## ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashok Road, New Delhi—110 001.

Dated 16th November, 1992

Kartika 25, 1914 (Saka)

### Notification

No. 82/GJ-LA/(4/90)/92.—In pursuance of section 106 of the Representation of the People Act, 1951 (43 of 1951), the Election Commission hereby publish the Order/Judgement pronounced on 24-12-1991 by the High Court of Gujarat at Ahmedabad in Election Petition No. 4 of 1990.

ELECTION PETITION NO. 4 OF 1990.

Smt. Shantaben Makwana,
Ashok Street, Vankarvas, Sojitra,
Taluka : Petlad,
District : Kheda. .. .. .. Petitioner

V/s.

Shri Janardan Madhusudan Parmar,
Deepak Street, Vankarvas, Sojitra,
Taluka : Petlad.
District : Kheda. .. .. .. Respondent.

Mr. K. G. Vakharia, Advocate for the petitioner.

Mr. H. L. Patel, Advocate for the Respondent.

Coram : K. G. Shah, J.

Date : December 24, 1991.

ELECTION PETITION NO. 4 OF 1990.

December, 24, 1991.

MR. K. G. SHAH,

Mr. K. G. Vakharia, Advocate for the Petitioner.

Mr. H. L. Patel, Advocate for the Respondent.

CORAM : K. G. SHAH, J.

Dated : December 24, 1991.

C. A. V. JUDGMENT.

The general elections for the Gujarat Legislative Assembly were held in February, 1990. One of the constituencies at those general elections was 136-Sojitra (Reserved) Assembly Constituency in Kheda District. In all there were seven candidates who contented that election for that 136—Sojitra (Reserved) Assembly Constituency. The petitioner was one of those seven candidates. She was a candidate put up by the Indian NationalCogress ("Congress" for short.). The respondent was also one of those seven candidates. He was put up by the Bhartiya Janta Party ("BJP" for short). The election was held on February, 27, 1990, and the result thereof was declared on February, 28, 1990. The Respondent secured 33,290 valid votes while the petitioner secured 31,354 valid votes. The remaining five candidate lost their deposits. The petitioner has, therefore, on April 12, 1990, file this petition under Sections 81-100 and 123 of the Representation of People Act, ("the Act" for short).

INDEX

2. The election of the respondent is sought to be voided on the ground of corrupt practices covered by Sub-Sections (3), (3a), and (4) of Sec. 123 of the Act.

3. The first ground on which the election of the respondent is sought to be challenged is that the Respondent campaigned for his election on the ground of appeal in the name of religion, and on the ground of promoting or attempting to promote the feeling of hatred between Hindus and Muslims. According to the petitioner the respondent, his election agent and his supporters and workers were, during the election compaigning propagating that the Hindu religion and Hindus have suffered at the hands of the Congress party, that if the congress party and the candidates are elected again, the Hindu religion and the Hindus will be eliminated. According to the petitioner, during the election campaigning, the respondent, his election agent, his supporters and workers also appealed to the electorate that the urgent need of the day was to save and protect the Hindu religion and the Hindus and that could only be done by BJP and its candidate Shri Janardan Madhusudan Parmar, the respondent. It is also alleged that the respondent, his election agent, his supporters and workers were also telling the electorate during the election campaigning that the Congress party and its candidates have always supported the muslims at the cost of hindus, and both the Congress party and its candidates are anti Hindu and pro Muslim. It is alleged that thay were also pointing out to the electorate and the voters that the place where the Babri Musjid at Ayodhya was constructed was the birth place of Bhagwan Ram, and the Congress was causing all obstructions in the demolition of Babari Masjid, and in the Construction of temple of Bhagwan Ram at the place where Babri Masjid stands. According to the petitioner, they were also pointing out that the Congress and the candidates sponsored by Congress party are opposed to the demolition of the Babri Masjid, and the construction of Shri Ram temple at the place where the Babri Masjid stands.

4. In paragraph 7 of the election petition, the petitioner averred that the respondent, his election agent, his workers and supporters with the consent of the respondent and/or his election agent, during the election campaigning period were inciting the feelings of enmity and hatred between Hindus and Muslims by propagating that holy Hindu temples are being looted, innocent Hindus are being killed, Pakistani flag is being hoisted on mother land India, Hindu women are being raped, Hindus are being converted to Islam, Muslims marry Hindu women and desert them, and Urdu language is being promoted and encouraged, etc. It in the case of the petitioner that the propaganda as aforesaid was being done by the respondent, his election agent, and his supporters and workers with the consent of the respondent and his election agent, through pamphlets, audio cassettes, speeches at public meetings etc., etc.

5. In paragraph 7.1 to 7.5 of the petition the petitioner has tried to give the particulars of the aforesaid corrupt practices indulged in by the respondent and his election agent, and with their consent by the workers and supporter of the respondent. While giving those particulars, she has stated that there are large number of voters in her constituency who follow Swaminarayan faith. The headquarters of Swaminarayan Sect is at Vadtal, which is only at a distance of 20 to 25 Kms. from Sojitra. Some Sadhus from that temple at Vadtal were propagating for the success of the respondent. Those Sadhus were Bhagwati Prasad Swaminarayan and Satyanarayan Prasad. The aforesaid two Sadhus along with one Naitandasji Maharaj of Mai Mandir, Nadiad, according to the petitioner, had issued a pamphlet under the caption "AWAKE HINDUS AND SAVE THE MOTHERLAND". According to the petitioner, Naitandasji Maharaj of mai Mandir, Nadiad, also has a large following in the Sojitra Assembly constituency. It is the averment of the petitioner that the aforesaid pamphlet contained an appeal in the name of religion, to vote for BJP pnd to refrain from voting for Congress, and the said pamphlet also contained material which would promote or attempt to promote the feelings of hatred and enmity among Hindus against Muslims That aamphlet did not contain any press-line. It is the case of the petitioner that the above referred pamphlet was distributed on a large scale throughout the constituency by the respondent himself, his election agent and with their consent by his supporters and workers. The above referred pamphlet was also distributed, according to the petitioner by Bhagwati Prasad Swaminaraya, and Satyanarayan Prasad at many p ublic meetings, which they had addressed either alongwith the respondent or without the respondent in many Villages in the constituency.

6. It is pleaded by the petitioner that the respondent, on February 11, 1990, toured at Village Pachegam of Cambay Taluka which is one of the villages in her constituency and there, the respondent distributed the aforesaid pamphlet on a large scale. On February 12, 1990, according to the petitioner, the respondent went to Village Mahiyari and Village Chikhaliya, and distributed the above mentioned pamphlet npa large scale. On February 13, 1990, the respondent was at Villages Hariyan and Kanisa, where also, according to the petitioner the Respondent distributed the aforesaid pamphlet on a large scale. On Febru-

INDEX

ary 14, 1990, according to the petitioner, the respondent was at Village Bamanva, where he disributed the aforesaid pamphlet on a large scale. It may be mentioned that one Rameshbhai Shivabhai Patel of Village Malataj was the election agent of the respondent at the aforesaid election. According to the petitoner, both the respondent and the said Rameshbhai had moved about in the entire Sojitra Assembly Constituency between February 11, 1990 and February 25, 1990, where they had distributed the aforesaid pamphlet on a large scale.

7. It is further the case of the petitioner that the above referred Shri Bhagwati Prasad Swaminarayan and Satyanarayan Prasad had also moved in her constituency during the election campaigning period, and they had delivered fiery and inflammatory speeches so as to promote the feelings of hetred an enmity between Hindus and Muslims and during their speeches they appealed to the electorate in the name of Hindu religion, and requested to vote for the respondent and to refrain from voting for the petitioner, at some of such meetings addressed by Bhagawatiprasad and Swaminarayan and Satyanarayan Prasad, according to the petitioner, either the respondent or his election agent Rameshbhai Shivabhai was present. It is also alleged in the petition that whenever the aforesaid Sadhus held meetings, they also distributed the aforesaid pamphlates.

8. In para 7.3 of the petition, it is sated that some 4 or 5 days before the date of the election (the date of the election was February, 27, 1990), a public meeting was held at Tarapur, which is one of the major to towns of Sojitra constituency. The said meeting was attended by the respondent as also by Shri Bhagwati Prasad Swaminarayan and Shri Satyanarayan Prasad. Accodring to the petitoner, at the aforesaid meeting at Tarapur higlly inflammatory and filery speeches were delivered by Bhagwatiprasad Swaminarayan in the presence of the respondent, and Bhagwatiprasad at the aforesaid meeting at Tarapur said that the Muslims are not loyal to India and that they have no right to vote at the election, and that they should be driven out from India. As pleased in the petition, Bhagwatiprasad at the aforesaid meeting also stated that the Congress party and its Candidates are pampering the Muslims and since the Muslims have the backing of congress party, which was the ruling party, the Muslims are destroying the Hindu temples and they are converting Hindus to Islam. Bhagwatiprasad allegedly also stated at the aforesaid meeting that both the Congress party and the Congress candidates are pro-muslims and anti-Hindus and if votes are given to congress party and its candidates, the Hidu religion will be in danger. He stated that the need of the day was to save Hindu religion, not only from Muslims but also from the congress party and its candidate. He has also appealed to the electorated to boycott Muslims in all possible manner. He stated that if the Hindus united and voted for the BJP candidate, then the Muslims' votes would have no value. He also stated that if the Muslims vote for the BJP and its candidate, the election will be polluted, and therefore, he does not want unholy votes of Muslims for the candidates of BJP, Then allegedly, Bhagwatiprasad at the aforesaid meeting referred in is speeach to Babri Masjid at Ayodhya. and the construction at that places of the temple of Bhagwan Rama and exhorted the Hindus to awake and destroy Babri Masjid so that the temple of Bhagwan Rama can be constructed at the birth place of Lord Rama. He also told the audience that the congress is opposed to the consruction of the temple of Bhagwan Rama where the Babri Masjid stands. He stated that those who are opposed to the construction of the temple of Bhagwan Rama where the Babri Masjid stands. are not Hindus, and the congress party and its candidates are opposed to such a move and therefore, they are also not Hindus. He also said that no Hindu should vote for the congress candidates. He said that the BJP and its candidates are the real Hindus in as much as they stand for the protection of the Hindu religion. He also said that BJP and its candidate have led the movement of Ramshila and they are determined to destroy Babri Masjid and construct the temple of Bhagwan Rama at that place. The votes therefore, should be given to BJP and its candiates. otherwise Hindus will not have any place in India.

According to the petitoner, at the aforesaid meeting at Tarapur at the respondent addressed the audience and other speakeres also addressed the audience almost on the same lines as addressed by Shri Bhagwatiprasad. It is the case of the petitioner that at that meeting two pamphlets were distributed by the respondent, Bhagwatiprasad, Satyanarayan Prasad and other workers of the respondent. One pamphelt was under the heading of "AWAKE HINDUS AND SAVE THE MOTHERLAND", and the other was in the name of Akhil Hindu Samaj under the caption. "PARTH NE KAHO CHADAVE BAN, HAVE TO EK MATRA 'HINDU HIT NO HOTANKAR." According to the petitioner, in both the pamphlets, there was in appeal in the name of religion to vote for the BJP and its candidates and to refrain from voting for Congress and its candidates, Both these pamphlets according to the petitioner, were published and distributed for the furtherance of the election prospects of the respondent and adversely affecting the election of the petitioner. None of these two pemphlets contain any press line and thus there is vilation of the provisoins of Sec. 127-A of the Act.

INDEX

9. In para 7.4 of the petition, the petitioner has stated that both the aforesaid pamphlets were distributed on a large scale by the respondent at various villages and towns within the constituency during the election campaign and the second pamphlet in the name of Akhil Hindu Samaj was also distributed by the respondent on 11-2-1990 at village Pachegam, on 12-2-1990 at Villages Mahiyari and Chikhaliya, on 13-2-1990 at Village Hariyan and Kanisa and on 14-2-1990 at Village Bamanva.

10. In para 7.5, the petitioner stated that the headquarters of the respondent was at Sojitra (Petlad Taluka), and at Sojitra also the aforesaid two pamphlets were distributed on a large scale during the period between February 17, 1990 and February 26, 1990. Those pamphlets were distributed on a large scale by the respondent himself, his election agent, and his supporters and workeres, with the consent of the respondent and/or his election agent.

11. In paragraph 8 of the petition, the petitioner has referred to a third pamphlet. According to the petitioner, the respondent, his election agent and his supporters and workers with the consent of the respondent and/or his election agent were freely distributing the pamphlets published in the name of Hindu Hit Rakshak Samiti, Gujarat under the caption "V. P. IN WHICH DIRECTION?". In that paragraph, the petitioner has stated that the said pamphlet was by way of reproduction of the editorial in daily "SAMKALEEN" published from Bombay. The contents of the said pamphlet were also by way of promoting or attempting to promote the feelings of enmity and hatred between Hindus and Muslims. By the aforesaid pamphlet, Janta Dal and the then Prime Minister Shri V.P. Singh were criticised and they have been painted as political parties and politicians appearing the Muslims on the same lines on which the congress was appearing the Muslims. The said pamphlets according to the petitioner was distributed on a large scale in Sojitra, Tarapur, Sunav, Isnav, Piplav and others villages of the constituency by the respondent himself, his election agent, his workers and supporters with the consent of the respondent and/or his election agent between February 11, 1990 and February 26, 1990.

12. In para 9 of the petition, the petitioner has said that during the election campaign of the respondent, audio cassettes were being played at different villages in the constituency by the respondent, his election agent and his workers and supporters with the consent of the respondent and/or his election agent and those audio cassettes contained inflammatory communal speeches and songs. The contents of the audio cassettes were inciting the feelings of the Hindu voters in the name of Hindu religion against the congress and its candidates, The audio cassettes were played at Sojitra, Sunav Tarapur, Bamanva, Hariyan, Kanisa, Sihol, Vishnoli, Aradi and other Villages between February 11,, 1990 and February 25, 1990.

13. In para 10 of the petition, the petitioner has averred facts about some bogus voting at the election. However, it is not necessary for me to refer to those allegations for, at the time the issues were framed. Mr. Vakharia, the learned advocate for the petitioner, did not press into service those averment contained in para 10 of the petition.

14. In para 11 of the petition, the petitioner has tried to make out the ground contemplated by Sec. 123 (4) of the Act and there she has alleged that during the election campaign, the respondent his election agent and his workers and supporters with the consent of the respondent and/or his election agent published statements the facts which were false and which the respondent, his election agent, and his workers and supporters believed to be false and did not believe to be true, relating to the personal conduct and character of the petitioner. Those statements, according to the petitioner, were published by the respondent, his election agent and his workers and supporters with a reasonable calculation to prejudice the prospects of the petitioner. In that paragraph, she has averred that the respondent, his election agent and his workers and supporters, with the consent of the respondent and/or his election agent, during the election campaign, made unfounded allegations regarding one character and conduct of the petitioner and distributed on a large scale a pamphlet under the caption "KNOW THE FAKE COIN OF BACKWARD CLASS". According to the petitioner, in that pamphlet, false averments regarding the conduct or the petitioner and her family members have been made. According to the petitioner, in that pamphlet, allegations of corruption have been levelled against her and her family members. Those allegations are relese to the knowledge of the respondent. The pamphlet was distributed on a large scale by the respondent himself, his election agent and his workers and supporters with the consent of the respondent and/or his election agent, throughout the constituency between February, 11, 1990 and February, 25, 1990. That pamphlet was distributed at villages Pachegam, Mahiyari, Chikhaliya, Hariyan, Kanisa, Bamanva, Tarapur, Sojitra and other villages.

15. According to the petitioner, the respondent, his election agent and his workers and supporters with the consent of the respondent and/or his election agent, in all, during the election

INDEX

campaigning period, distributed four different types of pamphlets. None of those pamphlets contained any press-line and thereby, the respondent was quilty of violation of the provisions contained in Sec. 127--A of the Act.

16. On the above premises, is averred in the petition, the petitioner contents that the respondent has committed currant practices at the election. Therefore, his election is liable tobe set aside, and she has prayed for a declaration that the election of the respondent from 136 Sojitra Legislative Assembly Constituency (Reserved) of Gujarat State, is illegal, null and void and of no effect whatsoever.

17. The respondent has contested the petition and has denied the various allegations made against him, his election agent and his supporters and workers, by the petitioner in the petition. He has denied that he had campaigned for his election on the ground of appeal to the religion and had promoted or attempted to promote hatred and enmity between Hindus and Muslims. He has also denied the allegation that his election campaign was carried on both on communal and religious grounds. It is not necessary for me to refet to each and every aspect of the reply of the respondent in his affidavit-in-reply. It would be sufficient to say that in that affidavit-in-reply, the respondent has traversed and categrically denied each and every allegation made by the petitioner against him, his election agent, his supporters and workers. He has denied the allegations about Bhagwatiprasad Swaminarayan and Satyanarayan Prasad having addressed one meetings. He has also denied the allegations about leatlets or pamphlets having been distributed either by him or by his election agent, or by his supporters and workers, or by the Sadhus. He has denied the allegations about appeal to the elecrorate in the name of religion, or appeal to the electorate on communal lines. He has also denied the allegations about the conduct and character assessination of the petitioner. He has also denied having committed any violation of the provisions of Sec. 127-A of the Act.

18. On the contentions of the parties, the following issues have been framed for determination :

1. Does the petitioner prove that the Respondent and/or his election agent personally or by or through other persons with their consent, for the furtherance of the prospects of the election of the Respondent and for prejudicially affecting the election of the petitioner, appealed to the electorate for voting for the Respondent and/or for not voting for the petitioner, in the name of religion, as averred in the petition ?

2. Does the petitioner prove that the Respondent and/or his election agent personally or by or through other persons with their consent, for the furtherance of the prospects of the election of the Respondent and for prejudicially affecting the election of the petitioner, prompted in the electorate, feelings of emnity and hatred between different communities on the ground of religion ?

3. Does the petitioner prove that the Respondent and/or his election agent by themselves or by or through other persons with their consent, published or got published any false statements about the personal character and conduct of the petitioner which the Respondent and /or his election agent knew to be false or believed to be false or did not believe to be true, with a view to prejudicially affect the election prospects of the petitioner ?

4. (a) Does the petitioner prove that the Respondent and/or his election agent personally by themselves or by or through others with their consent and concurrence printed or got printed, published and distributed or got distributed pamphlets as Averred in the petition, without those pamphlets complying with the provisions of Sec. 12/A of the Representation of the people Act, 1951 ?

(b) If yes, what would be the effect thereof ?

5. What order ?

19. The parties have led evidence which is mostly oral. Of course the petitioner has produced four pamphlets Marks A, B, C & D, in support of her case. According to her, pamphlets such as marks A, B, C & D were published and/or distributed by the respondent during the election campainging period, and those pamphlets contained material which appealed to the electorate in the name of religion on communal lines and one of the pamphlets-Mark D-aimed at character and conduct assassination of the petitioner, and contains statements which are false to the knowledge of the respondent.

20. On the appreciation of the evidence led before me, the following are my findings on the issues reproduced above :

1. No.
2. No.
3. No.

INDEX

4. (a) No.
(b) Does not survive

5. As per final order.

21. Before I start discussing the evidence, it would be advantageous to refer to certain principles bearing on the question of appreciation of evidence in such matters as election petitions.

22. In RAHIM KHAN vs. KHURSHID AHMED AND OTHERS, AIR 1975 S. C. p. 290, it has been enunciated that the election once held is not to be treated in a lighthearted manner and defeated candidates or disgruntled electors should not get away with it by filling election petitions on unsubstantial grounds and irresponsible evidence, thereby introducing a serious element of uncertainty in the verdict already rendered by the electorate. An election is a politically sacred public act, not of one person or of one official, but of the collective will of the whole constituency. Courts naturally must respect this public expression secretly written and show extreme reluctance to set aside or declare void an election which has already been held unless clear and cogent testimony compeling the Court to uphold the corrupt practice alleged against the returned candidate is adduced. Indeed election petitions where corrupt practices are imputed must be regarded as proceedings of a quasi-criminal nature wherein strict proof is necessary. The burden is therefore heavy on him who assails an election which has been concluded."

In this very judgement, in the concluding portion of paragraph 7, the Supreme Court has said.

The law is jealously qualitative, not clumsily quantitative in its nullification test, and two vices or twenty are the same in the ultimate result.

In that decision also, on facts the case ultimately boiled down to the story of public meeting where slanderous speeches were made and of libellous leaflets having been distributed. In that case many witnesses examined in support of the first Respondent were partisans being the polling agents, counting agents or workers of the congress candidate. Their Lordships of the Supreme Court therefore, said that the evidence of those witnesses has naturally to be viewed with circumspection.

The following observations appearing paragraph 20 in RAHIM KHAN's case are worth-noticing.

"There are no legal litmus tests to discover the honest conscience of a human being and the canons of truthfulness of oral evidence sans commonsense, are but misleading dogmas. The golden rule is, as George Bernard Shaw tells us, that there are no golden rules, For this reason, we are not referring to the many rulings cited before us. But we certainly inform ourselves with the general touch-stones of reliability. The fact that we are not ready to act on the testimony of a person does not mean that he is a perjurer. It merely means that on such testimony it is not safe to conclude in a quasi-criminal proceeding that the 'corrupt practice' has been proved beyond reasonable doubt. The whole constituency is silently present before us -it must be remembered (see observations of Dua, J in ILR (1969) I Punj 625)."

In paragraph 21 of that judgement, this is what Their Lordships have said :

"We must emphasise the danger of believing at its face value oral evidence in an election case without the backing of sure circumstances or indubitable decuments. It must be remembered that corrupt practices may perhaps be proved by Wring half a dozen witneses apparently respectable and disinterested, to speak to short and simple episodes such as that a small village meeting took place where the candidate accused his rival of personal vices. There is no X-ray whereby the dishonesty of the story can be established and, if the Court were qullible enough to gulp such oral versions and invalidate elections, a new menace to our electoral system would have been invented through the judicial apparaus. We regard it as extremely unsafe, in the present climate of kilkenny cat election competitions and partisan witnesses wearing robes of veracity, to upturn a hard won electoral victory merely because lip service to a corrupt practice has been rendered by some sanctimonious witnesses . The Court must look for serious assurance, unlying circumstances on inimpeachable documents to uphold grave charges of corrupt practices which might not merely cancel the election result, but extinguish many a man's public life."

In paragraph 41 of the judgment, Their Lordships of the Supreme Court have referred to what was noticed in the earlier case in B. RAJAGOPALA RAO vs. N. G. RANGA, AIR 1971 SC 267 at p. 275, that the enemies of a winning candidate may get such notices printed and distributed as part of the strategy of subverting an unfavourable election result.

INDEX

The above referred judgement in the case of RAHIM KHAN still holds the field. It has been referred to with approval in quite some later gudgements of the Supreme Court.

23. In D. VENKATA REDDY vs. R. SULTAN & ORS., A. I. R. 1976 S. C. p. 1599, it has been held :

"Another principal that is equaly well settled is that the election petitioner in order to succeed must plead all material pariculars and prove them by clear and cogent evidence. The allegations of corrupt practices being in the nature of a quasi-criminal charge, the same must be proved beyond any shadow of doubt. Where the election petitioner seeks to prove charge by purely partisan evidence consisting of his workers, agents, supporters and friends, the court would have to approach the evidence with great care and caution, scrutiny and circumspection, and would, as a matter of prudence though not as a rule of law, require corroboration of such evidence from independent quarters, unless the Court is fully satisfied that the evidence is so credit-worthy and true, spotless and blemishless, cogent and consistent, that no corroboration is necessary."

In that case, the witnesses produced by the petitioner were not only close friends of the petitioner, but were also supporters and workers and were interested in giving evidence which may result in the election being set aside. The evidence was sought to be corroborated by testimony of equally interested witnesses. No attempt was made to examine any independent witness even though the evidence was that apart from the witnesses produced there were other persons present.

In that case, it has also been held :

"The allegation of publishing an objectionable pamphlet is indeed very easy to make but very difficult to rebut. At the same time it puts the Court on the strictest possible scrutiny because objectionable pamphlet can be printed by any body in any Press with utmost secrecy and if a corrupt practice can be sought to be proved merely by publication of a pamphlet then it will amount to giving free licence to any defeated candidate to get an objectionable pamphlet published and circulated to his supporters and to make them say that such pamphlet was printed or published or circulated by the successful candidate. In these circumstances, therefore, the court frowns on the evidence regarding the publication of the pamphlet which comes from tainted or interested sources."

In this judgement, Their Lordships of the Supreme Court referred with approval to the observations made in the earlier judgement in the case of BABURAO BAGAJI KAREMORE vs. GOVIND, A.I.R. 1974 S.C. 466, where it was observed :

"It appears to us that when an election of a successful candidate is challenged, particularly on ground of corrupt practice, it is not unknown that attempts are made to manufacture or bring into being subsequent to the declaration of the result, documents or other material, which could be used for unseating a successful candidate."

In this case of D. VENKATA REDDY, the judgment in the case of RAHIM KHAN (supra) has been referred to with approval.

24. In KANHAIYALAL Vs. MANNALAL AND OTHERS, A. I. R. 1976 S.C. p. 1886 also the decision in the case of RAHIM KHAN (supra) has been referred to with approval. The following observations in paragraphs 46 and 47 in the case of KANHAIYALAL may be noticed. There is said :

"Oral testimony, therefore, will have to be judged with the greatest care and an electoral victory cannot be allowed to be nullified by a mouthful or oral testimoney without contemporaneous asurance of a reliable nature from an independent source. The matter would have been different if there had been an immediate written complaint to the Returning Officer against Kanahiyalal as ahd been made in the case of his workers.

An election dispute is not a private feud between one individual and another. The whole constituency is intimately involved in such a dispute. Shaky and wavering oral testimony of a handfull of witnesses cannot still the dominant voice of the majority of an electorate."

25. In LAKSHMI RAMAN ACHARYA vs. CHANDAN SINGH AND OTHERS, A. I. R. 1977 S. C. p. 587, it has been posited as follows:

INDEX

"Proceedings arising out of election petitions are quasi-criminal in character and the allegations made in the petition must be proved beyond reasonale deubt. It is also unsafe in such cases to accept oral evidence at its face value without looking for assurance from sume sarer circumstances or unimpeachable documents.

In that case, the witnesses produced to prove the allegations of corrupt practices were alleg d toh have attended the meetings where offending speeches were delivered but did not report the matter to any one ealier, but disclosed what they heard for the first time in Court. On those facts, Their Lordships of the Supreme Court held that the High Court was right in not relying upon the evidence or such witnesses."

In this case of LAKSHMI RAMAN ACHARYA also the case of RAHIM KHAN (supra) has been referred to with approval.

26. In AMDIAK CHAND CHHAZAD vs. BHAGWANDAS ARYA (DEAD) AND ANOTHER, A.I.R. 1977 S.C. p. 813 also the decision in the case of RAHIM KHAN (supra) has been referred to with approval.

27. In A. YOUNUS KUNJU vs. R. S. UNNI AND OTHERS, A.I.R., 1984 S. C. p. 960, the four material witnesses on whose evidence, the petitioner in that petition relied, were admittedly his workers and there was overwhelming material on the record that the election was fought on party basis, and there was sharp division of the electorate on the basis of political parties. On those facts, Their Lordships of the Supreme Court said :

"Workers at the election with party alignment would necessarily be political supporters of the respective candidates and when called as witnesses they would support their stand."

The Supreme Court further said :

"Instances are not uncommon where such witnesses support their respective candidates and their cases, even though the same be far from truth. In such circumstances, we do not think on the oral testimony of these four witnesses the charge of publication of objectionable materials can be said to have been established."

27. In MANMOHAN KALIA vs. SHRI YASH & ORS. A.I.R. 1984 S.C. p. 1161, it has been held :

"An allegation of corrupt practice must be proved as strictly as a criminal charge and the principle of preponderance of probabilites would not apply to corrupt practices envisaged by the Act, because if this test is not applied, a very serious prejudice would be caused to the elected candidate who may be disqualified for a period of six years from fighting any election, which will adversely affect the electoral process."

28. In SURINDER SINGH vs. HARDIAL SINGH & ORS. A.I.R. 1985 S.C. p. 89, the enunciation is :

"It is well settled the allegations of corrupt practice are quasi-criminal charges and the proof that would be required in support of such allegations would be as in a criminal charge. Charges of corrupt practice are to be equated with criminal charges and proof there of would be not preponderance of probabilities as in civil section but proof beyond reasonable doubt as in criminal trials."

In this SURINDER SINGH'S case, the observations from the earier judgment in the case of A. YOUNUS KUNJU (supra), which I have referred to hereinabove have been quoted with approval.

29. In S. HARCHARAN SINGH vs. S. SAJJAN SINH AND OTHERS A.I.R. 1985 S. C. p. 236 also, the decision in the case of RAHIM KHAN (supra) has been referred so without any dissent.

30. In RAM SINGH AND OTHERS vs. COL. RAM SINGH, A.I.R. 1986, S.C. p., 9, it has been held :

"If two views are reasonably possible one in favour of the elected candidate and the other against him, courts suould not interfere with the expensive electoral process and instead of setting at baught the election or the winning candidate should uphold his election giving him benefit of doubt. This is more so where allegations of fraud of undue influence are made."

INDEX

In that case, the Supreme Court, has further held :

"It is well settled that the corrupt practice must be committed by the candidate or his polling agent or by others with the implicit or explicit consent of the candidate or his polling agent. Where however, the supporters of a candidate indulge in a corrupt practice on their own without having been authorised by the candidate or his polling agent, the election of the returned candidate cannot be voided."

The following observations in RAM SINGH'S scase require attention :

"The election process in our country has become an extremely complex and complicated system and indeed a very difficult and deliquate affair. Sometimes, the election-petitioner, who has lost the election from a particular constituency makes out on the surface such a probable feature and presents falsehood dexterously dressed in such a fashion as the truth being bumied somewhere deep into the roote of the case so as to be invisible, looks like falsehood which is depicted in the garb of an attractive, imposing and charming dress as a result of which some courts are prone to fall into the trap and hold as true what is downright false. If however, the lid is carefully opened, and the vell is lifted, the face of falschood disappears and truth comes out victorious."

31. The above referred authorities clearly bring out the principles which the court should bear in mind while appreciating the evidence in election petitions. The decision in the case of RAHIM KHAN, A.I.R., 1975, S.C. p. 290 has been consistently followed with approval. I will have to bear the aforesaid principles in mind, while appreciating the evidence led in the present case. It is with this background of the legal principles that now I turn to the evidence in the case.

32. In the election petition, the petitioner has levelled allegations of corrupt practice against the respondent, his election agent, his workers and supporters including the Sadhus of Swaminarayan Sect. I have hereinabove outlined those allegations, averments and contentions while giving the brief summary of the contents of the petition. It is required to be noticed that at the time the election portion was filed, the petitioner has, in support of the petition, filed an affidavit. In that affidavit, she has stated that the statements made in paragraphs 6 and 11 of the election petition about the commission of the corrupt practices of undue influence, appeal on the ground of religion and caste and the promotion of or attempt to promote feelings of and hatred between different classes of citizens of India on the ground of religion and caste and publishing false statement relating to conduct and character of the petitioner, the particulars of such corrupt practices mentioned in paras 6 and 11 (part) of the petition, are true to her knowledge.

In para 6 of the petition, she has stated that the respondent, campaigned for his election on the grounds of appeal to the religion and promoting or attempting to promote the feelings of hatred and enmity between Hindus and Muslims. In that paragraph, she has also stated that the election campaign carried on by the respondent both on communal and religious grounds prejudicially affected the election of the petitioner, as well as all other contesting candidates. In that paragraph she alleged that the respondent, his election agent, his workers and supporters propagated that the Hindu religion and the Hindus have suffered at the hands of Congress party, and if the Congress party and its candidates are elected again, the Hindu religion and Hindus will be eliminated, and the urgent need of the day was to save and protect the Hindu religion and the Hindus, which can only be done by BJP and its candidates. In that paragraph she has also stated that the Respondent, his election agent, his workers and supporters were propagating that the Congress party and its candidates have always supported the Muslims at the cost of Hindus and in fact both the Congress party and its candidates are anti-Hindu and pro-Muslims. Further according to the petitioner, as averred by her in that paragraph 6 of the petition, the respondent, his election agent, his workers and supporters have also pointed out that the place where the Babri Masjid at Ayodhya was constructed was the birth place of Bhagwan Rama, and the Congress is causing all obstructions in the demolition of Babri Masjid and constructing the temple of Bhagwan Rama at the place where Babri Masjid stands, and that the Congress and the candidate sponsored by the Congress party are opposed to the demolition of Babri Masjid and the construction of the temple of Bhagwan Rama at the place where Babri Masjid stands.

These are the averments made by the petitioner in paragraph 6 of the petition, and going by what she has stated in her affidavit in support of the petition the averments made in para 6 of the petition are true to her knowledge.

INDEX

33. In para 11 of the petition, the petitioner has referred to the election malpractice falling within Sec. 123(4) of the Act and there, she has alleged that the respondent, his election agent and his supporters and workers published statements of facts which are false, and which the respondent, his election agent, workers and supporters believed to be false or did not believe to be true in relation to the personal conduct of the petitioner, and such statements were published with a reasonable calculation to prejudice the prospects of the petitioner's election.

In that paragraph she has stated that a pamphlet under the caption "know take coin of Backward Class" was published. In that pamphlet, false averments regarding her conduct and the conduct of her family members are made. That pamphlet has distributed on a large scale by the respondent himself, his election agent, his workers and supporters with the consent of the respondent and/or his election agent, throughout the constituency between February 11, 1990 and February 25, 1990. There she has named the Villages at which that pamphlet was distributed and has given the dates on which that pamphlet was distributed. These contentions in paragraph 11 of the petition, going by what the petitioner has stated in the affidavit, are also true to her knowledge.

34. I have hereinabove emphasised the statements made by the he petitioner in her affidavit in support of the petition, where she has stated that the contents of paragraphs 6 and 11 (Part) are true to her knowledge. I will presently have an occasion to show that the petitioner has no personal knowledge whatever about the contents of the petition. When I will be on that point, I will, deal with it in appropriate details. However, at this juncture, an admission made by the petitioner during her deposition may be noticed. In her chief examination, the petitioner made statements about election malpractices, alleged to have been committed by the respondent, as if she had persona knowledge about the facts deposed by her in her chief examination. But in her cross-examination at paragraph (1) she was constrained to admit that she has no personal knowledge about the averments made by her in her petition or what she has stated in her chief-examination as regards the allegations made by her against the respondent. In continuation of this admission, she further stated that it was because of her supporters and well-wishers have given her information on that line that she has levelled allegations against the respondent and/or his election agent. Now, this admission made by the petitioner in no uncertain terms clearly has to show that the petitioner has no knowledge whatsoever about the averments made by her in her election petition or about the averments made by her in her chief-examination and it was because, her supporters and well-wishers have informed her on that line that she has levelled the allegations against the respondent and/or the respondent's eleet)an agent. In view of this admission of the petitioner, it becomes clear that the statement of the petitioner in her affiidavit in support of the petition, that the contents of paragraphs 6 and 11 (Part) of the petition are true to her knowledge, is an incorrect statement, to may the least.

35. At the trial, the petitioner examined hersalf as a witness, and she produced 13 other witnesses in support of her case. The petitioner in her deposition stated that at the election in question the respondent had resorted to propaganda, canvassing and publicity by distributing pamphets and handouts and also by organising and addressing public meetings. The respondent had also resorted to the use of audio cassettes and video cassettes for making propaganda and publicity for enhancing his election prospects. According to the petitioner, the respondent got prepared a jeep motor car which moved in the various villages of her constituency. On two sides as well as in the rear of that jeep motor car were affixed big ho hoardings depicting the pictures of Lord Ram and Lord Krishna as also Sudarshan Chakra. In front of that jeep car were installed four statues of horses. The jeep car was so decorated as would appear like a Chariot. The jeep car was fitted with microphone. The respondent as also his election agent, Rameshbhai Shivabhai Patel and his supporters and workers used to move about in the aforesaid jeep car in the various villages of the petitioner's constituency for making propaganda for his election.

Statements to the above effect have been made by the petitioner in para 6 of her deposition. At this juncture, it is required to be noticed that in the election petition, there is not a word stated by the petitioner about the respondent having resorted to the use of video cassettes for the purpose of canvassing during the election campagning period. I may mention here that besides the bare word of the petitioner in her chief-examination, there is no other evidence on the point that the respondent resorted to the use of video cassettes for the purpose of canvassing. No video cassettes have been produced in this case. No evidence has been adduced as to what was displayed in the video cassettes said to have been resorted to by the respondent. As said above, no averment about the respondent having resorted to the use of video cassettes for the purpose of canvassing, has been made in the petition. The bare averment about the respondent having resorted to the use of video cassettes for the purpose of canvassing, made by the petitioner in her deposition is, therefore, required to be brushed aside without much discussion.

INDEX

36. The petitioner and a large number of her witnesses have of course, deposed about the respondent having moved about, during the election campaigning period in a chariot like jeep car. But there again, it is required to be noticed that in the election petition, though averments on other lines have been made while giving the particulars about the corrupt practices alleged to have been employed by the respondent, there is not a word stated by the petitoner about the respondent having used a chariot like decorated jeep car for moving about in the various villages for the election campaign.

The law of pleadings in election petition as enunciated in–

(1) Dr. LAKHI PRASAD AGRAWAL *vs.* NATHMAL DOKANIA A.I.R. 1969 S.C. p. 583.

(2) SAMANT N. BALAKRISHNA *vs.* GEORGE FERNANDEZ AND ORS., A.I.R. 1969 S.C. 1201.

(3) CHARAN LAL SAHU *vs.* GIANI ZAIL SINGH & ANR. A.I.R. 1984, S.C. 309. and

(4) NIHAL SINGH *vs.* RAO BIRENDRA SINGH AND ANR. 1970 (vol.3) S.C. p. 239.

clearly postulates that in an election petition, the pleadings are required to be specified and they should conform to the requirements of Sec. 83 of the Act, that is corrupt practices must be pleaded by giving a concise statement of the material facts, and by setting forth full praticulars thereof. It would follow therefrom that what is not pleaded in the petition by way of corrupt practice by giving sufficiently full particulars thereof cannot be allowed to be proved at the trial of the election petition. In that view of the matter, though quite a large number of the witnesses examined by the petitioner have about the respondent having been seen moving about during the election campaigning period in a chariot like decorated jeep car, that evidence also shall have to be eschewed from consideration and that would obviously avoid the need to decide whether moving about in a chariot like decorated jeep car, as described by the witnesses, would amount to appealing to the electorate in the name of religion.

37. Examining the deposition of the petitioner further, the petitioner has spoken about the respondent and his election agent having appealed to the electorate so as to generate enmity amongst Hindus on one hand and Muslims on the other, and further the respondent having appealed to the electorate that the Congress party and its workers were pampering Muslims, and therefore, Muslims have become powerful and the Muslims have been committing atrocities on Hindus.

38. In para 8 of her deposition, the petitioner has stated that the respondent and his election agent appealed to the electorate in the name of Ram Janmabhoomi. As said above, in the petition, the petitioner's case is hat the respondent, his election agent and his workers and supporters, with the consent of the respodent and/or the respondent's election agent, as a part of the election propaganda, had distributed on a large scale four different types of pamphlets at various villages on various dates. Those pamphlets have been produced by the petitioner at Marks A., B, C & D. According to her, those pamphlets were distributed by the Respondent, his election agent, his workers and supporters at various villages from February 11, 1990 to February 25, 1990. In paragraphs 17, 18, 19 and 20 of her deposition, the petitioner has spoken about the respondent, his election agent and his workers and supporters having distributed those pamphlets. In para 21 of her deposition, the petitioner has spoken about the Tarapur election meeting having been held by the respondent and in that paragraph, she has spoken about sadhus having addressed the audience, and has described the speeches said to have been made by the Sadhus at that meeting, as if she was personally present at that meeting. In paragraph 22 of her deposition, the petitioner has spoken about the respondent personally having distributed the pamphlets Marks A, B, C & D. In paragraph 23, she has spoken about the audio and video cassettes having been used between February 11, 1990 and February 25, 1990 at different villages, and there she has stated that she had heard some of the audio cassettes played at some of those places. She has said that on the audio cassettes there were speeches inciting the electorate and more particularly the Hindus.

39. In cross-examination, the petitioner has made statements which would go to show that she and her family members publish a fortnightly named "PARISHAD SANDESH". Her husband Yogendrakumar is a patron of that fortnightly. Devendrakumar the full brother of her husband Yogendrakumar was formerly there on the editorial board of that fortnightly, and since sometime prior to her deposition, the petitioner herself is on the editorial board of that fortnightly. It appears that the petitioner and her family members who are in the management of the fortnightly accept public advertisements in there aforesaid fortnightly. The statements made by the petitioner on these lines in para 29 of her desposition show that the fortnightly is a regularly published fortnightly and majority of the subscribers of that fortnightly are Harijans.

INDEX

40. The cross-examination of the petitioner reveals that before the February 1990 elections to the Gujarat Legislative Assembly, she had contested the elections to that Assembly four times. In 1962, she had contested the assembly elections on a Sch. Caste reserved seat from Balasinor, and she was successful at that election. Once again, she contested the assembly election in 1975 from Sojitra reserved constituenly but she lost that election. Thereafter she contested the Legislative Assembly elections in 1980 again from Sojitra reserved constituency and she was successful. Once more in 1985, she successfully contested the Assembly elections from that very Sojitra reserved constituency. Thus, before the present elctions, she contested assembly elections four times and she was successful thrice. It is further clear from the cross examination of the petitioner that in the 1985 Assembly elections, the very persent respondent was one of her opponents. Her evidence further shows that her husband Yogendrakumar was a Member of the Rajya Sabha from 1973 to about 1988, *i.e.* for about 15 Years continuously, and he was a Minister in the Central Government for 8 to 10 years (paragraphs 35 and 41 of her deposition). It is further clear from the petitioner's deposition that she was a Minister for State in the Government of Gujarat for about 14 months immediately prior to the present elections. In other words, at the time of the present election, she was a Minister for State in the Government of Gujarat and was holding the portfolio of Health, Family Welfare and Irrigation. The petitioner has also admitted that her son Bharat is an elected member of the Kheda District Panchayat, he having been elected on the Scheduled Caste reserved seat from Shakarpur Constituency of Camby Taluka in Kheda District. She has further stated that she has studied upto Matriculation.

41. The above referred pieces of evidence emerging from the deposition of the petitioner would show that thought she is a matriculate, she is deep in politics. Even proir to the present elections which were held in February, 1990, she contested the elections to the Gujarat Legislative Assembly four times, out of which three times, she was successful. At the time of the present election, the petitioner was a sitting Minister for State in the Government of Gujarat for about 14 months. Her husband was a member of the Rajya Sabha for 15 years, and for 8 to 10 years he was a Minister in the Government of India. Her son is also a Taluka level or District level politician. These facts are required to be noticed for appreciating the probative value of the deposition of the petitioner.

42. As said above, though in her chief-examination, the petitioner has tried to say that the respondent, during the election campaigning was moving about in a chariot like jeep car, that fact is conspicuously absent in the election petition. In this connection, it is required to be noticed that the petitioner in paragraph 56 of her deposition has admitted that in her opinion, if a candidate at the election while canvassing and making propaganda prepares or gets prepared a jeep motor car with the hoardings of Lord Rama and Lord Krishna, Sudarshan Chakra and horses giving an appearance to the jeep motor car as that of a chariot, and moves in such a chariot like jeep motor car, that would be an appeal by the candidate to the electorate in the name of religion, and that would vitiate the election of that candidate if he has succeeded, and she knew very well that doing so would be committing an election offence on the part of the concerned candidate and that election offence would vitiate his election, if he succeeded in that election. She has admintted that it was she, who had personally instructed the advocate to draft the present election petition. She has also admitted that she had not instructed her advocate to incorporate in the election position the fact about the allegations about the respondent having used a chariot like jeep car for the purpose of moving about during the election campaign.

In paragraph 56 of her deposition, the petitioner has tried to say that during the canvassing period for the aforesaid election, almost every day, she saw the above referred chariot like jeep car in which the respondent moved, and yet we find that she has not thought it fit to incorporate in her election petition, the allegation about the respondent having moved about during the election campaigning period in a chariot like jeep car. Her evidence further shows that she has never made any complaint to any election officer or to any police officer or to the Collector either during the campaigning period or at any time before the filling of the election petition that the respondent moved about in a chariot like decorated jeep car.

