Chapter I in Part VII of the 1951-Act. The existing Chapter I sets out eight categories of acts which constitute corrupt practices. By the proposed change, the corrupt practices are sought to be split up into two categories, namely, corrupt practices and illegal practices, having regard to the gravity or seriousness of the acts in question. Under the new categorisation, the hiring, procuring or use of conveyances at elections and the incurring of expenditure in excess of the prescribed limit would be classified as illegal practices. The revised scheme of such a classification should necessarily provide for different periods of disqualification for the commission of the corrupt practices or the illegal practices

and as explained under clause 18, it is proposed to amend section 8 of the 1951-Act so as to provide that the periods of disqualification for the corrupt and illegal practices shall be six years and four years respectively. Apart from the aforesaid classification, no substantial change has been effected in the relevant provisions excepting some minor ones of a drafting or verbal nature. In addition, it is proposed that any disqualification incurred by a person by reason of the commission of any act which has ceased to be a corrupt practice under the 1951-Act as amended by the proposed law shall stand removed after the expiry of a period of four years from the date of incurring of such disqualification. In other words, the law seeks to extend the benefit of a lesser period of disqualification which is now proposed for the commission of an illegal practice to certain persons who might have been disqualified under the law as it then existed for a longer period.

Clause 47.—This clause seeks to insert three new sections 125A, 125B and 125C in the 1951-Act which respectively seek to provide stringent punishment for the electoral offences of coercion or intimidation of voters, personation and unlawful activity at elections.

Clause 48.—This clause seeks to substitute a new section for section 126 of the 1951-Act which deals with prohibition of public meetings. The existing provision is very much limited in scope and it has been found by the Election Commission from experience that the provision has almost been rendered nugatory in a number of cases. The proposed amendment seeks to plug all the loopholes and also makes the punishment more stringent. Besides, the period of ban on public meetings is sought to be further extended to seventy-two hours ending with the hour fixed for conclusion of the poll.

Clause 49.—This clause seeks to amend section 127 of the 1951-Act dealing with disturbances at election meetings. Under the existing provision, the punishment for causing disturbance at public meetings is only a fine which may extend to Rs. 250. The proposed amendment seeks to enhance the punishment by providing for imprisonment for a term which may extend to six months or with fine or with both.

Clause 50.—This clause seeks to substitute a new section for section 133 of the 1951-Act which deals with penalty for illegal hiring or procuring of conveyances at elections. This amendment is consequential on the new classification of these offences as illegal practices.

Clause 51.—This clause seeks to amend section 134A of the 1951-Act which deals with penalty for Government servants for acting as election agent, polling agent or counting agent. The amendment seeks to include persons in the service of a local authority also within the ambit of the said section. It also seeks to widen the prohibited category of acts which would entail penalty by including acts of canvassing for votes for a candidate or addressing election meetings or indulging in any other election propaganda or campaign at an election.

Clause 52.—This clause seeks to insert a new section 134B of prohibit persons from going armed within the neighbourhood of a polling station. This is to prevent certain undesirable persons resorting to acts of terrorism at or near polling stations so as to hamper the free exercise of vote. A contravention of the section would entail punishment with imprisonment up to six months or with fine or with both.

Clause 53.—This clause seeks to amend section 135 of the 1951-Act to bring within its scope the act of taking away of ballot papers not only in a fraudulent manner but also with force and violence.

Clause 54.—This clause seeks to amend suitably the heading of Chapter IV in Part VIII of the 1951-Act.

Clause 55.—This clause seeks to amend section 146 of the 1951-Act which deals with the powers of the Election Commission. By the proposed amendment, the power of the Election Commission is sought to be enlarged to cover cases of inquiry into disputes regarding election symbols.

Clause 56.—This clause seeks to amend section 158 of the 1951-Act which deals with the return or forfeiture of a candidate's deposit. Besides making express provision for the return of a candidate's deposit in the event of his being elected, the proposed amendment seeks to streamline the existing provision and is of a clarifying nature.

Clause 57.—This clause seeks to insert a new section 167A in the 1951-Act to give a legal basis to the directions and instructions which are, from time to time, being issued by the Election Commission to the various officers in-charge of elections in the discharging of their duties in connection with elections.

Clause 58.—This clause makes it clear that the proposed amendments shall not apply to any election which has been called before the commencement of the proposed legislation.

FINANCIAL MEMORANDUM

Clause 2 of the Bill seeks to substitute a new section for the existing section 13A of the Representation of the People Act, 1950. At present, in every State there is a Joint Chief Electoral Officer or a Deputy Chief Electoral Officer to assist the Chief Electoral officer in the performance of his functions in connection with elections to Parliament and the State Legislatures. But the office of Joint or Deputy Chief Electoral Officer has no statutory sanction behind it although *de facto* it has been in existence for several years now. Since the scales of pay of the post may differ from State to State, it is not possible to furnish an accurate estimate of expenditure that may be involved in this regard. It is, however, estimated that the average monthly expenditure for a State on account of pay and allowances for the incumbent of the post of Joint Chief Electoral Officer may come to Rs. 1000. On this basis, the total annual expenditure for 21 States is likely to be about two lakhs and fifty-two thousand rupees. This expenditure will be incurred by the State Government in the first instance and will be shared on 50:50 basis between the Central and the State Governments. This may accordingly involve a recurring expenditure of Rs. 1,26,000 per annum from the Consolidated Fund of India.