Thus apart from the fact that in the election petition, the petitioner has not pleaded the allegation about the respondent having moved about in a chariot like jeep car and therefore, she should not be permitted to prove that allegation even on probative, that allegation seems to be an after-thought. As indicated hereinabove, the petitioner is deep in a politics. She was a member of the Legislative Assembly during three earlier periods. At the time of the present election, she was a Minister for State for Health, Family Welfare and Irrigation. Going by her statement, the respondent moved about in a chariot like jeep car which has been described by her and that during the canvassing period, on almost every day, she saw the respondent moving about in such a jeep car and in her opinion getting prepared such a jeep car and moving about in such jeep car for the election campaiging would be an appeal by the candidate to the electorate in the name of religion, which would vitiate the his election if he was

INDEX

was returned at the election, and yet, the petitioner never thought of lodging any complaint before any authority either the election authority or the Collector or the police authority about the respondent having used such a decorated jeep car for the purpose of election campaign. If really the petitioner had seen the respondent moving about in such a jeep car, in my opinion, she would have never failed to lodge a complaint before some police officer or before some election officer for she know very well that using such a jeep car for the purpose of canvassin gat the election would not only be an election malpractice, but an offence and though a matriculate, she is well-versed in polititics in election laws. If she had seen the respondent committing election malpractice by moving about in a chariot like jeep car, she would not have failed to draw the attention of the powers, those be by making a complaint to those powers. The fact that she has not made such a complaint wonld go to show that the theory about the respondent moving about in a chariot-like jeep car is an after-thought. She has tried to explain away this omission on her part to file complaint before the authorities, a making the grievance of the fact that the respondent was moving about in a chariot like jeep car, by advancing a theory that as she was confident about her victory, she did not attach much importance to the fact that the respondent was moving about in a chariot like jeep car.

43. Furthermore, neither the petitioner nor any of her witnesses is able to give the registration number of the alleged chariot like jeep car, said to have been used by the respondent for his movements during the election campaign. No photographs of that chariot like jeep car was ever snapped by the petitioner or any of her supporters. Her explanation that as she was confident about her success at the election she did not attach importcance to the fact that the respondent was moving about in a chariot like jeep car is, in my opinion, a lame excuse. Then it is required to be noticed that except the bare word of the petitioner and quite a number of her witnesses, there is no documentary evidence to show that the respondent ever used a chariot like jeep car for his movements during the election campaign. Neither the petitioner nor any of her supporters has made any note about the fact that the respondent was moving about in a chariot like jeep car. The other explanation given by the petitioner for her omission to lodge a complaint before the concerned authority about the respondent having used a chariot like jeep car is that the petitioner did not want to pollute the atmosphere in her constituency, and therefore, she did not lodge any protest or complaint about the respondent having used a chariot like jeep car, This explanation is also, in my opinion, a lame excuse.

44. I will hereafter refer to the evidence of other witnesses on the point about the respondent having moved about in a chariot like jeep car, as and when such reference becomes necessary. But for the present, when on the deposition of the petitioner, I would say that after having gone through her evidence very carefully, I am just not impressed by her say that the respondent moved about in a chariot like jeep car during the election campaigning period. If the respondent had ever done, so, a seasoned politician like the petitioner would never have failed to lodge a complaint about it before the concerned authorities. The fact that she has not noted down the registration number of the jeep car the fact that no photographs of that jeep car have been snapped, and the fact that no pleading about the respondent having used such a jeep car is made in the petition, all put together would warrant a finding that the petitioner's case about the respondent having used a chariot like decorated jeep car for movements during the election campaigning period is a subsequently thought out theory.

45. Hereinabove, I have referred to the fact that in the election petition, there is not a word about the respondent having used video cassettes for the purpose of election propaganda. The petitioner's half-hearted say on that point is therefore, required to be rejected.

46. Then the other limb of the contention of the petitioner is that during the election campaigning period, the respondent resorted to propaganda bymeans of audio cassettes on which the propaganda was being made on communal lines. Of course, the petitioner has tried to say that the respondent during the election campaign, used to play audio cassettes to make propagated on communal lines. But her evidence does not inspire any confidence firstly for the reason that no audio cassette has been produced, secondly, no definite evidence as to what was being propagateda on the audio cassette has been produced; thirdly, the petitioner has tried to say that once one of her supporters had brought to her an audio cassette which was played on a tape-recorder in the petitioner's election office in the presence of some witnesses, and on that audio cassette there was propaganda on relligious lines. It is also her say that, that audio cassette was borrowed by her supporters from a pan-gallawala, but there is no evidence that, that very audio cassette was ever played by the respondent or his election agent during the election campaign. There is also no evidence to show that any audio cassette similar to the one which the petitioner claims to have heard at her election office, was ever played by the respondent or his election agent for the purpose of propaganda during the election campaign. No connection has been established between the audio cassette said to have been played by the petitioner

INDEX

in her election office with the audio cassette said to have been played by the respondent for the purpose of propaganda during the election campaign. The respondent has categorically denied having played any such audio cassette during the election campaign. Furthermore, the petitioner has never lodged any complaint with any authority about the respondent having ever dlayed audio cassettes making propaganda on communal lines, and inciting communal hatred as a part of his election campaign. If really, the respondent had resorted to propaganda on communal lines by using audio cassettes as the petitioner wants the court to believe, the petitioners would certainly have lodged a complaint about if before the concerned authority. She has admitted that she knew that making such propaganda would be an election offence, and would vitiate the election of the candidate making such propaganda, if he ultimately succeeded at the election. Thus, the petitioner who was a sitting Minister for State in the State Government at the time of the election, if she did not draw the attention of the concerned authority about the alleged fact about the respondent having resorted to the use of vidio cassette making progpaanda on communal lines, that would go to show that her theory about the respondent having used audio cassettes is an after thought.

47. In paragraph 64 of her deposition, the petitioner has a stated that it was on February 11, 1990 that she saw the leaflet such as marks A, B, C and D, as they were brought to her by supporters at her election office. According to her even subsequent to February 11, 1990, and before the date of the election, her other supporters like Mafabhai Dodia, Ratibhhai Amrabhai, Hansaben Parmar, Ramjibhai, Maganbhai Patel, etc. had brought to her copies of the pamphlets Marks A, B, C, and D, but at that time she did not take those copies of the pamphlets Marks A, B, C, and D in custody and she has not preserved the copies of those pamphlets Marks A, B, C, and D which were brought to her by her supporters. It appears from her evidence that it is her case that the pamphlets Marks A, B, C, and D which she has produced before this court in the present case are the pamphlets brought to her on the evening of February 11, 1990, by one of her supporters.

In para 64 of her deposition, the petitioner has categorically admitted that has no personal knowledge about the respondent his election agent or his supporters having distributed and circulated the pamphlets such as Marks A, B, C and D, and she has also admitted that she has never seen the respondent and/or his election agent or his supporters distributing such pamphlets. According to her, she says now that the respondent and his election agent or his supporters and workers distributed suh pamphlets because she was told so by her supporters and workers. These statements made by the pecitioner would go to show that she has no personal knowledge about the respondent and/or his electiton agent and/or the workers and supporters of the respondent with the consent of the respondent or his election agent having distributed the pamphlets such as Marks A, B, C and D. According to her pamphlets such as Marks A, B, C, and D were brought to her by her supporters on February 11, 1990. Still however, she has not made any complaint or report to the Election Officer or to the District Magistrate or to the Police about such pamphlets without press-line having been put in circulation. I will presently deal with the contents of those pamphlets, in so far as it is relevant. But for the present, it is required to be noticed that if the pamphlets such as Marks A., B, C, and D were put into circulation by the respondent during the election campaign, and if the petitioner had come to know about that fact on February 11, 1990 which it appears was the first day of the election compaign, the petitioner would not have ailed to draw the attention of the election authorities to that fact.

48. It is the case of the petitioner that the respondent had pressed into service As stated by her, at about 10.0 P.M. on February 22, 1990 she came to know that the election meeting was held by the respondent at Tarapur and that at that meeting Bhagwatiprasad Swaminarayan, Satyanrayan prasad, Naitandasji Maharaj and the respondent addressed the audience, and distributed pamphelets such as Marks A, B, C and D. If this were a fact, the petitioner would certainly have informed the police or the election authorities about what she came to know at 10.0 P.M. on February 22, 1990.

In paragraph 71 of her deposition, it was suggested to the petitioner that the pamphlets Marks A, B C & D have been prepared by her and have been got printed by her with a view to creating evidence in this election petition of course, she has denied that suggestion. It is in this connection that the earlier part of the deposition of the petitioner where she has admitted that she and her family members are publishing a fortnightly in the name of "PARISHAD SANDESH" would assume some importance. Though that may not be a clinching piece of evidence, yet it is required to be noticed that the petitioner and her family religions preachers like Sadhus of Swaminarayan Sect for the purpose of making propaganda for his eletion. The implication is that the respondent wanted the election campaigning to be done on religious lines, and for that purpose he requisitioned the services of the Sadhus or saints of Swaminarayan Sect. The respondent has denied the allegations on this line. As stated by the petitioner in paragraph 66 of her deposition, around February 20 or February 21, 1990. Ramjibhai told her that Bhagwatiprasad Swaminarayan of Vadtal was to address a meeting at Tarapur. The petioner has tried to lead evidence to show that an election meeting by BJP was held at Tarapur on February 22,

INDEX

1990 and at that election meeting, Bhagwatiprasad Swaminarayan had delivered fiery speech. If on February 20, or February 21, 1990, the petitioner had been informed by one Ramjibhai that Bhagwatiprasad Swaminarayan was to address a meeting at Tarapur, I think the petitioner would certainly have swing into action and informed the police or the election authorities. But nothing of the sort was done by the petitioner. In para 67 of the deposition, the petitioner hss admitted that she has never attended any election meeting held by the Respondent or his election agent or by his workers and supporters. members are publishing a fortnightly and that she would have access to a printing press in that connection. of course from that fact alone, it cannot be said that the petitioner has got these pamphlets Marks A, B C and D printed as was suggested to her on behalf of the respondent, but the possibility of the fact suggested could not under the circumstances, be altogether ruled out. Be that as it may, the burden very heavily lies on the petitioner to prove that the respondent had published and/or distributed pamphlets such as Marks A, B, C and D as alleged by the petitioner or otherwise, and that burden has not been discharged by the petitioner as I will presently point out.

49. As earlier pointed out, in paragraph 71 of her deposition, the petitioner has categorically admitted that she had no personal knowledge about the averments made by her in the petitioner or about that the has stated in her chief examination as regards the allegations made by her against the respondent, and it is because her supporters and well wishers have given information to her on that the line that the has levelled allegations against the respondent and/or his election agent. This last mentioned statement made by the petitioner in para 71 of her cross-examination would, in my opinion, completely smas. her deposition. She has no personal knowledge about the respondent having distribute pamphlets such ash Marks, A, B, C, and D. She has no personal knowledge about the respondent having used video cassette Though in the earlier part of her deposition, she tried to say about the respondent having resorted to the use of audio cassettes, in view of the admission contained in paragraph 71 of her deposition, it must be said that the she has no personal knowledge about that fact too. And on the same line of reasoning, nor has she any personal knowledge about the respondent having moved about in a chariot like jeep car Admittedly, she has never attended any election meeting said to have been held by the respondent. Her deposition therefore, cannot be of any assistance to her on the allegation that the respondent addressed the election meetings on communal lines and on religious lines.

50. The next witness examined by the petitioner is Hansaben Hirabhai Parmar, P. W. 2. This witness Hansaben is a resident of village Kanisa of Cambay Taluka. That villages falls within Sojitra constituency. The witness is a social worker. In her chief examination she tried to depose as if she, new the petitioner Shantaben as Shantaben had contested the election from Sojitra Assembly constituency, and as she (the winess) was a social worker. The attempt on the part of this witness was to say that her relation with the petitioner Shantaben is only on account of social work. But as the later part of her deposition and her cross-examination shows, this witness Hansaben is the full sister of Yogendrakumar, the husband of Shataben, the petitioner. In other words, the witness is the sister of the husband of the petitioner, and yet, in cheif examination, the witness tried to impress that her relation with the petitioner was only on account of social work and in the chief examination she conveniently omitted to state that the petitioner is the wife of her full brother.

51. Then witness Hansaben has stated that at the last assembly elections, she was a worker for Congress party. Here again, it is required to be noticed that she does not say that she was a worker for Shantaben who happens to be her borther's wife. According to the witness, she had moved about in come 15-20 villages for canvassing for the Congress partly at the last assembly elections. According to her the respondent and his supporters had held an election meeting at Village Kanisa on February 13, 1990. It is her say that sometimes, during the election campainging, it so happended that the Congress supporters and the supporters of the respondent came face to face in some villages, and at that time, the respondent and his supporters shouted salongans at the congress workers. The witnesses has tried to say that the respondent and his supporters played audio cassettes.

52. In para 2 of her deposition, this witness has stated that on February 13, 1990, at 2.0 P. M. she was going home for taking her meals at her village Kanisa, and at that time the respondent was distributing certain pamphlets in her village. The respondent gave 4 or 5 pamphlets to the witness. The witness. The witness says that she kept those pamphlets with her and on that very night she handed over these pamphlets to Shantaben, the petitioner, at the latter's election office at Tarapur, According to her, on February 13, 1990, 4 or 5 pamphlets of 3 or 4 different types were given to her by the respondent. After referring to pamphlets Marks A, B, C and D before the court, she stated that the pamphlets which were given to her by the respondent on February, 13, 1990, were the copies of the pamphlets Marks A, B, C and D, before the court. It is further her say that on February 13, 1990, while giving her the pamphlets such as Marks, A, B, C and D, the respondent told her that he was a believer of Hindu religion, and the respondent further told her that if she believed in Hindu religion, then in the name of God, and for the sake of God, she should vote for him.

INDEX

Thus, according to this witness, on February 13, 1990, at about 2.00 p.m., when she was going home for taking meals at her village, the respondent met her, gave her pamphlets such markas A, B, C and D, and appealed to her in the name of God to vote for him. The witness has, in paragraph 3 of her deposition said that on the next day, *i.e.* on February 14, 1990, she was moving about for canvassing for the petitioner, and when, for the purpose, she was at village Bamanva, she came across the respondent who was coming from the opposite direction. This witness was crossing the street in a closed jeep car, and another open jeep car decorated like a chariot was found coming from the other side. The jeep car of the witness was stopped. So also the chariot like jeep car of the respondent was stopped. From the charot like jeep car came out the respondent, and the witness also came out. The respondent met her, Both of them exchanged greetings in the name of Lord Shree Krishna, and then the respondent asked her as to what she had thought about the pamphlets, which the respondent had given her on the previous day, and the respondent had also told her that if she believed in God, then she should vote for him, and that she should also see to it that others also voted for him. She has tried to give the description of the chariot like jeep car in which, according to her, the respondent was, at that time moving.

In paragraph 3 of her deposition, the witness has also tried to say that the respondent, during the canvassing was playing audio cassettes in the constituency and in the audio cassettes there was an appeal to the electorate in the name of religion, and that BJP would give benefits. The appeal was also that the congress party was pampering the Muslims and that BJP would drive out the Muslims.

Thus, according to this witness, firstly on February 13, 1990, the respondent met her at village Kanisa at about 2.00 p.m., when she was going home for taking meals. At that time, the respondent gave her pamphlets such as Marks A, B, C & D, and appealed to her in the name of GOD to vote for him. Further according to the witness, on February 14, 1990, the Respondent met her at village Bamanva. At that time, the respondent had come in a chariot like jeep car. The respondent then inqqired from her about her reaction on the pamphlets which allegedly the respondent had passed on to her on the previous day, and appealed to her to vote for her in the name of GOD, the and also to see that others also voted for him. Further accordingly to the witness, during the election cavassing, the respondent was playing audio cassettes on which there was an appeal to the electorate on the ground of religion. This in substance, is what the witness has stated in her chief examination.

In cross-examination, she was required to admit that Yogendrakumar, the husband of the petitioner,– is her full brother. She also admitted that she was an elected member of the Cambay Taluka Panchayat, and she was elected as the member of that Panchayat in 1981-82. She was the Chairman of the Social Justice Committee of Cambay Taluka Panchayat in 1981-82. The deposition of this witness was recorded before this Court on January 25, 1991. The witness has admitted that even on the previous date, i.e. on January 24, 1991, she had attended this court and remained outside the court, when the deposition of the petitioner was going on. She has admitted that she and one Ratnabhai Bhulabhai of Bamanva were the leaders of the team of supporters of the petitioner and they were assigned some 15-20 villagesforcanvas sing and propaganda. Though according to the witness, on February 13, 1990, the respondent gave her– pamphlets such as Marks A, B, C and D, she did not inform anyone in her village on that day that the respondent had given her some 4 or 5 pamphlets. According to her she handed over these 4 or 5 pamphlets to Shantaben on the night of February 13, 1990, when Shantaben awas at her Tarapur election office. Hansaben has stated that except to Shantaben—the petitioner, she has not told anyone that the Respondent had given her the pamphlets such as Marks A, B, C and D. She has stated that on the evening of February 13, 1990, she reached Tarapur and at the Tarapur election office of the petitioner she handed over the pamphlets such as Marks A, B, C & D, which she had received from the respondent, to the petitioner, In this connection the witness has stated that at the Tarapur election office of the petitioner, on the night of February 13, 1990, she called the petitioner and her husband Yogendrakumar aside and in confidence told them that the respondent had given her the pamphlets such as Marks A, B, C and D, and then she handed over those pamphlets to the petitioner with a request to do the needful in connection with those pamphlets. It is further her say that the petitioner took away the pamphlets from her and told her that she would do the needful, and thereafter the witness never discussed with any of the supporters of the petitioner, the matter about the respondent having handed over the pamphlets such as Marks A, B, C and D nor has she heard of any supporter of the petitioner discussing about the pamphlets during the election campaign.

Thus, according to this witness, on February 13, 1990, at about 2.0 p.m. the respondent handed over to her pamphlets such as Marks A, B, C and D. She took those pamphlets with her, went to the Tarapur election office of the peitioner, called the petitioner and her husband Yogendrakuar aside and in confidence told them that the respondent had given those pamphlets to her, and she passed on those pamphlets to the petitioner with a request to do the needful in that connection, and the petitioner took away those pamphlets from her and told her that she would do the needful.

INDEX

53. Now, the petitioner's deposition does not lend support to the deposition of this witness Hansaben on this point. According to the petitioner, it was on February 11, 1990, that a supporter of her had passed on pamphlets such as Marks A, B, C and D to her. Of course, even subsequent to February 11, 1990 and before the election which was held on February 27, 1990 some other supporters including Hansaben had brought to the petitioner pamphlets such as Marks A, B, C and D. But the petitioner says that she did not take custody of the pamphlets brought to her by her supporters after February 11, 1990. On other hand, Hansaben wants us to believe that on February 13, 1990, she passed on the pamphalets Marks A, B, C & D received by her from the respondent on that date to Shantaben, the petitioner, with a request to do the needful, and Shantaben took those pamphlets in her custody under the assurance to do the needful in the matter. Thus, it is clear that Hansaben's deposition does not stand in line with the deposition of the petitioner on this point. The pamphlets Marks A,B,C and D or at least pamphlets Marks A, B C & D contain material, which would positively show that if such pamphlets were distributed by a candidate at the election, that candidate would be guilty of an election offence and election malpractice which would vitiate his election and would render his election liable to be declared void, if the fact about the having distributed such pamphlets is proved. Hansaben, the witness who is the sister of the husband of the petitioner and who is, in her own right, a social worker, if she had received pamphlets such Marks A, B, C and D from the respondent on February 13, 1990, would certainly publicly make a complaint about that fact to all the supporters of the congress candidate. But she, wants us to believe that she took Shantaben, the petitioner and her husband Yogendrakumar aside and in confidence told that the respondent had handed over to her pamphlets such as Marks A,B,C & D. One fails to see as to what was there to be secret about it, when Hansaben was in the elecition office of the petitioner on the night of February 13, 1990, that she was required to take the petitioner and her husband Yogendrakumar aside, and tell them about the matter in confidence ? It, is the evidence of this witness Hansaben that it was as a Congress candidate that she had contested the Cambay Taluka Panchayat elections. She is therefore, a stanunch supporter of the congress party. She is a very near relative of the petitioner. She is highly interested in the petitioner. In chief examination, she has tried to impress that her relations with the petitioner were only because of social work, or party affiliation, and she is very conveniently avoided to indicate that the court that she is the sister of the husband of the petitioner. Her evidence is not the evidence of a disinterested or independent witness. As I will presently point out, her evidence can never be accepted as the evidence of a truthful witness. The other pieces of evidence show that not only that she has came to this court on January 24, 1991, the day previous to the day of her deposition, but even after her deposition was over, she continuously attended this court for days together. The evidence of other witnesses shows that it was this winess Hansaben who promopted some of the witnesses to come to this court to give evidence in support of the petition. The evidence of other witnesses also shows that on some other adjourned dates of this petition subsequent to the deposition of this witness, she did attend the court.

She is a resident of village Kanisa. Assuming that she came to court on the day previous to the day of her deposition because she was perhaps told by Shantaben to come to the court, if she was a disinterested witness, there was no need for her to come to the court on the dates subsequent to the date of her deposition. Considering the matter from that angle also, it is clear that she is a highly interested witness.

54. Even otherwise, the statement of this witness that on February 13, 1990 and on February 14, 1990, the respondent appealed to her to vote for him, is highly improbable. The evidence clearly shows that she knew the respondent very well and the respondent also knew her very well. She was an active supporter of the congress candidate. In fact she was moving about in villages for canvassing for the petitioner, who was the congress candidate would under these circumstances, the respondent ever think of appealing to Hansaben to vote for him ?

It is not that the respondent is said to have appealed to an ordinary voter to vote for him. The allegation is that the respondent appealed to no less than the sister of the petitioner's husband, who is, herself a stancunh congress worker to vote for him. This is something improbable, Furthermore, on February 14, 1990, according to her, when the respondent inquired from her about what she had thought about the pamphlets which the respondent had given to her On the previous day, she did not tell him that she had handed over those pamphlets to the petitioner for doing the needful. If really, the resplondent had handed over to the pamphlets such as Marks A,B,C and D on February 13, 1990, and again on February 14, 1990 the respondent had inquired from her about her reaction to those pamphlets, she would have certainly told to the respondent that she had passed on those pamphlets to the petitioner on the previous evening. But that is not her case.

55. Though in the earlier part of her deposition, the witness has tried to say that the respondent during the election campaign played audio cassette on which there was an appeal on communal lines, in paragraph 12 of her deposition, she has categorically admitted that she has never heard of

INDEX

any audio cassette being played by the respondent or his election agent or his supporters for canvassing for the respondent. In view of this categorical admission made by this witness in para 12, her earlier version about the respondent having resorted to propaganda on communal line and religious line by using audio cassette is simply required to be rejected.

56. In para 13 of her deposition, this witness has admitted that it is for the first time in the court that she told that the respondend had met her at Bamanva on February 14, 1990, and that the respondent had come to that village in a chariot like jeep car, and before the date of her deposition, she has not told anyone about the respondent having come to Bamanva on February 14, 1990, and about he having come there in a chariot like jeep car. Thus from February 14, 1990, till the date of her deposition, she has not told anyone about the respondent having met her at Bamanva, and about the respondent having told her in the name GOD to vote for him, and about the respondent having come there in a chariot like jeep car.

57. She has also admitted that before the date of her deposition, she has not told anyone that the respondent was applealing to the electorate in the name of Ram Janmabhoomi and that the appeal was that the BJP would construct the temple for Lord Rama. Thus, it is clear that the ellegations about the respondent having resorted to the appeal in the name of religion and on communal lines and about he having moved about in a chariot like jeep car, are made by this witnese for the first time before the court and before the date of her deposition, she has not cold anyone about these facts.

58. As regards what happened on February 13, 1990 as village Kanisa, this witnese Hansaben has said that at about 2.00 P.M. on that day, she was going Home for taking her meals at her village Kanisa, and at that time, the respondent was distributing cartain pamphlets in her village and the respondent gave her 4 or 5 pamphlets and requested her in the name of GOD to vote for him. Thus, according to Hansaben at about 2.00 P.M. on February 13, 1990, she was going home at her village Kanisa for taking her meals and at that time, the respondent met her Now in this connection, the deposition of Ratnabhai Bhulabhai, P.W. 9 is required to be referred to. Hansaben has stated that she and one Ratnabhai of Bamanva were the leaders of the team of supporters of the petitioner, who had to look after the canvassing and propaganda for the petitioner in some 15 or 20 villages of her constituency. Ratnabhai P.W. 9 has also made statements almost to similar effect. Ratnabhai has further stated that he and Hansaben and he workers placed at their disposal were working from 8.00 A.M. to 8.00 P.M. for the purpose of canvassing (for the petitioner). In the last lines of paragraph 13 of his deposition, Ratnabhai has said that all throughout the election campaign, he and Hansaben moved about in company of each other, and they had not separately moved out for the election campaign.

In paragraph 16 of his deposition, Ratnabhai has stated that they started the election campaign for the petitioner from February 13, 1990. This would mean that February 13, 1990 was the first day on which this witness Ratnabhai and Hansaben started the election campaign for the petitioner. Then Ratnabhai has stated that right from February 13, 1990, he and Hansaben moved about together for canvassing for the petitioner. According to the witness on February 13, 1990, right from 8.0 A.M. to 8.00 P.M. he was in company of Hansaben. As per the say of this witness Ratnabhai, on February 13, 1990, at about 9.00 A.M. Hansaben came to his village in a jeep car and met him, and on that day he and Hansaben moved about in villages Jaj, Finav, Nanderi and other villages. Ratnabhai has stated that on February 13, 1990, he and Hansaben and other workers took their noon meals at his place at Bamanva. His deposition shows that that village Bamanva is about 5 or 7 Kms. away from Kanisa which is the village or Hansaben. Ratnabhai has stated that they returned from village Jalsan at noon time, waited at his village Bamanva for their meals, took their meals at his place and then they want to village Julind and them to Pipoli and other villages for canvassing. He has further said that on that day, i.e. on February 13, 1990, they had not gone to village Kanisa, and even Hansaben had not gone there from 9.00 A.M. to 7.30 P.M. on that day.

59. The above referred statements made by witness Ratnabhai make it clear that on February 13, 1990, right from 9.00 A.M. to 7.30 P.M., he and Hansaben were moving about in company of each other for the purpose of canvassing and they had not at all separated from each other during that period between 9.00 A.M. and 7.30 P.M. Further during that period, neither this witness nor Hansaben had gone to village Kanisa. His deposition further shows that he, Hansaben and other workers took their noon meals at his village at Bamanva. In view of these clear statements made by witness Ratnabhai, the case of Hansaben that at about 2. 00 P.M. on February 13, 1990 while she was going to

INDEX

take her meals at her house at Kanisa, the respondent met her, gave her some pamphlets and appealed to her in the name of GOD to vote for him, would fall to the ground. At about 2.00 P.M. on that day, she was not in village Kanisa at all. At about 9.00 A.M. on that day, she met Ratnabhai at village Bamanva and between 9.00 A.M. and 7.30 P.M. she had not entered village Kanisa. Under these circumstances, her say that at about 2.00 P.M. on that day, while she was going home to take her meals at her village Kanisa, the respondent met her, gave her some pamphlets and appealed to her in the name of God to vote for him, is a case which can never be believed.

60. Hereinabove, I have pointed out that Hansaben is a witness who is highly interested in the petitioner. She is a congress supporter, congress follower and a congress member. She is the sister of the husband of the petitioner. As the evedence shows, she has seen to it that the witnesses came from their respective places to give evidence in this case, in favour of the petitioner. As a matter of fact, she requested witness Ratnabhai as also other witness Jaisinghbhai to come to this court and give evidence. Even after her deposition was over, she attended this court on a number of adjourned dates of hearing, as is clear from the depositions of other witnesses. Under these circumstances, the deposition of Hansaben can have no probative value. So much as regards Hansaben for the present. I will revert to her evidence a little later.

61. The petitioner has examined Ratnabhai Bhulabhai Solanki of Bamanva as P.W. 9.00 I have referred to certain parts of his deposition just now, in connection with the appreciation of evidence of Hansaben. According to this witness, he and Hansaben moved about in some 17 villages for the purpose of canvassing for the petitioner at the last assembly elections. He has stated that during such campainging, he happened to meet and encounter the candidates of the B.J.P. and the Janta Dal as also their supporters. He has stated that the workers of BJP had at their disposal, a car which was decorated. Some audio cassettes were being played. He has given the description of the decoration of the jeep car, which is in line with the description of the chariot like jeep car given by the petitioner. He has stated that the respondent also moved about in the chariot like jeep car. His case is that as a supporters of Shantaben, he did house to house campainging for the petitioner. Though no other witness examined by the petitioner, has spoken about he or any other worker for the petitioner having distributed pamphlets making propaganda for their part, this witness has stated that they distributed leaflets making propaganda of, and canvassing for their part. After making that statement, he stated that the workers of B.J.P. also distributed pamphlets. However, it is not his case that he had personall received any pamphlet distributed by either the respondent, or his election agent or his workers and supporters. But he has hastened to add that he had come to see such pamphlets. According to him, he had seen with his party workers pamphlets such as Marks A, B & D. However, he had not seen any pemphlet such as Mark C, with his party workers.

Thus, so far as the distribution of the pamphlets by the respondent or his election agent or with the consent or the respondent or his election agent, the respondent's workers and supporters, he has no personal knowledge. Then what remains of his evidence is his statement that he had seen the repondent moving about in a chariot like jeep car. As I have stated hereinabove, on that point there is no pleading. Therefore, that part of his evidence also is required to be ignored. Even otherwise, scince the time of the election campainging or the date of the election till the date of his deposition which was recorded on February 1, 1991 admittadly, he has not told anyone that the respondent, during the election campaigning period, was moving about in a chariot like decorated jeep car. Therefore also, his statement on the point would have no probative value. Again, he is an active worker and supporter of Congress party, and he was highly interested in the pertitioner's success at the election On that ground also, his deposition would suffer on the score of probative value.

Hansaben the petitioner's witness in her evidence stated that on February 14, 1990, the respondent met her at village Bamanva, asked her about her reaction on the pamphlets which he had handed her over on the previous day, and again appealed to her in the name of God to vote for him. Now, on this point, the deposition of Ratnabhai may be referred to.

According to Ratanbhai once during the election campaigning, when he and Hansaben were at village Bamanva, the respondent met them. The vehicle of the respondent and the vehicle of Ratanbhai and Hansaben crossed each other. Both the vehicles were therefore, stopped. Ratanbhai and Hansaben got out of their vehicle. The respondent also got out of his vehicle. The respondent shook hands with Ratanbhai as also with Hansaben. However, the respondent did not speak anything either witness Ratanbhai or with Hansaben. The respondent did not talk with this witness Ratanbhai nor did he talk anything with Hansaben. Thus, the say of Hansaben that on February 14, 1990. the respondent had talked to her as deposed by her in her chief examination, would become very much doubtful for according to Ratanbhai, there was not talk between Hansaben, and the Respondent at village Bamanva.

INDEX

62. P. W. 12 Jaisinghbhai Shanabhai is a resident of Village Kanisa. He has spoken about BJP having held an election meeting at his village on February 13, 1990 at about 1.0 P.M. or 1.30 P.M. According to this witness, the respondent had come to that place in a decorated jeep car. The witness has said that many persons attended the meeting held by BJP. Further, as said by this witness, the respondent addressed the electorate in the name of Hindu religion, and distributed pamphlets such as Marks A, B, C & D before the court. It is further the case of this witness Jaisinghbhai that after addressing the meeting, the respondent went to Vankar Vas of Kanisa, and this witness also followed the respondent to Vanker Vas. In this connection, the witness has stated that at Vankar Vas, the respondent personally handed over some pamphlets to Hansaben. On this point the witness has said that the respondent went near the house of Hansaben and on seeing the jeep of the respondent, Hansaben came out of her house and Hansaben took some pamphlets from the Respondent and then she went inside her house. Jaisinghbhai has said that at that time, the Respondent did not have any talk whatsoever with Hansaben. The witness has asserted that he saw that Hansaben, on seeing the jeep of the respondent came out of her house, she took the pamphlets as were given to her by the respondent and see on then she went inside her house and she did not have any talk whatever with the respondent, nor did the respondent have any talk with her. He has categorically stated that it has not so happended that on February 13, 1990, the respondent had met Hansaben while she was going home.

Thus the statements made by this witness Jaisinghbhai run counter to the statements made by Hansaben. According to Hansaben, on February 13, 1990, when she was going home, the respondent met her and gave her some pamphlets, and appealed to her in the name of God to vote for him, while Jaisinghbhai states that Hansaben was in her house, on seeing the jeep car of the respondent she came out, the respondent gave her some pamphlets taking which she went inside her house, and there was no talk by the respondent with Hansaben or by Hansaben with the respondent. This feature of the evidence of this witness would also render the evidence of Hansaben unbelievable.

63. Now, so far as this witness Jaisinghbhai is concerned, he has admitted that he is a supporter of Congress party and though he tried to say that after hearing the speech of the respondent on February 13, 1990, he changed his party affiliation and became the supporter of BJP, he has contradicted himself by his subsequent statements which show that all throughout, even after February 13, 1990, he is a follower or believer of Congress party. He has been effectively cross-examined on the point of colour of the paper and ink by means of which the pamphlets said to have been distributed by the respondent were printed. He had the audacity to say that without reading the contents of the pamphlets Marks A, B, C and D, he can say that the pamphlets which were distributed by the Respondent on February 13, 1990 at his village were similar to the pamphlets Marks A, B, C and D before the court. This would show that the witness has scant regard for truth. In my opinion, the deposition of this witness cannot be accepted for saying that the respondent had, on February 13, 1990, held a meeting at Village Kanisa, and had distributed pamphlets such as Marks A, B, C & D.

64. P. W. 3, Ratibhai Amrabhai resides at Indranaj in Cambay Taluka. According to him, on February 11, 1990 the respondent and his supporters had come to Village Indranaj, and had there gathered some persons in the shape of a meeting. This witness attended that meeting According to him, at the meeting Rameshbhai Shivabhai Patel, the election agent of the respondent addressed the audience and at the conclusion of the meeting pamphlets such as Marks A, B, C & D were distributed. He has also spoken about the respondent having come to the village in a chariot-like jeep car.

65. Now, this witness has passed 10th Standard in 1982, and since then he has been applying for a job, but without any success. He has been doing some agricultural labour work, and sometimes he does some stray motor driving work which he gets for 5-6-7 days in a month, and on such days he gets Rs. 20/- to Rs. 25/- per day. As admitted by him, from February, 11, 1990 till the date of his deposition. i.e. January 25, 1991, he has not spoken to anyone about the respendent having held meeting at his village, and about Rameshbhai Shivabhai Patel, the election agent of the respondent having addressed that meeting, and about pamphlets such as Marks A, B, C & D having been distributed, nor has he told anyone about the Respondent having come to his village in a chariot like jeep car. The witness has admitted that he is a supporter of Congress and on reading the pamphlets said to have been distributed at his Village on the conclusion of the election meeting of the respondent, he felt that the contents of the pamphlets would affect the prosects of the congress candidate at the election. The deposition of this witness was recorded before this court on January 25, 1991, and it appears from his deposition that even on January 18, 1991, when Shantaben's deposition was going on, this witness had come to the court. Even on January 24, 1991, the witness had come to this court. It is the say of this witness that some two days before January 18, 1991, in his village some leaders were discussing that they should go to

INDEX

Ahmedabad, attend the court and give evidence in the election petition filed by Shantaben, and that is why he, on his own, without being asked by anyone to do so, came to the court, firstly on January 18, 1991. Seconly on January 24, 1991 and thirdly on January 25, 1991. This is something improbable. He has passed the 10th standard, in 1982. he has been applying for a job since then, but with no success. Therefore, he is doing some agriculture labour work and some times he does stray motor driving, which he gets for 5-6-7 days in a month. This shows his financial status and the witness with such a financial status wants us to believe that merely because he heard som, discussin in his village bein made by others that they should go to Ahmedabad, attend the court and give evidence in the petition filed by Shantaben, that he (the witness) on his own without being asked by any one to do so, came to the court on three different dates and gave evidence. These statements made by the witness are hard to be believed. On his own showing, he is a congress supporter and he must have been asked by the petitioner or somebody on her behalf to come to the court and give evidence in support of the petition. He must have been provided for the expenses incurred by him for coming to the court, at least on three different adjourned dates, and yet he wants the court to believe tat he has spent Rs. 50/- per day for coming to this court from his pocket.

Even otherwise, his deposition does not inspire any confidence. Though he is positive that it was on Februaary 11, 1990 that the meeting was held by the repspondent, he did not know what was he day on that date. He does not have any calender in his house, nor does he maintain any diary. The question is now can be remember so positively the date of February 11, 1990, as the date on which the respondent, as stated by him, had held a meeting in his village. Considering the matter from these angles, the deposition of this witness Ratibhai Amrabhai, fails to merit acceptance.

66. Then there is a group of witnesses whose evidence should be dealet with in one compartment. They are.

| | | |
|---|---|---|
| (i) | Maganbhai Gandabhai Patel | P. W. 8. |
| (ii) | Rajnikant Dhulabhai Patel | P. W. 6, |
| (jii) | Ambalal Ramjibhai | P. W. 7, |
| (iv) | Ramjibhai Premabhai | P. W. 4, |
| (v) | Mithabhai Vishrambhai | P. W. 5. |

Maganbhi Gandabhai, P. W. 8. is the Sarpanch of Village Bamanva. According to him, on January, 10, 1990 .the resonent had met him and requested him for his support for organising an election, meeting which the respondent proposed to hold on January 14, 1990. According to Maganbhai, on January 14, 1990, the respondent held a meeting at Bamanva and addressed the audience by means of a mircrophone and appeled to the audience to vote for him. The respondent had, at that time, come in a jeep car decorated like a chariot and then the respondent distributed pamphlets such as Marks A, B, C, and D.

67. Rajnikant Dhulabhai Patel P.W. 6 is a resident of Village Hariyan. According to him on February 13, 1990, an election meeting was held at this village by BJP., and he (the witness) had attended that meeting. The respondent came there and addressed the meeting, and appealed to the audience to vote for him. The appeal, according to the witness, was in the name of Hindu nation. Further according to the the witness, respondent and his supporters distributed pahphelets such an Mark-Awhich was received by the witness. However, he has hastened to add that he thinks pamphlets such as marks B, C and D before the court were also distributed and some persons present at the meeting received pamphlet such as marks B, C and D. The witness has said that he has, of courses, not read those pamphlets such as Marks B, C and D. According to Rajnikant, after the meeting, the respondent left the village by means of a jeep car, decorated like a chariot.

68. P. W. 7, Ambalal Ramjibhai, resident of Village Hariyan has, of course, made statements in his chief examination, almost on the same lines as the statements made by witnes Rajnikant (P.W.6) in his chief examination, the only difference being, according to Ambalal, the respondent had distributed pamphlets such as Marks B and D.

69. Ramjibhai Premabhai, P. W. 4 is a resident of Village Tarapur. He has sated that either on February 21, 1990 or on February 22, 1990, a special election meeting for the BJP candidate was held at Tarapur at about 8.30 P. M. The meeting was attended by BJP workers and

INDEX

some Sadhus or religious preachers. The respondent had also attended that meeting. According to this witnees, he went to the meeting after the proceedings of the meeting commenced. The witnes has stated that a worker of the respondent delivered speach at the meeting and the appeal in the speach was to vote for BJP., The appeal was in the name of God. The witness has said that after the spech was over, the respondent and his supporters distributed phamphlet of too or three types. In the court, this witness has identified pahmplets Mark-A, as being similar to the pamphlets distributed by the respondent and his supporteres. He categorically stated that except one worker ofthe rspondent to whose speach he referred no other person had addressed that meeting in his presence. He has stated that the respondent had come to the place of the meeting in a jeep car decorated like chariot.

70. Mithabhai Vishrambhai P.W. 5, is again a resident of Tarapur. He has deposed about the meeting said to have been held on February 22, 1990. According to him, the respondent and some Sadhus had come to his village, and had held a meeting, and on coming to know about the meeting having been held, he went to attend that meeting and he found that one Sadhu was addressing the meeting. The Sadhu appealed to the electorate in the name of religion and appealed to vote for BJP. He has stated that after the speech of the Sadhu was over, even the respondent addressed the meeting and the respondent appealed to the electorate to vote for him in the name of God. This witness Mithabhai has further satated that after the meeting was over, the respondent left the place in a jeep car decorated like a chariot. He said that the Sadhus and the respondent, after the conculsion of the meeting, distributed certain pamphlets.

71. Now reverting to the deposition of Maganbhai Gandabhai Patel, P.W. 8., it is required to be noticed that he appears to be an active supporter of the petitioner. It is though him that the petitioner tried to get Rajnikant, P.W. 6, Ambalal, P.W. 7, Ramjibhai P.W.4., and Mithabhai P.W. 5., as witness before this court. It appears from his deposition that he had received a telephone measage from the petitioner to bring the aforesaid witnesses to the court. He therefore, maraged to see that those witnesses came to this court for giving evidence. It would be clear from this that this witness is an active supporter of the petitioner. It also appears from his evidence that though according to him, the petitioner, on phone, had told him to come to this court on February 1, 1991 for the purpose of giving evidence, he had also come to this court on January 31, 1991. This would show his interest in this election peition of the petitioner. Though this witness Maganbhai does not know the other witnesses Mithabhai and Ramjibhai of Tarapur personally, at the behest of the petitioner, he personally went to Tarapur, conveyed the massage to those witnesses Ramjibhai and Mithabhai, to come to this court to give evidence in support of the petitioner. This witness Maganbhai spent money from his own pocket for coming to this court, and going back to his village on two occasions, and he has gone to the length of saying that he would be willing to shoulder the expenses incurred by Mithabhai, Ramjibhai, Rajnikant and Ambalal for coming to this court. The witness has immense respect for the petitioner. From all this it would appear that this witness is not a disinterested witness. On the contrary, he is highly interested in the petitioner.

Like other witnesses examined by the petitioner, this witness has also, for the first time before this court, stated facts about the alleged meeting dated February 14, 1990 said to have been held by the respondent at village one about Bamanva. Before the date of his deposition, he has never told any that fact. Before the date of his deposition, he has never told anyone about the distribution of the pamphlets such amarks A, B, C, & D or about the use of the chariot like jeep car by the respondent. His deposition therefore also does not merit acceptance.

72. Coming to the evidence of Rajnikant P.W.6 and comparing it with the deposition of other witness Ambalal P.W.7 it clearly appears that the deposition of these two witnesses are on some vital points contradictory to each other. Whereas according to Ambalal, P.W.7, the recording of whose deposition was commenced on January 31, 1991, on the evening of the previous day on which the recording of his deposition came to be commenced, Rajnikant had told him that the would have to come to Ahmedabad in the High Court for giving evidence, and that is why he came to this Court in company of other witnesses on January 31, 1991. Rajnikant wants us to believe that he met this witness Ambalal at Tarapur cross roads, on the morning of January 31, 1991, and asked witness Ambalal as to where he was going, and the witness told him that he was going to Ahmedabad, and when further asked about the reason for going to Ahmedabad this witness Ambalal is stated to have told to Rajnikant that he has some work at Ahmedabad, and that Ambalal did not tell him that he was going to Ahmedabad for giving evidence before the High Court. This part of the deposition of Rajnikant is quite contrary to what Ambalal has said. Furthermore, Rajnikant has admitted that he had given his tractor on hire basis to the patitioner for the purpose of election compaigning. Before the date of his deposition, these witness Rajnikant has not told anyone about the meeting held at Hariyan on February 13, 1990 by

INDEX

the respondent as deposed by him in his chief examination or about the pamphlet such as Mark A having been distributed by the respondent, or about the respondent having come to Hariyan in a chariot like jeep car.

73. It is interesting to note that this witness Rajnikant has added a new dimension to the evidence. According to him, on January 26, 1991, that is to say, pending this trial, the respondent had come to his house with a view to dissuading him from coming to this court for giving evidence in this election petition. Witness Rajnikant has been effectively cross examined on the point and it has been demonstrated that theory advanced by the witness cannot be believed. Witness Rajnikant has tried to pose as if he is a lover for truth, and therefore, he has come to the court to give evidence. That claim of the witness also has been demonstrated to be hollow. Having read the deposition of this witness Rajnikant very minutely, I am not at all impressed by it.

74. Ambalal Ramjibhai, P. W. 7, is almost illiterate. According to him, he can read what is written by him, and with difficulty he can read any matter printed in Gujarati language, and yet, he tried to say that at the meeting held at his village by the Respondent on February 13, 1990, pamphelet such as Marks A, & B now before the court were distributed. Like other witnesses for the petitioner, this witness also had made statements which he has made in chief examination, for the first time in court since February 13, 1990, and he has not told anyone in between, about those facts.

75. Ramjibhai Premabhai, P. W. 4, is a believer in congress party, and he had worked for congress party in the 1985 election as also in the 1990 election. He has done some canvassing for the petitioner. He has not maintained any note about what he had heard at the meeting which according to him was held at Tarapur on February 21/22, 1990. After that meeting and before the date his deposition, he had no discussion with anyone about the meeting, and for the first time before this court on January 31, 1991, he made statements about the meeting said to have been held at Tarapur on February 21/22, 1990. According to him at that meeting, some policemen were present for the purpose of maintaining bandobust. If that be so, the fact about the respondent having held an elcection meeting at Tarapur on February 21/22, 1990, could well have been produced by producing some police witness or by producing some documentary evidence from the police record. That has just not been done. Though witness Ramjibhai claims that at that meeting pamphlet such as Mark A was distributed, he does not remember as to what were the contents of that pamphlet. In cross examination, questions have been put to him about the expesnses that he was incurred for coming to this court. So far as the meeting at Tarapur about which this witness has deposed, it may be noticed that he is categorical that except one worker of the respondent, no other person had addressed the meeting. This witness Ramjibhai does not say that the respondent or any Sadhu had addressed the meeting.

When we come to the deposition of the other witness Mithabhai, P.W. 5, who is also a resident of Village Tarapur, we find a different version on this point having been given by witness Mithabhai. According to Mithabhai, at the meeting, a Sadhu delivered speech and after the speech of the Sadhu the respondent also addressed the meeting and the address by the Sadhu and by the respondent was for the purpose of appealing to the audience in the name of religion and in the name of God.

According to Ramjibhai, P.W. 4, it was after the meeting commenced that he want to the meeting and found a worker of the respondent delivering speech. According to Mithabhai, P.W.5. Ramjibhai had gone to the meeting before he went there. Mithabhai has stated that he followed Ramjibhai to the meeting and it was some 5-7 minutes after Ramjibhai went to attend the meeting that this witness Mithabhai went to attend the meeting. Thus Mithabhai went to the venue of the meeting some 5-7 minutes after Ramjibhai went there. According to Ramjibhai, at the meeting, only worker of the respondent delivered speech, whereas Mithabhai wants us to believe that though he want to the meeting after Ramjibhai had gone to the meeting, he saw a Sadhu and the respondent addressing the meeting. If Ramjibhai who went to the meeting earlier than Mithabhai, did not find the respondent addressing the meeting, how is it that Mithabhai could see that the respondent also delivered speech at the meeting?

Witness Mithabhai in his chief examination has stated that though to an extent he is literate, he cannot read. He has stated that at the meeting he received pamphlets such as Mark-A and he read the same. These two statements made by the witness are contradictory. According to the witness, the pamphlet contained appeal to vote in favour of BJP and it contained propaganda against Congress. If this witnes is not in a position to read, one fails to understand as to how he can understand the contents of Mark-A. Mithabhai also is a supporter of the Congress party and follower of the congress party. This witness Mithabhai also, for the first time before the court, deposed about the meeting dated February 22, 1990, said to have been held by the respondent at Tarapur. Since the date of that alleged meeting, he has not told

INDEX

any of the facts about that meeting to anyone. Further witness Mithabhai has admitted that on the date of his deposition, when he was coming from Tarapur to Ahmedabad, he was told during discussion with his fellow passengers and that would include Maganbhai the Sarpanch of Bamanva, Ramjibhai of Tarapur and Rajnikant and Ambalal of Hariyan, that the respondenthad come to the Village in a charictlike Jeep car and that he distributed pamphlets. Therefore, it is clear from the statements of this witness that he has deposed certain facts in his chief examination not from his personal knowledge, but from what he was told by other witnesses when the witnesses were on their way from their respective villagesto Ahmedabad, for the purpose of giving evidence in this case. The depositions of witnesses Ramjibhai and Mithabhai have also, therefore, no probative value.

76. The petitioner has examined Arunbhai Jashbhai Patel, P.W. 11, a resident of village Sojitra. This witness is a congress worker. He has supported Shantaben in the present election. He has canvassed for her at that election. He moved about in the villages of Sojitra constituency for canvassing for Shantaben, the petitioner. According to him, some 10 days before February, 27, 1990 BJP had held an election meeting at his village Sojitra and in that meeting Sadhus were invited. According to him, he had attended that meeting. His say is that the respondent and his supporters had also attended that meeting, and at the meeting, the Sadhus as also the respondent made speeches. The witness has said that after the meeting concluded, the respondent and his supporters distributed pamphlets of four different types such as Marks A, B, C & D. The witness has further stated that the respondent mounted a jeep car decorated like a Rath. It is his further say that even during the election campaign, he had seen the respondent moving about in the villages in a jeep car decorated like a rath.

Not only that this witness is the supporter of the petitioner and the congress party, but his father Jashbhai Patel is a supporter of that party, and his father Jashbhai had also actively supported the petitioner in the present election as also in the earlier elections. This witness has also worked for the petitioner in the earlier elections. He has said that he is a strong supporter of the congress party, and he would come to the court to give evidence in any case espoused by congress party.

Though in chief examination, this witness has stated that at the meeting held by BJP by some 10 days prior to the date of the election, Sadhus as also the respondent made speeches, in cross examination, it has been brought out that according to him, he had heard only one Sadhu addressing the meeting and when the address of that Sadhu was in progress, he left the meeting, and leaving the venue of the meeting he went to the Congress party office, and he does not know what was said at the meeting after he left the place of meeting, nor does he know what happended at the meeting or at the place of the meeting after he left the place of the meeting. Thus, his case in the chief examination that some Sadhus (plural) and the respondent had addressed the meeting, cannot be accepted for, as brought out in the cross examination, according to him, he had heard only one Sadhu addressing the meeting, and that the address by that Sadhus was in progress when he left the place of the meeting. He does not know what happended thereafter. On this every statement made by him, his further statement in chief examination that after the conclusion of the meeting, the respondent and his supporters distributed four pamphlets such as Marks A, B, C, & D also would require rejection. Though in chief examination he has stated that at the meeting the respondent had made a speech, in cross-examination, he has categorically stated that he had not heard the respondent addressing the meeting. It is further his case that after he left the place of the meeting, the proceedings of the meeting, as he came to know, had continued for about 1 1/2 hours. Obviously therefore, he could have no knowledge as to what had transpired at the place of the meeting during that 1 1/2 hours, because on his own showing, he had left the meeting when the address by one Sadhu was in progress and he heard the address, albeit, partially only of one Sadhu. His case that the respondent addressed the meeting and that the respondent distributed the pamphlets therefore, cannot be accepted.

Like other witnesses for the petitioner, this witness also has admitted that since the date of the alleged meeting, it is for the first time that he has been deposing before this court the facts deposed by him in his chief examination. Further more, though he claims to have received some pamphlets alleged to have been distributed by the respondent, he admits that he has not carefully read those pamphlets, and he has seen them only cursorily and then he has thrown them away. If that be so, one fails to understand how he could have identified the pamphlets such as Marks A, B, C, & D before the court as being similar to the pamphlets said to have been distributed by the respondent. Even before the court he did not care to read the entire contents of the pamphlets Marks A, B, C, & D, and yet he ventured to identify the same as similar to the pamphlets distributed by the respondent at the time of the meeting. Considering from all these aspects the deposition of this witness Arunbhai does not inspire any confidence whatsoever. He is highly interested in the petitioner and the congress party, and has said that he would come to the court to give evidence in any case espoused by Congress party. Even apart from that, his statements in chief examination have been proved to be improbable when he came to be cross-examined.

INDEX

77. The other witness from Village Sojitra is P.W. 13 Rajeshbhai Manibhai Patel. According to this witness, he is serving at Vallabh Vidyanagar in Eleon Engineering Co. His say is that during the election campaigning be period, the respondent came to his village in a jeep car and had held a meeting, which was attended by Sadhus. According to Rajeshbhai, a week prior to the election such meeting was held at his village, and that he (the witness) had attended that meeting. At that meeting as stated by Rajeshbhai, the respondent came in a chariot like jeep car, and at the meeting, Sadhus of the religious sect addressed the meeting in the name of Ram Temple and Hindu religion. When the Sadhus were making the speech, according to the witness, the respondent was sitting with them. According to the witness, the Respondent also addressed the meeting and after the conclusion of the meeting, the respondent distributed pamphlets such as Marks A, B, C, & D.

78. In para 5 of his deposition, this witness has stated that on February 16, 1990, he had also attended the election meeting held by BJP at Tarapur and at that Tarapur meeting, he found that the respondent, his election agent Rameshbhai and Sadhus had come. The respondent had come there by means of a chariot like jeep car and at the meeting theSadhus and the respondent delivered speeches in the name of religion. According to the witness even at Tarapur, at the conclusion of the meeting the respondent distributed pamphlets such as marks A, B, C, & D now before the court.

79.It is required to be noticed that whereas the case of the petitioner and some of her other witnesses is that the Tarapur meeting was held by the respondent on February 22, 1990, this witness Rajeshbhai has stated that meeting was held on February 16, 1990. This is a major contradiction which is required to be noticed. The deposition of this witness Rajeshbhai shows that even on the day of his deposition before this court, which was recorded on February 16, 1991, the other witness Arunbhai Jashbhai Patel, whose deposition had been recorded on the earlier date had come to the court and that also show Arunbhai's interest in the case. So far as this witness Rajeshbhai is concerned, it is required to be noticed that he has taken leave from his job for coming to this court, and as stated by him, if he did not attend to his duties, he would lose Rs. 60/-per day from his wages and further he has spent quite some amount from his pocket for coming to this court, and he did not intend to be reimbursed the expenses for coming to this court from Sojitra. This would show that this witness is also not an impartial and independent witness. Further it appears that Arunbhai Jashbhai Patel, the other witness and his father Jash bhai Patel have insisted upon this witness to come to this court and therefore, he has come to his court and has deposed. He has said that he respects the petitioner and therefore, he has decided to spend from his own pocket for coming to the court, He has also admitted that he wished that the petitioner succeeded at the election. Except to Jashbhai, the father of Arunbhai, this witness, like other witnesses, has also not stated anything about what he has seen and heard at the alleged meetings, and it is for the first time before this court since the dates of the alleged meetings that he is stating facts about those alleged meetings.

80. The petitioner's witness no. 14, Ratibhai is a resident of Village Sunav. He is a worker for the congress party. According to him, before the election, workers of various political parties including BJP were visiting his village Sunav for the purpose of election campaign. The workers of BJP were visiting his village in a jeep car decorated like a chariot. It is his say that either on 12th or 13th there was a meeting in Patidarwadi in his village. The meeting was held for the propaganda of BJP party. On coming to know about the meeting having been held, the witness says, he has gone to attend the meeting. At the meeting Sadhus of Swaminarayan Sampraday made address, and told the audience to vote for BJP. The witnees has said that the Sadhus also distributed pamphlets. He has read those pampslets. He has stated that those pamphlets were such as pahphlets Marks A, B and D now before the court. According to him when the meeting was about to be concluded, the respondent arrived there. However, the respondent did not address the meeting.

Thus so far as the Sunav meeting is concrned, as stated by this witness, the respondent came to the venue of the meeting when it was about to be concluded. The respondent had not made any speech, and it was not the respondent or his election agent who had distributed the pamphlets.

81. In para 3 of the depostion, the witness has spoken about the election meeting held on February 22, 1990 at Tarapur. In that connection, he has said that at that Tarapur meeting, Sadhus appealed to the audience to save Hindu religion and for that purpose to vote for BJP. The respondent was also present at the meeting. However, according to this witness, at that meeting at Tarapur. The Respondent did not make any address to the audience. But the respondent and his supporters distributed pamphlets such as marks A, B, C and D before the court. The witness has stated that the attended that Tarapur meeting till it was concluded. According to the witness, after the conclusion of the Tarapur meeting, the BJP workers left the place in a jeep car decorated likle a chariot.

INDEX

So far as Tarapur meeting is concerned I have discussed the evidence of some other witneses ealier. Some of those witnesses have tried to say that at the Tarapur meeting, the respondent also made speech while this witnees has categorically stated that though he was present at the Tarapur meeting till the meeting was concluded, the respondent had not made any speech at that meeting, The witness has admitted that he is a congress party w roker and at the last assembly elections, i. e. the present election, he had workerd for the petitioner and he had engaged himself in the poster compaining far the petitioner. His evidence shown that on the day of the election, he was actively moving about from place to place for the purpose of helping the petitioner. In line with the other witnesses this witness has also admitted that since the date of that meeting, it is for the first time before the court that he is speaking about the facts, which he claims to have witnesses, and heard at the said meeting.

This witness is also highly interested in the petitioner and the congress party. So far as Sunav meeting is concerned. he does not implicate the respondent and his election agent. So far as Tarapur meeting is concerned, his evidence in vital aspects stands in contradication to the evidence of some other witnesses who have spoken about the Tarapur meeting, and except to Shantaben, he has not hold anyone the facts about the Tarapur meeting and he has been speaking for the first time about those facts before this court. Considring from these angles the deposition of this witnees also does not inspire any confidence.

82. The last witness to be discussed is Indrish, P. W. 10. Idrish, has said that at the assembly election in question, he was working for the petitioner. He moved about in quite a large number of villages in Sojitra Constituency for canvassing for the petitioner. He has said that once during the election compaignig when he was coming out of Vohrwad in Sojitra. the respondent met him and handed him over a white pamphlet. The witness read that pamphlet. According to him, it was stated in that pamphlet that nobody should occupy the rickshaw plied by Muslims, and nobody should give any loan to Muslims and that nobody should give any sort of co-operation to Muslims. Further, according to this witness. at that time, the respondent told him that they (Muslims) should pack up their bags and baggages and should be in readiness. Idrish has stated that at that time. the respondent was moving about in a jeep car which was decorated like a chariot and the respondent was, during the election campaigning plyaing audio cassettes from the chariot like jeep car. However, in the same breath the witness has said that he has not heard the audio cassettes being played.

The cross-examination of this witness shows that he is highly interested in the petitioner and he is equally highly inimical to the respondent. He is an active congress party worker. As a result of efforts of Yogendrakumar, the husband of the patitioner at the Central Government level, this witness had come to be appointed as a Member of the Railway Advisory Board for the Baroda Division. He is a Taluka level congress worker. He has been involved in quite some criminal cases, and he believes that it was the respondent at whose instance those criminal cases have been filed against him. He was detained under the prevention of Anti Social Activities Act, and there again his belief is that it is the respondent who has falsely got him detained under preventive detantion. His evidence clearly shows that he is much hostile to the respondent, and very much interested in the petitioner.

Having gone through the deposition of this witness, I think his evidence cannot be relied upon for any purpose.

83. I have hereinabove referred to the evidence of the 14 witnesses examined by the petitioner. I have seen those witnesses when they deposed before me, and I have not been impressed by them. Almost all the witnesses examined by the petitioner are congress workers. They are highly interested in the congress party and the congress party candidate, and the petitioner. Some, of them, such as Hansaben Idrish and some others are personally interested in the petitioner. Those witnesses, of course, have tried to say that the respondent moved about in a chariot like jeep car during the election campaigning period. But that fact, they have stated for the first time from the witness box, about a year after the election campaigning period, and before the dates of their respective depositions, the witnesses have not stated those facts to any one. Similarly about the distribution of pamphlets by the respondent, the witnesses have not told anyone prior to the dates of their respective depositions. Some of the witnesses who are almost illiterate have yet tried to identify the pamphlets Marks A, B, C & D before the court as being similar to the pamphlets said to have been distributed by the respondent during the election campaigning period. The attempt of those witnesses cannot, but be depricated. Some of the witnesses who are to an extent literate, have said that they have not cared to read carefully what the pamphlets which they got from the respondent contained; and they have not cared to read carefully the pamphlets Marks A, B, C & D before the court and yet they have tried to identify the pamphlets Marks A, B, C & D as the pamphlets similar to the pamphlets distributed by the respondent at the election meetings held.

INDEX

84. So far as the election meetings are concerned, the evidence, as indicated hereinabove, is full of contradictions. Take for example, Tarapur meeting. One witness has tried to any say that it was held on February 16, 1990. Some others have tried to put the date of that meeting as February 22 1990. Some witnesses have said that at the Tarapur meeting, the respondent delivered a speech while some others have categorically stated that at the meeting, that respondent did not deliver speech. So far as playing audio cassette is concerned, there again the evidence is far from satisfactory.

85. In conection with the distribution of pamphlets, one aspect which is very important, may now be noticed. According to the petitioner, and quite a number of her witneses, during the election compaigning, the repsondent, his election agent, his supporters and the Sadhus distributed four different types of pamphlets. The petitoner has produced before the court, pamphlets Marks A, B, C and D. In the petitioner itself, the petitioner has tried to pay that all these fourt types of pamphlets were distributed by the respondent of his election agent, his supporteres and workeres and the Sadhus between February 11, 1990 and February 25, 1990,. In para 8 of the petionem, as stated hereinabove, it is the case of the petitioner that one of these election pamphlets ws captioned."..."V. P. in which direction 7." and the said pahmphlet was by way of reproduction of the editorial in daily "Samkallen" published from Bombay. That pa,phlet is Mark-C before the Court. That pamphlet, as stated by the petitoner in he peliton, was freely distributed by he responden av various Villages between February 11, 1990 Februry 26, 1990. Even in her deposition, the petitioner has made statementes on this line as reardds that pahphlets Mark-C before the court.

86. In paragraph 15 of her deposition, the petioner, has spoken about this third pamphlet being pamphlets as such Mark C. There she has stated that the pamphlet is based upon the editorial of daily "Samkaleen" being published from Bombay. As is apprarent from the deposition of some witnesses of the petitionr, the case of those witneeses is that the responent distributed amongst others pamphlet such as Marck-C between February 11, 1990 and February 25, 1990. Thus it is the categorical case of the petitioner that the respondent and/or his election agent, sand/or his supporters and workeres, with the consent of the respondent and/or his election agent. distributed pamphlets such a Mark-C very freely during the election campaiging detween February 11,1990 and February 25, 1990. It is also the petitoner clear case that this pahphlet Mark-C is the repdcruction of the editorial which appeared in Gujarati daily newpaper "Samkaleen" being published from Bombay.

Now, a barelook at pahphlet Mark-C would show that the entire theory advanced by the petitioner and sone of her witnesses to the effect that the respondent/his election agent/his supoters and workers distributed this pamphlet Mark-C on different date between February 11, 1990 and February 25, 1990 is a got upstory. This pamphlet Mark-C, as is the spicific case of the petitoner, is areproduction of an editorial that appeared in Gujarati daily newspaper "Samkaleen" being published from Bombay, and as the notice from that pamphlet Mark-C, it is a write up or editorial in the gujarati daily in its Saturday addtion dated February 24, 1990.. If this write up appeared in the daily newspaper dated February 24, 1990. it would be impossible that its reproduction in the form of pamphlets Mark-C could have ever been distributed by the Respondent/his election agent/his supporters and workers before February 24, 1990 or even before February 25, 1990. Taking the view most favourable to the petitioner, this pamphlet Marck-C could never have been the light of the day before February 24, 1990, where was then the question of the repondent/his election agent/his supporters and workeres having distributed this pamphlets mark-C on different dates between February 11, 1990 and February 24, 1990 as the petitioner and her witnesses want the court to believe. Considering the matter from this angle, the observation inevitable is that not only the petitioner but quite a large number of her witnesses who have spoken the respondent having distributed pamphlets such as Mark-C on different dates prior to February 24, 1990, are not telling the truth. Viewed from that angle also the petitoner's case about the respondent having distributed pamphlets such as Marks A, B, C and D is required to be discarded.

87. Coming to the other three pamphlets, true, pamphlets Mark A & B do contain an appearl to the electorate in the name of religion and on communal lines and incite communal hatred between Hindus and M7slims, Pamphlets Mark-D contains certain allegations and innuds as regards the petitioner and her family members. The question is whether the petitioner proves that the respondents and/or his election agent, and/or his worker and supporters with his consent, or his alection agent's consent distributed these pamphlets, as the petitioner and her witneeses want the court to believe, After having carefully gone trough the eviedence, my answer to this question is in the NEGATIVE. I have hereinabove referred to some pieces of the depositions of the witneesses on the point. Thoguh those witnesses have tried generally to say that the responent distributed those pamphlets, their evidence does not inspire confidence firstly for the reasons that after the alleged date of distribution of the pamphlets, it is for the first time berfore the court that they deposed about that fact, and in between they have not

INDEX

told anybody about that fact. Secondly, some of the witnesses who say that on reading the pamphlets they found that they contained appeal to the electorate in the name of religion, and that the contents of the pamphlets, would go against the petitioner at the election, they have never made any complaint about the distribution of these pamphlets to anyone. Thirdly, some of the witnesses though they tried to identify the pamphlets before the court as being similar to the pamphlets distributed by the respondent and his election agent, some of them are almost lilliterate, some others have not even cared to read with the pamphlets said to have been distributed by the respondent and his election agent contained, and some of them without carring to read the contents of the pamphlets Marks A, B, C and D produced before the court, tried to say that they are similar to the pamphlets distributed by the respondent and his election agent. Thus, the evidence fails for too short or the required proof in an election petition, if we consider the matter from the legal principles referred to by me hereinabove.

88. The respondot and his two witness have categoraically detanied the allegations made by the petitioner against the respondent. However, it is not necessary for me to refer to their evidence for, the petitoner's eviedence does not prove her case advanced against the respondent.

89. I have referred to the evidence of the petitioner hereinabove, and have pointed out that she has no personal knowledge about the alegations made by her in the petition, and about the allegations made by her in her chief examination. Hansaben, the sister of the petitioner's husband is highly interested in her. Idrish is also highly interested is her and inimical to the respondent. The test of the witnesses examined by the petitioner are all supporters of the Congress party and some of them are personal supportrs of the petitioner. If we consider the matter from this angle, not a single independent witness havs been examined by the petitioner to prove the allegations made by her against the respondent. If, as a matter of fact, the respondent had addressed the election meeting, as the petitioner wants us to believe, at least some independent witnesses from the various places could have been examined to depose that fact. If he had distributed pamphlets as the petitioner alleges, on tha point also, some independent witnesses could have been produced by the petitioner. But nothing of the sort has been done by the petitioner.

90. Further, though the petitioner and her witnesses who are highly interested in her, claim to have come to know that the respondent was including in election propaganda is in the name of religion and on communallines, and many of them know that doing so would be an election offence, and would invalidate the respondent's election, if he was successful at the election, lodged no complaint with any authority, either election authority, or police authority or with the Collector. None of these witnesses, ever cared to make any nots of the fact that the respondent was indulging in such corrupt practice by appealing to the electorate in the name of religion, and was inciting communal disharmony and harted. Though several witnesses have spoken about they having received pamphlets said to have been distributed by the respondent and his election agent, nobody has preserved such pamphlets, and as indicated hereinabove, almost all the witnesses for the first time when they came to the court deposed about the facts which they claim to have heard and seen at the election meetings and election propaganda and they categorical that in between, they have not told anyone except, perhaps to the petitioner as said by one or two witnesses and to Jashbhai Patel, the father of Arunbhai, as said by Rajesh, about those facts. This would not have been their canduct if what they deposed in chief examination was true. The witnesses are highly interested in the petitioner. They are interested in her success in the election. If what they say is correct, they heard and saw what the respondent, his election agent and his supporters and workers are said to have done by making propaganda in the name of religion and on communal lines, by distributing pamphlets, & by moving about in a chariot like decorated jeep car and yet they never discussed those facts with others, nor did they tell those facts to anyone till they came to the court about a year after the event. This would also go to show that these witnesses are not reliable, at least in an election petition, where the standard of proof is, as held by the Supreme Court in the judgments referred to hereinabove, that in a criminal trial.

91. One more feature of the evidence is required to be noticed. Almost all the witnesses have come to the court as if they came to the court on their own, for the purpose of deposing true facts. some of the witnesses have tried to pose as if they are the witnesses of truth and have come to this court uninvited by the petitioner, solely with a view to tell the truth to the court. But in cross examination they were constrained to admit that they are the supporters of the petitioner. Almost all the witnesses have spent from their pocket for coming to this court quite some amount. One of the witnesses, who is an agricultural labourer has spent for coming to this court. From the stand point of his income it can be said to be beyond his means. Another witness has said that what he has spent, he really could not have afforded. Yet, some of these witnesses have generally tried to say that they have spent from their pockets for the expenses for coming to this court from their respective villages, which are about 100 Kms. from Ahmedabad, because the yare the supporters of the petitioner, or because they

INDEX

respect or love the petitioner. Not a single independent witness has been examined. Upon the evidence of the witnesses as have been examined in this case, and on the principles of appreciation of evidence as they emerge from the decisions of the Supreme Court referred to hereinabove by me, I am sure the petitioner cannot be said to have proved beyond reasonable doubt the allegations made by her against respondent in this election petition. In other words, none of the corrupt practices alleged by the petitioner against the respeondent has been proved.

92. In the result the petition should fall, and the same is ordered to be dismissed. The petitioner shall pay to the Respondent, his costs which are quantified at Rs. 2,000/--.The learned advocates have agreed that the Respondent shall withdraw the sum of Rs. 2,000/-. which has been deposited by the p ti ioner before this court.

A copy of this judgment shall be sent by the office to the Election Commission, as also to the speaker of the Gujarat Legislative Assembly.

S. K. PANDEY,
Under Secretary to the Election
Commission of India.

### ELECTION COMMISSION OF INDIA

**Notification**

Nirvachan Sadan, Ashok Road, New Delhi-- 110001.

Dated. 7th January, 1993.

No. 56/92.-- Whereas, the Election Commission of India has reviewed the poll performance of all registered political parties in terms of paragraphs 6 and 7 of the Election symbols (Reservation and Allotment) order, 1968 at the general election to the existing House of the people held in 1991--92 and the latest general elections to the existing Legislative Assemblies of all States and Union Territories held in years 1988 to 1992, with a view to determining their status as recognised National or State parties;

2. And Whereas, as a result of the aforesaid review, the Commission passed individual orders in respect of each of the parties which had either become eligible for recognition as State party or had lost its status as recognised National or state party;

3. And whereas, the Commission has also processed all applications of associations or bodies of individual citizens of India for registration as political parties, including the applications of the associations or bodies of individual citizens which were deemed to be registered pending consideration and finalization of those applications vide the Commission's notifications No. 56/89 dated 26th October, 1989, No. 56/89 dated 24th January, 1990 No. 56/91 dated 19th April 1991 No. 56/91 dated 23th January, 1992, under section 29A of the Representation of the People Act, 1951;

4. And Whereas, the Commission has since disposed of all applications received upto 31st July 1992, except one application which is defective and where the applicant party has been allowed further time to remove the defects, either by granting or refusing registration to those parties under the provisions of the said section 29A of the Representation of the people Act, 1951 and each such party has been informed individually accordingly ;

INDEX

5. And Whereas, the Commission has decided to update its notification No. 56/91, dated 19th April 1991 specifying the names of recognised National and State parties and registered unrecognised parties and the list of free symbol for each State Union Territory issued in pursuance of paragraph 17 of the Election Symbols (Reservation and Allotment ) order, 1968, as amended from time to time;

6. Now, therefore, in pursuance of paragraph 17 0f the Election symbols (Reservation and Allotment) order, 1968, and in superession of its notification dated 19th April 1991, reffered to above, as amended from time to time, the Election Commission hereby specifies:--

(a) In Table I, the National parties and the symbols respectively reserved for them;

(b) In Table II, the state parties, the State or States in which they are State parties and the symbols respectively reserved for them in such State or states;

(c) In Table III, the registered- unrecognised political parties and postal address of their Central office; and

(d) In Table IV, the from Symbols for each State/Union Territory.

## ELECTION COMMISSION OF INDIA

### Notification

Nirvachan Sadan Ashoka Road, New Delhi-110001, Dated the 17th January, 1993.

No. 56/93(1).—WHEREAS, the Election Commission, by the its order dated the 14th January, 1993, in the dispute relating to Janata Dal under paragraph 15 of the Election Symbols (Reservation and Allotment) Order, 1968, has frozen the symbol 'Chakra (wheel)' reserved for the Janata Dal as a recognised National party, and has directed that none of the rival or splinter groups of the party will be entitled to use that symbol, not will they be permitted to use the name of the party 'Janata Dal', until further orders ;

AND WHEREAS, the Commission by its said order dated the 14th January, 1993 has also directed that the two groups of the Janata Dal headed by S/Shri Ajit Singh and S. R. Bommai respectively shall be recognised as National parties, as a purely adhoc and interim arrangement and until further orders ;

AND WHEREAS, the Commission, by its further order dated the 17th January, 1993, has, a purely adhoc and interim arrangement and until further orders, directed that —

(i) the group of the Janata Dal headed by Shri Ajit Singh be called, and recognised as a National Party, under the name 'Janata Dal (A)',

INDEX

(ii) the symbol 'Inkpot and Pen' be reserved for the said 'Janata Dal (A)'

(iii) the group of the Janata Dal headed by Shri S. R. Bommi be called, and recognised as a National party, under the name 'Janata Dal (B)', and

(iv) the symbol 'Cup and Saucer' be reserved for the said 'Janata Dal (B)';

NOW, THEREFORE, in pursuance of clauses (a) and (d) of sub-paragraph (1) of paragraph 17 of the Election Symbols (Reservation and Allotment) Order, 1968, the Election Commission hereby makes the following amendments to its notification No. 56/92, dated the 7th January, 1993, namely:—

I. In Table I appended to the said notification, for existing entries at serial number 5, the following entries shall be substituted under columns 1, 2, 3, and 4 respectively:—

"5. Janata Dal Chakra (Wheel) 7, Jantar Mantar Road, New Delhi-110001.

(Dispute relating to Janata Dal pending before the Election Commission ; symbol 'Chakra (Wheel)' not to be allowed to any candidate, until further orders of the Commission).

5A. Janata Dal (A) Inkpot and pen 15, Windsor Place New Delhi-110001.

5B. Janata Dal (B) Cup and Saucer 7, Jantar Mantar Road, New Delhi-110001".;

II. In Table IV appended to the said notification, the symbol 'Inkpot and Pen' and 'Cup and Saucer shall be omitted from the list of free symbols for all States and Union Territories, wherever the same have been so specified.

By Order,

S. K. MENDIRATTA,
Secretary to the Election Commission
of India.

ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashoka Road,
New Delhi–110001.

Dated : 7th January, 1993

17 Pausa, 1914 (Saka)

**Order**

No. 76/GJ–LA/91(Bye).—Whereas the Election Commission is satisfied that each of the contesting candidates specified in column (4) of the Table below at the Bye-Election to the Legislative Assembly as specified in column (2) held from the constituency specified in column (3) against his name has failed to lodge any account of his election expenses as required by the Representation of the People Act, 1951 and the Rules made thereunder;

And, whereas, the said candidate has either not furnished any reason or explanation for the said failure even after due notice or the Election Commission, after considering the representation made by him, if any, is satisfied that he has no good reason or justification for the said failure;

Now, therefore, in pursuance of section 10A of the said Act, the Election Commission hereby declares the person specified in column (4) of the Table below to be Disqualified for being chosen as, and for being a member of either House of the Parliament or of the Legislative Assembly or Legislative Council of a State or Union Territory for a period of 3 years from the date of this order :—

Dated: 23--12--1991.

CAV COMMON JUDGMENT :

At the request and with the consent of the Ld. Advocates appearing on behalf of the parties, the Election Petition, the Recreminatory Petition, and the Election Applications as noticed above are taken for hearing together and they shall be decided and disposed of by this Common Judgment.

The Election Petition No. 2 of 1990 arising under Sec. 80, 80A, 100 and 101 of the Representation of People Act, 1951 has been filed by a defeated candidate namely Raimalji Hemaji Solanki against the contensting and the elected candidate in the Assembly Election which was held on February, 27, 1990, for the Assembly Constituency No. 100-Palanpur. The petitioner was contesting the above said State Elections as the candidate of the Janta Dal a recognised and registered National Party. The election programme was notified earlier according to the rules and the petitioner had contested the above said election. The voting had taken place on February 27, 1990. In all there were 19 candidates in the above said election, including the petitioner and the result of the election was declared on the next day i. e. February, 28, 1990. According to the declared result the petitioner had secured 23655 votes while the successful Bharatiya Janta Party candidate Shri Lekhraj Hemraj Bachani had secured 24490 votes and thus, therefore, the difference of the votes between the petitioner and the defeated candidates and the successful candidate was only of 843 votes. In other words the petitioner had lost the election by a narrow margin of 843 votes only. A true copy of the declaration of the result in the prescribed form as required under Rules 64 of the Conduct of the Election Rules 1961 has been annexed with the petition as Annexure--A.

The case of the petitioner--defeated candidate is that at the time of the counting of the votes the procedure as required by law was not followed meticulously by the agents of the respective parties and in spite of the fact that the Election Officer was appraised of all these facts the demand for recounting made by the petitioner was rejected. According to the petitioner by the letter dated February 28, 1990, he had asked for the recounting of the votes on certain grounds and the petitioner had also pointed out that there was rejection of the valid votes which were cast in his favour. It was also pointed out that the procedure adopted for counting of the votes and for rejection of the votes and for reception of the votes was also not proper. It is also further the case of the petitioner that he had "full suspecion" that the ballot papers were being mixed up during the course of the counting due to human error and the total of the valid votes being shown to have been cast in favour of the individual candidates is not true and correct. It is also the case of the petitioner that he suspects that invalid votes were being mixed up with the valid votes, resulting into a miscalculation of the valid votes cast in favour of the petitioner candidate. According to the petitioner the Returning Officer ought to have appreciated the reasons for re-counting stated in the application and ought to have considered the irregularities which had taken place during the course of the counting which have materially affected the result of the election. In view of the petitioner, in stead of following proper

INDEX

procedure and in steatd of ordering re-counting the Returning Officer had out-right rejected the request made by the petitioner for the re-counting of the votes, which has resulted into an adverse result towards him. The petitioner has also further contended that the Returning Officer has wrongly rejected the reguest for the recounting. Looking to the fact that there were 70612 valid votes which were required to be counted in a proper fashion with a view to come to the conclusion as to which of the candidate gets which of the votes but the same has not been done because of the human error on the part of the counting staff and it has affected the result of the election which has gone against him. It is also the contention raised by the petitioner that during the course of counting, several objections were taken by different counting staff without proper, adequate and legal reasons. The petitioner has also further contended that the statement of the Returning Officer does not reveal a true and correct picture regarding the votes obtained by different candidates and that, during the process of counting the votes it was noticed that the ballot papers were being mixed up which was not a corrected method. In the view and cotention of petitioner, the decisions regarding valid and invalid votes are also not correct as per the norms laiddown in the Act & Rules, and that as a result of the same many invalid votes were considered to be valid votes while many valied votes were considered to be invalid votes , and therefore the result of the election as declared by the Returning Officer is not correct, proper, legal and valid. The petitioner has also contended that his application for re-counting was rejected by the Returning Officer without the proper application of mind and for the reasons best known to him have committed serious error in coming to the conclusion, that in fact he has obtained more valid votes than the returned candidate and that the returned candidate had secured lesser votes and therefore the petitioner derserves to be a declared as the elected candidate. On the above said grounds set out in the Election petition, the petitioner has prayed for the declaration to the effect that the election of the returned candidate, namely a opponnent No. 9 from the above said constituency of the Legislative Assembly Elections of the Gujarat State which was held on February 27,1990 and the result which was declared on February 28, 1990, by the Returning Officer are illegal, null and void and are of no effect whatsoever. The petitioner has also prayed for the declaration to the effect that the petitioner is a duly elected candidate from the above said constituency and alongwith the necessary orders quashing and setting aside the decision of the Returning Officer dated February 28, 1990. The petitioner has also prayed for other and further orders necessary to be passed in the interest of justice and has also prayed for the cost of the petition.

The opponent No. 9 Lekhraj Hemaraj Bachani the returned candidate has filed the written a statement at Exh. 3-A and has urged for the dismissal of the petition filed by the petitioner against him. All the allegations and the contentions made and raised by the defeated candidate namely the petitioner herein have been denied by the returned candidate by the above said W.S. It has been contended that the petition filed by the petitioner does not comply with the mandatory requirements of Sec. 81, 82 and Sec. 117 of the Representation of people Act, 1951 (now hereinafter referred to as the Act of 1951). It is also contended that the petition is not properly signed and verified and that the affidavit to the petition is also not in the prescribed form and that, because of the above said reasons the petition filed by the petitioner deserves to be dismissed.

The opponent aforesaid has further contended that the petition does not contain concise statements of material facts on which the petitioner places reliance and as the provisions contained U.S. 83 (1) of the Act of 1951 have not been complied with the petition is not maintainable. It is also contended that the petition does not set forth the full particulars regarding the irregularities allegedly committed during the counting process as alleged by the petitioner in paragraphs No. 4 to 15 and that there fore the election petition would not be maintainable. It is also a contention raised by the opponent aforesaid that in view of the above said preliminary contentions the petition is liable to be dismissed in limine.

After raising the above said contentions the opponent aforesaid has proceeded further to deny the allegations made by the petitioner in the petition parawise and has contended that the allegations are not true and they are not correct and that the petitioner should be put to the strict proof of the allegations made out by him in the petition. The returned canidate namely the opponent aforesaid has further denied that there was rejection of valid votes cast in favour of the petitioner and that there was improper reception of certain votes allegedly cast in his favour. It is also denied that the request made by the petitioner for re-counting of the votes was turned down by the Returning Officer arbitrarily and without the application of mind. It is also denied by the return candidate that the declaration of the rusult of the above said Assembly Constituency is not proper, just, legal and in accordance with law. It is denied that the election result as declared by the Returning Officer on February 28, 1990, required to be quashed and set aside. It is urged with great emphasis that there were no irregularity while counting of the votes

INDEX

and that, there was no rejection of the valid votes cast in favour of the petitioner and in the same way there was no reception of in valid votes cast in his favour. It is also contended that the counting process was conducted according to the legal requirements and there were no irregularities or illegalities as alleged by the defeated candidate. It is also denied that the entire election of the above said Assembly Constituency was illegal and bad in law and that the result requires to be quashed and set aside. It is on the basis of the above said contention raised in the W. S. that the returned candidate has urged for the dismissal of the election petition filed by the petitioner, namely the defeated candidate.

The opponent No. 9 namely the returned candidate has also filed the Recreminatory petition No. 2 of 90 saying that even if the defeated candidate was required to be declared as elected then also looking to the facts and circumstances narrated in the recreminatory petition the defeated candidate cannot be declared to be the successful candidate.

The Election Application No. 18/90 has been filed by the original opponent No. 9 the returned candidate praying for the orders to direct the original petitioner in the election petition to file certain documents alongwith his affidavit within a period of 7 days and to direct the original petitioner to give inspection of all the documents on which he places reliance, to the advocate of the returned candidate within a period of 7 days. The Election Application No. 34/90 has also been filed by the original opponent No. 9 namely the returned candidate urging that as certain paragraphs of the election petition do not reveal the cause of action they should be ordered to be struck of the pleadings in the main election petition. It is also further urged that as the material paragraphs in the election petition cannot be said to be containing a concise statement of material facts as mandatorily required U.S. 83 of the Act, of 1951the election petition filed by the defeated candidate required to be dismissed in limine. The Election petition No. 35/90 has also been filed by the returned candidate, namely opponent No. 9 urging that certain issues as mentioned in the original petition be raised, tried and decided as preliminary issue in the election petition and to dispose of the main petition accordingly. The main election petition, the recreminatory application and other election applications as stated above are taken for hearing together at the request and with the consent of the Ld. Advocates appearing on behalf of the parties.

Mr. P. M. Raval the Ld. Advocate who appears on behalf of the opponent No. 9 the returned candidate has urged that when the reference is made to the election petition filed by the petitioner and especially two paragraphs 2 to 17 it becomes clear that they do not contain the material facts and material particulars within the meaning of S. 83 of the Act of 1951 and therefore that above said paragraphs required to be struck off. A further contention raised by Mr. Rawal in this behalf is that if the aforesaid paragraphs are ordered to be struck off from the pleadings, namely the petition filed by the petitioner, it appears very clearly that no triable issue remains and therefore the election petition filed by the defeated candidate requires to be dismissed in limine. Elaborating his broad contention Mr. Rawal has urged that the Act of 1951 and the Conduct of Election Rules, 1961, again show that a self contained machinery has been provided for the election and that at every stage, in the process of scrutiny and counting of votes the candidates and their agents have ample opportunity of remaining present at the time of the counting of votes and of watching the proceedings of the Returning Officer and of inspecting the rejection of votes and the ultimate counting. In view of this position Mr. Rawal has urged that the petitioner was required to furnish the material facts and material particulars as required U.S. 83 of the Act of 1951 and when the same has not been done the election petition filed by the petitioner deserves to be dismissed in limine.

But Mr. Patel, the Ld. Advocate who appears on behalf of the petitioner has urged that a reference to the election petition submitted by the petitioner shows that all the necessary details and the material facts and material particulars have been provided therein and there is no ambiguity as urged by Mr. Rawal. Mr. Patel therefore has urged that on the correct construction and appreciation of the election petition and further on the correct interpretation of the allegations made there in, this Court should proceed with the hearing of the election petition in stead of dismissing the same in limene as urged by the Ld. Advocate Mr. Rawal for the opponent.

INDEX

As noticed above the main grievance of the petitioner is in respect of certain alleged irregularities committed by the Returning Officer at the time of the counting of the votes. It is the case of the petitioner that there was an improper rejection of valid votes which were cast in his favour and there was also invalid reception of certain votes which were cast in favour of the elected candidate. It also becomes clear that the petitioner feels aggrieved by the orders of the Returning Officer rejecting his application for recounting. The petitioner has annexed the orders passed by the Returning Officer dated 28--2--1990 below his application for recounting at Annexure--C. A perusal of the application and the orders annexed thereto would go to show that the petitioner has urged before the Returning Officer that there were certain irregularities in the counting and that, the counting was not done according to the rule and the required procedure and that, there was the mixing of certain bundles of votes. It was also contended that certain votes which were cast in his favour were got rejected by the agent of the elected candidate on illegal grounds. It is also further averred in the application for the recounti g that because of the above said reasons alongwith certain other reasons he is r turing a strong suspecion regarding the validity and legality of the election result and therefore the recounting should be ordered. The Returning Officer after hearing the petitioner had reached the conclusion that therewas no irregularity or illegality committed during the course of the counting and that there was no mixing of the bundles of votes as urged by the petitioner. The Returning Officer had also taken a view that the rejected votes were legally and validly rejected and that therefore the application submitted by the defeated candidate for recounti g appears to be unreasonable and frivolous. Reaching the above said conclusion the Returning Officer has not accepted the prayer of the petitioner for the recounting and the orders were declared as stated above.

When the reference is made to the application for the recounting dated February 2, 1990, it becomes abundantly clear that it is in a broad general form making out a broad proposition that certain votes which were cast in favour of the petitioner were illegaly and wrongly rejected.

It requires to be appreciated that while urging before this Court that the election petition requires to be dismissed in limene, Mr. Rawal the Ld. advocate for the returned candidate does not place any reliance upon the above said application and the orders thereunder. Mr. Rawal has incidentally pointed out that the application for recounting was also too broad, vauge and general in nature. Carrying further his contention Mr. Rawal has urged that the allegations made out by the petitioner in the petition are also too vauge, general and broad in nature and therefore, it cannot be said that the material facts and material particulars as required U.S. 83 of the Act of 1951 have been provided in the petition. As noticed above the contention of Mr. Rawal further is that the same has not been done the relevant paras of the petition making out vauge and general allegations regarding the illegal rejection and illegal receiption of votes required to be struck off and if it is done it appears very clearly that no cause of action survives to the petitioner and therefore the petition requires to be dismissed in limene.

With a view to appreciate the above said contention raised by Mr. Rawal a detailed reference is require to be made to the averments made in the petition filed by the petitioner. It hsas been stated in the petition firstly that the difference of votes between the petitioner and successful candidate is only of 843 votes. After saying so in paragraph 2 of the petitioner, the petitioner has averred that at the time of the counting of the votes the procedure was not meticulously followed. It is also urged that the petioner had pointed out that there was illegal rejection of valid votes cast in his favour. It is also alleged that there was refusal or rejection of a large number of valid votes which were cast in his favour and there was a large reception of invalied votes in favour of the returned candidate. para/3 and 4 reiterate that the petitioner challenges the decision of the Returning Officer dated 28th February, 1990 by which the request of the petitioner for recounting came to be turned down. Para-5 of the petition shows that according to the petitioner, though he had orally pointed out certain discrepancies from time to time the counting officers had not taken notes of the same. In para-7 of the petition it is averred that the petitioner has "full suspecision" that the ballot papers were being mixed up and there was a human error in respect of the counting of the total valid votes which had gone in favour of the respective candidates. The averments made in para-8 of the petitioner are more or less similar to the averments made in paragraph-7 of the petition. The averments made in para-9 and 10 of the petition are to the effect that the Returning Officer had earred in not considering favourably the request of the petitioner for a recounting. In para-11 and 12 of the petition it has been averred that during the course of the counting several objections were being taken by the counting agents but they were being ruled out by the members of the counting staff and therefore the result of the election as declared by the Returning Officer is not true and correct. In the same way para 13 & 14 of the petition would go to show again that there was the rejection of valid votes cast in favour of the petitioner coupled with the invalid receiption of the votes cast in favour of the returned candidate. In paragraphs 15, 16 and 17 it has been urged by the petitioner that the Returning Officer has erred in not allowing the application for the recounting and

INDEX

that in fact the petitioner had obtained more valid votes than the returned candidate and that, the result of the election in respect of the above said Assembly Constituency is also otherwise illegal and bad in law.