Clause 6 seeks to amend the definition of "qualifying date" in section 14 of the Representation of the People Act, 1950. At present, the expression "qualifying date", in relation to the preparation or revision of electoral roll, means the first day of January of the year in which it is prepared or revised. As recommended by the Joint Committee, it is now proposed to provide that in relation to the preparation or revision of an electoral roll, there shall be four qualifying dates, namely, the first of January, the first of April, the first of July and the first of October of the year in which the electoral roll under preparation or revision is finally published. This is an enabling provision to ensure that the electoral roll is as up-to-date as possible when it is published. All expenditure in relation to preparation, revision or maintenance up-to-date of an electoral roll is to be shared on 50:50 basis between the Central and the State Governments. The introduction of four qualifying dates instead of one would result in enrolment of more number of persons in the electoral rolls and consequently some increase in every constituency in the cost of paper|printing in respect of an electoral roll. However, the additional expenditure, if any, in this behalf is expected to be only marginal.

Clause 8 seeks to insert a new clause (e) in sub-section (8) of section 20 of the Representation of the People Act, 1950 so as to extend postal ballot facilities to the officers and seamen of the Indian Merchant Navy. It is estimated that about 40,000 to 45,000 of such officers and seamen may become eligible for voting by postal ballot if such facilities are extended to them. The expenditure on this account may roughly come to Re. 1|- per voter and the total expenditure on account of the extension of postal ballot facilities to the officers and seamen of the Merchant Navy may not exceed Rs. 50,000 per General Election. This expenditure is to be

shared on 50:50 basis between the Central and the State Governments, if elections to Parliament and State Legislatures are held simultaneously and completely by the Centre, if elections to Lok Sabha are held independently of the elections to the State Legislatures.

Clause 12 of the Bill seeks to omit section 25 of the Representation of the People Act, 1950 which provides that every application for correction of entries or for inclusion of names in the electoral rolls and every appeal preferred in that connection should be accompanied by a prescribed fee which shall, in no case, be refunded. The abolition of the fee by the proposed deletion of section 25 would necessarily result in the loss of some revenue. The quantum of loss would depend upon the number of applications received for inclusion of names in the electoral rolls and also the number of appeals preferred and this will vary from time to time and place to place.

Clause 15 seeks to amend section 28 of the 1950-Act with a view to empowering the Central Government to make rules requiring the officers charged with the duty of registration of deaths under any law for the time being in force, to forward to the Electoral Registration Officers at prescribed intervals, a list of names, with their addresses, occupations, sex, etc., together with the dates of death of all persons of the age of 21 years or above whose deaths have been registered during the month or period in respect of the area under the jurisdiction of such officer. This may involve some marginal additional expenditure by way of stationery, postage, etc.

Clause 27 seeks to substitute a new section for the existing section 25 in the Representation of the People Act, 1951 to make detailed provisions for the guidance of the district election officers in the matter of setting up of polling stations, including mobile polling stations. The proposed new section 25 only seeks to give statutory shape to the procedure already being followed in the matter of setting up of polling stations under the directions and instructions issued by the Election Commission. This clause, therefore, would not result in any additional expenditure.

Clause 37 seeks to substitute a new section for the existing section 58 of the 1951-Act relating to fresh poll in certain circumstances. This amendment seeks to enlarge the scope of the existing section. The additional expenditure that may be involved on account of enlarging the scope of the section will depend upon the number of cases and the number of polling stations where the Election Commission orders such fresh poll. This in turn will depend on the circumstances prevailing in each area.

Clause 41 which seeks to amend section 64A widens the scope of the existing section so that the Election Commission would be in a position to order fresh poll in certain other circumstances also. This is only an enabling provision to set right a lacuna in the existing law. Additional expenditure, if any, is likely to be only marginal, as cases of the type envisaged would occur very rarely.

The Bill when passed into law would not involve any non-recurring expenditure.

It may be mentioned that the expenditure incurred in any State on the preparation of the electoral rolls and the conduct of elections is borne

initially by the State Government but the Central Government contributes fifty per cent. of the expenditure incurred by the State Government on the following items:—

(i) election staff employed in the office of the Chief Electoral Officer and in the district election offices;

(ii) preparation and revision of electoral rolls;

(iii) storage and preservation of ballot boxes and other election material; and

(iv) the conduct of elections to the House of the People and the State Legislative Assembly when they are held simultaneously, including the payment of allowances/honoraria to Government servants and others placed on election duty. When the elections are not held simultaneously, the Central Government bears the entire expenditure incurred in respect of election to either House of Parliament and the State Government bears it in respect of elections to the State Legislature.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 7 seeks to substitute a new section for section 15 of the Representation of the People Act, 1950. This section provides for the preparation, revision, correction and maintenance up-to-date of the electoral roll for every constituency in accordance with the provisions of the Act and the rules, orders, instructions and directions made or issued thereunder. Clause 9 seeks to substitute sections 21 and 22 for sections 21, 22 and 23 of the Representation of the People Act, 1950. The proposed section 21 *inter alia* seeks to empower the framing of rules regarding the manner of preparation and the manner of revision of electoral rolls with reference to the qualifying date and also regarding the final publication of the electoral rolls. Likewise, proposed section 22 envisages rules being made regarding the performance of the functions of the Electoral Registration Officer. Clause 15 seeks to amend section 28 of the Representation of the People Act, 1950 for the purpose of rules being made regarding the period within which officers in-charge of registration of deaths should forward information to the Electoral Registration Officer. Clause 39 seeks to amend section 61 of the Representation of the People Act, 1951 by inserting a new clause (d) which empowers the making of rules for obtaining the signature or thumb impression of the elector on the counterfoil of the ballot paper before the delivery of such ballot paper to him with a view to preventing personation of electors. Clause 43 seeks to substitute a new Chapter for Chapter VIII in Part V of the Representation of the People Act, 1951. One of the sections seeks to make provision regarding the maximum amount of election expenses which may be regulated by rules to be made in this behalf.

2. All the aforesaid matters in respect of which rules are to be made, are matters of detail or procedure and as such the delegation of legislative power involved is of a normal character.