Thus the overall reading of the above said paragraphs contained in the petition it appears very clearly that the case of the petitioner is that there was a illegal rejection of valid votes which were cast in his favour, which was further coupled with the fact that there was illegal reception of invalid votes cast in favour of the returned candidate. It requires to be pertinently noticed that no particulars or details have been provided in the petition saying as to how and in which manner and in respect of which votes there was the illegal rejection or illegal reception.

Mr. Rawal the Ld. Advocate who appears on behalf of the opponent No. 9 who is the returned candidate, has placed heavy reliance upon the provisions contained in Rule No. 56 of the Conduct of Elections Rules, 1961. The above said rule is in respect of counting of votes and provide for every exigency which may occur at the time of the counting. Rule 56 (2) shows the circumstances under which the Returning Officer shall reject a ballot paper. Sub-rule 3 of Rule 56 laysdown very clearly that before rejecting any ballot paper under Sub-rule 2, the Returning Officer shall allow each counting agent present a reasonable opportunity to inspect the ballot paper. Sub-rule 4 further requires the Returning Officer to endorse on every ballot papers which he rejects the word "Rejected" and the ground of rejection in abbreviated from either in his own hand or by means of a rubber stamp and further requires initials on such endorsement. Sub-rule 5 requires that all the ballot papers rejected under rule 56 shall be bundled together, Sub-rule 7 prescribes that, after the counting of all ballot papers contained in all the ballot boxes used at a polling station has been completed, the counting supervisor shall fill and sign the result of counting in Form 16 which shall also be signed by the Returning Officer.

Thus the detailed provisions contained under Rule 56 of the above said rules, go to show very clearly that the Returning Officer has to follow the specified procedure at the time of the rejection of a ballot paper and before any ballot paper can be rejected the Returning Officer is required to allow each counting agent present at the time of counting, a reasonable opportunity to inspect the ballot paper. The Returning officer who rejects a ballot paper is required to make an endorsement on every such rejected ballot paper. Not only that but the Returning Officer is also required to show the ground of rejection in abbreviated from either in his own hand-writing or by means of a rubber stamp. Moreover he is also required to initial such endorsement on every rejected ballot paper.

Form No. 16 provided under rules 46, 56(7) and 56A (7) is in respect of the ballot paper account. Form No. 18 under Rule 52(2) of the Rules of 1961 relates to the appointment of the Counting Agents Lastly Form No. 20 under Rule 56 (7) of the Rules of 1961 is in respect of the final result sheet. This form shows that the Returning Officer is required to prepare a final result sheet and he is required to record the number of valid votes cast in favour of respective candidates and the total of valid votes and the numbers of rejected votes, and the total number of tendered votes.

The above said provisions which required a particular procedure to be followed during the entire counting process would go to show very clearly that at each and every juncture where the ballot paper was being rejected the defeated candidate or his election agent would be present and a reasonable opportunity is required to be given to the counting agent before the rejection. The Returning Officer is required to mention the grounds of rejection of every rejected ballot paper. In view of this position at every time when a ballot paper came to be rejected by the conting officer or the Returning Officer the petitioner or his agent would be present there, and he would be able to know the facts & circumstances under which a particular ballot paper is being rejected. He would also be able to know the grounds of rejection as endorsed by the counting officer on each ballot paper. Inview of this position the petitioner would be in know of the facts and circumstances under which a ballot pare comes to be rejected. In view of this position in stead of making the broad, general and vague reiteration that there was an illegal reception of invalid votes cast in his favour and the illegal reception of invalid words caste in follows of the elected candidate the petitioner was required to give material facts and particulars regarding his case. It must be accepted on a proper reading of the election petition that the same has not been done by the petitioner. The petition filed by the petitioner is full of repeated averments saying that the counting was not proper and certain valid votes cast in his favour were subjected to illegal rejection.

Mr. Rawal has invited the attention of this Court to the Supreme Court decision in Ram Sewak Yadav, Apellant V. Hussain Kamil Kidwai and others, Respondents, AIR 1964, S. C. Pg. 1249. In this decision the Apex Court of the Nation while considering the rules for the conduct of the elections, has observed that :

INDEX

"The rules for the conduct of elections clearly show that at every stage in the process of scrutiny and counting of votes the candidate or his agents have an oportunity of remaining present at the counting of votes, watching the proceedings of the reutrning officer, inspecting any rejected votes, and to demand a re-count. It is in the light of the provisions of S. 83(1) which require a concise statement of material facts on which the petitioner relies and to the opportunity which a defeated candidate had at a time of counting, of watching and of claiming a re-count that the application for inspection must be considered."

The above said observations of the Supreme Court would go to show that the rules of conduct of the elections are so framed that at every stage in the process of scrutiny and counting of votes the candidate or his agents have an opportunity of remaining present at the counting of votes, watching the proceedings of the returning officer and inspecting any rejected votes. It is also pointed out that in light of the provisions contained U. S. 83 (1) of the Act of 1951 a concise statement of materials facts on which petitioner relies is required to be made in the petition. In Udhav Singh, Appellant v. Madhav Rao Scindia, Respondent, AIR 1976, S. C. Pg. 744 the Supreme Court while considering the provisions contained u. s. 83 of the Act of 1951 and the provisions contained under Order 6, Rules, 2,4, 6 of the Code of Civil Procedure, has stated thus :—

> All the primary facts which must be proved at the trial by a party to establish the existence of a cause of action or his defence, are "material facts". In the context of a charge of corrupt practice, "material facts" would mean all the basic facts constituting the ingredients of the particular corrupt practice alleged, which the petitioner is bound to substantiate before he can ucceed on that charge. whether in an election petition, a particular fact is material or not, and as such required to be pleaded is a question which depends kon the nature of the charge levelled, the ground relied upon and the special circumstances of the case. In above short, all those facts which are essential of to clothe the petitioner with a complete cause of action, are "material facts" which must be pleaded, and failure to plead even a single material fact amounts to disobedience of the mandate of Section 83 (1) (a)."

The above said principle laid down by the Supreme Court of India would go to show very clearly that all the facts which are essential to clothe the petitioner with a complete cause of action, are material facts which must be pleaded and failure to plead even a single material fact amounts to disobedience of the mandate of Sec. 83 (1) (a) of the Act of 1951. In this decision at para 36 on page 752 after reproducing the provisions contained in Sec. 83 of the Act of 1951 the Supreme Court has distinguished between material facts and material particulars. At para 37 it is reiterated that failure to plead even a single material fact leads to an incomplete cause of action and incomplete allegations of such charge are liable to be struck off under order 6 Rule 16. It is also pointed out that if the petition is based solely on such allegations which suffer from lack of material facts, the petition is liable to be summarily rejected for want of cause of action.

Lastly the reference is required to be made to one more Supreme Court decision in Dhartipakar Madan Lal Agarwal, Appellant V. Shri Rajiv Gandhi, Respondent, AIR 1987, S. C. Pg. 1577. In this decision while considering provisions contaid U. S. 81, 83, 86 and 87 of the Act of 1951 and of Order 6 Rule 11 and 16 of the Code of Civil procedure the Supreme Court has made it clear that the Court is empowered at any stage of the proceedings to strike out or delete the pleading which is unnecessary frivolours, vexatious etc. and if the Court on examination of the plaint or the election petition finds that it does not disclose any cause of action it would be justified in striking out the pleadings. It is also further made clear in this decision that order 6 Rule 15 itself empowers the Court to strike out the pleadings at any stage of the proceedings and if the Court is satisfied that this petition does not make out any cause of action then the Court need not wait for filing of the written Statement but instead of that, it could proceed to hear the preliminary objections and strike out the pleadings. The Supreme Court says further that if after striking out the pleadings the Court finds that no trible issues framed required to be considered it has power to reject the electon petition Under Order 6, Rule 11.

Thus viewing the facts of the instant Election Petition it becomes clear that the material facts which were required to be provided by the petitioner U. S. 83 of the Act of 1951 have not been provided. The Election Petition dose not contain a concise statement of the material facts on which the petitioner has placed reliance and that the Election Petition does not set forth the full particulars regarding the allegations made out by the petitioner. The above said two Supreme Court decisions makes it abundantly clear that if the petition is based solely on the allegations which suffer from lack of material facts, the petition would be liable to be summarily rejected for want of cause of action. It is also clear from the above said two Supreme Court decisions that in such a case it would be opn for this Court to strike out the pledings acting under order 6 Rule 15 of the Code of Civil Procedure. When once the conclusion is reaned

INDEX

that the material facts in a concise statement have not been furnished by the petitioner in the petition and that the pleadings as stated above are require to be struck off, and further that, now no trible issues required to be considered, the course open to this Court would be to reject the petition under Order 6 Rule 11 of the Code of Ciil Procedure.

The only course upon therefore to this Court is to order to strike off the pleadings which do not furnish or contain the concise statement of material facts and after coming to the conclusion that to trible issues are required to be considered the Election petition requires to be rejected in limine under Order 6 Rule 11 of the Code of Civil Procedure. Adopting the above said course this Court rejects the Election petition in limine under the above said provisions of law. Thus the Election Petition filed by the petitioner stands rejected in limine for want of concise statement of the material facts on which the petitioner has placed reliance. The Receminatory Application filed by the returned candidate and other Applications which have been taken up for hearing alongwith the main Election Petition shall also stand disposed of.

There shall be no order as to coste in respect of the Election Petition, the Recreminatory Petition and the other Applications which are being disposed of by this Common Judgment.

The Registry of this High Court is directd to transmit for intimation the substance of the decision to the Election Commission and the Speaker of the State Legislature as contemplated under Sec. 103 of the Act of 1951 forthwith.

At the end, in all the fairness to the Learned Advocate, Mr. Rawal appearing for the Returned Candidate it must be said that, he wanted to present before this Court and then to place reliance upon certain recent unreported decisions of this High Court, taking similar view in certain other Electoin Petitions having similar facts and circumstances, but even after a long delay when these decisions have not been cited and have not been made available to this Court, this C A V Judgement is being pronounced without a further wait and the consequent delay.

By Order,

BALWANT SINGH,
Secretary to the Election Commission of India.

**CAV Jugdment :**

The petitioner has prayed for declaration that the election of the returned candidate, the respondent No. 3 Patel Barjubhai Navalbhai is bad, illegal and voild and that the petitioner is elected as returned candidate.

2. The facts averred in the petition can be briefly stated as under :

3. The petitioner was a candidate of Janta Party in the Assembly Election held on 27th February, 1990 in 180-Mota Ponda Gujarat Assembly Constituency. The respondents No. 1, 2, 3 and 4 were the other contesting candidates for the said election. The respondent No. 1 was contesting the election as Doordarshi Party candidate. The respondent No. 2 was the candidate of Bahujan Samaj Party. The respondent No. 3 was contesting the election as a candidate of Bharatiya Rashtriya Congress. The respondent No. 4 was contesting the election as an independent candiate. The seat of 180-Mota Ponda Gujarat Assembly Constituency was reserved for Scheduled Tribe candidate.

4. The result of the said election was declared on 28--2--1990. As per the result it appears that the total number of electorates were 1,32,428 while the total number of valid votes polled were 52,068. The total number of rejected votes were 2,088. The respondent No. 3 secured 24,858 votes, the petitioner secured 18,634 votes, independent candidate Patel Satishbhai Gulabbhai secured 7,216 votes, Bahujan Samaj Party candidate Patel Natavarlal Kikabhai secured 880 votes and Doordarshi Party candidate Bapubhai Janubhai secured 480 votes.

5. The election of the respondent No. 3 is challenged on the ground of corrupt practice and also on the ground of improper reception of votes. It is alleged in the petition that the respondent No. 3 3 was holding office as a Minister at the time of election; that the respondent No. 3 and his agents have introduced corrupt practices to induce the voters to vote in favour of the respondent No. 3; that on 25--2--1990 a car bering registration No. GVF 9849 was found carrying wine bottles which were being distributed amongst the people, that the Police Inspector Shri Rabari [illegible] Police Station had seized 17 bottles of wine from the said jeep belonging to the respondent No. 3; that three persons, the agents of the respondent No. 3 Shivaji Ranchhodji patel, Chandubhai Mangabhai and Bhimabhai Lafabhai were arrested and one who escaped by absconding was the son of the respondent No. 3; that the jeep which was found carrying the wine bottles was and is registered in the name of the respondent No. 3; that the respondent No. 3 has been distributing number of wine bottles to induce the voters to vote in his favour which action is offending provisions of sec. 123 of the People's, Representation Act; that certain Photographs were taken and the petitioner relied on the said photographs as also the newspaper reports. It is also averred in the petition that complaint was filed before the Returning Officer on 26--2--1990 for the aforesaid alleged conduct of the respondent No. 3 However, the Returning Officer has not taken steps and no inquiry was made.

6. It is also alleged in the petition that the respondent No. 3 has used force and undue influence on the person who was likely to be the Presiding Officer during the course of the poll; that the respondent No. 3 has forcibly captured the polling booths at various places of the said assembly. A Constituency to execute bogus votes and rigging; that complaint of one of the polling stations

i. e. Kakadpoper Village was reported at 2.45 at F.I.R. No. 8/90 on 7th february, 1990;that booth capturing had also taken place at Panchrai Chikhal, Balachadi and other places and that large number of voting was being done by the persons who were not qualified electorales.

7. On the basis of these allegations it is submitted by the petitioner that the respondent No. 3 should have been declared disqualified and that as the petitioner has secured highest votes excepting the respondent No. 3 the petitioner should have been declared as returned candidate.

8. It may be stated that this petition was filed at the residence of Shiri A. H. Thakar, the then Joint Registrar of this Court at 9.30 p.m. on 16--4--1990 and it was accepted by him subject to the office objections as he was told that the limitation expires on that day and the petitioner had deposited a amount of Rs. 2,000/-- in cash on that very day.

9. The respondent No. 3 has filed affidavit-in-replay (Ex. 5) on 20--6--1990 inter alia contending that the petition is not maintainable inasmuch as it does not comply with the provisions of Section 81 of the People's Representation Act, 1951; that the petition is not maintainable to as much as the affidavit as per the proviso to Section 83 (1) of the said Act is not filed and that the allegations regarding corrupt practices made in the petition are incorrect. It is denied by the respondent No. 3 that Shivaji Ranchhodji Patel, Chandubhai Mangabhai and Bhimabhai Lafabhai were the agents of the respondent No. 3 He has also denied the genuineness of the photographs alleged to have been taken by the local photographer and submitted that reports appeared in the newspaper and/or the photographs are the result of the concoction. It is alleged by the respondent No. 3 o that the complaint filed by the petitioner before the Collector, v Valsad on 26th February, 1990 is an act of pre-planning in order to make out a ground for challenging the elections and that the allegations made therein are too vague and therefore, the replay given to the petitioner was perfectly legal and justified. It is also denied by the respondent No. 1 that the had used force or undue influence on the person who was likely to be Presiding Officer at the time of polling. The allegations with regard to capturing of polling books at various places of the said Assembly Constituency to execute bogus voting were also denied. It is contended that the complaint alleged to have been given to the Police Station at Kakad Koper Village is patently false. It is also denied that booth capturing had taken place at Pancharai, Chikhal, Balachadi and other places. It is also denied that large number of voting was done by persons who were not qualified electorates at the Ashram Shala Polling Booth and it is submitted that the claims made by the petitioner are not intelligible He has also denied that his election is void and prayed that petition be dismissed and he may be awarded special compensation.

10. It is not necessary to refer to the reply given by other respondents inasmuch as they are supporting the petitioner himself.

11. The following issues are raised at Ex. 9 ;

(1) Whether the petition is filed within the period of limitation as prescribed under Sec. 81 of the Representation of People's Act, 19517.

(2) Is the petition maintainable i in view of Sec. 81 read with Sec. 83 of the Representation of People's Act, 1951 ?

(3) Whether the returned candidate has committed corrupt practice as alleged in para--7 of the petition ?

(4) Whether the returned candidate has forcibly captured the polling booths to execute bogus voting and rigging as alleged in para--8 and : 9 of the petition ?

(5) Whether the election of the returned candidate is void and illegal on the grounds mentioned in Issues No. (3) and (4) ?

(6) Whether the Petitioner is entitled to be declared as elected ?

(7) What order ?

12. So far as the issue No. (1) is concerned, it is contended on behalf of the respondent No. 3 that the petition is time-barred. Mr. D. D. Vyas, learned Advocate appearing for the respondent No. 3 submitted that period of 45 days prescribed under Section 81 of the Representation of the people Act, 1951

should becomp d from the date of declaration of the result of the election i.e. from 28th February, 1990 and that as the petition was filed on 16th April, 1990 it is clearly time-barred. Mr. S. S. Balsare, learned Advocate appearing for the petitioner submitted that it is true that the period of 45 days should be counted from the date of declaration of the result of the election i.e. from 28th February, 1990. He also pointed out that in view of the judgment of the Supreme Court of India in the case of election petition provisions of the Limitation Act would not be applicable. He further submitted that in view of Section 10 of the General Clauses Act the date on which the period of limitation was to expire was a closed holiday and the petition is filed on the reopening day i.e. after the closed day, then petition should be treated to have been filed on the last date for filing the same. He further pointed out that 13th April, 1990 was closed being "Good Friday", 14th April 1990 was a holiday on account of Baba Saheb Ambedkar's Birth day and otherwise also it was a closed holiday being second fisaturday of the month and that 15th April 1990 was also a holiday being Sunday. He therefore, submits that on all the said three days the petitioner had no opportunity to present the petition and accordingly presented it on 16th April, 1990 and as per the provisions of Sec. 10 of the General Clauses Act it should have been treated to have been filed on the last date for filing the same. In the month of February, 1990 there was only one day as the result of the election was declared on 28rd February, 1990 and there were 31 days in the month of March 1990. Therefore, 13th April, was the last date for filing the petition because it was the 45th day from the date of declaration of the result of the election. As 13th 14th and 15th April, 1990 were closed holidays the petition filed on 16th April, 1990 should be treated to have been filed on the last date for filing the same.

13. Mr. D. D. Vyas, learned Advocate for the respondent No. 3 further submitted that as per Rule 7 of the Election Rules framed by this Court the petition can be filed between 10.30 a.m. and 4.00 p.m. while the present petition was filed at 9.30 p.m on 16th April, 1990 at the residence of the then Additional Registrar Shri A. A. Thakar. Said Rules provide that when urgent orders are to be obtained the petition may be filed even after the prescribed time. On persual of Rule 7 of the said Rules it is clear that in two cases the petition can be filed even after the prescribed hours. First when it is to be filed on the last date of the limitation and secondly when some urgent orders are to be obtained. In the instant case it was filed on the last date of the limitation and therefore, Mr. Thakar, the then Addl. Re[istrar had righ ly accepted it at 9.30 p. on 16th April, 1990 and allso accepted an amount of Rs. 2,000/- in cash towards deposit from the petitioner. An encorsement to this effect has lready been made by him on the petition. In that view of the matter I hold that the petition is filed within the period of limitation as prescribed under law. Accordingly I answer the issue No. (1) in the affirmative.

14. So far as the issue No. (2) is concerned, Mr. D. D. Vyas, learned Advocate for the respondent No. 3 raised a contention that the petition is not maintainable in view of Section 81 read with Section 83 of the said Act. It may be stated that on this very pohint a summons was taken out by the respondent No. 3 on 24th July, 1990 stating that petition is not maintainable inasmuch as it does not comply with the provisions of Sec. 81 of the Act. Mr. Vyas has stated that the petition has not given the concise statement of the material facts on which he relies and not having set forth the full particulars of any corrupt practice including a statement of the names of the parties alleged to have comitted such corrupt practice and the date and place of the commission o each such practice, the petition is not maintainable. It was also submitted on behalf of the respondent No. 3 that the petition is not maintainable as it is not verified in the manner laid down in the Cde of Civil pocedure and that special affidavit as required under Sec. 81 (1) of the said Act has also not been filed by the petitioner. Said summons was decided by me by order dated 11th January, 1991. It may be mentioned that in the same summons was also contended on behalf of the respondent No. 3 that the petition ist ime barred, but at that time Mr. Vyas did not press this point and he sought liberty to raise this point in future.

15. fio far as his contention regarding maintainability of the petition on the aforesaid grounds is concerned, they have been dealt with by me in detail in the order dated 11th January, 1991 and reasons therefor start from para-4 onwards of the said order. For the reasons which I have given for rejecting the prayers sought in the said Summons, I hold the issue No. (2) as already decided in the said summons and hold that the present election petition is maintainable. Accordingly I answer the issue No. (2) in the affirmative.

16. Now it would be convenient to deal with issue No. 3 regarding the corrupt practices alleged against the returned candidate, the respondent No. 3 in para-7 of the petition. Summary of the allegatios has been given in para-5 hereinbefore of this judgment.

INDEX

17. Before I deal with the evidence on this point it would be necessary to mention that allegations of corrupt practice should be proved beyond reasonable doubt as in the case of criminal charge inasmuch as it leads to setting aside of election and also disqualifying of person from contesting the election for certain period. Taking the above principle as a guide for appreciating the evidence now I would like to deal with the evidence of the petitioner Ramanbhai (Ex. 13). According to him, theLegislative Assembly Election took place on 27th February, 1990 and there were nearly 143 polling booths in his Mota Ponda Constituency on 25th February, 1990 after returning from his office at 11.30 p.m. he was discussing about the election campaign with his workers; at about 12.30 midnight one Lallduhai came and informed him that one jeep belonging to the respondent No. 3-Barjulbhai was seized by the people; the petitioner therefore, went to Vaniawad which is at a distance of about 1 K.M. from his office and along with the petitioner there were one Gulabbhai Patel and one Mafatlal Vaghela. Gulabhbhai had a camera with him and he took the photograph of the said jeep. According to the petitioner Shivabhai Patel, Chanduhai Patel and Bhimabhai Patel were in the said jeep and on seeing the petitioner all the three came out of the jeep when the petitioner asked Shivaji as to who was driving the jeep, he said that the respondent No. 3's son Vasantbhai was driving the jeep. The petitioner inquired of him but he had run away. He further deposed that he saw bottles of wine in the said jeep. On seeing the said bottles he inquired from said Shivajibhai about the said bottles and Shivaji told him that Chandubhai and Bhimabhai were distributing liquor bottles and that only bottles seen in the jeep were left out. According to him, Shivaji told him that he came at the instance of the respondent No. 3. The Registration number of the said jeep was GBS 9849 and it was of the ownership of the respondent No. 3 and in the R.T.O. record it stands in the name of the respondent No. 3. He further deposed that in the said jeep there were sealed bottles of English wine and at his instance the photographer who was with him had taken photographs of the jeep from different angles with a view to have the picture of the bottles as also the registration number plate of the jeep and he had also deputed Lallubhai and Gulabhai to the police station and tolodge the complaint. According to him the police Station is at Killa Pardi which is at a distance of 15 K.M. When the police came he was present. According to him, the custody of the jeep and the crates of wine bottles were handed over to the police by his men Babubhai and Ishwarbhai Patel. The petitioner further deposed that they had kept the custody of the jeep with a fiew to see that some miscreants from the mob does not damage in any manner the jeep and its contents.

18. From the above evidence of the petitioner one thing is clear that the petitioner himself has not seen any distribution of wine bottles to any person. His eveidence is not that of an eye witness. He says about finding out of liquor bottles from the jeep bearing No. GBS 9849.

19. It may also be noted that in this case for the purpose of proving the fits of the compalint the petitioner had also examined the P.S.I. Ramjibhai Rabari (Ex. 20) and Fatingrao (Ex. 23) who had recorded the said complaint. The complaint is at Ex. 24 and the Panchanama is at Es. 27 and the muddamal of 16 liquor bottles is kept in the custody of this Court. At the most the evidence of the said witnesses supports the version of the petitioner on the point of finding out of the alleged liqor bottles 16 in number valued Rs. 10/- each from the Jeep No. GBS-9849 On bottles there was a lable 'Doctor's Select Brandy".

20. There is also evidence of one Hasmukhbhai Patel, Panch witness at Ex. 26. According to the evidence of Subhash M. Patel (Ex. 28) when he was sitting outside the Jalaram Temple at his Village Dhumlav at 11.30 p.m. on 28th February, 1990 along with others he saw the car of Barjulbhai passing from that place and it wa a jeep car. According to him they tried to stop that jeep car when it was at a distance but it was not stopped. At that time one Lallubhai was with him. They tried to stop the said jeep car because they were knowing that they (persons in the jeep) were distributing liquor bottles. According to him earlier they had so distributed liquor bottles in Village Ruhina which is at a distance of about 3 K.Ms. from Dumlav. As they did not stop the jeep this witness and others had a suspension that there would have been liquor bottles in the said jeep car. Subhash had a motor bike and he immediately chased him on the said motor bike. He went to Kherlav and in Vaniawad locality of that village. On seeing that car they started shouting. Many persons gathered there. They were about 50 to 60 in number. They were shouting on the way when they were chasing the car. They stopped the car in Vaniavad locality of Kherlav Village. Thereafter this witness gave the descriptions of the persons who were in the jeep car namely, Shivaji, Bhimabhai and Chandubhai. According to him there were 17 bottles of Doctor Brand Brandy. Thereafter this witness and Lallubhai went to the petitioner, Ramanbhai and after calling the petitioner they went to inform the police.

21. In the cross-examination this witness had given the names of the persons of Village Ruhina to whom liquor bottles were supplied. According to him liquor bottles were supplied to Sureshbhai dediabhai, Naresh

INDEX

bhai Uttambhai, Arvindbhai Deadibhai and Ramanbhai Sukhabhai. However, none of these persons have been examined in the present case to prove that wine bottles were distributed to them. He further stated in the cross-examination that he has not filed any complaint against Barjulbhai regarding supply of liquor bottles t said persons and that he had not talked about it to the petitioner Ramanbhai. According to him, he was present at the time when the police came there. He had not complained about supplying of liquor bottles to the aforesaid persons in Village Ruhina, to the police at that time. He had admitted that for the first time he had talked about supplying of liquor bottles to aforesaid persons in Village Ruhina in this court This cross-examination of this witness completely undermines the veracity of the witness on the point of supplying wine bottles by the respndent No. 3 to the aforesaid persons. In absence of evidence of the persons to whom the liquor bottles were supplied, it would be rather difficult to accept the version of this witness.

22. The petitioner had also examined the photographer (Ex. 29) who had taken the photographs at the instance of the petitioner.

23. The last witness who had been examined on behalf of the petitioner is Madarbhai (Ex. 36). His evidence is in respect of stone throwing on the date of election. Said witness does not throw any light on the point of distribution of wine bottles to the people by the respondent No. 3 or in respect to the aforesaid persons or in respect of even finding out of the wine bottles from the jeep of the returned candidate, the respondent No. 3 herein.

24. The present petition is field under Section 100 of the Representation of the People Act, 1951 inter alia on the ground of corrupt practice. So far as the term "corrupt practice" is concerned it is defined by way of legal fiction under Section 123 of the said Act. It includes inter alia prevency The relevant extract to the defintion of bribety applicable to the present case reads as nder:

> ".....any gift, offer or promise by a candidate or his agent or by any other person with the consent of a candidate or his election agent of any gratification, to any person whomsoever, with the object, directly or indirectly, of inducing an elector for having voted or refrained from voting..."

Explanation to the said Section shows that the term "gratificatin" is not restricted to pecuniary gratifications or gratifications estimable in money and it includes all forms of entertainment and all forms of employment for reward bt it does not include the payment of any expenses bona fide incurred at, or for the purpose of, any election and duly entered in the accont of election expenses referred to in Section78.

25. It is therefore, clear that there must be evidence of gift, offer or promise of any gratification by or on behalf of the candidate. In the present case excepting the evidence of Subhash (Exhibit 28) there is not a single witness who speaks about either gift, offer or promise of any gratification by the returned candidate, the respondent No. 3 or by his agent or any person with the consent of the respondent No. 3 As stated above, on the point of distribution of wine bottles the evidence of witness Subhashbhai (Ex. 28) cannot be accepted. Mere finding out of 16 bottle of alleged liqor from the jeep car of the respondent No. 3 which is proved by the petitioner, would be totally insufficeint evidence for coming to the conclusion that any gift of wine bottle was made by the respondent No. 3 or anybody in his behalf, as mentioned in the aforesaid Section of the act. It appears that of the persons who were acting on behalf of the petitioners have made to haste in stopping the vehicle with the wine bottles therewould have been further evidence on the point of distribution of wine bottles. If there would have been sone cogent and reliable evidence on this point, this evidence would have been independent correboration in support of giving gift of liqor bottles to the electors with the object of inducing then for having voted or refrained from voting at the election. In absence of any such evidence on the point of distribution of liqor the petitioner has failed to establish the agllegation regarding distribution of liquor bottles to electors to induce them for having voted or refrained from voting, as alleged in the petition.

26. It may be stated that the petitioner Ramanbhai has also referred in his evidence about filing of complaint before the Collector. On perusal of the complaint (Annexure-E to the petition) it appears that there is a reference with regard to suuply of pant piece and sarees to the electors with the object of getting their votes. According to the petitioner, it was against the Code of Conduct for the Election. The Returning Officer Shri Ramanbhai Solanki is examined at Ex. 18 The Collector had given reply to the said letter complaint (Exhibit 21) and it is at Exhibit 22. In the said reply it was pointed out that the petitioner had not given particulars as to the pant pieces and sarees, to whom they were distributed and in whose presence they were distributed and that in absence of any definite information it would be difficult to take steps and therefore, the petitioner was directed to give complete particulars to the Election Officer and inform the Collector.

INDEX

25. In the cross-examination the petitioner had admitted that he has not supplied any details which were sought for by the Collector, by the said reply (Exhibit 22) When that is so, the said allegation also remains allegation only and it cannot be said to have been proved. Even the allegations made in the complaint given to the Collector are different from corrupt practice alleged in the present petition. Therefore also that would not in any way help the petitioner in establishing the corrupt practice of distributing liquor bottles to electors to induce them for having voted or refrained from voting at the election.

26. Nothing supporting the petitioners case on the point of distributing the liquor bottles has been elicited in the cross-examination of the respondent No. 3 In that view of the matter I answer the issue No. 3 in the negative.

27. As regards the issue No. 4 it may be stated that there are allegations made by the petitioner regarding forcible capturing of the polling booths to execute bogus voting and rigging as alleged by the petitioner in paras-8 and 9 of the petition. The summary of the allegations made in the said paragraphs of the petition is given in para-6 hereinbefore. On this point the petitioner has given evidence According to him, he visited different polling booths in his village and he also visited other polling booths in his Constituency. In the beginning of the polling day the petitioner was in his own village where he went to cast his vote. According to him, when he was returning from Balkundi he came to Kakad Kopar and at that place one Rameshbhai who is his worker, told him that his poling agent was beaten. He therefore, went to polling booth. He does not know the name of the poling agent. He met the Returning Officer at the polling Booth and brought to his notice that his agent was beaten. The Returning Officer told him that no such incident had taken place. According to him, when he came out there was a crowd of 50 to 60 persons and the also requested the Head Constable on duty to see that the mob does not become unruly. However, said Rameshbhai is not examined.

28. The Returning Officer Shri Ramanlal Solanki who is examined at Ex. 18 has stated that it was an oral complaint of the petitioner and immediately on the said complaint being received he deputed his Assistant Mr. G. R. Parmar to Kakad Kopar for making inquiry into the complaint. According to him said Mr. Parmar returned after making inquiry and informed him that there was no crowd of persons near the Polling Booth when he reached there. This witness also does not support the petitioner's version on the point of beating the Polling Agent nor he supports the complaint made by the petitioner. Thus, on the point of gathering of crowd of 50 to 60 persons and the mob becoming unruly at the Polling booth of Kakad Kopar there is no satisfactory evidence.

29. On the point of booth capturing and rigging according to the petitioner one Madarbhai informed him that at Kakad Koper people are not allowed to go far casting their votes. According to the petitioner he went to Kakas Kopar in his jeep and on the way near canal there was a crowd. Manibhai and Madarbhai were also in the crowd and there was some possibility of rigging. According to him, Madarbhai also told him that near polling booth of Kakad Kopar the crowd does not allow the voters to cast their votes. According to him he did not visit Kakad Kopar on that day because he sent his jeep, but crowd which had gathered had damaged his jeep. Thakorbhai who was the driver of the said jeep left the jeep at the place near the crowd. According to petitioner, there was pelting of stones by members of the crowd and one stone hit the driver on his forehead and there was bleeding. Thereafter the petitioner sent him with his another worker for medical treatment. According to him he thereafter went to Village Dharampur where he met Shri R. P. Solanki, Prant Officer and thereafter he went to the persons who have gathered near the canal and pursuaded them to go for casting their votes in the company of government officers, but they refused to go as they were very much frightended. According to him, similar incident of not allowing the people for casting their votes took place at village Balachadi.

30. It is important to note that so far as hitting of stone on the forehead of Thakorbhai, the driver of the jeep is concerned, he has not been examined as eye witness and therefore, that part of the story of the petitioner has not been established. On the point of going to the place of Mr. R. P. Solanki, Prant Officer, as stated earlier, there was a complaint that there was a crowed at the Polling Booth of Kakad Kopar and according to the petitioner there was possibility of unruly incident. Immediately on the oral complaint being received Mr. R. P. Solanki sent his Assistant Mr. G. R. Parmar to Kakad Kopar for making necessary inquiry and said Mr. Parmar found that there was no crowd at the said place.

31. On this point there is also evidence of one Jaswant J. Chavda, P.S.I., Killa Pardi. According to him, he was on duty on that day at Kaprada Police Station. He was patrolling in the area with a view to see that no untoward incident takes place. On that day he visited about 25 polling booths

INDEX

When he visited Kakad Kopar polling Booth he came to know that on the way for going to Ambeti one jeep car was damaged by pelting stones by the members of the crowd. He therefore, went to the place where the jeep car was parking. when he was going near the jeep car he found a crowd of about 25 to 30 persong. They met them on the way before he reached the jeep car. At the spot there was a jeep car bearing registration No. GBE 9932. Said jeep was lying near the canal. Glasses of the said jeep car were broken. Side glasses of the said jeep car were also broken. Head lights of the said jeep car were also broken. Body of the said jeep car was also damaged on account of pelting of stones. Nobody was present near the jeep. Subsequently he learnt that it was the jeep of Janta Dal.

32. Mr. Chavda, PSI also deposed in his evidence that there were bottles of liquor of the size of 180 ml. in the said jeep car. They were in the front side near the driver's seat as well as on the back side also. According to him, charge-sheet of the said case has been filed in the Court and the said case is pending in the court. In the cross examintion this witness has stated that the canal is at distance of about half a K. M. from the polling booth of Kakad Kopar and that one cannot see the polling booth from near the canal. Thus, the evidence of this witness clearly establishes that there was some scuffle and polting or stones near the canal which is at a distance of half a K. M. from the Poling Booth of Kakad Kopar.

33. It also appears from the evidence of the petitioner that Manibhai, who was with said Madarbhai could cast his vote, of course with some difficulty. According to the petitioner, he and had also requested the persons to go for casting their votes, but they refused to go as they were very much frightened. With regard to the incident of stone throwing the petitioner relies on the alleged talk that he had with Madarbhai. But the petitioner had admitted that for the first time in the court in the examination in chief he said about the talk he had with Manibhai and Madarbhai in respect of obstruction in the polling booth at Kakad Koper.

34. Clause (8) of Section 123 of the Act (added in 1989 by Act No. 1/1989) provides that booth capturing by a candidate or his agent or other persons is one of the corrupt practices. Exaplanation (4) to the said Section provides that for the purpose of clausde (8) "booth capturing" shall have the same meaning as in Sec. 135-A. The relevant extract of explanation to Sec. 135/A reads as under :—

Explanation : For the purpose of this Section, "booth capturing" includes among other things, all or any of the following activities :—

(a) seizure of a polling station or a place fixed for the poll by any person or persons making polling authorities surrender the ballot papers or voting machines and doing of any other act which affects the orderly conduct of elections ;

(b) taking possession of a polling station or a place fixed for the poll by any persons or persons and allowing only his or their own supporters to exercise their right to vote and prevent others from voting ;

(c) threatening any elector and preventing him from going to the polling station or a place fixed for the poll to cast his vote.

(d) ..... .....

(e) ..... .....

In the present case nobody has stated about seizing of polling station or a place fixed for the poll by any person or persons making polling authorities surrender the ballot papers or voting machines and doing of any other act which affects the orderly conduct of elections. Therefore, clause (a) is not attracted. There is no evidence of taking possession of polling station or a place fixed for the poll by any person of person and allowing only his or their own supporters to exercise their right to vote and prevent others from voting. Therefore, clause (b) referred to above is also not attracted. Clause (c) referred to above is in respect of threatening any elector and preventing him from going to the polling station or a place fixed for the poll to cast his vote. On this point it may be stated that so far the evidence of the petitioner is concerned, it is dependent on the evidence of Madarbhai as Manibhai has not been examined.

INDEX

35. According to Madarbhai (Exhibit 36) polling booth was at the school in Village Kakad Kopar and he was going there. There was a crowd. They had stones and sticks in their hands and on seeing the crowd he was frightended and therefore, he returned. According to him, there were two other persons with him when he was going for casting his vote. They were from his locality. According to him there were about nine to ten persons along with them and in all there were 13 persons. Nowhere in the evidence this witness has stated that anybody has given any threat to him. According to him, he was frightened, but that statement also does not appear to be from because he was not all alone as there were in all 13 persons, as admitted by him in the examination in chief. If at all there were persons near the polling booth where he had to cast his vote, certainly he would have filed the complaint. In the cross- examination he had admitted that he had not filed any complaint that he could not go for casting his vote. If at all any complaint was filed there would have been some corroborating material. In absence of any such evidence it is hazardous to rely on the evidence of this witness on the point of booth capturing as mentioned in clause (c) of Sec. 135A of the Act.

36. It may further be stated that there is only superfluous reference that similar incident of not alowing the electors to cast their votes, took place at Balachadi. However, there is no evidence worth the name on that point.

37. Under the circumstances I hold that the petitioner has failed to prove the corrupt practices of booth capturing, as alleged in paras 8 and 9 of the petition. In the postition there is also mention about booth capturing at Panchrai, Chikhli and Balachadi and other places. There is no evidence on the point of booth capturing at the places mentioned in para 9 of the petition. In that view of the matter I answer the Issue No. 4 in the negative.

38. When the issues No. 3 and 4 are answered in the negative, the election of the returned candidate cannot be held to be void and illegal on any of the grounds alleged in the petition. Accordingly I answer the issue No. 5 also in the negative.

39. In view of the answers to the issues No. 3, 4 and 5 answer to issue No. 6 would naturally be in the negative. I answer it accordingly.

40. In view of the findings on issues No. 3, 4, 5 and 6 the petition fails and stands dismissed with costs. The muddamal liquor bottles which are produced are ordered to be returned to the Investigating Officer, who has produced the same.

By order
BALWANT SINGH,
Secretary of the Election
Commission of India.

## IN THE HIGH COURT OF GUJARAT AT AHMEDABAD

### ELECTION PETITION NO. 10 OF 1990

Govabhai Hamirbhai Desai,
residing at Village Kuchavada,
Taluka Deesa, District Banaskantha — Petitioner

Versus

1. Patel Harjivanbhai Hirabhai,
original resident of Village Jali.
Taluka Dhanera,
District : Banaskantha,
presently residing at Becharpura,
Sarkari Vasahat, Palanpur,
District : Banaskantha.

2. Patel Bhavabhai Dharmabhai,
residing at Village Runi.
Taluka : Dhanera, District : Banaskantha.

3. Vaghela Hemsingh Laxmansingh,
residing at Village Ramsan,
Taluka : Deesa, District : Banaskantha. — ..Respondents

Mr. K. G. Vakharia, Senior Counsel, with
Mr. G. T. Dayani, Miss M. N. Bhavnani &
Mr. G. R. Udhwani for the petitioner.

Mr. H. L. Patel, for Mr. H. P. Raval for the respondent no. 1.
Miss Rani Advani for the respondent no. 2.
Mr. T. H. Sompura for the respondent no. 3.

Coram : N. B. Patel, J.

9-10-92

Judgment read. on 12th October, 1992.

Title prepared on 13th October, 1992.

### ELECTION PETITION NO. 10 OF 1990

9th October, 1992.

MR. N. B. PATEL

Mr. K. G. Vakharia, Senior Counsel, with
Mr. G. T. Dayani, Miss M. N. Bhavnani &
Mr. G. R. Udhwani for the petitioner

Mr. H. L. Patel for Mr. H. P. Raval for the respondent no. 1.

Miss Rani Advani for the respondent no. 2
Mr. T. H. Sompura for the respondent no. 3

CORAM : N. B. PATEL, J.

(9-10-1992)

INDEX

CAV JUDGMENT :

One of the constituencies which went to poll at the time of the last general election to the State Legislative Assembly held on 27th February, 1990 was 99-Dhanera Legislative Assembly Constituency of Banaskantha District. The petitioner, the respondent no. 1 and nine other candidates had ultimately remained in the fray after the date stipulated for withdrawal of the nominal papers. The respondent no. 1 was declared elected to the Legislative Assembly from the said Constituency, with 42,252 votes secured by him, followed by the petitioner who was declared to have secured 40,049 votes. The other nine candidates fared very badly and lost their respective deposits. The petitioner has filed this petition praying for a declaration that the election of the respondent no. 1 was void. This the petitioner has done on the ground that the respondent no. 1 his election agent one Mr. R. D. Rajgor, and other workers of the party of the respondent no. 1, with the consent of the respondent no. 1 and/or his election agent, had indulged in the corrupt practices of appealing to the voters to vote for the respondent no. 1 in the name of the caste of the respodent no. 1 as also in the name of Hindu religion and of exercising undue influence resorting to booth-capturing and bogus voting.

Admittedly, the respondent no. 1 had contested the election on the ticket of the Bhartiya Janata Party (B.J.P.) and the petitioner had contested it on the ticket of the Indian National Congress. The respondent no. 1 and the petitioner are both Hindus, but the respondent no. 1 belongs to Anjana Patel caste while the petitioner belongs to Rabari caste. It may be noted that besides the respondent no. 1, the respondent no. 2 and respondent no. 3 are also impleaded as parties to this petition and it is averred that both of them had initially filed nomination papers from the same Constituency, but had subsequently withdrawn the same within the prescribed period and had thereafter worked for the success of the respondent no. 1 at the election. It is stated that the respondent no. 2 had actually filed nomination paper on the B.J.P. ticket, but he had subsequently withdrawn the same in favour of the respondent no. 1 on the directive of his party. Both these respondents are alleged to have actively helped the respndent no. 1 in Committing corrupt practices to further the prospects of the respondent no. 1 at the election.

The petitioner's case is that the aforesaid Dhanera Constituency covers 165 polling booths or villages and a large number of these villages have a substantial population of Anjana Patel voters and Anjana Patels have a dominant influence at least in these villages. In the petition, the petitioner has mentioned names of 43 villages where, according to have, Anjana Patels have a substantial population. It is alleged that in these 43 villages dominated by Anjana Patel caste people and voters, the respondent no.1 and his election agent as also the respondent no. 1's workers, with the consent of the respondent no. 1 and/or his election agent, had appealed to the voters to cast their votes in favour of the respondent no. 1 on the basis that he belongs to Anjana Patel caste. It is also alleged that the respondent no. 1 had called two meetings of the Anjana Patel leaders on 9-2-90 and 15-2-90 in a students hostel, described as Patel Boarding, situated at Dhanera and, further that, at these meetings, the respondent no. 1, the respondent no. 2 (also a member of Anjana Patel caste) and other leaders and people of Anjana Patel caste, had exhorted the audiences to see that people voted overwhelmingly in favour of the respondent no. 1 on the ground of his caste and to see that those voters, who were almost certain to vote for the Congress candidate were prevented from reaching the polling booths. There is an allegation that the participants of the meetings were also asked to see that candidates and workers belonging to other castes were not permitted to enter the villages dominated by Anjana Patels and to undertake election propaganda in the said villages. According to the petitioner, a plan was also hatched at the said meetings to capture the booths and to resort to bogus voting so as to further the prospects of the respondent no. 1 at the election. According to the petitioner, the members of the Anjana Patel caste were incited not to vote for the Congress candidate on the ground that the Congress had declined to give ticket to one Patel Joitabhai Nanjibhai (Anjana Patel), even though in the past Congress ticket was issued to the said Joitabhai and even though Anjana Patels had a sizable population in the constituency. The petitioner's allegation is that, pursuant to the plan hatched at the aforesaid meetings, some leaders of the Anjana Patel caste had actually indulged in booth-capturing and bogus voting at 36 villages mentioned in para 11 of the petition. It is also stated that other candidates and their workers were not allowed to enter and work for the said candidates in the aforesaid villages for canvassing support of the voters. The petitioner has alleged that passions were aroused on caste lines to such an extent that the petitioner had found it difficult, if not impossible, to mobilise suitable persons to act as his polling agents in the villages mentioned in the petition. He has further stated that his polling agents were forcibly driven out of the polling booths at villages Jivana, Thervada, Thaver, Tetoda, Jadiya and Dhaka and thereafter bogus voting was resorted to on a large-scale and there was also booth-capturing. The petitioner has gone to the length of saying that the Returning Officer for the Constituency also belonged to Anjana Patel community and he had deliberately appointed more than 105 members of Patel community to act as Presiding Officers at the time of the election, presumably to facilitate the respondent no. 1's plans of booth-capturing and bogus voting. It is stated that the Presid-

INDEX

ing Officers so appointed on caste lines conspired with the polling agents and other persons working on behalf of the respondent no. 1 on the election day and had connived at the corrupt practice of booth-capturing and bogus voting resorted to by the respondent no. 1 and his election agent. In the petition, the petitioner has mentioned some instances of the llieged driving out of his polling agents from the polling booths and of booth-capturing and bogus voting. In this connection, it is stated that the respondent no. 3 had actively indulged in booth-capturing and bogus voting at villages Ramsan, Bhakhadiyal, Ghana, Jadiyali and Kotada, as they were the villages where he could exert a lot of influence, being the ex-Jagirdar of the said villages.

So far as appealing in the name of Hindu religion is concerned, the main allegations are that 90% of the voters of the aforesaid Constituency are Hindus and the respeondent no. 1, his election agent, and his workers and supporters, with the consent of the respeondent no. 1 and/or his election agent, had delivered inflammatory and firey speeches arousing the religious feelings of Hindus and had also distributed pamphlets and played audio and-video cassettes, containing appeals to the Hindus to vote for the B.J.P. candidate i.e. the respondent no. 1. According to the petitioner, the respondent no. 1 and his election agent and his workers, with the consent of the respondent no. 1 and/or his election agent, had gone to the people, saying that the Congress party was anti-Hindu and the B.J.P. was determined to see that Ram Temple was erected at Ayodhya after demolishing Babri Maszid and to see that the country was converted into a Hindu Rastra. In this connection, a reference is made to the two functions held by Vishwa Hindu Parishad, etc., one at Palanpur in Banaskantha District and one at Ahmedabad, and it is stated that Video and Audio cassettes of the said functions, which had the effect of arousing communal passions among Hindus and create anti-Muslim feelings among them were circulated and played on a large scale in the Constitutency. The petitioner has purported to give in the petition the detailed particulars of the corrept practices allegedly resorted to by the respondent no. 1, his election Agent, and others, with the consent of the respondent no. 1 and/or his election agent, but it may not be necessary to mention these particulars at this stage. I will advert to these particulars while appreciating the evidence on record.

The respondent no. 1 has filed his written statement at Ex. 12 and he has categorically denied all allegations of corrupt practices levelled against him in the petition. I may not, for the sake of brevity, refer to his denials individually here. Suffice it is to say that he has controverted the entire case of the petitioner as to the perpetration of any corrupt practice by him or by his election agent or by any other persons, with his or his election agent's consent, so as to further his prospects at the election. The respondent no. 2 has filed his written statement at Ex. 14 and the respondent no. 3 at Ex. 15 and both these written statements support the respondent no. 1's version that no corrupt practice was indulged in by him or on his behalf by anybody, as alleged in the petition.

It may be noted here that the respondent no. 1 has also contended that the petition suffers from the infirmity of non-compliance with the provisions of sections 81, 82 and 117 of the Representation of peoples Act, 1951 (the Act for short.)

Brother A. P. Ravani J. has framed the following issues on the pleadings of the parties :—

1. Does the respondent no. 1 prove that the petition suffers from the infirmity of non-compliance with the provisions of sections 81, 82, and 117 of the Representation of People Act, 1951 ?

2. Does the petitioner prove that the returned candidate (respondent no. 1), his election agent and his supporters and workers and other persons with the consent of the returned candidate and/or his election agent have made appeal on the ground of religion and caste of respondent no. 1 for the furtherence of the prospects of his election or for prejudicially affecting the election of the petitioner and other contesting candidates ?

3. Does the petitioner prove that respondent no. 1, his election agent, his workers and supporters with the consent of respondent no. 1 and/or his election agent were promoting or attempting to promote the feelings of enmity or hatred between Hindus and Muslims as well as Patels and non-Patels and more particularly Patels and Rabaris for the furtherence of the prospects of the election of respondent no. 1 or for prejudicially affecting the election of the petitioner and other contesting candidates.

4. Does the petitioner prove that respondent no. 1, his election agent and supporters and workers with the consent of respondent no. 1 and his election agent had exercised undue influence with the free exercise of electoral right of the voters and more particularly as alleged in paras 11 to 21 of the petition ?

INDEX

5. What orders ?

My findings are :

1. Not pressed
2. No.
3. No.
4. No.
5. As per order below.

The following are the reasons for the said findings :

REASONS

**Issue No. 1 :**

It was conceded by Mr. Patel, after persuing the records, that all the requirements of sections 81, 82 and 117 of the Act have been complied with by the petitioner and Mr. Patel, therefore, did not press this issuee.

**Issue No. 2 :**

Before I take up for consideration the discussion and appreciation of the evidence on this issue as also other issues, it would be advantageous to refer to some decisions of the Supreme Court, bearing on the subject of appreciation of evidence and burden of proof in election cases. It will be seen from these decisions that it has been consistently laid down by the Supreme Court in a number of cases that burden of proof resting on a person seeking a declaration of voidness of election is very heavy in the sense that he is required to prove every charge of corrupt practice beyond reasonable doubt. In orther words, the burden to be discharged by the petitioner in a case like the present one is the same as the burden on the prosecution to prove a criminal charge.

The first decision, which was cited at the Bar in this connection was the decision in the case of **D. Venkta Reddy** *v.* **R. Sultan and others** (A.I.R. 1976 S.C. 1599), where in it is observed,

"In a democracy such as ours, the purity and sanctity of elections, the sacrosanct and sacred nature of the electoral process must be preserved and maintained. The valuable verdict of the people at the polls must be given due respect and candour and should not be disregarded or set at naught on vague, indefinite, frivolous or fanciful allegations or on evidence which is of a shaky or prevaricating character. It is well settled that the onus lies heavily on the election petitioner to make out a strong case for setting aside an election. In our country, election is a fairly costly and expensive venture and the Representation of people, Act has provided sufficient safeguards to make the elections fair and free. In these circumstances, therefore, election results cannot be lightly brushed aside in election disputes. At the same time, it is necessary to protect the purity and sobriety of the elections by ensuring that the candidates do not secure the valuable votes of the people by undue influence, fraud, communal propaganda, bribery or other corrupt practices as laid down in the Act.

Another principle that is equally well settled is that the election petitioner in order to succeed must plead all material particulars and prove them by clear and cogent evidence. The allegations of corrupt practices being in the nature of a quasi criminal charge the same must be proved beyond any shadow of doubt. Where the election petitioner seeks to prove charge by purely partisan evidence consisting of his workers, agents, supporters and friends, the Court would have to approach the evidence with great care and caution, scrutiny and circumspection and would, as a matter of prudence though not as a rule of law, require corroboration of such evidence from independent quarters, unless the Court is fully satisfied that the evidence is so credit-worthy and true, spotless and blemishless, cogent and consistent, that no corroboration to land further assurance is necessary."

The Supree Court in the case of *Kanhaiyalal vs. Mannalal & Ors.* (A.I.R. 1976 S.C. 1886) reproduced with approval the following passage from the case of *Rahimkhan vs. Khurshid Ahmed* (A.I.R. 1975 S. C. 290) dealing with the appreciation of oral testjmony in election cases, namely.

INDEX

"We must emphasise the danger of believing at its face value oral evidence in an election case without the backing of sure circmustances or indubitable documents. It must be remembered that corrupt practices may perhaps be proved by hiring half-a-dozen witnesses apparently respectable and disinterestd to speak to short of simple episodes such as that a small village meeting took place where the candidate accsued his rival of personal vices. There is no x-ray whereby the dishonesty of the story can be established and, if the Court were gullible enough to qulp such oral versions and invalidate elections, a new meance to our electoral sytem would have been invented through the judicial apparatus. We regard it as extremely unsafe, in the present climate of kil-kenny cat election competitions and partisan witnesses wearing robes of veracity ,to upturn a hard won electoral victory merely because lip service to a corrupt pracice has been rendered by some sanctimonious witnesses. The court must look for serious assurance, unlying circumstances or unimpeachable documents to uphold grave charges of corrupt pracices which might not merely cancel the election result, but extinguish many a man's public life."

In *Amolak Chand Chhazad vs. Bhagwandas Arya & Anr*(A.I.R. 1977 S.C.813) also, it has been laid down that election petition alleging corrupt practice are proceedings of quasi-criminal nature and burden is on the person alleging corrup practice to prove allegations beyond reasonable doubt.

Similarly, it is held in *Rajendra Singh Yadav vs. Chandra Sen & ors.*(A.I.R. 1979 S.C. 882) that it is well settled that allegation of currupt practices have to be made and proved like a charge in a criminal case and that what is notpleaded cannot be allowed to be the subject matter of evidence, as also that the allegations must be proved beyond reasonable doubt and not merely by way of preponderance of probabilities. It is also pointed out in this case that it is not at all difficalt for a defealtd candidate to produce a few wintesses in support of allegations of corrupt preatice after the event, even though the truth may be far different from what they state.

In the case of *A. Younus Kunju vs. R. S. Unnit and others* (A.I.R. 1984 S.C. 960), while reiterating the same position as to the onus of proof to be discharged by the election petitoner, the Supreme Court, has referring to the evidence before it pointed out,

"Admittedly, all these witnesses were the workers of the appellant. There is overwhelming material on the record, and even counsel fairly admitted, that the election was fought on party basis and there was sharp division of the electorate on the basis of political parties. That being the position, workers at the election with party alignment would necessarily be political supporters of the respective candidates and when called as witnesses, they would support their stand. Instances are not uncommon where such witnesses support their respective candidates and their cases even though the same be far from truth. In such circumstances, we do not think on the oral testimony of these four witneses the charge of publication of objectional materials can be said to have been established."

Of course in the two cases of *Ram Sharan Yodav vs. Thakur Muneshwar Nath Singh and others* (A.I.R. 1985 S.C. 24) and *S. Harcharan Singh vs. S. Sajjan Singh and others* (A.I.R. 1985 S.C. 236). The Supreme Court has sounded a note of caution by observing that there is no ritualistic formula nor a cut-and-driend test to lay down as to how a charge of undue influence can be proved, but if the circumstances takhen together lead to the irresistible inference that the voters were pressurised, threatened or assaulted at the instance of either the candidate of his supports or agent with his consent or with his agent's conseat that should be sufficient to vitiate the election of the reurned candidate. It is also pointed out that while insisting on standard of strict proof, the court should not extend or stretch this doctrine to such an extreme extent as to make it well-nigh impossible to prove an allegation of corrupt practice because such an approch would defeat and frustrate the very loudable and sacrosanct object of theAct in maintaining purity of the electoral process. This note of caution, however, does not in any way dilute the doctrine of insistnence of proof beyond reasonable doubt in case of allegations of corrupt practice in an election petition.

It may be mentioned here that the above principle of having to insist on strict proof of alegations of corrupt practices in the present case will be applicable in respect of the burden resting on the petitioner with regard to all the issues, namely issues nos. 2, 3 and 4 now remaining for consideration.

Now, so far as appeal in the name of cast of the respondent no. 1 (Anjana Patel), which is one of the corrupt practices alleged to have been resorted to by the respondent no. 1, his election agent and others,with the consent of the respondentNo. 1 and/or his election agent, is concerned,the two main incidents, whichare cited,areothetwoalleged meetings of Anjana Patels, and particularly leaders of the said caste, said to have been held by respondent no. 1 on 9-2-90 and 15-2-90 at a students hotsel, referred to as Patel Boarding, at Dhanera. It is said that, at these meetings, the respondent no. 1 and some others,

INDEX

in the presence of the respondent no. 1. had exhorted the people attending the meeting not only to vote fortherespondent no.1 on the ground of his being an Anjana Patel, but alos to see that those who were disposed of to vote for any other candidate were dissuaded and prevented from voting according to their free will. It is alleged that these meetings, the audience were also asked to see that other candidates and theirworkers were not allowed to enter certain villages and to propagate support for other candidates. These allegations are to be found in para 11 of the petition and, befroe turning to the evidence adduced in an attempt to substantiate the same, it may be noted that, in the affidavit, which is filled with the petition, it is clearly stated that the said allegations were based on information received by petitoner andbelievedto betrue by him. There is not the remotest including given anywhere in the petiion to show that the petitioner himself had any personal knowledge about the aforesaid two allged meetings, much less about the speeches made at the said meetings or about the plans and conspiracies hatched thereat. This background has to be kept in view while appreciating the evidence on this part of the case and especially the evidence of the petitioner.

The petitioner has, in his evidence at Ex. 29, repeated the version that there is a predominant population of Anjana Patels in the Constituency and he has stated that people of this caste wield considerable influence 43 villages mentioned in the Constituency. There is no dispute about the fact that the petioner himself belnogs to the Rabari caste an the respondent no. 1. belongs to the Anjana Patel caste. According to the petitioner, his election office at Dhaenra was hosued in a building at a short distance from a students hostel known as Patel Boarding at Dhanera and one meeting of Anjana Patels was held at the said place on 9-2-90 He has further stated that some Patel workers supporting him had told him at his office on 9-2-90 that the were about to go to at the meeting and the had left to go to Patel Boarding and he had himself also immediately follwowed them, but had kept standing in front to the Patel Boqrding building, from where he could see the speakers addressing the meeting. According to him, he could see that one of the speakers to address the meeting was the respondent no. 1 and he could also hear the speech delivered by the respondent no. 1, who had in effect, stated that the Congress party not given ticket to any member of Anjana Patel caste while the B. J. P. had given him the ticket and so Anjana Patels must ensure his success. According to the petitioner, the respondent no. 1 had exhorted the people at the meeting to make every possible endeavour to see that Anjana Patels as well as other voters cast their votes in his favour and if the members of the other casewere not disposed to vote for him, they should not be allowed to reach the polling booths and instead "our people" should impersonate them and cast their votes in his favour. The petitioner has put the following words also in the mouth of the respondent no. 1 "All the persons belonging to Patel Vansh must vow to vote in my favour and only others may not vote for me and to-day we may disperse only after taking such a vow." The petitioner has further alleged that the Congress had given its ticket only to Anjana Patels at the time of the last two elections and this timeit had not given its ticket to any Anjana Patels and so the Anjana Patels must teach a leason to the Congress by ensuring that not a single vote from Anjana Patel caste members went to the Congress candidate.

In his examination-in-chief itself, the petitioner has stated that the aforesaid meeting was attended by his worker Arjanbhai Patel and his other Patel workers, but he has stated that he didnot remember the names of his other Patel workers, who had attended the meeting besides Arjanbhai Patel. He also says that after returning from the meeting, Arjanbhai had told him that the leaders of the caste, such as the respondent no. 1 and the respondent no. 2 and others had decided that not a signle vote of any Patel from the villages dominated by Anjana Patels should go to the Congress candidate and that funds should also be collected from the said villages for meeting the election expenses of the respondent no. 1. Proceeding further the petitioner has stated that, on 10--2--90 or 11--2--90, he and the respondent no. 1 had happened to meet each other on way and at that time he had chided the respondent no. 1 for exerting pressure on his Patel workers, to which the respondent no. 1 had responded by saying that all the Patels of Dhanera Constituency had resolved to vote only for him and not a single Patel will vote for anybody else. The petitioner has alleged that the respondent no. 1 went to the extreme of telling him, in no uncertain words, that if any Patel did not vote for him, he would be ex communicated and not a single Patel would vote for him (Petitioner) as the petitioner was a Rabari. It may be noted here and now that this attempt on the part of the petitioner to put an admission in the mouth of the respondent no. 1 about the factum of the meeting allegedly held on 9--2--90 as also about the alleged desperate and defiant attitude of the respondent no. 1 on 10--2--90 or 11--2--90 is conspicuous by its total absence in the petition. Otherwise also, the conduct attributed by the petitioner to the respondent no. 1 at the time of their alleged chance-meeting on 10--2--90 or 11--2--90 is highly unnatural and grossly improbable, considering the fact that the respondent no. 1 is a seasoned political worker since long. In the course of his cross examination, the petitioner has expressed his inability to give any explanation for the omission in his election petition to state that he as present at a short distance from the venue of the meeting held at Dhanera

on 9--2--90 or even for his omission to state in the petition that he had himself, heard the speeches at the said meeting. Similarly, he has not given any explanation about his omission in the petition to state the fact that some of his Patel supporters, including Arjanbhai, had gone to attend the meeting after telling him that they were going to do so. On the one hand, the petitioner has stated that he had gone towards the venue of the meeting after Arjanbhai and others left for the same and he had, leaving aside all his other work, kept standing at a short distance therefrom and had even heard the speeches delivered at the meeting, he has stated on the other hand that Arjanbhai had given him a respert about what was spoken at the said meeting on 9--2--90 itself. If the petitioner had himself heard the speeches at the meeting and seen the persons who had delivered the said speeches, there was no reason for him to get a report about the same from Arjanbhai. It is also pertinent to note that the petitioner has, in clear words, admitted that on 9--2--90 itself he was convinced that election offence was committed in the meeting of 9--2--90 and that he could have lodged a complaint about such an offence, but he had never complained to the Police or to any election authority about what, according to him had taken place or what was stated at 9--2--90 meeting. He has failed to give any explanation about his omission to state about any chance meeting between him and the respondent no. 1 on 10--2--90 or 11--2--90.

In his evidence, the petitioner has stated that another meeting was held by the respondent no. 1 at the same venue on 15--2--90 and, at that time also, he had kept standing in front of the venue and seen the respondent no. 1 and other leaders of Anjana Patel caste giving speeches. He says that at that time he had asked his worker Arjanbhai to attend the meeting, but Arjanbhai had shown reluctance to do so, but then he was prevailed upon by him to attend the meeting and, after returning from the meeting, Arjanbhai had told him that at the aforesaid meeting held on 15--2--90, the respondent no. 1, the respondent no. 2 and one Ramjibhai Patel had told him (Arjanbhai) that if he and other members of the Patel caste, who were supporting the Congress candidate, did not stop doing so, they would all be ex-communicated. His version about the speeches made at the meeting of 15--2--90 is practically the same as his version of the meeting of 9--2--90. As regards this meeting also, the petitioner has claimed that he had expressd his dis-approval to the respondent no. 1 when they happened to meet each other by chance on way. The petitioner has stated that he had specifically asked the respondent no. 1 not to exert any pressure in Arjanbhai and his other Patel workers or on any body to vote in the name of their caste. The petitioner says that the respondent no. 1 had, however, told him that he too would realise that only a Patel candidate could be elected from this Constituency and that he (petitioner) would fail. In connection with this meeting also, it is brought on record from the petitioner himself that there is complete omission of any averment in the petition that he (petitioner) had heard the speeches at the said meeting by standing at a short distance from the venue and he has expressed his inability to give any explanation for the said omission. Similarly, it is there on record that he has not stated in the petition that Arjanbhai had attended the meeting at his insistence. Similarly, there is complete omission in the petition to state that Arjanbhai had reported to him that the respondent no. 1 and others had threatened him of ex-communication if they did not stop supporting the petitioner. The petitioner has also failed to state as to why had had not mentioned in the petition that it ha was at this meeting that booth-capturing and bogus voting were decided upon by the respondent no. 1 and his supporters. He had also no alternative but to admit that he had not madv any complaint to any authority about what took place or what has stated at the meeting of 15--2--90. He even says that he had not informed his senior leaders also about the offending speeches made at the meetings of 9--2--90 and 15--2--90. The cross-examination of the petitioner creates a grave doubt about his version of having beeu ableto hear the speeches made at the alleged meetings of 9--2--90 and 15--2--90 even assuming that such meetings were held. But, even if that aspect is kept out of consideration, the evidence of the petitioner about these two meetings, standing by itself, cannot carry any conviction because of the total absence of the version in the petition of personal knowledge of the petitioner about the meetings. The petitioner has stated that there were no loud-speakers kept at the meeting and his version that he could yet hear the speeches appears to be highly improbable. The respondent no. 1 has maintained that no meetings were held at Dhanera on 9--2--90 or 15--2--90 and the petitioner admits that no hand-bills were distributed calling such meetings and it is anybody's guess as to how so many persons from different villages had been to Dhanera to attend the meetings.

The petitioner's version about the aforesaid two meetings and what took place at the said meetings is tried to be buttressed up by the evidence of Arjanbhai Harjibhai recorded at Ex. 39. This Arjanbhai undisputedly belongs to Anjana Patel caste and he claims to have atteneded one of the meetings of Anjana Patels called by the respondent no. 1 at Patel Boarding building at Dhanera. He does not speak about the date of the meeting, namely, 9--2--90, but says that the respondent no. 1 had told the gathering that if they were true Anjana Patels, they had to vote for him and one Ramjibhai Dalabhai, a leader of Anjana Patel Caste, had also addressed the gathering, saying that

INDEX

Anjana Patels should vote only for Anjana candidates and not for any other candidate. This is the version of Arjanbhai, presumbly of the meeting allegedly held on 9-2-90. He says that about a week after that meeting, another meeting of Anjana Patels was held at the same place and he had attended that meeting also and there also, the respondent no. 1 had told the gathering that if they were genuine Anjanas, they should vote for him. He then adds that, in the said meeting, the respondent no. 1 had also publicly told the audience that if they did not vote for him, the engagments of their sons, brothers, daugthers and sisters will be broken off. Arjanbhai says that he had given reports about both these meetings to the petitoner. It is not necessary to dwell at any length to point out that there are gross contradictions between the version of the petitoner and Arjanbhai as to what was spoken at the two alleged meetings. The petitioner has nowere stated that the respondent no. 1 had publicly threatened the people attending the meeting that if they did not vote for him, engagements of their family members will be broken off. Arjanbhai does not anywhere speak about the presence of the petioner near the venue of the two meetings; nor does he say that he was relcuctant to attend the second meeting, but was prevailed upon to do so by the petitoner. This gentleman, in his cross-examinatin, has tried to pose as an independent person by stating at first that he was not a Congress supporter or worker at the time of the election in question and was not a member of the Congress even at the time of the recording of his evidence. But then, in the next breath he had to admit that he had worked for the success of the Congress candidate at the time of the last general election for the Assembly and he has then climbed own from his posture of independence and clearly admitted that "even at present" he is a Congress supporter. His evidence brings out that in the last couple of elections to the Assembly or Parliament, he has been voting for the Congress' candiates, if not working forthem. He also admits that he knows the petioner quite well as he has to go to the petitoner to get this works one. The petitioner is admittedly the President of the Banaskantha Jilla Panchayat for the last four years. Arjanbhai admits that he had to approach the petitioner for having a school set up at their village and had also to approach him or getting good teachers posted in the school at his village. The witness has first claimed ignorance as to who were elected to the Jilla Panchayat from his Constituency, but then he has admitted that it was the petitioner, who represented his Constituency in the Jilla Panchayat. He also admits that he had assured his support to the petitioner at the time of the election to the Jilla Panchayat. He further admits his knowledge of the fact that the petitioner had contested for jilla Panchayat membership as a Congress man. He says that he had canvassed support for the petitioner for the jilla Panchayat election, as the petitioner had contested on Congress ticket. This witness has stated that he had heard that before the 9th February 1990 and 15th February 1990 meetings were held, hand-bills about the proposed holding of the meeting indicating its time and place and exhortings Anjana Patels to attend the meetings were distributed in different villages and he himself had set out from his village Bhachalva with the set and sole purpose of attending the meetings and had no other work at Dhanera. He then says that he had first gone to the petitioner's election office to take permission from him to attend the meeting and then he has staged a somersalt by saying that he had seen the petitioner standing near the compound gate of his election office and so he had gone to the petitioner. He also says that he had not seen any other Anjana Patel Congress workers at the said meeting of 9th February, 1990. As against that, we have seen that the petitioner's version is that Arjanbhai and others had set out from his election office to go to attend the meeting and had gone there together. So far as the next meeting allegedly held on 15th February 1990 is concerned, this witness says that he had gone to attend it as his son aged 10 to 11 years had informed him about the meeting and, after going to Dhanera, he had gone to the petitioner's election office just with the idea of meeting the petitioner, the petitioner being the president of the jilla Panchayat. He does not support the version of the petitioner that he was reluctant to attend this meeting and had done so, only at the instance of the petitioner. In fact, for this meeting also, he says that he had set out from his village with in the set purpose of attending the meeting. He also syas that he had not found any other Congress Anjana Patel worker at the meeting of 15th February, 1990. Unlike the version of the petitioner, the version of this witness is that microphones were used at both the meetings and what he has stated in his cross-examination makes it amply clear that no person standing outside the compound wall of the boarding building would be able to hear the speeches delivered in the meeting, if microphones were not used. He also does not speak about his having reported to the petitioner about what transpired at the second meeting after that meeting was over. He says that after the second meeting, he had not seen the petitioner at Dhanera, but had seen him only when the petitioner had visited his village and asked him as to what the respondent no. 1 had spoken at the meeting. This witness was not a summoned witness and his version as to how he came to be informed about this case and about his having to attend the court on a particular date to tender evidence in support of the petitioner also creates a grave doubt about his independence. However, even if this aspect of the manner in which he came before this court to tender his evidence is not taken into consideration, it is very clear that his evidence contradicts the evidence of the petitioner in very important respects as to the holding of the two meetings and as to what had transpired thereat. It is also obvious from a bare reading of the evidence of this witness that he cannot be treated as an independent witness *vis-a-vis* the petitioner's cause against the respondent no.1. Therefore, on taking an overall view of the evidence relating to the two alleged meetings of 9th February

INDEX

1990 and 15th February 1990, I have no hesitation in holding that the charge in connection therewith is far from having been proved.

Then so far as these issues are concerned, the next question which falls for determination is whether the respondent no. 1 was guilty of the corrupt practice of having made appeals to the electorate on the ground of Hindu religion and of promoting or attempting to promote feelings of enmity or hatred between Hindus and Muslims as also between Patels and Rabaris.

It may be mentioned here that the same acts and incidents of the respondent no.1, his election agent and his workers (with the consent of the respondent no. 1 and/or his election agent), alleged to be acts or incidents of appeal in the name of religion, are also alleged to be acts or incidents, by which the feelings of enmity or hatred between Hindus and Muslims were promted to be prompted for thefurtherance of the election prospects of the respondents no. 1 or for prejudicially affecting the election prospects of the petitioner. Since the evidence on the two points is common, the discussion hereafter will dispose of Issues nos. 2 and 3 both.

So far as appeal in the name of Hindu religion and promotion or attempts at promotion of enmity or hatred between Hindus and Muslims are concerned, the details are given in paragraphs 23(i) to 23(iv) of the petition, and I have, in a general way, adverted to these matters earlier. It is mentioned in the petition that a large bulk of the electorate in the constituency is constituted by Hindus and the respondent No.1 and his election agent and his workers (with his own consent or with the consent of his election agent) had deliveredpro-Hindu and anti-Muslim speeches and also distributed pamphlets and played Audio and Video cassettes arousing communal passions. It is alleged that the issue of construction of a Ram Temple at Ayodhya was also exploited to further the prospects of the election of the respondent no. 1 at the election and to mar the prospects of the petitioner by propagating that the B.J.P. which was represented by the respondent no. 1 was wedded to the construction of the Ram Temple whereas the Congress party represented by the petitioner was opposed to it. It is also stated that inflammatory slogans arousing the communal passions of Hindus were raised at every meeting and Audio and Video cassettes of certain functions in connection with Ram Janma Bhumi issue, which were recorded at Ahmedabad and Palanpur in or about September/October 1989, were played on a large scale, in the constituency and especially at Dhanera, Valer, Panthawad, Jerda, Nainawa. The allegation is that these cassettes were played at Dhanera on 15-2-90 and 18-2-90 and 24-2-90 in the very presence of the respondent No. 1 It is further alleged that on 17-2-90, the respondent no. 1 had himself exhibited a video cassettee at village Valer and his election agent Mr. R. D. Rajgor had played the said cassettee at village panthawada on 20-2-90. The other allegation is that the same cassettee was exhibited at Jerda on 21-2-90 in the presence of the respondents nos. 1 and 2 and at Nainawa on 16-2-90 in the presence of the respondent no. 2, with the consent of the respondent no. 1. There are similar allegations made about the playing of audio cassettee regarding the speech of one Morari Bapu on the issue of Ram Temple at Ayodhya. It is stated that audio cassette regarding the speech of Morari Bapu was such as would arouse communal feelings among Hindus and it also exhorted them to assert themselves by ousting the Congress from power. It is stated that this audio cassettee was played from the main election office of the respondent no. 1 at Dhanara continuously from 9-2-90 to 25-2-90. Then there is an allegation of a specific incident said to have taken place on Maha Shivratri day (24-2-90) at village Ravi. It is stated that on that day, every year, worship of Lord Shiva is done at the Shiv Temple of Village Ravi (situated in this constituency) on a large scale. It is stated that accordingly, there was a big gathering of Shiv devotees at Ravi on 24-2-90 and the respondent nos. 1 and 2 and on Popatbhai Joshi and other B. J. P. workers had attended the function at Ravi and had also addressed meeting of the devotees at 10-00 A. M. on 24-2-90. The allegation is that the respondent no. 1. had told the audience in his speech that the B.J.P. stood for the protection of the Hindu religion and he himself was committed to the construction of Ram Temple at the site of Babri Mazjid at Ayodhya, whereas the Congress, in the name of secularism, was actually anti-Hindu. The respondent no. 1 is alleged to have told the audience that he was committed to the establishment of a Hindu Rastra in the country. He is alleged to have stated in the meeting that Muslims were the enimies of Hindus and must be driven out from the country. According to the petition, the respondent no. 1 had also distributed two pamphlets among the persons attending the meeting at Ravi and that i.e. pamphlets contained appeals to vote for the B.J.P. candidates in the name of Hindu religion and had aroused anti-Muslim feelings among Hindus. One more allegation in this connection is that the B.J.P. workers were moving in the constituency with an open vehicle on which a cardboard model, presumably of the Ram Temple, was mounted and slogans to the effect that Ram Temple should be constructed at the site of Babri Masjid were painted or displayed on this vehicle. It may be emphasised that allegation in the petition is that the respondent no. 1 himself had distributed among people the two offending pamphlets at village Ravi on 24-2-90 and it is further stated that on 9-2-90 and 15-2-90 he had distributed these pamphlets at Dhanera also. It is stated that these pamphlets were distributed on a large scale at several villages mentioned in para 24 of the petition. An already stated, the allegation is that

these pamphlets contained religious appeals and are calculated to arise bitter communal feelings of enmity between Hindus and Muslims. All this is said to have been done to secure votes of Hindu voters for the respondent no. 1.

So far as he above allegations are concerned, the affidavit annexed to the petition shows that the petitioner had subscribed only to the allegation made in para 23(ii) of the petition, i.e. the allegation about the distribution of the audio cassettee of the speech of Morari Bapu as of his personal knowledge. All other allegations in this connection are sworn to by the petitioner only on information received by him. This means that even the allegation in connection with Shiv Ratri gathering at village Ravi on 24-2-90 is sworn to by the petitioner on information received by him and not as of his personal knowledge.

Out of the allegations in connection with the alleged appeal in the name of religion and along arousing of communal passions and feeling of hatred between the Hindus and Muslims, the alleged incident at Ravi is more specific and is given more prominence by the petitioner as compared to the other allegations and incidents. I propose therefore, first to take up consideration of the evidence relating to the alleged incident at Ravi. The evidence in this connection is adduced by the petitioner himself and his witness Revashankar Bhikharam, who is examined at Ex. 40.

It may be repeated that Shiv Ratri day in 1990 fell on 24--2--90 and there is no dispute about the fact that a large number of devotees of Shiv gather for Shiv Pooja at the Shiv temple at village Ravi on all Shiv Ratri days. Though in the petition the petitioner has no where stated about having any personal know-ledge about the alleged incident at Ravi, he has come up in his evidence with the version (para 34) that, on the relevant day (24--2--90) he had gone to Ravi for his campaign and he had seen the respondent no. 1. also there with his workers. According to the petitioner, he was also accompanied by his workers, but none of these workers said to have accompanied him to village Ravi is examined. Revashankar, who is examined, does not say that he had gone to Ravi in the company of the petitioner or even that he had at all seen the petitioner at Ravi on that day. The petitioner also nowhere states to have been Revashankar at Ravi on 24--2--90. According to the petitioner, the respondent no. 1, apart from his other workers, was accompanied by the respondent no. 2 also, who was admittedly working for the success of the respondent no. 1. The petitioner's version is that, when he reached the Shiv temple, he had seen the respondent no. 2 and then the respondent no.1 addressing the gathering one after other. The petitioner says that the respondent no. 1 had spoken to the gathering in the following words :—

"If we want to protect Hindu religion, and to live as Hindus, we must oust congress and see to it that Govabhai (petitioner) is defeated. If you vote us to power, we will construct Ram Mandir and we promise to establish Hindu Rastra. If congress comes to power, there would be Pakistan and all Hindus will be converted to Islam. If we are voted to power, we will drive away all Muslims to Pakistan. We also promise to construct Mandir after demolishing Mazjid. Whoever is Hindu will not vote for Congress and whoever is Muslim, will vote for congress."

The petitioner has proceeded further saying that the respondent no. 1 and his workers had then distributed pamphlets Exs. 30 and 31 on a large scale among the people who had gathered at the place. The petitioner goes further and says that, in the course of distributing the pamphlets, the respondent no. 1 himself had reached him (the petitioner) and had given him the pamphlets (Exs. 30 and 31). In his cross--examination, the petitioner has denied that he had not been to Ravi; nor had the respondents nos. 1 and 2 been to Ravi on 24--2--90. He states that he had told his Advocate at the time of getting his petition drafted that he had himself been a witness to the aforesaid incident at Ravi. But we have seen above that, in the affidavit annexed to the petition, the respondent no. 1 has not claimed any personal knowledge about the alleged incident at Ravi and has specifically stated that he had learnt about this incident on information received by him. There is complete absence of any allegation in the petition that the respondent no. 1 and himself given him the pamphlets (Exs. 30 and 31). The petitioner admits that these pamphlets were got printed by Vishwa Hindu Parishad, but he has disclaimed knowledge if similar pamphlets were distributed by Vishwa Hindu Parisad workers in September, 1989 and thereabout. The petitioner admits that he had not made any complaint, written or oral, to any election authority or to anybody about the alleged Ravi incident and about any speech delivered there by the respondent no. 1 or the respondent no. 2.

The petitioner's witness Revashankar (Ex. 40) is admittedly a very staunch Congress man of long standing in the District of Banaskantha. He admits that he had actively worked for the success of the petitioner at the time of the election in question. Reading the evidence of this witness, one cannot escape the impression that he is a highly interested witness, in fact he

appears to be more interested in the success of the petitioner in this petition than the petitioner himself. He claims to have gone to Ravi on the occasion of Shiv Ratri and he says that the respondent no. 1 was seen by him addressing the public meeting in the hall attached to the Shiv Temple at about 10.00 A.M. He says that the hall was packed to capacity and the audience was spilling over to the open ground in front of the hall. According to him, he had kept standing at a short distance from the meeting, hearing distance, and had heard the respondent no. 1 speaking to the audience that the Congress is wedded to secularism, but the Hindus are facing great hardships and the Congress is giving undue encouragement and assistance to alien and Muslims ; that the B.J.P. has resolved to construct Ram Temple at Ayodhya, if elected; that the B.J.P. will close down the salughter houses where cows are slaughtered. According to this witness, the respondent no. 1 had told the people that he was approaching for their votes as a Hindu. It may be noted here that nowhere in his evidence or in the petition, the petitioner has spoken anything about the respondent no. 1 having assured the people to close down slaughter houses. There are also other discrepancies between the evidence of the petitioner and the respondent no. 1. as to the speech made by the respondent no. 1. That may be kept out of consideration, but it has to be observed that the petitioner Revashankar does not anywhere speak about the presence of the respondent no. 2, though the petitioner's version in his evidence is that the respondent no. 2 and the respondent no. 1 had both addressed the meeting. This witness also does not speak about having seen the petitioner or any other workers of the petitioner at Ravi on 24-2-90. He has denied that no political or election meeting was held by any political pary at Ravi. The most important thing to be noted about the evidence of this witness in his version is that he had reached Ravi on the relevant day (24-2-90) in the evening and he had left Ravi at 2.00 P.M. on the next day (25-2-90). It is seen earlier that according to the petitioner the meeting at Ravi had taken place at 10.00 A.M. on 24-2-90. If that was so, there was no question of this witness Revashankar attending that meeting since his version is that he had reached Ravi in the evening of 24-2-90 and had left at 2.00 P.M. on 25-2-90. At this stage, I am not referring to the other parts of the evidence of this witness where he has tried to lend support to the petitioner's case on certain points, notably the points as to the distribution of cassettes. The only thing which I would say is that even a bare reading of the evidence of this witness is sufficient to show that he does not deserve any credence. It is very material to note that this witness has not stated any thing about the distribution of pamphlets (Exs. 30 & 31) by the respondent no. 1, by the respondent no. 2 or by anybody at Ravi, as is the version of the petitioner. This wintness has also denied that the respondent no. 1 had not at all been to Ravi on the relevant day.

As against the aforesaid evidence of the petitioner and Revashankar, there is the evidence of the respondent no. 1 at Ex. 71 and that of the respondent no .2 at Ex. 60. They have denied having gone to Ravi on 24-2-90 and respondent no. 1 has stated that, in fact, on that day, they had gone to a certain place in Rajasthan. One may not reject the evidence of the petitioner and Revashankar on the ground of the fact that the respondents nos. 1 and 2 have controverted the said evidence in thier testimony. However, the fact remains that the evidence of the petitioner and Revashankar on the point has its own contradictions and improbabilities. Furthermore, the corroboration tried to be lend by Revashankar to the petitioner on the point cannot be treated as independent corroboration. If any meeting was held at Ravi on Shiv Ratri day, there would have been no dearth of independent evidence to support the version of the petitioner. Even some temple authorities could have been examined to state whether any meeting was held at Ravi or not. The petitioner and Revashankar are both seasoned politicians and it is unlikely that they will not complain to the authorities about the corrupt practices openly indulged in by the respondent no. 1 himself and others just three days prior to the date of the election. The story of the petitioner that the respondent no. 1 had himself delivered two pamphlets (Exs. 30 and 31) to him borders on absurdity and cannot be accepted. That story is not spoken to even by the highly interested witness Revashankar. This being so, even though Mr. H. L. Patel, representing the respondent no. 1, fairly conceded that pamphlets (Ex. 30 and 31) contain appeal in the name of Hindu religion and are anti-Muslim, that fact cannot avail the petitioner. Revashankar has not spoken about the distribution of pamphlets (exs. 30 and 31) or similar pamphlet at Ravi. I have no hesitation in holding that the petitioner has miserably failed to prove the allegations in the petition or in his evidence about the alleged Ravi incident. This finding must cast serious doubt on the credibility of the petitioner and his witness Revashankar.

What now remains mainly to be considered is whether the petitioner has proved that video and audio cassettes were used on a large scale in the constituency by the respondent no. 1. or his Election Agent or by the workers and supporters of the B.J.P. with the consent of the respondent no. 1 and/or his Election Agent and,if so, whether those cassettes contained apeal to Hindu voters in the name of Hindu religion to vote for the respondent no. 1 or whether the were such as to promote or had Nos. Satted No. reach to the promotion

INDEX

of feeling of enmity or hatred between Hindus and Muslims. The particulars of video and audio casstee playing as mentioned in the petition are adverted to by me earlier and may not be repeated here.

Before proceeding further, it may be noted that the petitioner has produced two video cassettes at Exs. 32 and 33 and three audio cassettes at Exs.34, 35 and 36. The petitioner initially relied upon all these five cassettes as the cassettes which were played on a large scale in the entire constituency. How, ever, by purshis(Ex. 77), which was filed after the recording of the evidence was over and at the stage of arguments, the petitioner has clearly stated that he dones not rely on the audio cassettes (Ex.34 to 36). This purshis was given on a realisation that the petitioner had not been able to aduce any evidence about the playing of these audio caseettes or similar or identical audio cassettes in the constituency, much less by the respondent no. 1 or his election agent or with their consent. W/e have, therefore, to confine ourselves to the allegation of the playing of video cassettes (Exs. 32 and 33) or similar or identical video cassettes. The evidence adduced by the petitioner as to the playing of these or similar video cassettes is extremely unsatisfactory and will be presently examined. Before turning to the said evidence, it may be assumed that these video cassettes are such that they contain appeal to the Hindu voters to vote for B.J.P. candidate or that their nature is such as to promote feelings of enmity and hatred between Hindus and Muslims. The averments in the petition are that the video cassettes are of certain functions in connection with Ram Janma Bhumi issue and that the cassette (Ex. 32) is of a Haven held at Palanpur in September 1989 and the cassettee (Ex. 33) is of a similar function held at Ahmedabad at about the same time. It is stated that these cassettes, though were recorded in 1989 September, they were played in February 1990 prior to the election which was contested by the petitioner and the respondent no. 1 and others. In the petition, it is stated, in particular, that these cassettes were played at Dhanera, Valer, Panthawad, Zerda, Nainawa. The allegation is that these cassettes were played at Dhanera on 15th February, 1990, 18th February 1990 and 24th February, 1990 in the very presence of the respondent no. 1 and on 17th February, 1990 the respondent no. 1 had himself exhibited one of the cassettes at village Valer and his election agent R. D. Rajgor had played the same cassette at village Panthawada on 20th February 1990 and the cassettes were also played at Zerda on 21st February, 1990 in the presence of the respondents Nos. 1 and 2 and at Nainawa on 16th February 1990 in the presence of the respondent No. 2 with the consent of the respondent No. 1 There are allegations about playing of audio cassettes also. However, as already stated, the case in respect of playing of the audio cassettes is given up by purshis (Ex. 77). But it is interesting to note in this connection that in the petition it is mentioned that one of the audio cassettes was played from the main office of the respondent no. 1 at Dhanera continuously from 9th February 1990 to 25th February, 1990. It may be noted here that Mr. Patel for the respondent no. 1 frankly conceted that the audio cassettes did contain appeaf to Hindu voters to vote for B.J.P. candidates. The evidence on record shows that the election office of the petitioner and that of the respondent no.1 at Dhanera were not far away from each other and, that being so, is it well-night impossible to believe that if the respondent No. 1's election office at Dhanera was blaring any such audio cassette, and that too continuously from 9th February 1990 to 25th February 1990 from his election office, the petitioner and/or his election agent S. B. Thakore, who is a practising Advocate, would not lodge complaint about such a corrupt practice being indulged in by or under the very nose of the respondent no. 1. This factor must cast a shadow of serious doubt about the entire case of the petitioner and the evidence adduced by him as regards the allegation of the playing of the cassettes, video or audio.

Be this as it may,we may now turn to the evidence on the said of the petitioner in support of the allegation that cassettes similar to, or, identical as, the cassettes at Exs.32 and 33 were played on a large scale in the cons ituency. The petitioner has examined nine witnesses in all, including himself and his election agent S. B. Thakore (Ex. 58), Out of that, his witnesses Arjanbhai Harjibhai (Ex.39),who is of village Bhachalve Ranabhai Visabhai (Ex. 41), who is of village Nani; Hardanbhai Bhaleji (Ex. 42), whois of Dhanera itself, Maganbhai Madhabhai (Ex. 44), who is of village Baiwada; Kantilal Jorambhai (Ex. 56), who is of village Pachhdal; and Maganbhai Galabhai (Ex. 57), who isof village Thorwada; haveno t spoken anything about the playing of any video or audio cassettes. It is pertinent to note that the evidence of these witnesses clearly shows that they had actively canvassed forthe petitioner and some of them had canvassed for him not only in their respective villages but in several villages of the constituency. And it is these witnesses who have not spoken anything about the playing of any cassettes to their knowledge.

In para 35 of his evidence, the petitioner hasstated that the Haven at Palanpur in connection with RamshilaPujan was performed some two months prior to the election day, but, in fact, it is an indisputed position that it was performed in September, 1989. The petitioner says that he had attended that Haven and had seen several Sadhus and Saints sitting on the dias along with leaders of Vishwa Hindu Parisad and that the respondent no. 1 was also present there. It need not be repeated that the election, which was contested by the respondent no. 1 and the petitioner and which is in question before us, wasstill far away in September 1939. Proceeding further, the petitioner has stated that, at the said meeting, speaker

INDEX

after speaker had criticised the congress, saying that it was hostile to Hindu religion. The petitioner says that, on hearing such speeches, he had left the place. But then he has stated that video cassette of the proceedings of the haven was being recorded and that cassettee was played to the voters of all the villages in his constituency. He then refers to one other cassettee, which was reported to him to have been recorded at a similar function held at Ahmedabad, and he has stated that that cassettee was also shown to the voters in his constitutncy. He has referred to these to cassette i.e. replice of the said cassettees, as cassettes at Exs. 32 and 33 produced by him. The petitioner has come out with the story that cassettes exs. 32 and 33 were handed over to him by his witness Revashankar and that he had retained these two cassettes with him till he handed over the same to his Advocate for production in this case The petitioner has stated that he had seen both these cassettes by playing the same on a V.C.R. That is how he identifies one of the cassettes (Ex. 32) as a cassettee of the Palanpur function. In his evidence, the petitioner has also charged that the respondent no. 1 was moving in an open jeep-car for is propaganda and on that jeep-car a card-board model of a temple was kept and an audio cassette was playing on a tape recorder kept in that jeep and that he had seen that in Dhanera and other villages of the constituency. He has stated that said audio cassette contained speaches to the effect that the congress was anti-Hindu. He has referred to the audio cassettes (Exs. 34 to 36) as these cassettes on the ground that he had heard all these cassettes on a taperecorder after they were handed over to him by witness Revashankar. It may be repeated that buessquently the case regarding playing of audio cassettes is completely given up by the petitioner by purshis (ex. 77) So far as video cassettes are concerned, the petitioner has not claimed any personal knowledge about the screening of the said cassettes anywhere in his presence. The petitioner has stated that the five cassettes were given to him by Revashankar, but Revashankar had not told him as to from where he had got the said cassettes. It is not possible to believe that the petitioner would not have the necessary curiosity to know from Revashankar as to from where he had procured these cassettes. The suggestion on behalf of the respondent no. 1 is that, since the eruption of the Ram Janma Bhumi Babri Maszid controversy, these cassettes were freely available in the market. If any offending video or audio cassettes were played in the constituency, and that too on a large scale as stated by the petitioner, it is impossible to believe that the petitioner and his election agent would not approach the concerned authorities in that connection. However, the record shows, and there is no dispute about it, that at no stage any complaint was made to any authority by the petitioner or his election agent or by anybody on behalf of the petitioner. In his petition, the petitioner has even not disclosed the serious allegation made by him in his evidence that he had himself seen the respondent no. 1 moving in a jeep-car with a card-board Ram Mandir model kept on the jeep-car or about his having hearing audio cassettes being playing from the jeep car inwhich the respondent no. 1 was travelling. The petitioner says that he had given all these details to his Advocate before he got his petition drafted. If that was so, no Advocate worth the name would miss to mention such details in the petition. This also casts a serious doubt about the version of the petitioner.

So for as Revashankar is concerned, he has stated that at the meeting, which was held on Shiv Ratri night at village Ravi, two video casstettes were shown about the functions at Palanpur and Ahmedabad. He has claimed to be present at the meeting. Then he has stated that he had also seen some more cassettes being screened at other places during the election campaign, but he has expressed his inability to say whether any of the same were the same or similar to the ones, wich were seen by him at village Ravi He says that the cassettes (exs 32 and 33) were given to him by some worker of the congress party and, on the very day, he had handed over both these cassettes to the petitioner. He has come out with a similar version in respect of audio cassettes (exs. 34 to 36). He has disclaimed any knowledge about the functions held at Palanpur and Ahmedabad of which Exs. 32 and 33 are said to be video cassettes. When he was asked whether the person who gave him the five cassettes was known to him this witness evaded to give a straight answer and, after much dilly-dallying he has stated that he did not know whether the person who gave him the cassettes was known to him or not. His version is that the caseettes were given to him by his workers two or three days after the election and immediately on the cassettes being given to* him, he had felt that they would be an important piece of evidence showing that corrupt practices were committed in the course of the election. His version is that despite this knowledge on his part, he had not bothered to inquire as to what was the name or the address of the person who gave him the cassettes; nor to enquire with him as to from where and from whom that worker had got the cassettes. Revashankar has made a clear admission that he has never seen or heard the cassettes Ex. 32 to 36. That means that he cannot identify Exs. 32 to 36 as the cassettes, which, according to him, were given to him by his worker and which, again according to him, were delivered by him to the petitioner. It is clear that even taking the evidence or Revashankar at its best, he does not claim any personal knowledge about the playing of any cassette, except at the time of the alleged shivratri meeting at village Ravi. I have already discussed the evidence relating to the alleged Ravi incident and have pointed out as to why that evidence is totally unacceptable. It is interesting to note that the petitioner's version was that five cassettes were given to him by Revashankar about 5

to 7 days after the election day and that at that time nor at any other time had he enquired with Revashankar nor had Revashankar had told him as to from where or from whom he had procured these cassettes. So far as the petitioner is concerned, he has stated that he had once seen the two cassettees (exs. 32 and 33) being screened at Pathawada during the election compaign. This is his evidence despite the fact that in the election petition he has come out with the version that these two cassettes as also the audio cassettes were played on a large scale in a number of villages in the Constituency during he campaign. Even his version regarding the screening of video cassettes at Pathawada does not find corroboration from any other sources.

The only evidence about the playing of video cassettes is the above evidence furnished by the petitioner and Revashankar and I have not the slightest of hesitation in rejecting their evidence, as being totally unworthy of any credence, especially when there is no corroboration to their evidence from any reliable source. Since, it is my finding that the petitioner has failed to prove that any video or audio cassettes were played during the election campaign and muchless that it was done by the respondent no. 1 or his election agent or by anybody with the consent of either or both of them, I unhesitatingly record a negative finding on Issues nos. 2 and 3 both.

On the whole, the evidence about the alleged video and audio cassettes, about displaying of temple models and about distribution of hand-bills is highly doubtful, partisan and tainted and there is no independent corroboration to it. Even the identity of the cassettes is not proved. Even if there was some objectionable cassette playing, there is no credible evidence of the consent of the respondent no. 1 or his agent to such cassette--playing. I have, therefore, no hesitation in holding that the petitioner has miserably failed to prove the charges which are the subject matter of these two Issues.

**Issue No. 4**

This issue has been framed on the basis of the averments and allegations made by the petitioner in paragraphs 11 to 21 of the petition and the denial thereof by the contesting respondents. Broadly speaking, the averments and allegations in the petition are that there was preponderance of the voters population belonging to Anjana Patel caste in 43 villages named in the petition and a virulent campaign was launched in the said villages that Anjana Patels should en block vote for the respondent no.1 being himself an Anjana Patel. It is also alleged that after the two meetings dated 9-2-90 and 15-2-90 held at Dhaner as already referred to above, a sort of a conspiracy was hatched to see that large scale bogus voting in favour of the respondent no. 1 and prevention of committed congress voters from reaching the polling booths was resorted to in these villages. It is alleged that pursuant to this campaign and conspiracy in 36 villages only of the aforesaid 43 villages, the workers of the B.J.P. with the consent of the respondent no. 1 and/or his election agent, had actually indulged in booth-capturing and bogus voting for the respondent no. 1. It is stated that even though some of the voters listed in the voters list were not present at their villages on the election day or were dead, some other persons had in personated for such persons and had cast votes in favour of the respondent no. 1. It is also stated that, at certain places, the polling staff members had either connived at such activities or that in consert with them bogus voting and booth-capturing were resorted to. It is further alleged., that the Returning Officer himself being a member of the Patel caste, had appointed as many as 105 out of 165 presiding Officers out of the Anjana Patel community and this situation had facilitated the workers and supporters of the respondent no. 1 in indulging in bogus voting and booth-capturing. In the petition, names of six villages, namely Jivana, Thervada, Thaver, Tetoda, Jadiya and Dhaka, are given as the villages from the polling booths of which the polling Agents of the petitioner were given threats and were roughly treated and at some places, they were driven away from the polling booths. In para 16 of the petition it is alleged that p.w.6 Maganbhai Madhabhai (Ex. 44), who was a congress worker, was told by the petitioner's polling agent Magan Narsinh that he and the other polling Agent of the petitioner were not allowed to sit in the polling booth and that Harijan voters who wanted to cast their votes in favour of the petitioner, were not permitted to do so. It is further alleged that thereupon p.w.6 Maganbhai Madhabhai had requested the leaders of the Patel caste of that village, who were working for the success of the respondent no. 1, to that their men did not indulge in such activities. The allegation further is that thereupon these Patel leaders were enraged and had assaulted and beaten Maganbhai Madhabhai and had robbed him of his wrist watch and gold chain worth about Rs. 5000/- to Rs. 6000/- in all. The petitioner's case is that fact Maganbhai Madhabhai had lodged a complaint to this effect on the very same day. Thus, apart fromthe general allegations of undue influence made in respect of 43 villages and somewhat particular allegation in that direction made in respect of 36 and six villages, a specific allegation of undue influence is made in respect of village Thervada. Then in para 17, it is alleged that one Raichand Vihaji (D. W. No. 11-Ex. 70), who was supporting the respondent no. 1 and who was Sarpanch of village Ghana, had openly adopted a menacing and threatening attitude and was saying that he would indulge in bogus voting and booth-capturing at Ghana

INDEX

and thereupon the petitioner's Election Agent one Advocate Mr. S. B. Thakore, had made a complaint against said Raichand Vihaji to the Returning Officer on 26th February 1990. However, no action was taken in that connection by the authorities and as a result thereof, there was bogus voting and booth-capturing Koth According so as to result in favour of the respondent no. 1. It is alleged that one Ghemraji Mavaji, who was appointed as the petitioner's Polling Agent for the polling booth at Ghana, was forcibly driven out from the polling Station by the said Sarpanch Raichand and his associates. It is alleged that Koli Rabari and Harijan voters of Ghana were not permitted to vote for the petitioner, though they wanted to do so. In para 18, it is alleged that members of the Patel caste had secured the assistance of one Hemsinh Vaghela (respondent no. 3) of village Ramsan and said Hemsinh Vaghela, a head-strong person, had created an atmosphere of fear in villages Ramsan. Bhakhadiyal, Ghana Jadiyali and Kotada by moving with a gun and threatening the perople of the said villages of dire consequences if they voted for anybody other than the respondent no. 1. There was, it is alleged, total booth-capturing in the aforesaid five villages and no polling agents, except that of the respondent no. 1., were permitted to work as polling agents. The case put forward in para 19 is that the petitioner's election agent Shri S. B. Thakore had visited village Thaver while the election was in progress on 27th February 1990 and at that time the petitioner's two polling agents, Mangalbhai Bhikhabhai Harijan and Ganeshbhai Nagabhai Harijan (neither of these persons is examined) and others had informed Shri S. B. Thakore that the members of the Patel caste were threatening the members of the other castes and it was necessary to have Police reinforcement, whereupon Shri S. B. Thakore had conveyed the information to the Returning Officer and requested him to take immediate steps in the matter. It is alleged that one B. K. Patel and one M. J. Patel, who were appointed as Presiding Officers at village Thaver, had declined to record the complaints of the polling agents of the petitioner and bogus voting and booth-capturing had taken place at village Thaver. About village Tetoda, it is alleged in para 20 that one Bhagwanbhai Desai and Denabhai Vihabhai Desai (neither is examined) had gone to village Tetoda on the election day and had found that large-scale bogus voting was taking place at the said village and some prominent persons of Patel caste were frequently entering the polling booths, whereupon the aforesaid two workers of the petitioner had tried to contact the Presiding Officer, but they were driven away under threats of dire consequences and, therefore, they had informed the petitioner and Shri S. B. Thakore about this occurence on 1st March 1990. It is alleged that Bhagwanbhai Desai and Denabhai Vihabhai Desai were told by the petitioner's Polling agents Denabhai Vihabhai and Khulanmbhai Harijan that two persons, namely, Harsanbhai Satubhai Patel and Valabhai Jawabhai Patel, had prevented them from sitting in the polling booths. These two polling agents of the petitioner are stated to have informed the aforesaid two persons that large scale bogus voting had taken place in favour of the respondent no. 1 at village Tetoda. The allegation in para 21 is that P. W. 5 Hardanbhai Bhalaji (Ex. 44) was not permitted to enter the aforesaid villages where Anjana Patels were in a dominent position. The allegation is that all these acts of undue influence were committed with the consent of the respondent no. 1 or his Election Agent.

Before proceeding further, it may be mentioned that in he affidavit filed in support of the petition, it is stated that the averments made in paras 7 to 21 (which would obviously include paras 11 to 20) were made on the basis of information received by the petitioner while the averments made in para 21 were made on the basis of petitioner's own knowledge. In this connection, it requires to be noted that para 21 itself mentions that it was Hardanbhai Bhalaji who was prevented from enterting certain villages to carry on propaganda in favour of the petitioner and there is nothing in the said paragraph itself to show that the petitioner had any personal knowledge in respect of this allegation, since it is not the case of the petitioner that he had on any occasion accompanied Hardanbhai when He said Hardanbhai tried to enter any of the villages mentioned in the petition. In effect, therefore, it would mean that all the allegations about undue influence, *i. e.* about bogus voting and booth-capturing which are made in the petition, are made not on the basis of the personal knowledge of the petitioner, but on the basis of the information allegedly received by him.

It may also be noted at this stage that all the allegations made in paras 11 to 21 giving rise to this particular issue of undue influence, are vehemently contested in the replies filed by the contesting respondents.

The question to be considered now is whether the petitioner has adduced sufficient and satisfactory or credible evidence to substantiate his case that the respondent no. 2 or his Election Agent or the workers of the respondetino. 1 with the consent of the respondent no 1. or his Election Agent, had exercised undue influence on the voters and prevented them from voting in favour of the petitioner or had indulged in bogus-voting.

It may be mentioned at the very outset that the evidence led by the petitioner on this issue is very scanty, tardy and far from wrothy of any credence. P. W. 4 Ranabhai Visabhai (Ex. 41), who is admittedly a congress worker and who admits of having actively worked for the petitioner at the time of

INDEX

the election in question, has stated that once when he tried to enter village Ghana to canvass for the petitioner, he was prevented from doing so at the outskirts of the village by the sarpanch of Ghana Raichand Vihaji (D. W. 11-ex. 70) by giving him a threat that he would be killed if he enter Ghana. This witness has stated that at that time Raichand had told him that he wanted all the voters of his village to vote for the respondent no. 1 and that respondent no. 1 had himself asked him to do so. This witness has further stated that once he had tried to enter village Ramsan and at that time respondent, no 3. Hemsingh had intercepted him and had told him that he should not enter his villages if he wanted to remain alive. It may be noted that the respondent no 3. is the ex/Jagirdar of certain villages, including Ramsan, and the allegation is that he had asked Ranabhai Visabhai to enter his Jagirdar villages on the peril of being killed. It is alleged by this witness that when Hemsingh thus behaved with him, he was armed with a gun. When asked whether Hemsingh had given him such a threat at the request of the respondent no. 1 or on his own, the witness has claimed ignorance. Apart from this, it is significant to note that this witness does not anywhere state as to when he was prevented by Raichand provident in to inter village Ghana and by Hemsingh provinsionally to enter village Ramsan. He does not in any way connect the alleged acts of Raichand and Hemsingh with the respondent no. 1 or his Election Agent. The most important thing to be noted is that this witness nowhere states that he was a witness to any activity of booth-capturing or bogus voting indulged by the workers and supporters of the respondent no. 1. The cross-examination of this witness revelas that he is a Congress man of a long standing and he was the President of Deesa Taluka Panchayat since 1987 and is a seasoned politicion, well-versed about the election campaigns, etc. In his cross-examination, he has admitted that he did not make any written or oral complaint to Police authority or to any other authority to prevent the activities of Hemsingh or Raichand for to see that the gun licence of Hemsingh was suspended or cancelled. Apart from the fact that this witness has not claimed any personal knowledge about any activity of booth-capturing or bogus voting on the day of the election, his evidence even in respect of the allegations made against Hemsingh and Raichand is highly unconvincing and cannot be accepted for total want of corroboration thereto. In this connection, it requires to be noted that D. W. 11 Raichand Vihaji (Ex. 70) has completely controverted the evidence of this witness to the effect that he was prevented by Raichand from to enter village Ghana and to solicit support for the petitioner. This Raichand, who is the Sarpanch of village Ghana, has stated in his evidence that at the time of the election in question, the petitioner had approached him with a request to work for his success, but he had declined to do so as the petitioner, in his capacity as the President of the District Panchayat had caused a notice issued for his (Raichand's) suspension as Sarpanch of Ghana. Raichand has stated that he does not belong to any political party and there is nothing to contravert his said version. He has frankly admitted that the respondent no. 1 had also approached him for support and he had assured the respondent no. 1 to render whatever support was possible for him to render. It is not possible to brush aside the evidence of this witness and accept the contrary evidence of petitioner's witness Ranabhai Visabhai.

The next witness, who is examined by the petitioner on this issue, is P. W. 6 Maganbhai Madhabhai (Ex. 44). He also admits that he is a staunch congress man of 10 years standing and that he is also a caste-fellow of the petitioner. He has also admitted that he works for the success of the congress candidates at all Assembly, Parliamentary and local authority elections. This witness has stated that on the election day, he and one Ramabhai Desai and one Deghabhai Desai had gone to villages Therwavad, Zerda, Kansari, Sahsherpura, Jhaval, etc. In a jeep-car. According to him, they had reached village Thervada at about 3.00 P. M. and when they reached near the polling station, they had seen the petitioner's election agents Harijan Maganbhai and one Amichand Shrimali, also a Harijan standing outside the polling station with the clothes of both them in a tattered condition and with injuries on their faces. The witness goes further to say that on being questioned by him, both the polling agents stated that Patels were not allaowing them to remain in the polling stations are marking false votes on the ballot papers of others. The witness claims that he had then gone right upto the door of the polling room and to have seen four persons marking votes on a number of ballot papers and putting the ballot papers in the ballot boxes. He further says that he had told those persons that they were doing some that improper a thereupon one of the said four persons had asked him to mind his own business and then he had gone out and seen some leaders of the Patel caste, namely, Karamshi Magha, Ratna Ranchhod, Ganesh Kala and Patel Bhemabhai and had complained to these persons of the ill-treatment given to the congress polling agents and the bogus voting and thereupon the said persons had started beating him and had robbed him of his wrist watch and gold chain. This witness says that in the evening of the election day, he had informed the petitioner about this incident and it is brought on record that thereafter he had lodged an F.I.R. at Deesa Police station, at a distance of 25 kms. at 9.30 P.M. on the same day. A Copy of this F.I.R. is brought on the record at Ex. 45. This F.I.R. shows that village Thervada, where the incident is alleged to have occurred, is only 25 kms. from Deesa Police Station. It may be repeated that, according to witness Maganbhai Madhabhai, he had a jeep-car with him at the relevant time when he was not only beaten but also robbed of valuables like a watch and gold chain. This man is also a seasoned Politician. His evidence and the averments in the petition show that he is a prominent congress leader of the region.

INDEX

It is also clear from his evidence that he had worked very actively for the petitioner at the time of the election in question. His evidence further is that he had actually gone out of pocket to work for the success of the petitioner at the time of the election. It is highly improbable to believe that such a man would not approach the Police till 9.30 P.M. though he was beaten and robbed at 3.00 P.M. particularly when he had a jeep-car at his disposal and he had to traverse a distance of only 25 kms. to reach the Police Station. It is also very material to note that now here in his F. I. R. (ex-45), he has mentioned the version that the two polling agents of the petitioner had first complained to him of beating by anybody or that he had seen injuries on their faces or that he had found their cloths in a torn condition. He does say in a general way that as Patels were in a large block and as they wanted voting to take place as desired by them, they were not allowing the congress polling agents to sit in the polling station. He does not, however, state anywhere in his F.I.R. that he had seen bogus voting being done by anybody. This is contrary to his present version that he had seen with his own eyes that four persons were actually indulging in bogus voting on a substantial scale at Thervada. In the F.I.R. he has named Karamshi Magha, Ratna Ranchhod, one Bai Duli and One Kala Ganesh, as the persons who had assaulted and robbed him. Out of these persons the respondent no. 1 had examined Karamshibhai at Ex. 65 and Karamshibhai has, on the contary, stated that, on the day of the election, some Rabari leaders (caste-fellows of the petitioner) has tried to behave in a highhanded manner at village Therwada. He has further stated that the congress polling agents had through remained sitting in the polling booths. He has denied that anybody had beaten or threatened or driven them away He has also denied the allegations made by Maganbhai Madhabhai against him and others He does say that Maganbhai Madhabhai had lodged a complaint against him with the Police, but his version is that the Police had decided not to file any chargesheet on the basis of the said complaint. When asked whether any chargesheet was filed by the Police on the basis of his complaint at Ex.45, Maganbhai Madhabhai has taken shelter behind the plea of ignorance on the point. There is, therefore, no reason to disbelive Karamshibhai when he says that the Polic has not taken any action against him and others on the basis of the F.I.R. at Ex. 45.

P.W.3 Maganbhai Galabhai (Ex.57), who was one of the polling agents of the petitioner at village Thervada, has stated that while he was in the polling booth at Thervada, he had marked that one Kala Ganesh of Thervada and some 4 to 5 other persons were frequently entering the polling booth and casting bogus votes and thereupon he had drawn the attention of the Presiding Offiier in that behalf, but the Presiding Officer had subbed him by asking him to keep quiet. He says that the Presiding Officer had actually allowed the said persons to continue bogus voting. This man claims that the polling agent of the respondent no. 1, One Kalabhai Umeshbhai Patel (not the same man who according to him had indulged in bogus voting) had beaten him and torn his clothes and driven him away. This witness has further stated that Karamshi Madhabhai and Ratna Ranchhod had also given him a beating and had instigated other workers to cut of his knos. and the nose of his co-polling agent. After initial hesitation, this witness has admitted that he had canvassed for the petitioner at the time of the election. He is also made to admit that he is a congress worker. The important thing to be noted about the evidence of this witness is his admission that most of the voters of the 17 congress spporting families of his village had cast thier votes freely by 11.00 A.M. on the election day and whatever incident is alleged by him had taken place after all the congress voters had cast their votes earlier. In his cross-examination, this witness has stated that he had written down a complaint about bogus voting and offered it to the Presiding Officer, but the Presiding Officer had not accepted it. It is not necessary to dwell at any length to point out that the evidence of this witness, who is said to have narrated his plight to his leader Maganbhai Madhabhai, is at variance with the evidence of Maganbhai Madhabhai in material repects. Another thing to be noted about the evidence of this witness is that he has admitted that there was Police bandobust and there were also home guards and Gram-Rakshak Dal on duty, but he admits that he had not given any written complaint about will beating inflicated on him and on his companion polling agent. This witness has stated that, in the copy of the voters list with him, he had encircled the numbers of about 15 to 20 voters, in whose names supporters of the respondent no. 1 had cast bogus votes and that he had shown these encircled nubers in the his voters list copy to Maganbhi Madhabhai. Maganbhai Madhabhai has not spoken about being shown the names of person, who were impresonated and for very obvious reasons. This witness has even gone to the length of saying that Mananbhai Madhabhai had actually jotted down the names of the impersonaters which were given by him to Maganbhai and Mananbhai had passed on the paper on which he had jotted down the names of these persons to the petioner. Neither Maganbhai Madhai nor the petioner supports this version, let alone the fact that no such paper is brought forth. Maganbhai does not speak about the nose-cutting thereat allegedly given to this witness Maganbhai Galabhai and his companion polling agent. No complaint was lodged by this witness or his companion Amichand. D.W.3 Kalabhai Ganeshbhai has in his evidence at Ex. 62 denied all the allegations made by Maganbhai Madhabhai and Maganbhai Galabhai.

INDEX

Not a single person is brought before the court to say that on the day of the election, he was not present in his village or that he had not gone to the polling booth or that he was prevented from going to the polling booth. No person in whose name bogus vote might have been cast by somebody else, is brought forward to say that he had not cast vote. When all these factors, namely the improbabilities inherent in the evidence of the aforesaid witnesses such as nonfilling of any complaint of bogus voting, etc. with any authority; the commission of crime under the very nose of the Police and election authorities and the total absence of any corroboration from any independent source to the evidence of the said witnesses are borne in mind, it becomes impossible to hold the charge undue influence proved. In any event, there is total lack of acceptable and legal evidence to show that even if there was any bogus voting or booth-capturing, it was with the consent of the respondent No. 1 or his Election Agent. Needless to say that nobody has alleged that the respondent No. 1 or his Election Agent himself had indulged in bogus voting or booth- capturing.

P.W.7 Kantilal Jerambhai (Ex. 56) has stated that on the day previous to the day of election, he had gone to village Ghana and he also alleges that the sarpanch of the said village Raichand Vihaji (Ex. 70) had abused him and told him not to try to persuade people to vote for congress, saying that he had already captured the votes. According to this witness, Raichand had also abused him. This evidence of the witness is controverted by Raichand himself in his sworn testimony at Ex. 70 and there is no reason to prefer the evidence of Kantilal Jerambhai to that of Raichand, because there is nothing even in the subsequent conduct of Kantilal to support his version. He does not say that he had lodged any complaint against Raichand for the threats administered to him or the abuses given to him. There is also no witness examined to support the version of Kantilal. Kantilal has also stated that on the election day, he and some two or two to four companions of his had gone to village Jadiyali and had seen four or five persons indulging in bogus voting in favour of the respondent no. 1 and he had complained about it to the Zonal Officer and the Zonal Officer had told him that he had given necessary instructions in the matter to the election staff members on duty, but even thereafter the said four or five persons had continued to indulge in bogus voting. This witness Kantilal is also a congressman man of long standing as admitted by him and, according to his own version, he actively works for the success of the congress candidate at all elections. He has also admitted that he had spent Rs. 700/- to Rs. 800/- from his own pocket to work for the petitioner. He admits that he had not given any written complaint to the petitioner or anybody about the Jadiyali incident. The evidence of this witness is also not satisfactory enough to inspire such confidence as to make it safe to act on it without any corroboration. Undoubtedly, he is a partisan witness.

In the course of the evidence of the Returning Officer P.W.6 Pitamberbhai Purshottam Patel (Ex. 47), a report (Ex. 49) made by the Zonal Officer for village Jadiyali and other villages is produced, but that report only shows that at the time of the Zonal Officer's visit to Jadiyali, one head-storng person had entered the polling booth and had caused interruption in the polling work. The Zonal Officer had requested the Returning Officer to arrange for further Police Bandobust at Jadiyali. The evidence of the Returning Officer shows that, on receiving this report, he had contacted Dhanera P.S.I. to reinforce Police bandobust at Jadiyali. What is to be noted is that this report of the Zonal Officer is far from supporting the version of the petitioner's witness Kantilal Jerambhai. It does not speak about any bogus voting being brought to the notice of the Zonal Officer. The evidence of the Returning Officer completely demolishes the allegation that the Government Officers, including the Collector, had entered into any arrangement or conspiracy with the respondent no. 1 or anybody to appoint Patels as Presiding Officers for several polling sations of the constituency. It is not shown that the Returning Officer is a member of Anjana Patel caste. The Returning Officer has also produced at Ex. 52 a letter received by him from the petioner's Election Agent Shri S. B. Thakore of 26-2-90 expressing an approchension about possible malpractices being employed at village Ghana on the election day. The Returning Officer has stated that in this connection also he had alerted Dhanera Police Station. This letter dated 26-2-90 does not mean anything more than that Shri S.B. Thakore had apprehensions about malpractices being indulged in at Ghana at the time of the election. It is true that the Returning Officer has stated that on the election day, he had received a message one phone that the clothes of the congress polling agent at Therevada were torn and in that connection also, he had informed the Police. Similarly, the Returning Officer has stated that on 27-2-90 he had received a phone messae purporting to be from Dhanera congress office to the effect that harijans and Bhils were prevented from voting at village Therevada. The Returning Officer, however, has not claimed any personal knowledge about any bogus voting or booth-capturing. He has stated that he himself is not Anjana Patel. It is also clear from his evidence that no serious and specific complaint of bogus voting or booth-capturing was received by him from any quarters on the election day.

Therefore, the only evidence about the alleged bogus voting and booth-capturing is the evidence furnished by the aforesaid witnesses exainined by the petitioner. The respondent no. 1 has also adduced negative evidence on the issue by examining several witnesses, but even without turning to the evidence of those

INDEX

witnesses, I have no hesitation in concluding that the evidence of the petitioner's witnesses is farthest from satisfactory to base a finding thereon that the charge of under influence is proved. The evidence of the petitioner (ex. 29), his witness Revashankar (Ex. 40) and his election agent S.B. Thakore (ex. 58) on the question of bogus voting and/or booth-capturing is more or less hearsay evidence and, even as it is, it is of a highly doubtful nature in asmuch as they do not claim to have lodged any complaint of bogus voting and/or booth-capturing with the polling staff on the day of the election. It is highly unbelievable that all these three persons, who are seasoned politicians, would not make such complaints if they came across any cases of bogus voting or booth-capturing. Since the petitioner and these two witnesses have not inspired me as witnesses deserving implicit reliance, I do not even accept the corroboration accorded by them to the aforesaid other witnesses as sufficient to remove the infirmities in the evidence of the two other witnesses. It is obvious that such a serious charge as that of undue influence has to be proved by independent evidence of such a nature as to inspire confidence about its veracity. I do not find any such evidence adduced by the petitioner and/or his witnesses and, therefore, I find that the petitioner has miserably failed to discharge the burden resting on him to prove this issue.

In the result of the above discussion, I find that the petition is liable to be dismissed. Accordingly, the petition is dismissed. The petitioner is ordered to bear his own costs and to pay the costs of the respondent no. 1, which are quantified at R. 2600/-. The respondent no. 1 may withdraw the amount of Rs. 2600/-. deposited by the petitioner as security in satisfaction of the costs awarded to him. So far as the rest of the respondents are concenred, there will be no order as to costs.

Date 14-10-92.

By the order of the Court,

D. B. DHOLAKIA,
Deputy Registrar.

By order,

BALWANT SINGH
Secretary to the Election Commission of India.

## PART IV—C

**Statutory Rates and Orders (other than those published in Parts I, I-A and I-L) made by Statutory Authorities other than the Government of Gujarat including those made by the Government of India, the High Court, the Director of Municipalities, the Commissioner of Police, the Director of Prohibition and excise, the District Magistrates and the Election Commission, Election Tribunals, Returning Officers and other authorities, under the Election Commission.**

BY THE HIGH COURT OF GUJARAT AT AHMEDABAD.

Notification

No. C/3001/76.—In exercise of the powers conferred under section 158 of the Patents Act 1970 (Act No. 39 of 1970), the High Court of Gujarat makes the following Rules as to conduct and procedure in respect of all proceedings before it under the Patents Act 1970, which will be added as Chapter XXXIV in the Bombay High Court, Appellate Side Rules, 1960.

CHAPTER

RULES UNDER THE PATENTS ACT, 1970.

1. These rules may be called the patents (Gujarat High Court ) Rules, 1977.

2. They shall come into force on the date of their publication in the Gujarat Government Gazette.

3. In these Rules, unless there is anything repugnant to the subject or context :—

(a) "Act" means the Patents Act, 1970 (No. 39 of 1970),

(b) "High Court" means the High Court of Gujarat.

(c) "Judge" means a Judge of the High Court of Gujarat.

(d) "Registrar" means the Registrar of the High Court and shall include Additional Registrar and any officer of the High Court as may, from time to time, be specified by the Chief Justice of the High Court.

(e) The "Court" means the Court presided over by the Judge as may from time to time, be specified by the Chief Justice of the High Court.

INDEX

(f) all other words and expressions used in these rules but not defined therein shall have the meanings respectively assigned to them in the Act.

4. All applications to be made to the Court under any provision of the Act including petitions under Section 64 and applications under Section 71, references under Section 103 of the Act and appeals under Section 116 of the Act shall be instituted in the matter of the particular number of the patent to which they relate and in the matter of the particular order of the Controller specifying the date of the order concerned. Petitions referred to in these rules will not include Counter claim in suit for infringment of patent referred to in sub-section (i) of Section 64 of the Act.

5. The cause and titles of the application, references, appeals and Suits shall state fully the names, places of residence and/or the places of business of the parties to the said proceedings.

6. In all applications, references, suits and appeals the parties instituting the same shall make the Controller a party respondent, and unless otherwise provided in these rules, shall also implead as parties all other persons who appeared before the Controller or who were served with notices of the proceedings before him provided, however, that if any person, without being so served, gave notice of an objection before the Controller, but did not subsequently take any part in the proceedings, it will not be necessary to make such a person a respondent.

7. All applications to be made to the Court under the Act shall be made by motion in accordance with the rules made by Bombay High Court (O.S.) Rules, 1957.

8. All references of disputes to the Court under Section 103 of the Act shall be initiated by motion which will be made in accordance with the rules relating to motions as provided in the Bombay High Court (O.S.) Rules 1957. The Court may give appropriate directions for the hearing of the motion. The Court may, if it thinks fit, direct the matter to be tried on evidence. The Court may, at the time of giving such directions or from time thereafter give such further or other directions including directions for discovery, inspection, production of documents, for filing of affidavits in answer or reply and for all other matters as may be necessary for the hearing of the reference and for the trial of any question arising therefrom. The Court may direct services of notice of the reference upon any person and in such manner as the Court thinks fit. The Court may fix the date of the hearing of the reference and the Court may adjourn the hearing from time to time.

9. In all suits under the Act or referred to in the Act, the Bombay High Court (O.S.) Rules, 1957, in relation to Suits shall (Unless by the Act otherwise expressly provided ) apply.

10. All appeals under Section 116 of the Act shall be heard and disposed off by the Court. Such appeal shall be in the form of a petition duly singned and verified and the petition shall state the relevant facts, grounds of appeal and the reliefs prayed for and, unless the Court otherwise orders, shall be accompanied by a certified copy of the order appealed from. The Court may in its discretion allow the petition of appeal to be filed without the certified copy of such order subject to the certified copy being filed within such time as may be directed by the Court and on such terms as the Court thinks fit.

The Court, may, if it thinks fit, direct at any stage of the proceeding that the appeal be referred to a Bench of this Court and the Court may for the aforesaid purpose report to that effect to the Chief Justice and the Chief Justice will constitute a Bench for determining the said appeal.

11. The petition of appeal shall be presented to the Registrar. But if the party preferring the appeal wants to file the appeal without the certified copy of the order appealed from, in that case the petiion of appeal may be presented to the Court for an order under the above Rule 10. If the petition of appeal is not presented within three months from the date of the decision, order or direction of the Controller (as the case may be), in that case, the Registrar shall endorse thereon the date of its presentation and return it to the party by whom it was tendered. such petition of appeal may then be presented to the court for admission. The court may in appropriate cases extend the time for presenting the appeal by a further perion not exceeding three monts from the date of expiry of the said period of three months from the date of the decision, order or direction of the Controller, as the case may be.

12. The Court may on hearing of the application admit or reject the same with or without notice to the respondent. When it is admitted without notice to the respondent, such admission shall not be a bar to any objection that may be taken at the hearing of the appeal in respect of its admissibility.

13. Within a week from the date of admission of the petition of appeal or within such further time as may be allowed by the Court, the office of Registrar shall issue a notice of appeal in the form set out in the Appendix hereto for service on the respondent.

INDEX

14. Within a fortnight after the respondent has entered appearance in pursuance of the notice of appeal served on him, or in case no appearance has been entered, after the affidavit of service of the notice of appeal on the respondent is filed, the Registrar shall set down the appeal in the list of the Judge for direction upon seven clear days' notice to the appellant, the Controller and the appearing respondents.

15. When the appeal comes up for direction and from time to time thereafter, the Court, may give such directions for discovery, inspection, production of documents, for filing of affidavits in answer or reply and for such other matters as may be necessary for the hearing of the appeal and for the trial of any question arising therefrom. The Court may direct service of notice of appeal upon any person in such manner as the Court thinks fit. The Court may fix the date of hearing of the appeal and may adjourn the hearing from time to time.

16. The appeallant shall state in the petition of appeal the amount of value of the appeal which will be subject to revision by the Court.

17. Copies of all orders required to be transmitted to the Controller in terms of the provisons contained in Section 58 and 151 of the Act will be so transmitted by the Registrar, to the Controller within in a fortnight from the date of completion of the said orders, unless otherwise ordered.

18. In any suit for infringment of any patent or in any other proceeding before the Court under the Act, an application by any of the parties may be made to the Court under Section 115 of the Act for appointment of an independent scientific adviser to assist the Court, or to enquire and report upon any such quesion of fact or of opinion (not involving a question of interpretation of law), as the Court may formulate for the purpose. The application, unless otherwise, directed by the Court, shall be made by way of a petition on seven clear days' notice to the other side. The application shall state (a) the necessity of having such an adviser and (b) the points on which the said adviser's assistance is required. The Court may appoint such an adviser also on its own motion.

For the purpose of these rules "scientific adviser" includes persons with scientific qualifications, medical practitioners, engineers, architects, surveyors, accountants, actuaries and any other specially skilled persons whose opinion in relation to any matter before the Court may be of assistance to the Court.

19. Upon such an application for appointment of an independent scientific adviser being made, the applicant may be required by the Court to submit a list of scientifc advisers willing to act and specially qualified for the purpose, stating their full names, their qualifications, their occupation and the remuneration likely to be charged by them per day or part thereof. The other party shall have the right, and may be required by the Court, to state the objections, if any, and the grounds of such objection to the appointment of any scientific adviser out of such list, in addition to their objection, if any, as to the necessity of appointment of the scientific adviser.

20. The Court may, if the Court is satisfied that a scientiffic adviser should be appointed, select and appoint a scientific adviser out of such list or in a proper case select and appoint any, other scientific adviser outside such list. if the Court thinks fit to do so, and may datermine such remuneration for the said adviser as the Court considers proper. Such remineration shall include the costs of making a report and the proper daily fee for any day on which the said adviser may be requied to attend before the Court.

21. When the Court takes the aid of a scientific adviser the Court may required the said dviser to state his views in writing, signed by him, on such specific points as the Court may formulate. The views expressed by the scientific adviser shall form a part of records of the proceeding.

22. The Court may of its own motion or at the request of any party against whom the scientific adviser may express his veiws requires the scientific adviser to appear in Court to give evidence before the Court and the party will have the right to examine the scientific adviser and to cross-examine him with regard to the view expressed by him. In the mater of examination of the scientific adviser the Court may give such direction as the Court may think necessary and if the scientific adviser considers it necessary to perfrom any experiments or tests the Court may give appropriate direction. The Court may also give appropriate directions with regard to costs that may be incurred for such purpose.

23. Appeal, if any, from any order of the Court in any proceeding under this Act shall be brought in accordance with the procedure prescribed in relation to appeals in Bombay High Court Appellate Side Rules 1960, as made applicable to the High Court of Gujarat.

24. Unless otherwise specifically ordered by the Court, costs of all proceedings under the Act before High Court shall be taxed in the same manner and as prescribed under the said Bombay High Court (A.S.) Rules 1960 in its application to regular appeals and applications.

INDEX

25. Save as provided by the Act or by these rules the practice and procedure of the Court and the provisions of the Civil Procedure Code 1908 and Bombay High Court (A.S.) Rules 1960, so far as applicable, shall apply to all proceedings under the Act and these rules.

26. (1) The Court, instead of recording evidence by itself, in all proceedings before it under the Act or referred to in the Act may transmit the record after framing issues to the City Civil Court at Ahmedabad or any District Court, as the Court may deem fit, having regard to the facts and circumstances of such proceeding, and direct such Court to record the oral evidence, including evidence of 'Scientific adviser' as provided in rule 22 above, and certify the evidence so recorded to this Court within such time as the Court may direct.

(ii) While recording evidence referred to in sub-rule (i) above, the City Civil Court at Ahmedabad or the District Court shall follow the practice and procedure as prescribed in Ahmedabad City Civil Court rules 1961 or the Civil Manual, 1960, Vol. I and II, as the case may be.

(iii) While certifying the evidence referred to in sub-rule (i) above, the City Civil Court Ahmedabad, or the District Court shall submit, to the High Court, four typed copies of the eivdence duly paged and indexed, or such number of copies as the Court may direct, alongwith the original evidence so recorded.

27. Travelling allowance, diet allownace and local conveyance allowance shall be paid to the witnesses according to the rates prescribed in paras 63 to 66 of the Civil Manual 1960, Vol I. as made applicable to the Courts in the state of Gujarat.

28. The Court may, in any case in which it shall deem fit, extend or abridge the time appointed by these rules or fixed by an order of the Court for doing any act or taking any proceeding. Upon such terms (if any) as the justice of the case may require and any such enlargement may be ordered although the application for the same is not made until after the expiration of the time appointed or allowed.

29. Nothing in these rules shall be deemed to limit or otherwise affect the in herent powers of the Court to give such directions or pass such order as may be necessary for the ends of justice or to prevent abuse of the process of the Court.

30. Any proceeding taken under the Patents Act 1970, in this Court before the commencement of these rules will be continued and will be deemed to be a proceeding under these rules which will be made applicable.

## APPENDIX

### Form of Notice of Appeal Under Rule 13

## ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashok Road, New Delhi-110 001.

Dated 8th February, 1993 19 MAGHA, 1914 (Saka)

**Order**

No. 76/GJ-LA/91(Bye).—Whereas the Election Commission is satisfied that each of the contesting candidate specified in column (4) of the Table below at the Bye-Election to the Legislative Assembly as specified in column (2) held from the constitutency specified in column (3) against his name has failed to lodge any account of his election expenses as required by the Representation of the People Act, 1951 and the Rules made thereunder;

And, whereas, the said candidate has either not furnished any reason, or explanation for the said failure even after the due notice or the Election Commission, after considering the representation made by him, if any, is satisfied that he has no good reason or justification for the said failure,

Now, therefore, in pursuance of section 10A of the said Act, the Election Commision hereby declares the person specified in column (4) of the Table below to be Disqualified for being Chosen as, and for being a member of either House of the Parliament or the Legislative Assembly or Legislative Council of a State or Union Territory for a period of 3 years from the date of this order:—

TABLE

| Sr. No. | Particulars of Election | S.No. and Name of the Assembly Constituency. | Name and address of the constesting candidates. |
|---|---|---|---|
| 1 | 2 | 3 | 4 |
| 11. | Bye-Election to Gujarat Legislative Assembly, 1991. | 155—Vagra | Shri Patel Alibhai Ibrahimbhai, At & P.O. Pipalia, Tal. Vagra, District: Bharuch, Gujarat. |
| 12. | —do— | —do— | Shri Patel Ilyas Ibrahim, At & P.O. Vorasamni, Tal. Vagra, District : Bharuch, Gujarat. |

(16-12-1992)

INDEX

CAV JUDGMENT :

The petitioner, who is a voter of 172-Chorasi Vidhan Sabha Constituency of the Gujarat State, challenges the election of the respondent no. 1 as a member of the Gujarat State Legislative Assembly from the said Constituency. The election was the last general election to the Gujarat State Legislative Assembly and polling was held in Chorasi Constituency on 27th February 1990. Besides the respondent no. 1, the respondents nos. 2 to 16 were the candidates who contested the election from the Chorasi Constituency. The total number of votes polled at the election was 1, 14, 918 and out of the same, 2,384 votes were rejected as invalid and, it is alleged, 77 votes were found missing at the time of the counting of the votes. Out of the total number of valid votes, namely, 1, 12, 457, the respondent no. 1 was declared to have secured 41, 701 votes and his next rival, namely, respondent no. 15, was declared to have secured 32,591 votes. The respondent no. 1, was, therefore, declared as elected. The respondent no 17, herein was the election agent of the respondent no. 1. The Returing Officer for the Constituency is arrayed as the respondent no. 18.

The ground on which the petitioner challenges the election of the respondent no. 1 is that the respondent no. 1 as also his election agent i. e. respondent no. 17 herein, and other agents and workers of the respondent no. 1, with the consent of the respondent no. 1 and/or his election agent, had committed the corrupt practices of (i) booth capturing : (ii) undue influence by means of direct and/or indirect interferance with the free exercise of the electroal rights of a large number of voters ; (iii) incurring and authorising of expenditure in contravention of section 77 of the Representation of People Act, 1951 ; (ii) hiring and procuring of motor vehicles and using them for the free conveyance of electors (other than the candidate himself, the members of his family or his agents) to and from the polling stations ; and (v) appeal to vote for the first respondent on the ground of caste/community.

By way of particulars of the corrupt practices allegedly indulged in by the respondent no. 1 and his election agent, it is averred that booth capturing of 63 booths out of a total of 363 booths was resorted to. In Annexure A to the petition, the particulars of the polling booths which were captured have been mentioned. It is alleged that large number of people carrying fire-arms and other arms had entered the polling booths mentioned in Annexure A and that they were led by the respondent no. 1 himself. It is further alleged that the polling agents of the respondent no. 15 and of the other candidates were forcibly driven away from the aforesaid polling booths and the polling staff members and the Police personnel were overwhelmed with the result that they could not prevent booth capturing by the respodent no. 1 his election agent and his other agents and workers, acting with the consent of the respondent no. 1 and/or his election agents. It is also alleged that blank ballot papers were snatched away and bogus voting was done in favour of the respondent no. 1, It is alleged that, besides the respondent no. 17, the other persons who had accompanied the respondent no. 1 while indulging in booth capturing and bogus voting were one Manubhai Zarakhiawala ; Dadbhai and Narain Taxi. It is further alleged that in all about 15000 voters were prevented from exercising their votes at the polling booths mentioned in Annexure A to the petition.

The next allegation is that voters other than the respondent no. 1 and the members of his family were given free conveyance in motor vehicles for reaching and returing from the booths nos. 113 to 117 and 130 to 136. In this connection, the petitioner has given the numbers of nine vehicles in his petition as the vehicles, which were hired by the respondent no. 1 or his election agent for carrying voters free of charge to the polling booths and for the return journey thereform.

So far as contravention of section 77 of the Representation of Peoples Act, 1951 (hereinafter referred to as 'the Act') is concerned, it is alleged that the respondent no. 1, his election agent and his other agents, with the consent of the respondent no. 1 and his election agent, had incurred and authorised expenditure for the election of the respondent no. 1 far in excees of the permissible limit as prescribed under section 77(3) of the Act read with Rule 90 of the Conduct of Election Rules, 1971 read with the table referred to in the said Rules. The averment is that the prescribed maximum limit of expenditu reto be incurred by any candidate at the election to the Gujarat State Legislative Assembly is Rs. 40,000/- whereas the respondent no. 1 and the aforesaid persons with the consent of the respondent no. 1 and his election agent had incurred and authorised expenditure of the order of about Rs. 20 lacs or more. It is alleged that an amount of Rs. 8,50,000/- was incurred and authorised for giving advertisements in various newspapers to canvas votes for the respondent no. 1. The details of such advertisements are given in Annexure B to the petition. The petitioner has alleged that the entire expenditure on the aforesaid advertisements was borne by the respondent no. 1 and the advertisements were inserted in the newspapers with the consent and authority of the respondent no. 1 and his election agent. It is further

alleged that an amount of Rs. 7,50,000/- was spent for preparing, distributing and displaying pamphlets, banners, badges, posters wall paintings and other election literature for canvassing votes for the respondent no. 1. It is stated that some of the literature was estensibly published in the name of Yuva Vikas, Party, but in reality the expenses for the same were incurred, borne and authorised by the respondent no. 1 and/or his election agent for the use of such literature in Choarasi Constituency for furtherance of the prospects of the respondent no. 1 only. It is further alleged that an amount of Rs. 2 lacs was spent for hiring vehicles for free conveyance of voters to and from the polling booths and for the election propaganda of the respondent no. 1. The petitioner has thus alleged that an amount of Rs. 20 lacs was spent by the respondent no. 1 for holding election meetings to further his prospects at the election. It is stated that the respondent no. 1 and/or his election agent had thus incurred or authorised expenditure of the order of Rs. 20 lacs or more for the election of the respondent no. 1.

It is then alleged that the respondent no. 1, his election agent and other agents and workers, with consent of the respondent no. 1 and his election agent, had appealed to the voters belonging to Patel caste to vote for the respondent no. 1 on the ground that the respondent no. 1 belongs to their caste. In this connection, it is mentioned in the petition that a large number of voters in the Constituency belong to Patel caste, especially hailing from Sauarastra area of the State.

According to the petition, the result of the election was materially affected by reason of the aforesaid corrupt practices indulged in by the respondent no. 1 and his election agent and his other agents with his consent or the consent of his election agent and that, if such practices were not indulged, in, the respondent no. 1 would have secured at least 15000 lacs than 41,701 votes actually declared to have been obtained by him. In the same context, it is mentioned that if the aforesaid corrupt practices were not indulged, in, the respondente no. 15 who had contested the election on the ticket of Janta Dal, would have polled at least 10000 more votes than the votes actually secured by him and the respondent no. 15 would thushave been declared elected and the respondent no. 1 would have been declared as a defeated candidate. It is contended in the petition that in view of the aforesaid corrup practices committed by the respondent no. 1 or his election agent or by others with the consent of the respondent no. 1 and/or his election agent, the election of the respondent no. 1 is liable to be set aside and the respondent no. 15 is entitled to have been declared as having been elected to the Legislative Assembly. The petitioner has, therefore, prayed for the quashing of the election of the respondent no. 1 and for a declaration that the respondent no. 15 has been duly elected to the Legislative Assembly.

The respondent no. 1 has contested the petition by filing his written statement at Ex. 12 and the said written statement is adopted by his election agent i.e. respondent no. 17 herein by filing affidavit at Ex. 13. The respondent nos. 9,10,11,15 and 16 have supported the petitioner's case by filing written statement at Ex. 16/A, 17, 18, 19 and 20.

The respondent nos. 1 and 17 have vehemently denied all the allegations of the alleged corrupt practices as mentioned in the petition. It is also denied by them that the respondent no. 1 or anybody had incruued or authorised expenses in excess of the prescribed limit for furtherance of the prospects of the respondent no. 1 at the election. It is contended by the respondent nos. 1 and 17 that the allegations in the petition relating to incurring or authorising of expenses in excess of the prescribed limit are wholly untrue, false, vague, uncertain, indefinite and imaginary. It is stated that the respondent no. 1 had given a correct account of the expenses incurred and authorised by him and his election agent at the election. The items of expenses as mentioned in the petition as having been incurred or authorised by the respondent no. 1 of his election agent or by anybody with the consent of the respondent no. 1 or his election agent for publishing the adverstisement and other election literature are stoutly denied by the respondents no. 1 and 17. Is is also denied that the respondent no. 1 or the respondent no. 17 had spent about Rs. 2 lacs for procuring vehicles for the free conveyence of the voters. The other allegations made in the petition are also denied by the respondents nos. 1 and 17. It is material to repeat that the respondent no. 1 has stated that he and his election agent had incurred and authorised only such expenses as were sentioned in the return of expenses submitted by his to the concerned authorities under the Rules. It is stated that the respondent no. 1 had act exceeded the prescribed limit of Rs. 40,000/- which is the limit of expenses which any candidate at the election could have incurred or authorised.

The respondent no. 18 i.e. the Returning Officer, has not filed any written statement.

On the pleadings of the parties, the following issues are framed :-

1. Whether the petitioner proves that the first respondent, his election agent and/or any other person with the consent of first respondent or consent of his election agent had committed corrupt practice by booth capturing (rigging) in any of the booths specified at Annexure A to the petition ?

INDEX

2. Whether the petitioner proves that the first respondent, his election agent and/or any other person with the consent of first respondent or consent of his election agent had committed corrupt practice by exercising undue influence by means of direct and/or indirect interforence with the free exercise of election electoral rights of voters ?

3. Whether the petitioner proves that first respondent, his election agent and/or any other persons with the consent of first respondent or consent of his election agent had committed corrupt prazactice by incurring or authorising expenditure in contravention of sec. 77 of the Representation of the People Act, 1951 ?

4. Whether the petitioner proves that the first respondent, his election agent and/or any other person with the consent of first respondent or consent of his election agent had committed corrupt practice by hiring or procuring motor vehicles and using then for the free conveyance of electors (other than the candidate himself, the members of his family or his agent) to and from polling station ?

5. Whether the petitioner proves that the first respondent, his election agent and/or any other person with the consent of first respondent or consent of his election agent had committed corrupt practice by making any appeal to vote for the first respondent on the ground of caste/community ?

6. Whether the election of first respondent is required to be declared to be void on account of any corrupt practice committed by the first respondent or his election agent or by any other persons with the consent of the first respondent or his election agent ?

7. Whether the petitioner proves that the result of the election in so far as it concerns the first respondent has been materially affected by any of the alleged corrupt practices committed in the interest of the first respondent by an agent other than his election agent and on account of the same election of the first respondent is required to be declared to be void ?

8. Whether the petitioner proves that but for the votes obtained by the first respondent by corrupt practices the 15th respondent would have obtained a majority of valid votes and that, therefore, upon the election of the first respondent being declared void, the 15th respondent is required to be declared to have been duly elected ?

MY FINDINGS ON THE AFORESAID ISSUES ARE

REASONS

Issues nos. 1,2,4 & 5 :

These four issues can be conveniently disposed of together as the evidence on the issues is so vague. and weak that the petitioner's learned counsel Mr. H. M. Mehta could not also seriously pressed these issues. Before referning to the evidence on these issue, it may be noted that the legal position as to the burden of proof to be discharged by the petitioner to prove a corrupt practice is too well-settled to require the backing or citation of authorities. Suffice it is to say that the evidence that could be adduced by the petitioner to prove corrupt practice in an election case must be cogent and conclusiv, Though the charge of corrupt practice cannot be wholly equated to a criminal charge in all respects, the burden of proving

INDEX

a corrupt practice rests on the petitioner and he has to discharge that burden satisfactorily. What the petitioner has to prove is not merely the preponderance of probabilities (See Navraj Patodia vs. R. K. Birla A.I.R. 1971 S.C. 1295.) We have to bear in mind this test while appreciating and evaluating the evidence adduced on the side of the petitioner to prove several corrupt practices charged by him against the respondent no. 1.

The petitioner's witnesses Shambhubhai Jivram (Ex. 36) and Parshhotamdas Mohanbhai Patel (Ex. 37) have spoken about the version in the petition regarding booth-capturing, undue influence exercised on the voters and bogus voting. Both these witnesses admittedly belonged to Janta Dal (G) party, which had sponsored the respondent no. 15 as its candidate. It is also clear from the admissions wrung out from these witnesses that they are both the seasoned political workers well conversant with the election processes as also the authorities to be approached in case any corrupt practices are indulged in by or on behalf of any candidate. Shambhubhai has stated that he was specifically entrusted by his party with the superviling of election work of Janta Dal (G) candidate in Fulpada, Simada, Kapadra, Nana Varacha and Karej localities of Chorasi Constituency of the Legislative Assembly. His version is that some of his party workers had gone to him on the election day and complained that some workers of the respondent no. 1 were obstructing Janta Dal (G) voters from going to the polling booths. He has stated that on receiving such complaints, he first went to the polling booth kept in the Gujarat Electricity Board Guest House, near Kapadra Char Rasta and thereupon he saw the respondent no. 1 himself and some 15 companions of his coming out from the said booth and some voters running away from near the booth. According to him, these voters were speaking that they were not allowed to cast their votes. In his examination-in-chief itself, the witness has clearly stated that at the time of this alleged incident, he has not seen the respondent no. 1 doing anything else or speaking anything, which means that the respondent no. 1 and his 15 companions were only coming out from the polling booth and proceeding towards the respondent no. 1's jeep-car, which, according to him, was parked outside the booth. It is further the version of this witness that, after visiting this G.E.B. board Guest house booth, he has gone to another booth situated in School no. 85, near Bombay Colony, and has there seen some persons, sporting badges with the picture of a torch (the election symbol of the respondent no. 1), asking the voters in the queue not to enter the polling booths to cast their votes. It is stated by the witness that these workers of the respondent no. 1 were telling the voters in the queue to go away without casting their votes. Witness Shambhubhai has then stated in his examination-in-chief that, on neither of the occasions, he had seen any weapons with the alleged associates of the respondent no. 1 or the respondent no. 1 himself. This witness has claimed that these were not the only two polling booths visited by him on the election day, but he had not seen anything untoward or abnormal at any other booth. He admits that he had not submitted any written report, about any booth-capturing or pressure exerted on the voters, to any authority or even to his party office. He only says that he had only orally informed his party office about the aforesaid two incidents. His cross-examination reveals that he has been an active political worker for the last 10 to 12 years and was also one of the aspirants for the Janta Dal ticket at the time of the election in question. His cross-examination also brings out that he has been participating in election work for different candidates of his party at different elections for the last about 10 to 12 years. Once again in his cross-examination he has stated that he was specifically entrusted by his party with the work of seeing that the candidates or workers of the other parties did not indulge in any malpractices or commit any offences on the election day or prior to that. When asked to name the workers of his party who, according to him, had complained to him about the correct practices indulged in by the respondent no. 1 and his workers, this witness has claimed ignorance about the names of such workers. Strangely enough, he says that he has not made any complaint, written or oral, about the alleged corrupt practices committed at the aforesaid two booths either to the Presiding Officers at the booths, or to any Police officer because, according to him, such complaints could be made only by an election agent or a polling agent. He admits that a Zonal Officer is supposed to visit every booth at the interval of every two hours and that any person can make any complaint to such Zonal Officer, but he says that he had not bothered to make any such complaint to any Zonal Officer. He disclaim knowledge about the persons who were allegedly with the respondent no. 1 to come out from the G.E.B. Guest House polling booth. He also disclaim ignorance as to who were the voters, whom he had seen coming out from the booth or running away and who had complained to him that they were prevented from casting their votes. According to him, witness Parshhotamdas Mohanbhai was with him when he visited the aforesaid two booths and saw corrupt practices being committed there. However, he says that he was beyond hearing distance when the voters complained to him about their having been prevented from casting their votes. He has pleaded ignorance as to whether the polling agent of Janta Dal (G) candidates was present or not in the polling booth at G.E.B. Guest House when he visited the said booth and saw corrupt practices being committed. It may be noted that this witness his stated that when he saw the respondent no. 1 coming out from the G.E.B. Guest House polling booth and at the same time saw voters running away from near that booth he had told the respondent no. 1 in a polite way, "Bhai, you should allow things to go on as they

INDEX

ought to. People should be allowed to cast their votes as desired by them". According to him, the respondent no.1 had thereupon curtly asked him to mind his own business. This witness had admitted that there was Police Bandobust also at and near the booths and he keeps completely silent as to what the Police personnel were doing if at all any persons were forcing the voters either to cast votes as dictated by him or not to cast votes at all.

The version of the next witness Parshhotambhai Mohanbhai is that on the day of the election, he himself and witness Shambhubhai were moving from booth to booth to mobilise their voters and, according to him, they had learnt that their polling agents had left their respective booths after 10.00 A. M. as a result of threats given to them. He states that he was so informed by some workers of his party, but claims ignorance about the names of such workers. Aparts from that, it is not the version of Shambhubhai anywhere that he and Parshottamdas were informed that their polling agents had left their respective polling booths. He then says that when Shambhubhai and he reached near G.E.B. Guest House polling booth, they had seen the respondent no. 1 coming out from the polling booth with some 15 companions of his including one Govindbhai Patel. He then gives a version, which is entirely different from the version of Shambhubhai, by stating that the respondent no. 1 and Govindbhai Patel were snatching away voters slips from the voters. It may be recalled here that Shambhubhai has stated that he had not seen the respondent no. 1 doing anything except that he was coming out from the polling booth. The version of this witness is that as the respondent no. 1 and Govindbhai Patel were snatching away the slips from the voters. the voters were speaking as to why their slips were being snatched away though they wanted to exercise their franchise. It is stated by this witness that the respondent no. 1 and Govindbhai Patel had told these voters to treat their voting being over and had asked them to return home. The witness then says that, on seeing this,he had aksed the respondent no. 1 as to why he was preventing the voters from going to cast their votes. Whereupon the respondent no. 1 had told him, "If you are a son of a Patel, I am also a Patel's son. Why do you want to get this Muslim elected? You rather help me" (the respondent no. 15 is a Muslim gentleman). Without any further comment, it may be noted here that this version given out by this witness is entirely absent in the evidence of Shambubhai. In fact, the two versions are totally contradictory. Witness Parshottamdas has then spoken about the alleged incident which took place at the polling booth situated in the school. He says that he had entered that polling booth and found that Janta Dal (G) Polling agent was not their in the booth, though it was 1.30 P. M. then. He further says that there was a long queue of voters at the booth and his feeling was that all those voters were determined to cast votes in favour of one party (presumably the respondent no. 1). He states that he had then looked at the fingers of those persons and found that there were ink marks on the fingers of all of them, indicating that they had already cast their votes. In other words, this witness has spoken about repeated bogus voting by some voters in favour of the respondent no. 1 and he goes to the length of saying that he had actually brought this situation to the notice of the Presiding Officer. He further says that the Presiding Officer had assured him that he would take necessary steps in the matter and his evidence would show that he was satisfied with such an empty assurance of the Presiding Officer because, according to him, he had subsequently found that no steps were taken in respect of the bogus voting, which was going on at the school booth. Here also, it may be noted that this version of the witness is completely contradictory to the version of Shambhubhai as to what happened at the booth, which was located in a school. This witness also admits in his cross-examination that he has been in politics in an active way since 1972 and since then, he has been taking part in the election work of the candidate belonging to the party of which he was a member at the relevant time. He admits to be conversant as to which authority or forum should be approached in connection with the election matters, if any problem arises at the time of the election. In fact, he admits that at the time of the general election inquestion, he was holding the office of the Secretary of Surat City Janta Dal. This witness also admits that at both the aforeslid booths visited by him and Shambhubhai, the election staff members and the Police personnel were present. Like Shambhubhai he also says that he had not made any written complaint to any authority about the corrupt practices seen by him being indulged in but he had only made an oral report to his party office in the evening.

It is not necessary to dwell at any length to point out that the evidence of the aforesaid two witnesses about the two alleged incidents of booth capturing and bogus voting spoken of by them is irreconcilably contradictory. Apart from that, this evidence which is furnished by highly interested persons is also vicited by improbabilities inhere theirin. It is practically impossible to believe that such seasoned political workers, as these two witnesses, would not bother to make complaints about the corrupt practices and high handedness indulged in to favour their rival candidates and particularly when their allegation is that, as at one of the booths, that rival candidate himself was a party to the commission of such corrupt practices or that such corrupt practices were committed in his presence and with his connivance, as it were. It is not necessary to dwell at any further length to point out that the evidence of these two witnesses is far from satisfactory and credible to hold the charge of corrupt practices having been committed at either of the booths mentioned by them.

INDEX

The thrid witness examined on the side of the petitioner to speak about undue influence exerted on voters and about bogus voting is Mansukhbhai Maganbhai Patel (Ex. 38). This witness was admittedly the President of Karej ward committee of Janta Dal. He has clearly admitted that he had actively worked for the success of the respondent no. 15 at the time of the election in question. He says that on the election day, he was taking rounds of the area to supervise the work of his party workers and polling agents and, in the course of such rounds, he had reached the polling booth located in Ambicanagar Society of Karej area at about 10.30 A. M. According to him, the booth was in Sanskar Vidyalaya Shala. His version is that when he reached this booth, he had heard some people of that area saying that the respondent no 1's workers were snatching away voters slips from the voters and there upon he had reported this matter to his Ward Convener *i. e.* Shambhubhai Jivram. Shambhubhai has has nowhere given the name of this witness Mansukhbhai as one of his workers who had informed him about the happenings of Sanskar Vidyalaya shall booth. He has then spoken about his visit of the said booth at about 5.30 P. M. on the election day i. e. after the closing of the polling hours. He says that when he reached there, he had seen the doors of the polling booth shut and chained from within and that, on his knocking the doors, somebody had opened the same and thereupon he had seen the respondent no. 1's worker Govindbhai Patel and some other workers of the respondent no. 1 inside the polling booth, According to him, these persons were marking impressions on the ballot papers with the voters' stamp against the name of the respondent no. 1. This means that, according to the witness, the workers of the respondent no. 1, including one Govindbhai Patel, were marking bogus votes in favour of the respondent no. 1 and putting such ballot papers in the ballot boxes. He says that, on seeing this, he had chided Govindbhai Patel, again politely, by saying, "Bhai, this is something wrong that you are doing". He says that Govindbhai was thereupon enraged and had abused him and asked him, under the threat of death, to go away. The witness says that he was so much frightened by this threat given by Govindbhai that he had developed temperature and he had immediately gone to the dispensary and could not report to anybody this matter, but on the same day he had informed Janta Dal acting President Ajaybhai Choksi in the evening. It is interesting to note that the cross-examination of this witness has also brought out that he has been in active politics for the last about 15 years and for the last about 1/1/2 years, he he has been holdingthe office of the President of Karej Janta Dal Committee. He also admits participating in the election work of whatever party he belongs to for the time being for the last about 15 years and being conversant with the election procedure and processes and also about the election officer, such as bogus voting, booth-capturing etc. It is obvious that this witness has taken refuge under the plan of being taken ill out of fear on account of the alleged threat given to him by Govindbhai Patel, only to explain away his conduct in not taking any steps, though a serious corrupt practice was being indulged in by Govindbhai and others and though Govindbhai had threatened him with dire consequences. It is impossible to believe that a person who has been so actively in politics as this witness is, for the last 15 years, would not inform the authorities or the Police about the incident and his attempt at not explanining such conduct on his part on the lame plea of being frightened must of necessity fail. It may be noted that it is not his case that the Police personnel and the election staff members were not present at the time when the corrupt practice of bogus voting was indulged in and when he was given a serious threat by Govindbhai. In this context, it is worthy of note that this witness is a businessman, having a furniture manufacturing factory for the last about 7 years and he has been residing in Surat city for quite some time. In order to explain away his conduct in not informing any authority or the Police about the incident, he has gone to the length of saying that he was so much shaken by the threat given to him by Govindbhai that he had straight way gone to his house, instead of to a dispensary, even though his temperature had risen on getting the threat from Govindbhai. He says that he had to call one Dr. V. P. Vaghani for treatment at his residence and that he had told Dr. Vaghani that he was taken ill out of fear. He says that his temperature had returned to normal at about 9.00 P. M., but admits that, even after that, he had not lodged any complaint with the Police about the threat given to him by Govindbhai. On behalf of the respondent no. 1, obviously the allegations made by this witness, including even about his seeing Govindbhai at Ambicanagar booth, are denied by putting suitable suggestions to the witness. It is impossible to place any reliance even on the evidence of this witness, whose testimony is full of improbabilities and is totally uncorroborated. The subsequent conduct of this witness is absolutely inconsistent with any incident as narrated by him. Apart from everything else, if Govindbhai or anybody had forcibly snatched away ballot papers from the election staff members an had misused those ballot papers, it is impossible to believe that the Presiding Officers and the other election staff members would not have taken any steps in the matter. There is, however, no evidence of any such steps having been taken by the Presiding Officer or any other person in authority.

Then there is the evidence of Manubhai Shamjibhai Patel (Ex. 39), who also admits to have worked for the respondent no. 15 at the time of the election in question. His version is that he had visited the polling booth located in Sadhana High School in Gangeshwar Society, Varacha Road at about 3.30 P.M. when the polling was in progress. He claims to have peeped into the polling room through

INDEX

a window and to have seen some 15 to 20 workers of the respondent no. 1 inside the polling room. He says that these persons were snatching away blank ballot papers from the hands of the polling staff members and were putting stamp impressions on the said papers and inserting those papers in the ballot boxes. He says that at that time except the polling agents of the respondent no. 1, the polling agents of the other candidates were not seen in the polling room and he had heard that they were driven away. He disclaims knowledge as to the names of any of the workers of the respondent no. 1 who were indulging in bogus voting as stated by him. This man also admittedly did not lodge any complaint in writing or orally to the Presiding Officer or to any authority or the Police personnel, but says that he had informed witness Shambhubhai and acting President Ajay Choksi of Janta Dal about the incident seen by him. So far as this witness is concerned, the same comments will apply to him also, as have been made by me in connection with the aforesaid other witnesses, namely, that he is also a highly interested witness and his conduct is not consistent with his having seen any incident of bogus voting as stated by him. He says that ballot papers were being snatched away from the polling staff members against their will and yet it is nobody's version that the Presiding Officer or any other polling staff member had done anything about the bogus voting allegedly indulged in by the workers of the respondent no. 1. There is also no corroboration to his evidence that the polling agents of the other candidates were driven away by the workers of the respondent no. 1. I have no hesitation whatsoever in rejecting the evidence of this witness also when speaks about the alleged incident of bogus voting at Sadhna High School Polling booth.

The next witness Shailesh Kantilal Mehta (Ex. 40) was the secretary of the Surat City District Janta Dal Committee. He had admittedly worked for the respondent no. 15 at the time of the election in question. He has first spoken about some report lodged by him with the Special Observer appointed by the Election Commission at the time of his visit to Surat city about 10 days prior to the day o the election, wherein he had expressed apprehensions that there might be malpractices on a large scale in Chorasi Constitutency. He also says that he had asked the Special Observer to take necessary precautionary measure in the matter and had also written similarly to the Police Commissioner of the City to provide for the special bandhobust in Chorasi Constituency. No such reports are brought on record. Apart from that, these reports even if they were brought on record and proved would not have established any of the charges of corrupt practices alleged in the petition. But then, the witness has spoken about an incident said to have been witnessed by him at one of the polling booths situated in A.V.M. School building. It may be noted that this witness has stated that, on the day of the election, he had visited a number of polling booths of Chorasi Constituency and then he speaks about an incident having taken place at A.V.M. School polling booth, when he visited the said booth at about 10.00 or 10.30 A.M. on the election day. He says that when he was proceeding towards the polling booth, the Janta Dal polling Agent one Ashokbhai Naik was seen by him coming out of the booth in a frightened state and the said Ashokbhai had told him that some 20 to 25 workers of Yuva Vikas Party (the respondent no. 1's party) had entered the booth and threatened him with dire consequences and driven him away from the booth, along with other polling agents. Witness Shailesh Mehta says that he had then immediately taken Ashokbhai to the Police Constable or Head Constable, who was standing near the polling booth and had reported to that Policeman what Ashokbhai had told him, whereupon the said Policeman had told him that they would shortly take steps in the matter. But then the witness himself has stated that the Police had not taken any steps in the matter. He says that the Policeman had told him to go to the Police Station and lodge information there. It is very important to note that Ashokbhai Naik is not examined by the petitioner. Therefore the evidence of this witness as regards the alleged incident at A.V.M. School polling booth has remained totally uncorroborated. Otherwise also, the uncorroborated evidence of this interested witness about this incident is absolutely unbelievable.

Then this witness Shailesh Mehta has stated that after visiting A.V.M. School polling station booth, he had gone to Rang Audhut society polling booth at about 11.00 or 11.30 A.M. and had seen large crowds standing outside the polling booth and had also seen vehicles bearing flags and symbools of Yuva Vikas Party coming towards the polling booths with voters there. According to him, the respondent no. 1's election agent Madhubhai Hirpara was standing outside the polling booth and he and other workers of Yuva Vikas Party were instructing the vehicle drivers to go back for other trips to bring voters to the polling station. He says that he had seen 8 or 10 tempos thus employed by the respondent no. 1 or his election agent for the purpose of free conveyance of the voters to polling booths and back. He says that he had jotted down the numbers of all the said tempos on a piece of paper on the spot. His version further is that, then at about 12.15 or 12.30 noon, he had written out a letter addressed to the Police Commissioner, mentioning therein the numbers of the tempos which he had seen being employed to bring voters to Rang Audhut Society polling booth. He also says that he had addressed a similar letter to the Chief Election Officer at about 4.00 P.M. Mark

INDEX

41/1 and 41/2 are indentified by him as copies of the said two letters. However, the originals of these alleged copies are not brought on record and there is also no evidence about the offices of the Chief Election Officer or the Police Commissioner having received any such letters. This witness is also in active politics for the last 15 to 16 years, as admitted by him, and he is a graduate in arts. It appears that he is quite conversant as to who should be approached with complaints of corrupt practice. However, there is nothing on the record to show that any complaints were made about hiring or procuring of vehicles by the respondent no. 1 or his election agent or by anybody with the consent of the respondent no. 1 or his election agent for free conveyance of voters to the polling booths. The petitioner has also not examined any polling agents, who were allegedly driven away by the workers of the respondent no. 1. The witness has denied the suggestion that no vehicles were employed for free conveyance of voters by the respondent no. 1 or anybody else. The evidence of this witness as to the corrupt practice of hiring or procuring of vehicles for the free conveyance of voters is uncorroborated and is farthest from convincing.

The only evidence about the appel by the respondent no. 1 and/or his election agent or others with the consent of the respondent no. 1 and/or his election agent in the name of the caste of the respondent no.1 (Patel) is the evidence furnished by Parshhotamdas Mohanbhai Patel (Ex. 37) inas much as he states that, when he asked the respondent no. 1 at G.E.B. Polling bootth to allow people to vo'e in accordance with their desire, the respondent no. 1 had told him, "If you are a son of a Patel, I am also a Patel's son. Wny do you want to get this Muslim elected You rather help me". It may be noted that the respondent no 15 is a Muslim gentleman. I am not at all inclined to accept the uncorrobrated and interested evidence of Parshhotamdas when he attributes aforesaid statement to the respondent no.1. All this apart, the Returning Officer Mrs. Sangita Singh (Ex. 97) has clearly stated that no complaints were received about any corrupt practice having been committed at any booth. Not a sinlge voter is examined to show that he was prevented from voting or forced to vote for respondent no. 1 or ending to show that bogus voting was done by somebody else in his name.

The evidence of the aforesaid five witnesses is the only evidence adduced by the petitoner to prove the different charges of corrupt practice, except the charge of the respondent no. 1 having exceeded the permissible limit of expenditure, and I have no hesitation in rejecting evidence of these witnesses and to holding that the charges of the corrupt practices, which are the subject-matter of issues nos. 1, 2, 4, and 5 are not proved. I may say that even if these charges could have been held proved on the test of mere preponderance of probabilities, my finding would have been that they were not proved.

ISSUE NO. 3 :

The alleged corrupt practice, on the basis of which this issue is framed is referred to in sec.123(6) of the Act. Sec. 123(6) deems the incurring or authorising of expenditure, in contravention of sec. 77 of the Act, as a corrupt Practice. Therefore, it would be required to be considered as to what would amount to contravention of section 77 of the Act. Section 77(1) mandates every candidate either by himself or by his electio[redacted]gent, to keep a separate and correct account of all exenditure in connection with the election *incurred or authorised by him or by his election agent* between the two dates specified in the said sub-section, namely, the date on which the candidate has been nominated and the date of declaration of the result of the election. Thus, this provision requires a canidate to maintain accounts of the expenditure incurred or authorised by him or by his election agent. It does not require a candidate to maintain any accounts of any expenditure incurred or authorised by his political party or by any other supporters of his, even though such expenditure might have been incurred in connection with the election of the concerned candidate. This position is made further clear by Explanation 1 to sub-sec. (1) of sec. 77 of the Act. This Explanation makes it abundantly clear that any expenditure incurred or authorised in connection with the election of a candidate by a political pary or by any other association or body of persons or by any individual (other than the candidate or his election agent) shall not be deemed to be expenditure in connection with the election incurred or authorised by the candidate or by his election agent for the purposes of the sub-sec. (1) of sec. 77 of the Act. We are not concerned in this case with Explanations 2 and 3 to sub-sec. (1) of sec. 77 of the Act. Sub-sec. (2) provides that the accounts to be maintained under sub-sec. (1) shall contain such particulars as may be prescribed. Then, there is sub-sec. (3) wihich states that the total of "the said" expenditrue shall not exceed such amount as may be prescribed. It becomes obvious on a bare veading of the entire section 77 of the Act that the expression "the said" used in sub-sec. (3) of sec. 77 of refers to expenditure and the accounts thereof referred to in

INDEX

sub-sec. (1) of sec. 77 of the Act. In other words, the total expenditure which should not exceed the prescribed amount is the expenses of which sub-sec. (1) mandates maintenance of account by the candidate and the said expenses are clearly, therefore, expenses incurred or authorised by the candidate or his election agent and not by any polictical party or by other persons. To put it differently, it is only the expenditure incurred or authorised by the candidate or by his election agent exceeds the prescribed limit, there would be a contravention of sec. 77 of the Act. There is no limit placed on the expenditure, which a political party or any other persons (except the candidate on his election agent) may incur, even though it may be in connection with the election of the particular candidate. There is no dispute about the fact that so far as the Gujarat State Legislative Assembly is concerned, the prescribed maximum limit of expenditure which a candidate or his election agent may incured or authorise is Rs. 40,000/-. Therefore what is required to be proved by the petitioner in this case, so far as this issue is concerned, is that the respondent no. 1 or his election agent, *i.e.* the respondent no. 17, had incurred or authorised expenditure in excess of Rs. 40,000/- for the election work of the respondent no. 1. The petitioner cannot succeed on this issue if he fails to prove that the respondent no. 1 and/or the respondent no.17 had incurred or authorised expenditure in excess of Rs. 40,000/- in connection with the election of the respondent no 1. If the respondent no. 1 and/or the respondent no. 17 are not proved to have incurreed or authorised expenditure in excess of Rs. 40,000/-, the petitioner cannot succeed on this issue even if he proves that the some total of the expenditure incured by he respondent no. 1 and/or the respondent no.17 and the political pary to which the respondent no. 1 belongs or other supporters of the respondent no.1 was in excess of Rs. 40,000/-.

In the petition, the petitoner has alleged that the respondent no. 1 and his election agent (respondent no. 17) had incurred and authorised expenditure of more thah Rs. 20 lacs for the election of the respondent-no. 1. This allegation is made in para 11 of the petition and therein some four items of expenses allegedly incurred or auhtorised by the two concerned respondents are also metnioned. It is alleged that these respondents had incurred or auhtorised expenses of (1) Rs. 8,50,000/- for advertisements published in different newspapers soliciting votes for the respondent no.1: (ii) Rs. 7,50,000/- incurred on printing and preparation of pamphlets, banners, badegs, posters, wall paintings and other election literature soliciting votes for the respondent no. 1, including letrature published in the name of Yuva Vikas Pary, such as posters and pamphlets; (iii) Rs. 2 lacs for prpcuring and hiring vehicles for the election work of the responent no. 1; and (iv) Rs. 2 lacs on election meetins. In reply to these averments in the petition, the respondents nol. 1 and 17 have stated that they had not incurred or authorised any expenditure other than expenditure of which accounts (Ex. 200) were maintained and such expenses came to only Rs. 29,370/—. The case of the respondents nos. 1 and 17 appears to be that neither of them had incurred or authorised any expenditure for advertisments in the newspapers or for publication of election materials, such a pahphelets, posters, banners, basis, voters' slips etc., It is also denied by the respondents nos. 1 and 17 that they had spent any amounts for procucing or hiring any vehicles or for holding any election meetings. It has been consistently stated by the respondent no 1. that he had not spent even a single rupee in exceess of Rs. 29,370/- for whih he had maintained and subsmitted the accounts at Ex. 200 and the vouchers produce by him in support of the said accounts.

The evidence on record does show that large a amount, far in excess of Rs. 40,000/—, was spent by the respondent no. 1's partly, namely, Yuva Vikas Party, for the election work. The first question in this connection would be whether the amounts allegedly spent by Yuva Vikas Party for the election work pertained to the election work of the respondent no. 1 alone or also of the two other candidates, who admittedly contested the same election on Yuva Vikas Party ticket from Surat City and a few other candidates who also contested the same election. on Yuva Vikas Party tickets from different party of the State. I will advert to this aspect of the case later on. Before that, it will have to be examined as to what connotation has to be given to the expression "incurred or authorised" occurring in sec. 17 of the Act. As already stated, explanation 1 to sub-sec. (1) of sec. 77 make it clear that any expenditure incurred by a political party or others (except the candidate himself or his election agent) cannot be deemed to be expenses incurred or authirsed by the candidate or his election agent, even it such expenditure be for the election work of the concerned candidate. The contention of Miss. Yagnik was that it is only those expenses the incurring of which has come from the funds of the candidate or his election agent that can be said to have been incurred or authorised by the candidate or his election agent, as the case may be. It was contended that if the funds came from some other sources, such as the concerned political party or some other supporters of the candidate and there was no undertaking by the candidate or his election agent to reimurse such expenses to the party or to the individual who might have incurred the expenses, such expenses cannot be said to have been incurred or authorised by the candidate or his election agent. In support of this contention, Miss. Yagnik rightly relied upon the decision renderd by the 5 Judges Constitution Banch of the Supreme Court in the case of **Dr. P. Nalla Thampy Terah vs. Union of**

INDEX

**India and otheres** (A. I. R. 1985. S. C. 1133). That was a case in which the vires of Explanation 1 to sec. 77(1) of the Act, referred to above, came to be challenged. Explaining the Explanation 1 to sec. 77(1) of the Act, the Supreme Court held that under that provisoin, a political party or any other association or body of persons any individual other than the candidate or his election agent, can incur expenses, without any limitation whatsoever, in connection with the election of a candidate. It was pointed out that such expenses, are not deemed to be expenditure, in connection with the election incurred or authorised by the candidate of by his election agent for the purposes of section 77(1). The challenge to the vires of Explanation was rejected on the ground that the provision was not discriminatory and did not violate the rule of equality. It was also stated that such expenses incurred by a political party or persons other than the candidate of his election agent are not required to be accounted for. It was also held that the Explanation obliterates the dividing line drawn in Kanwar Lal Gupta's case between expenses incurred in connection with the election of a particular candidate and expenses incurred on generl party propaganda. It was held that all persons, except the candidate and his election agent, are now free to incur exenditure of the former kind also without the constraint of ceiling imposed upon election expenditure by section 77 read with Rule 90 of the Conduct of Election Rules, 1961. In the same context, it is stated that all otheres, except the candidate and his election agent, are now freed by Explanation 1 from the restriction on pending, so long as the expenditure is incurred or authorised by those otheres. In this connection, it is also oaid down that sec. 77(1) deals with the expenditure 'incurred or authrised by a candidate or his election agent in connection with the election. It is held that it is obligatory to keep a separate and correct account only of such expenditure. Explanation 1, it is held deals with the expenditure inccured or authroised by a political party or any other association or body of persons or by an individual other than the candidate or his election agent and it is not obligatory for the candidate or his election agent to keep a separate and correct account of such expenditure. Section 77(1) on the one hand and Explanation 1 on the other are held to deal with two different situations and, therefore, the latter cannot render the former meaningless. It was pointed out that if an expenditure which purports to have been incurred, for example, by a political party, has in fact been incurred by the candidate or his election agent, Explanation 1 will not be attracted. It is only if the expenditure is in fact incurred or authorised by a political party or any other association or body of persons or by a n individual (other than the candidate or his election agent) that the Explanation will caomeinto play. The candidate cannot plaae his own funds in the power or possession ofa political party or a trade union or some other persons and plead for the protection of Explanation 1. The reason is that, in such a a case, the incurring of the expenditure by those othere, is a more facade. In truth and substhce, the expenditure is incurred by the candidate himself because the money is his. The most important observation which then occurs in the jundgement is, "What mattrs for the purpose of Explanation 1 is not whose hand it is that spends the money. The essence of the matter is, whose money it is. It is only if the money expnded by a polictical party, for example, is not laid at its dispoal by the candidate or his election agent that Explanation 1 would apply. In other words, it must be shown, in order that Explanation may apply, that the source of the expenditure incurred was not the candidate or his slection agent The object of the Explanation is to ensure that the expenditure incurred for example, by a political party on its on, that is, without using the funds provided by the candidate or his election agent shall not be deemed to be exenditure incuured or authorised by the candidate or his election agent. If the expenditure is incurred from out of the funds provided by the candidate or his election agent, sec. 77(1) and not Explanation 1 would apply."

Since the meaning to be assigned to the expression incurred or authorised by a candidate or his election agent as occuring in sec. 77(1) and Explanation thereto is made abundantly clearm by then Supreme Court in its aforesaid decision, it may notbe necessary to refferto somcother decisions on the point cited at the Bar. In the facts and circumstances of this case, what is to be decided is whether funds it can be held proved that the funds for meeting the expenditure, other than the expenditure of Rs. 29,370/—for which accounts have been submitted by the respondents, were the tumdhs coming form the cofferes of the respondent No. 1 of his election agent i.e. respondent no. 17 or whether they were the coffers of the politicalparty to which the respondent no. 1 benlongs, namely Yuva Vikas Party. On the evidence on recod, there cannot be any doubdt that the expense other than Rs. 29,370/— were incurred forthe election work of the respondent no. 1 and/or other candidates of his party. The case of the respondent nos 1 and 17 is that the expenses in excess of Rs. 29,370/— were incurred from the funds of Yuva Vikas Party and not from the funds of the respondent no 1 or 17. It is also the case of the said respondents that there was no obligation created on them to reimburse these expenses to Yuva Vikas Party or to anybody. In this connection it may first be noted that receipt books containing carbon duplictes of the original receipts purporting tohave been issued to an number of donors to Yuva Vikas Party have been bought on record at Exs. 192 to 198. The case of the respondents no. 1 and 17 at the stage of evidence is that people has contributed funds to Yuva Vikas Party against receipts issued to them and the receipt books Exs. 192 to 198 contain carbon

copies of the receipts issued to the donors. These receipts, taken at their face value. show that the Yuva Vikas Party had received contributions aggregating to more than Rs. 16 lacs from different donors. There is no suficient basis in the evidence on record to brand these receipts as alse or babricated. It was nowhere suggested that these receipts are a camouflage to hide the fact that the amount of Rs. 16 lacs andmore realy belonged to the respondent no. 1 and/or respondent no. 17 It requires to be noted that the respondents nos 1 and 17 did not stap into the witness box as withnesses on the side of the respond ent no. 1 and they were, tfore, summoned b the 'pttioner and they have been subjecte to cross-examination by the petitioner after getting them delared hostile. However, at no stage, any sattemps was made to find out the real financial position of the respondent no.1 and/or respondenrnt no. 17 It is even not shown that whese respondents are income-tax payers or have ever paid wealth tax. The respondent no. 1 has stated his occupation as an Estafe Brokers and the respondt no. 17 has stated Brokerage and Diamond Polishing as his occupation. Thes respondent No. 17 was sas stated that he had made a donation of Rs. 9000/— by instalments to the party. However, there is absolutely no basi in the evidence on record to hold that the respondent no. 1 and/or the respondent no. 17 had enough means to enable them to spend Rs. 16 lacs out of their own pockets or to place such a hug amount at the disposal of the party to careate a facade showing that the expenses were incurred not by them but by their political party, namely, Yuva Vikas Party Not a single person or business concern, in whose names the receipts are issued, is examined to show that he or it had, in fact, donated money to the respndet no. 1 perosonally or individually and not to Yuva Vikas Party. Therefore, the version of the respondents no. 1 and 17 that expenses incurred in excess of Rs. 29,370/— were incurred not by them but by their political party cannotbe rules out as a possibility. Then, were are Rajmal and Khatavahi ostensibly of the Yuva Vikas Party, which are produce to show that the party had spend a large amount, say in the hneighbourhood of Rs. 15 lacs, for the election work not only of the respondent no. 1 but also of the other candidates put of by it at the electio .. The evidence on record, no doubt, shows that these account books cannot be treated as any accounts kept in regular way or in the regular coure of business. However, the evidence on the record at the same time shows that this party had sprung up into existence a little earlier than the general elections and its affaris were not in competent hands. Even assuming that the accounts were written at a strenth as suggested on bŒhald of the peititioner, for which undoubtedly there is some basis in the evedence on record, one cannot jamp to the conclusion that the expense incurred in excess of Rs. 29,370/— and which are reflected in the account books, a they are, were expenses met by the respondent no. 1 and/or 17 17 from their own fund. In short, therefa re, the possibility that Yuva Vikas Party and spent money on a rather hugs scale for the election in question cannot be ruled out. The respondent no. 1, as his evidence at Ex. 177 shows, was the Presdeint of the Party and the respondent no. 17 was the Treasurer of the Party. This, the respondent No. 17 ahad a dual capacity, namely, the election agent of the respondent no. 1 and the Treasurer of the Party. Morely becasuse the respondents no. 17 was the Treasurer of the Party and he has stated in his evidene at Ex. 179 that all expenses incurred by the Party were within this knowledge and were sanctioned by him, it cannot be said that the fundsfrom which these expenses were incurred were of the respondent no. 17.or the respondent no. 1 It cannot be overlooked that the respondot no. 17 happened to be the Treasurer of the Party alsc and there was no bar against the respondent no. 17 eacting in both the capaciities, namely, the election agent of the responent no. 1 and the Treasurer of his Party. Since the respondent no. 17 was the Treasurer of the Party, he would certainly be required to sanction the expenses incurred by the Party. The real question, as respeatedly, stated, is whether the funds were of the respondent no. 1 and/or 17 or or at least whether the sid funds were to be reimbursed by the respondents nos. 1 and/or 17 of the Party for the expenses asaid to have been incurrd by the Party. There is no suggestion that the respondent no. 1 and/or respondent no. 17 had undertaken to reimburse the Party anybody for the expenses icurred, niconnction with the election work, if the esxpents were in fact incurred by the Party or others. It is also pointed out above that the petitioner has not led sufficient basis, by direct circumstantial ividence, to rule out the possibility that the expenses in excess of Rs. 29,370/— were incurred or authorised by the respondent no. 1 and/or 17 in the sence that such expense were inurrred or authirised outof the funds belongig to the said respondents. In fact, the petitioner has failed to carry the case even toa stage where it can be said that the burden shifted to the respondent no. 1 to prove that expenses in excess of Rs. 29,370/— were incurred or authorised by him or by his election agent.

Reverting to the averments on this issue, as made in the petition, it may be recalled that it is stated that an amount of Rs. 8,50,000/—was spent for publishing advertsements in different newspapers for soliciting votes for the respondent no. 1 In this connection8, the evidence on record clearly shows that the advertisements were published in the Surat Editions of four newspapers, namely, Gujarat Samachar Sandesh, Nav Nirman, and Gujarat Mitra. It is true that in some of the advertisements, canvassing, is done only for the respondent no. 1, but, in most of the advertisements, it is done not only for the

INDEX

respondent No. 1, but also for the other party candidates, especially those contesting from different constituencies of Surat City. The evidence on record shows that, in all, there were three candidates, including the respondent no. 1, put up by the party from three different constituencies of the Surat City.

So far as the daily Gujarat Samachar is concerned, we have the evidence of witnesses M. K. Parikh (Ex. 123) and D. B. Desai (Ex. 138) There are also receipts at Exs. 151 and 152, showing that a total amount of Rs. 10,1,085/— was paid to the Gujarat Samachar for the advertisements, in the said daily. So far as the daily Sandesh is concerned, there is the evidence of R. C. Mehta (Ex. 56) and U. S. Singh (Ex. 100) and their evidence read, with receipts Exs. 82 to 87, shows that an amount of Rs. 1,64,610/— was received by their daily, namely, Sandesh, As regards daily Nav Nirman, we have the evidence of the employees of the said daily, namely, B. M. Patel (Ex.107) and Darshan V. Sanjanwala (Ex. 155) and that evidence, together with the receipts (Exs.. 113 to 117) shows that a total amount of Rs. 14,700/—was paid to the said daily for the advertisements published therein, So far as the daily Gujarat Mitra is concerned, there is the evidence of its employee Bhadreshkumar Mehta (Ex. 48) and the are receipts (Exs. 94 to 96), showing that a total amount of Rs. 71,870/— was paid to the said daily for the advertisements published therein. The total of these amounts comes to Rs. 3,52,265/—or thereabout. The petitioner's version is that this entire expenditure for publishing advertisements in the four dailies was incurred or authorised by the respondent no. 1 and/or 17. So far as the evidence of the aforesaid employees of thefour dailies is concerned, it does not disclose as to what actually was the source from which the money paid for the advertisements was. It is true that in some of the receipts or khatas maintained in the account books of the dailes, either the name of the respondent no. 1 or the respondent no. 17 is mentioned along with the name of Yuva Vikas Party. In some receipts, the name of the respondent No. 1 or the respondent no. 17 is mentioned as the tenderer. However, as already seen above, it is not the hand through which the payment is made that is material, but what is material is the source fromwhich the money for making the payment came. Reading of the advertisements as also the receipts passed by the dailies and the khata from the account books of the dailies, it is not possible to hold it proved that it was the respondent no. 1 or the respondent no. 17 who had in fact footed the bills for these advertisements from their own funds. On the contrary, there is a clear possibility that the amount on advertisements was spent by Yuva Vikas Party which had collected donations from a large number of people. There is nothing to show that either respondent no. 1 or the respondent no. 17 had means enough to enable them to foot a bill of more than Rs. 3,50,000/— for advertisements in the newspapers.

Similarly, ther is no acceptable evidence, either direct or cirumstaintial, to hold it proved thate the amounts spent for other election literature and material, such a hand-bills, banneres, badges, posters and also wall-painting were spent bythe respondent no. 1 and/or respondent no. 17 from, their funds. There is also no evidence to show that either of these respondents had "authorised' the said expenses in the sense that they had undertaken to reimburse the expenses to their political party or to anybody. In fact, the badges and the wall-painting, etc. tend to show that such material was not for the benefit of the candidature of the respondent no. 1 alone. There is also no evidence, direct or circumstantial, to show that the respondent no. 1 and/or respondent no. 17 had "incurred or authorised" expenses of the order of Rs. 2 lacs or any part thereof for procuring and hiring the vehicles or expenses of Rs. 2 lacs or any part thereof for holding election meeting. Mr. Mehta, learned council for the petitioner, in this connection harped on some stray statements in the evidence of the respondent No. 1 and 17 and submitted that they constitute admissions on the part of the said respondents showing that they had spent amounts in esxcess of Rs. 40,000/—for the election work of the respondent no. 1. It is not possible to read any of the statements referred to by Mr. Mehta as admissions on the part of either of the respondents to the effect that they had "incurred or authorised" expenses in excess of Rs. 29.370/— as reflected in the accounts (Ex.200) It is true that there can rerely be any direct evidence. to prove that particular expenses were "incurred or authorised" by the candidate or his election agent. But in this case even the circumstantial cividence is far from enough for drawing an inference or for jumping to the conclusion that Yuva Vikas Party which had put up two other candidates from Surat City and also some candidates in the other parts of the State, was a more facade created to divert the funds of the respondent no. 1 and/or respondent no. 17 and then to spend the same in connection with the election of the respondent no. 1, It cannot, therefore, be held that it is aproved tha the the respondent no. 1 and/or respondent no. 17 had "incurred or authirised" expense in connection with the election work of the respondent no. 1 in excess of Rs. 29,370/— within the meaning given to the expression"incurred or authrised" by the Supreme Court in the case of Dr. P. Nalla Thampy Terah (Supra). As earlier noted by me, the case is not carried even to a stage where it can be said that the burden on the issue had shifted to the respondent no. 1. On an overall consideration of the entire evidence on this issue, therefore, I return a finding against the petitioner on this issue also,.

INDEX

In view of the findings recorded by me on Issues nos. 1 to 5, the other issues, which are consequential issues, do not survive for consideration.

In the result, therefore, the petition is dismissed and the petitioner is ordered to bear his own costs and to pay the costs of the respondent no. 1, which are quantified at Rs. 2,000/—. The amount of Rs. 2,000/— deposited by the petitioner as security with the court be paid to the respondent no. 1 as costs of this petition. Rest of the respondents are ordered to bear their own costs

By order of the Governor of Gujarat.

D, B. DHOLAKIA

By Order,

BALWANT SINGH,
SECRETARY TO THE
ELECTION COMMISSION OF INDIA.

**Statutory Rules and Orders (other than those published in Parts I, I-A and I-L) made by Statatory Authorities other than the Government of Gujarat including those made by the Government of India, the High Court, the Director of Municipalities, the Commissioner of Police, the Director of Prohibition and excise, the District Magistrates and the Election Commission, Election Tribunals, Returning Officers and other authorities, under the Election Commission.**

### ELECTION COMMISSION OF INDIA

**Notification**

Nirvachan Saddan, Ashok Road, New Delhi-110001.
Dated 19th April, 1993. 29 Chaitra, 1915 (Saka).

No. 76/GJ-LA/157/90.--Whereas, Shri Patel Mohanbhai Becharbhai R/O Nangal, Tal. Ankleshwar, Gujarat, a contesting candidate for the General Election to Gujarat Legislative Assembly from 157-Ankleshwar Assembly Constituency held in 1990 was disqualified by the Election Commission of India *vide* its order No. 76/GJ/90(80-146(LA), dated 7th February 1992, under section 10A of the Representation of the People Act, 1951, for failure to lodge any account of his election expenses as required by the said Act and Rules made thereunder;

And whereas, the said Shri Patel Mohanbhai Becharbhai had submitted a petition before the Election Commission of India for removal of disqualification imposed on him, giving reasons for his failure to lodge the account;

INDEX

And whereas, after considering the petition and taking into account all material Facts of the case, the Election Commission in exercise of the powers conferred by section 11 of the Representation of the People Act, 1951 has, vide its order dated 19th April, 1993 removed the disqualification of Shri Patel Mohanbhai Becharbhai imposed upon him by the Commission's Order dated 7th February, 1992 under section 10A of the said Act, with effect from 19th April, 1993;

Now, therefore, the name of the said Shri Patel Mohanbhai Becharbhai shall be deemed to have been omitted from the Commission's Order No. 76/GJ/90(80-146)(LA), dated 7th February, 1992, as published in the Gazette of India and the Gujarat State Gazette on and from 19th April, 1993.

BALWAN SINGH,
Secretary to the
Election Commission of India.

### AGRICULTURE, CO-OPERATION AND RURAL DEVELOPMENT DEPARTMENT

**Notification**

Sachivalaya, Gandhinagar, 16th April, 1993.

No. GHKH-26/93-FER-1792-G-302-K. 5.—The following order of Government of India, Ministry of Agriculture, (Department of Agriculture-and Co-operation) New Delhi is republished :—

GOVERNMENT OF INDIA

**MINISTRY OF AGRICULTURE**

(DEPARTMENT OF AGRICULTURE AND CO-OPERATION)

**Order**

New Delhi the 9th November, 1992.

S. O. 826 (E).—In exercise of the powers conferred by section 3 of the Essential Commodities Act, 1955 (10 of 1955), the Central Government hereby makes the following Order further to amend the Fertiliser (Control) Order, 1985, namely:—

1. (1) This order may be called the Fertiliser (Control) (Third Amendment) Order, 1992.

(2) It shall come into force of the date of its publication in the *Official Gazette*.

INDEX

2. In Schedule-I to the Fertiliser (Control) Order, 1985 (hereinafter referred to as the said Order).

(1) under the heading "Part-A. Specifications of fertiliser" under sub-heading "1. (f) Micro-nutrients", after serial number 10 and the entries relating thereto, the following serial number and entries shall be inserted, namely:—

| Name of Fertiliser | Specifications | |
|---|---|---|
| 1 | 2 | |
| "11. Magnesium Sulphate | (i) Free flowing crystalline form. | |
| | (ii) Matter insoluble in water, percent by weight, maximum | 1.0 |
| | (iii) Magnesium (as Mg) percent by weight minimum | 9.6 |
| | (iv) Lead (as Pb), percent by weight maximum | 0.003 |
| | (v) pH (5% solution) | 5.0–8.0" |

(2) under the heading "Part-B. Tolerance limit in plant nutrient for various fertilisers"., after serial No. 7 and the entries relating thereto, the following serial numbers and entries shall be added, namely:—

"8. For Magnesium Sulphate 0.1"

3. In schedule II to the said Order, under the heading "Part B. Method of Analysis of Fertilisers" after the sub heading "18. Determination of Total Chlorides in Potassium Sulphate by Silver Nitrate Volumetric Method" and the serial numbers and entries thereto, the following sub-heading serial numbers and entries shall be inserted, namely:—

"19. *METHODS OF ANALYSIS OF MAGNESIUM SULPHATE :*

(i) *Quality of Reagents :*

Unless specified other wise, pure chemicals and glass distilled or damineralised water shall be used in testa.

(ii) *Determination of Magnesium :—*

(A) Atomic Absorption Spectrophotometeric method.

(a) Reagents.

(1) Hydrochloric acid 0.5 N

(2) Magnesium Standard Solution :—

Dissolve 1.013 g Magnesium Sulphate ($MgSO_4$, 7 $Cl_2$, $6H_2O$) in 0.5 N hydrochloric acid solution and dilute to 100 ml. with this acid in a volumetric flask. This is 1000 ppm magnesium stock solution.

(3) Strontium Cholride-solution :—

Dissolve 15 g strontium chloride (Sr. $Cl_2$, $6H_2O$) in 0.5 N hydrochloric acide and dilute to 100 ml with same solvent.

INDEX

(b) Preparation of working standards :

(1) Pipette and 1 ml of 1000 ppm magnesium stock solution to 100 ml capacity volumetric flask and make up the volume with 0.5 N hydrochloric acid. This is 10 ppm Magnesium Solution.

(2) Pipette the following volume of 10 ppm magnesium solution in 100 ml numbered volumetric flask. Add 10 ml of strontium chloride solution to each flask and make up the volume to 100 ml with 0.5 N hydrochloric acid.

| Flask No. | Volume of 10 ppm Mg. solution taken (ml). | Volume of Strontium chloride added (ml). | Concentration of Mg (ppm) after making the volume to 100 ml. |
|---|---|---|---|
| 1 | 0.0 | 10 | 0.0 |
| 2 | 2.0 | 10 | 0.2 |
| 3 | 4.0 | 10 | 0.4 |
| 4 | 6.0 | 10 | 0.6 |
| 5 | 8.0 | 10 | 0.8 |
| 6 | 10.0 | 10 | 1.0 |

(c) *Procedure :—*

(1) Preparation of sample solution :—

(A) Weight 1 of the sample and place in a 500 ml. volumetric flask and about 300 ml water and boil for 30 minutes. Allow to cooldilute to the mark withwater, mix and filter.

(B) Pipettee 5 ml of the Filtrate (A) into a 100 ml volumetric flask, make up to the mark with water and mix.

(C) Transfer by pipette 5 ml of the diluted filterate (B) into 100 ml volumetric flask an make up to the mark with 0.5 N HCl.

(2) Blank solution :—Prepare a blank solution from which only the sample has been omitted.

(3) Flamingofsolution:—Flamethestandard andsample solutions on Atomic Absorption Spectrophotometer at wavelength of 285.2 mm using Air Acetylene flame.

Calculations :

Plot the calibration curve using the mean absorpanees on Y-axis and the corresponding concentrations of Magnesium (ppm) on X-axis. Determine the concentration of Magnesium in the sample by reference to the calibration curve.

Magnesium per cent=20X.

where X=concentration of Magnesium (in ppm) obtained from the standard curve).

(B) Titrametric method (EDTA Titrations).

(Applicable to the samples which do not contain phosphate as impurity).

(a) Reagents.

(1) Buffer solution (pH-10.0)—Dissolve 67.5g ammonium chloride in 200 ml of distilled water, add 570 ml ammonia solution and dilute to 1 litre.

INDEX

(2) Potassium hydroxide—Potassium cyanide solution-Dissolve 280 g pottasium hydroxide and 66g pottasium cyanide in 1 litre of distilled water.

(3) Potassium cyanide solution (2%)—Dissolve 2 g potassium cyanide in 100 ml of distilled water.

(4) Eroichrome black T indicator solution—Dissolve 0.2 g of indicator in 50 ml of methyl alcohol containing 2 g of hydroxylamine hydrochloride.

(5) Calcium standard solution (1mg/ml) Dissolve 2.4973 g calcium carbonate, primary standard grade, previously dried for 2 hours at 285°C in HCl (1+10). Dilute to 1 litre with distilled water.

(6) Calcein indicator mixture-Grind together 1 g calcein indicator (2', 7'-bis bis (carboxy-methyl) amino methyl-) fluorescein, sodium derivative sodium salt), 10 g charcoal and 100 g potasium chloride.

(7) Disodium dihydrogen ethylene diamine tetra acetic acide standard solution (0.4%)—Dissolve 4 g $Na_2 H_2$ -EDTA in 1 litre of distilled water.

(8) Triethanolamine (1+1).

(9) Potassium ferrocyanide solution (4%)—Dissolve 4 g pottassium ferrocyanide in 100ml of distilled water.

(b) Standadization of Calcium solution :

(1) Pipette 10 ml calcium standard solution into 250 ml erlenamayer flask.

(2) Add 100 ml of distilled water, 10 ml KOH-KCN solution, 2 drops of triethanolamine solution, 5 drops of pottassium ferrocyanide solution and 15+1 mg of calcein indicator.

(3) Immediately place the flask on a magnetic stirror infront of day light fluorescent light with white background.

(4) While stirring, titrate with EDTA solution to disappearance of all flurescent green and until solution remains pink. Titrate more than 3 aliquots. From average, calculate calcium titer value.

$$\text{Calcium Titer} = \frac{\text{Volume of calcium standard solution (ml).}}{\text{Volume of EDTA solution Used (ml.)}}$$

From calcium titer, calculate magnesium titer value as follow :

Magnesium titer—Calcium titer×0.6064.

(c) Preparation of sample solution.

(1) Weight 1 g magnesium sulphate fertiliser sample into 250 ml volumetric flask.

(2) Add 200 ml of distilled water and boil for 30 minutes.

(3) Cool dilute to volume with water and mix.

(d) Procedure

(1) Titration for Ca+Mg

(A) Pipettee 25 ml of aliquot in 250 ml erlemayer flsak.

(B) Dilute with 100 ml of distilled water.

(C) Add 5 ml of buffer solution (pH 10), 2 ml potassium cyanide solution, 2 drops of trethanolamine solution, 5 drops of potassium ferrocyanide solution and 8 drops of eriochrome back T indicator solution.

INDEX

(D) Titrate immediately with EDTA solution, stirring and lighting as in standardisation. Colour changes are wine, red, purple, dark blue, to clear blue and point, becoming green if over titrated. note the volume of EDTA used as V, 1 ml.

(2) Titration for Calcium :

(A) Pipette 25 ml of aliquet in 250 ml erlanmayer flask.

(B) Dilute with 100 ml of water.

(C) Add 10 ml KOH-KCN solution, 2 drops of triethanolamine solution, 5 drops of potassium ferrecyanide solution and 15+1 of calcein indicator.

(D) Titratic immediately with EDTA solution in standardization. Note the volume of EDTA used as $V_2$ ml.

Calculation :

Magnesium percent=($V_1$ -$V_2$ )Xmg Titer EDTA (Reference : AOAC, 14th edition, 1984").

Sd/-
SANTHA SHEELA NAIR,
Joint Secretary to the Government of India.
(No. 1-9/92-Fert Law).

*Foot Note1:* The fertiliser (Control) Order, 1985 was published vide G.S.R. 758(E) dated 25th September, 1985, and subsequently amended by :—

## GUJARAT INDUSTRIAL DEVELOPMENT CORPORATION

### Notification

Gandhinagar, 16th May, 1993.

GUJARAT INDUSTRIAL DEVELOPMENT ACT, 1962.

No. GIDC/EST/LAW/AMD/12-(4).—In exercise of the powers conferred by Section 54 of the Gujarat Industrial Development Act, 1962 (Guj. XXIII of 1962) read with sub-section (3) of Section 12, thereof the Gujarat Industrial Development Corporation with the previous approval of the State Government hereby amends "the Gujarat Industrial Development Corporation (Staff) Regulations 1963 as follows :

1. These regulations may be called the Gujarat Industrial Development Corporation (Staff) (second amendment) Regulations 1993.

INDEX

2. In the Gujarat Industrial Development Corporation (Staff) Regulations 1963 in CHAPTER VII after regulation 89 under Section-II relating to "Dearness Allowance" the following shall be inserted namely:—

"SECTION II-A

MEDICAL ALLOWANCE

89-A. Medical Allowance .—Unless the Corporation otherwise determines, the employees shall be paid the medical allowance of the same rates and subject to such conditions on which such allowance is paid to the employees of the State Government.

Provided that where an employee opts for medical reimbursement under GIDC Employees "(Medical Reimbursement) Regulation 1972, shall not be entitled for payment of these allowances".

By order of the Gujarat Industrial Development Corporation,.

N. M. BIJLANI,
Vice Chairman & Managing Director.

---

These regulations were lastly amended by notification No. GIDC/GST/LAW/AMD/12(4) dtd. 27th November, 1992 published in GGG Part-IV-C dtd. 31st December, 1992 at Page 928 to 929.

ગુજરાત ઔદ્યોગિક વિકાસ નિગમ

જાહેરનામું

બીજો માળ, ઉદ્યોગ ભવન, સેકટર–૧૧, ઘ માર્ગ, ગાંધીનગર.
તા. ૧૬મી મે, ૧૯૯૩.

ગુજરાત ઔદ્યોગિક વિકાસ અધિનિયમ, ૧૯૬૨.

નંબર : જીઆઈડીસી/ઈએસટી/એલએડબલ્યુ/એએમડી/૧૨(૪).– ગુજરાત ઔદ્યોગિક વિકાસ અધિનિયમ, ૧૯૬૨ (૧૯૬૨નો ગુજરાતનો ત્રેવીસમો)ની કલમ–૧૨ની પેટા-કલમ (૩) સાથે વંચાણમાં લેતાં કલમ–૫૪થી મળેલી સત્તાની રૂએ ગુજરાત ઔદ્યોગિક વિકાસ નિગમ, રાજ્ય સરકારની પુર્વમંજુરીથી ગુજરાત ઔદ્યોગિક વિકાસ નિગમ (કર્મચારી વર્ગ) વિનિયમો, ૧૯૬૩માં નીચે મુજબ સુધારો કરે છે:—

(૧) આ વિનિયમો ગુજરાત ઔદ્યોગિક વિકાસ નિગમ (કર્મચારી વર્ગ) (બીજો સુધારો) વિનિયમો, ૧૯૯૩' તરીકે ઓળખાશે.

(૨) ગુજરાત ઔદ્યોગિક વિકાસ નિગમ (કર્મચારી વર્ગ) વિનિયમો, ૧૯૬૩ના પ્રકરણ–૭માં વિનિયમ–૮૯ પછી 'મોંઘવારી ભથ્થું'ને લગતા પેટા વિભાગ–૨ પહેલા નીચેની બાબત ઉમેરવી. એટલે કે—

"પેટા વિભાગ ૨–અ"

તબીબી ભથ્થું

૮૯–અ તબીબી ભથ્થું.–નિગમ બીજો કોઈ નિર્ણય ન લે તો કર્મચારીઓને રાજ્ય સરકારના કર્મચારીઓને જે દરે અને જે શરતોએ તબીબી ભથ્થું ચુકવવામાં આવે છે તે દર અને તે શરતોએ જ તબીબી ભથ્થું ચુકવવામાં આવશે.

પરંતુ ગુજરાત ઔદ્યોગિક વિકાસ નિગમ કર્મચારી (તબીબી ખર્ચ ભરપાઈ) વિનિયમ ૧૯૭૨ હેઠળ કોઈ કર્મચારીએ તબીબી ખર્ચ ભરપાઈના વિકલ્પ પસંદ કર્યો હશે તો તે આ ભથ્થાની ચુકવણી માટે પાત્ર ઠરશે નહીં.

ગુજરાત ઔદ્યોગિક વિકાસ નિગમના હુકમથી,

નં. મો. બીજલાણી,

## GUJARAT INDUSTRIAL DEVELOPMENT CORPORATION

### Notification

Gandhinagar, 16th May, 1993

GUJARAT INDUSTRLAL DEVELOPMENT ACT, 1962.

No. GIDC/EST/LAW/AMD/13.—In exercise of the powers conferred by Section 54 of the Gujarat Industrial Development Act, 1962 (Guj. XXIII of 1962) read with sub-section (3) of Section 12 thereof the Gujarat Industrial Development Corporation with the previous approval of the State Government hereby amend the Gujarat Industrial Development Corporation Employee's (Medical Reimbursement) Regulation 1972 as follows :—

1. These regulations may be called the Gujarat Industrial Development Corporation Employees (Medical Reimbursement) (First amendment) Regulations 1993.

2. In the Gujarat Industrial Development Corporation Employee's (Medical Reimbursement) Regulations 1972 in sub-regulations (ii) of regulation 3, the following provision be added namely :—

"Provided where an employee has opted for Medical allowance as may be decided by State Government from time to time, the employee shall not be entitled for regular medical reimbursement as provided in these regulations".

By order of the Gujarat Industrial Development Corporation,

N. M. BIJLANI,
Vice Chairman and Managing Director.

*These regulations were lastly amended by notification No. GIDC/EST/LAW/AMD/13 dtd. 18th February 1992 which was published in Part-IV-C dtd. 20th February, 1992 on page No. 87 & 88.

## ગુજરાત ઔદ્યોગિક વિકાસ નિગમ

### જાહેરનામું

ગાંધીનગર, ૧૬મી મે, ૧૯૯૩.

ગુજરાત ઔદ્યોગિક વિકાસ અધિનિયમ, ૧૯૬૨.

નંબર : જીઆઈડીસી/ઈએસટી/એલએડબલ્યુ/એએમડી/૧૩.—ગુજરાત ઔદ્યોગિક વિકાસ અધિનિયમ, ૧૯૬૨ (૧૯૬૨નો ગુજરાતનો ત્રેવીસમો)ની કલમ—૧૨ની પેટા-કલમ (૩) સાથે વંચાણમાં લેતાં કલમ—૫૪થી મળેલી સત્તાની રૂએ, ગુજરાત ઔદ્યોગિક વિકાસ નિગમ, રાજ્ય સરકારની પુર્વ મંજુરીથી ગુજરાત ઔદ્યોગિક વિકાસ નિગમ કર્મચારી (તબીબી ખર્ચ ભરપાઈ) વિનિયમો, ૧૯૭૨માં નીચે મુજબ સુધારો કરે છે :—

(૧) આ વિનિયમો ગુજરાત ઔદ્યોગિક વિકાસ નિગમ કર્મચારી (તબીબી ખર્ચ ભરપાઈ) (પ્રથમ સુધારો)—વિનિયમો, ૧૯૯૩ તરીકે ઓળખાશે.

(૨) ગુજરાત ઔદ્યોગિક વિકાસ નિગમ કર્મચારી (તબીબી ખર્ચ ભરપાઈ) વિનિયમો ૧૯૭૨માં વિનિયમ—૩ના પેટા વિનિમય (૧)માં નીચેની જોગવાઈ ઉમેરવી, જેમ કે :—

"પરંતુ કર્મચારીએ સરકાર તરફથી વખતો વખત નક્કી કરાનાર તબીબી ભથ્થાનો વિકલ્પ સ્વીકાર્યો હોય તો તે કર્મચારી આ વિનિયમોમાં કરાયેલી જોગવાઈ મુજબ નિયમિત તબીબી ખર્ચ ભરપાઈ માટે પાત્ર ઠરશે નહીં."

ગુજરાત ઔદ્યોગિક વિકાસ નિગમના હુકમથી,

નં. મો. બીજલાણી,
ઉપાધ્યક્ષ અને વહીવટી સંચાલક.

આ વિનિયમો ગુજરાત સરકારના તારીખ ૨૦—૨—૯૨ના રાજ્યપત્રના ભાગ—૪સી ના પાના નંબર : ૮૭ તથા ૮૮ પર પ્રગટ કરવામાં આવેલા તારીખ ૧૮મી ફેબ્રુઆરી, ૧૯૯૨ના જાહેરનામા નંબર : જીઆઈડીસી-ઈએસટી/એલએડબલ્યુ/એએમડી/૧૩ થી છેલ્લે સુધારવામાં આવ્યા હતા.

ELECTION PETITION NO. 4 OF 1991 WITH ELECTION APPLICATION NO. 6 OF 1992.

14th August, 1992.

MR. S. D. DAVE.

Ms. Sejal Mandavia Ld. Advocate for the Petitioner.

Mr. H. L. Patel Ld. Advocate for Respondent.

JUDGMENT :

Coram : S. D. Dave, J.
Dt. 14-8-1992.

The Election Petition has been filed by Shri Sahadev Chaudhari the petitioner—a defeated candidate challenging the election of the respondent Shri Kashiram Rana—the returned candidate. This Election Application No. 6/92 is now being submitted to-day on 14th August, 1992 saying that because of the reasons elaborately assigned in the petition, the petitioner Shri Sahadev Chaudhari wants to withdraw the petition. The copy of the application has been duly served on the Ld. Advocate Mr. H. L. Patel on behalf of the respondent. It appears that Mr. Patel the Ld. Advocate for the respondent has no objection so far as the withdrawal of the Election Petition is concerned.

Looking to the provisions contained in Sec. 110 of the Representation of Peoples Act, 1951, certain procedural aspects are required to be taken care of. The petitioner has stated the reasons or the grounds for withdrawal. The petitioner has stated that he is busy with the impending District Panchayat Election and Surat Municipal Corporation Election which are likely to be held in December, 1992. It is also stated by the petitioner that he is very busy with the activity of the All India Panchayat Parishad, New Delhi, of which he happens to be the President. Thus, it appears that the petitioner has assigned the reasons or the grounds for making out a case of withdrawal. It also very clearly appears that this application for withdrawal is not induced by any bargain or consideration due to which the present Election Application ought not to be allowed. Looking to this position and further looking to the grounds or the reasons mentioned by the petitioner for with withdrawal, it appears that the permission to withdraw requires to be granted and the same is hereby granted.

The Ld. Advocate Mr. Patel who appears on behalf of the respondent says very clearly that looking to the facts and circumstances of the case, he does not apress for the cost of the respondent. Naturally therefore, there shall be no order as to cost for the respondent in the Election Petition.

In view of the provisions contained under section 110 (3)(b) now it is hereby directed that the notice of the withdrawal be published in the Official Gazette. It is hereby also ordered and directed that the notice of withdrawal be published in the Gujarati Daily known as 'Gujarat Mitra' having a vide circulation in the constituency concerned. This matter be placed before this Court for taking further actions as envisaged under section 110(3)(c) of the Act, 1951, after the above said formalities are over.

INDEX

The petitioner Shri Sahadev Chaudhari is present before this Court in company of Ld. Advocate Mr. Sejal Mandaviya. Mr. Sahadev Chaudhari the petitioner makes a statement that he wants to withdraw the petition on the grounds and the reasons assigned by him in the petition and that there is absolutely no case of any inducement or bargain or any other consideration, on which this Court may not allow the withdrawal. Upon the inquiry from the petitioner, this Court is perfectly satisfied that there is no inducement or bargain or any other consideration for the withdrawal of the petition. This Court is further satisfied that the petitioner craves leave to withdraw the petition on the grounds or the reasons eleborately mentioned in the petition.

The petitioner shall deposit an amount of Rs. 500/- as the cost for publication of the notice in the Official Gazette and the Gujarati daily as indicated above initially at this juncture.

Date : 3rd September, 1992.

By the order of the Court,
(Sd.) S. C. SHAH,
Additional Registrar.

Ms. Sejal Mandaviya Learned Advocate for the Petitioner

Mr. H. L. Patel, learned Advocate for Respondent

Coam : S. D. Dave, J
Dt. : April, 28th 1993.

JUDGMENT

The defeated candidate had challenged the election of the returned candidate by filing the present election petition. Later on the election application No. 6 of 1992 was moved by the petitioner seeking the permission to withdraw the petition. After hearing the learned advocates, by the orders dated-14th August, 1992 the permission to withdraw was accorded. Any how, looking to the provisions contained

INDEX

under Sec. 110 (3) (b) of the people of the Representation of the People Act, 1951, the notice of the withdrawal was ordered to be published in the official gazette as well of the Gujarati daily known as 'Gujarat Mitra' having a wide circulation in the concerned constituency. The matter was ordered to be pleaced before this Court for taking further actions as envisaged under section 110(3) (c) of the Act of 1951.

The notice of withdrawal has been published in the Gujarat Government Gazette dated 17th September 1992 which is on the record of the petition. In the same way the notice of the withdrawal has been duly published in the daily "Gujarat Mitra" in its issue of 15th September 1992. Thus the notices of withdrawal have been duly published both in the Gazette as well as in the aforesaid Gujarati daily having a wide circulation in the constituency concerned.

It requires to be noticed that any person who might himself have been a petitioner could have applied to this Court for his substitution as the petitioner in place of the party withdrawing. This position is abundantly clear, regard being had to the provisions contained under section 110 (3) (c) of the Act of 1951. Any how it requires to be noticed that nobody has applied to this Court for his or her substitution as a petitioner in place of the party withdrawing. In view of this fact situation, now the report of the withdrawal be sent to Election Commission as envisaged under section 110 of the Act, 1951. On the report of the fact of withdrawal, the Election Petition shall stands disposed of alongwith other ancillary proceedings. No order as to costs.

The Registry is directed to report the withdrawal as envisaged under the aforesaid provisions forthwith to the Election Commission.

By the order of the Court,

Date : 18th May, 1993.

D. B. DHOLAKIA,
Deputy Registrar.

By Order,
BALWANT SINGH,
Secretary to the Election Commission of India.

ELECTION PETITION No. 1 OF 1991.

: April 28, 1993.

MR. K. G. SHAH.

Mr.P.M.Raval, Advocate, for the Petitioner.

Mr.H.L.Patel, Advocate, for the Respondent.

CORAM : K. G. SHAH, J.

April 28, 1993.

**ORAL JUDGMENT.**

By this petition, under the provisions contained in Part VI of the Representation of the People Act, 1951 [ for short "the Act" ], the petitioner has called in question, the election of Respondent No.1 - Dilipbhai Sanghani - who has been declared elected as a member of the Lok Sabha on the 7 Amreli Parliamentary Constituency by a Notification dated June 17, 1991, on the ground that Respondent No.1 and/or his election agent had, during the election campaigning which preceded the election which was held on June 15, 1991, resorted to various corrupt practices within the meaning of that expression as used in S. 123 of the Act.

2. According to the petitioner, Respondent No.1 and/or his election agent and/or others with the consent of Respondent no.1 and/or his election agent - Respondent No.2 - had committed correct practice of undue influence as defined in S.123(2), 123(3) and 123(3A) of the Act. The nomination papers for the Lok Sabha election which took place on June 15, 1991, were required to be filed between April 19, 1991 and April 26, 1991. As per the original calendar of election, the polling was to take place on May 26, 1991. However, the date of polling was subsequently

INDEX

adjourned to June 15, 1991, and on June 15, 1991, the polling took place. It is also the case of the petitioner that one Purshottam Rupala, who happened to be the President of Bharatiya Janta Party, Amreli District, was the election agent of Respondent No.1. I may mention here that said Purshotttam Rupala was joined in the petition as Respondent No.2 and Mr.Manubhai Kotadia, who was the main rival candidate against Respondent No.1 at the aforesaid election was also joined as Respondent No.3 to the petition. However, the names of Purshottam Rupala - Respondent No.2, and Manubhai Kotadia - Respondent No.3, have been deleted by the court's order. Therefore, now only Dilipbhai Sanghani - the returned candidate - remains as the Respondent to the petition, and I will hereinafter refer to him as "the Respondent".

3. According to the petitioner, as an election strategy, a religious organisation named VISHWA HINDU PARISHAD ( "VHP" for short ) brought all religious heads of Hindu Religion all throughout the country, and All India Dharmasabha was held which decided to actively campaign for vote in general election for the party which will construct the temple of Lord Ram at Ayodhya, delete Article 370 from the Constitution of India and establish Hindu Religious Rule in the country. It may be noticed that at the aforesaid election, the Respondent was a candidate of Bharatiya Janta Party ( "BJP" for short ), while Mr.Manubhai

IX-C-159

INDEX

Kotadia was originally impleaded as Respondent No.3 was a candidate for Janta Dal. It is the allegation of the petitioner that in order to support BJP, VHP resorted to different types of media propaganda. It is averred in the petition that VHP started campaigning for BJP by organising Dharma Sabha in different parts of the constituency right from March, 1991, and also started DHARMACHAKRA RATH moving in different parts of the constituency and Dharma Sabhas. In all those meetings, according to the petitioner, the main thrust of the propaganda was by high-lighting the three demands referred to hereinabove, viz. (i) to construct the temple of Lord Ram at Ayodhya; (ii) to delete Article 370 from the Constitution of India ; and (iii) to establish Hindu Religious Rule in the country. It is the case of the petitioner that BJP had also raised three demands similar to those raised by VHP, viz. to construct the temple of Lord Ram at Ayodhya, to delete Article 370 from the Constitution of India, and to establish Hindu Religious Rule in the country. It is the contention of the petitioner that as far as he is aware, some of the objectives canvassed by VHP for achievement (of its goal) are also the election manifesto of BJP.

4. In paragraph 10 of the petition, petitioner has referred to Dharma Sabhas Dharmachakra Rath having been taken out by VHP

the election campaigning period, and about meetings held by VHP at which highly respected religious heads addressed the audience. In the last lines of para 10 of the petition, the petitioner has stated that in the background of the facts narrated by him earlier, he has given in the subsequent paragraphs of the petition, material facts regarding the corrupt practice alleged against the Respondent for setting aside the election of the Respondent.

5. In paragraph 11 of the petition, the petitioner has catalogued the various meetings held at different places in Amreli constituency on different dates for the propaganda, in support of the BJP and its candidate, i.e. the Respondent. According to the petitioner, those meetings were addressed by the Respondent as also by the election agent of the Respondent and other State and National leaders of BJP, and the main theme of the speakers at those meetings was putting forward the three demands referred to by me hereinabove. It is the case of the petitioner that the speakers who addressed the aforesaid meetings attempted to create enmity between Hindus and Muslims by referring to terrorism in Kashmir by high-lighting the atrocities alleged to have been committed on Hindus, etc.

INDEX

6. In paragraphs 12 and 13 of the petition, the petitioner has given facts about some election meetings/meeting held by VHP at which the Respondent was present, and propaganda was made by the speakers on communal lines.

7. In paragraph 14 of the petition, the petitioner has stated that a meeting was organised and held at Amreli on 29.4.1991, which was addressed by Sadhwiji Rutumbhara Devi. At the aforesaid meeting, Respondent No. 2 ( Purshottam Rupala - the election agent of the Respondent) was present. Rutumbharaji is a very powerful speaker. In that paragraph it is also stated that the address by Rutumbharaji was preceded by the speech by Mr.Pravinbhai Togadia, the President of VHP, Gujarat State and at that meeting Shri Shivanandji Maharaj and other religious leaders have also addressed the audience. It is stated in that paragraph that the respondent had also offered garland to Sadhwiji Rutumbharaji, in order to make a show that the meeting was independent of the BJP.

8. In paragraph 17 of the petition, the petitioner stated that Devi Rutumbharaji while addressing the meeting stated that the construction of Ram Janmabhoomi was not a question of bricks and stones or the piece of land but was a question of

INDEX

self respect of Hindus and for that purpose they will achieve the construction of temple. She also referred to the destruction of Kashi temple of Vishwanath and Krishna temple of Mathura. She exhorted the audience as to how can they forget Ram Temple. While referring to the position of Hindus in Kashmir, she promoted or attempted to promote the feelings of enmity and hatred between Hindus and Muslims on the ground of religion by stating that Jagmohan was called back in order to satisfy the Muslims, and stated that the Muslims should mix with Hindus just like sugar mixes in milk, but if they stay like lemon in milk, the milk will split and become sour though its value increases because Panir is made from it, but everybody knows what happens to lemon. Lemon will ultimately be consigned to dust-bin. Rutumbhareji is alleged to have stated to the audience to test themselves whether they move with umbrella if there was rain in Pakistan. She also told the audience that when there was a war in Gulf, they (Muslims) spoke the slogan "Saddam Husein Zindabad". She asked the audience as to why they (the Muslims) did not play Holi when Hindus can eat 'Khir' on Id day. She asked a further question to the audience as to why the Muslims don't listen to Arati at the time of Bang, while Hindus do listen to Bang at the time of Arati. She then high-lighted the various habits of Muslims

V-C-160

INDEX

which are contrary to Hindus, and she ridiculed Muslims. She also stated that the atrocities were being committed in Kashmir on Hindus, and Hindu ladies were being given burns on their thighs. She also told the audience that Muslims could marry four wives and produce 35 children just like bugs and mosquitoes. With these appeals to the audience, as stated by the petitioner in the petition, Rutumbharaji called upon Hindus to unite, and told the audience that the people should vote for the party which will hoist saffron flag at Lal Killa of Delhi. Then she asked the audience to shout slogans with her. The slogan is mentioned in paragraph 17 in Gujarati language, which in effect would mean :

" Say with pride, we are Hindus and Hindustan is ours. "

She asked the audience to raise the aforesaid slogan at the highest pitch of their voice.

9. In paragraph 18 of the petition, the petitioner stated that the aforesaid speeches by the speakers, and that would include the speech by Rutumbharaji (some portion of which the petitioner has extracted in paragraph 17 of the petition) were fiery and inflammatory in nature. The petitioner averred in paragrpah 18 of the petition that the

INDEX

Respondent is a Hindu. It is the say of the petitioner that it was clear from the speeches of the speakers at the meeting that was held, that the voters were called upon to vote for BJP and its candidate - the Respondent, and that clearly amounted to corrupt practice to seek votes on the ground of religion by the returned candidate.

10. In paragraph 19 of the petition, the petitioner stated that the dominant theme ( of the respondent and the speakers at the meeting ) was also to create hatred towards Muslims by referring to various acts of atrocities in Kashmir and also atrocities of distributing the pamphlets by Muslim Rulers and construction of Mosque in the places and that would clearly amount to corrupt practice committed by the speakers within the definition of the expression as given in S. 123(3A) of the Act. The petitioner has alleged in para 19 of the petition that the aforesaid corrupt practices were committed by the returned candidate or his election agent and/or the speakers at the said meeting, with the consent of the respondent or his election agent.

11. In paragraph 20 of the petition, the petitioner has averred that at the meetings referred to in the earlier paragraphs of the petition, the

speakers also appealed to the audience in the name of ban on cow slaughter, and assured the audience that if BJP came to power, it would ban cow slaughter in the country.

12. On page 23 of the petition begins paragraph 25, and the first three lines of that paragraph are on page 23 of the petition, while the remaining portion of that paragraph is on page 24 of the petition. In paragraph 25 of the petition, the petitioner has referred to another meeting that was held at Amreli on June 3, 1991. The petitioner has stated that he has reliably learnt that the respondent was present at the said meeting, and that the original Respondent No.2, i.e. the election agent of the respondent was also present at the meeting, and he had addressed the meeting. That meeting was also addressed by the leaders of BJP, viz. Ashok Bhatt, Bhimjibhai Patel, Parshottambhai Sojitra, and Shambhu--bhai Ramani. As stated in paragraph 25 on page 24 of the petition, while addressing the meeting Shri Ashok Bhatt stated that after June 15, 1991, the State will be governed by laws of Ramayan and Geeta and not by Shariyat, and nobody will be surprised then. This statement stated to have been made by Ashok Bhatt at the meeting held at Amreli on June 3, 1991, is followed by the Gujarati version of the statement, and then ends paragraph 25 of the

petition. On page 24 of the petition itself, paragraph 26 begins. In paragraph 26 of the petition, on page 24, the petitioner has stated that the aforesaid speech of Shri Ashok Bhatt clearly amounts to corrupt practice within the provisions of S. 123(3A) of the Act, in as much as it amounts to promotion or attempt to promote feelings of enmity and hatred between Hindus and Muslims who are citizens of India on the ground of furtherance of prospects of election of the Respondent and for prejudicially affecting the election of original Respondent No. 3, i.e. Shri Manubhai Kotadia.

13. In paragraph 28 of the petition, the petitioner has stated that the facts stated by him in the earlier paragraph of the petition (relevant parts of which I have referred to hereinabove) do constitute corrupt practice of undue influence as defined in S. 123(2) and S. 123(3A) of the Act, and such corrupt practices have been committed by the respondent as also by original Respondent No.2, i.e. the election agent of the Respondent, and/or by the speakers mentioned in the earlier part of the petition with the consent of the Respondent and/or his election agent. According to the petitioner, on that ground alone, the election of the respondent is liable to be set aside. Then the petitioner has

IV-C-161

INDEX

stated in that paragraph 28 of the petition that he was not then presently in possession of the details about the speeches. But he has reliably learnt that Video and Audio cassettes were made by VHP or BJP with the consent of the respondent and/or the respondent's election agent. The petitioner has further stated that the said video cassettes were freely displayed through VCR and TV Set mounted and/or kept in jeep or matador, etc. Such cassettes were also displayed just in front of the main electioin offices of the returned candidate at Amreli and also at Kodinar and other election offices of the Respondent.

14. In paragraph 29 of the petition, the petitioner stated that he was not then presently in possession of the video cassette of the speeches made at the meeting of Sadhwi Rutumbhara Devi and others at Amreli on 28.4.1991. He then stated in that paragraph that he crave leave to suitably amend the petition to give further particulars in that behalf after collecting and obtaining the video and audio cassettes.

15. In paragraph 30 of the petition, the petitioner submitted that a meeting was arranged on 10.6.1991 at Bagasara, in Amreli constituency, and at that meeting one important speaker did not come,

INDEX

and therefore, the cassette of speeches of Rutumbhara Devi and other speakers at the said meeting were displayed. At that meeting, according to the petitioner, the respondent and his election agent were present. In that paragraph 30, the petitioner craved leave to give particulars of the speeches after collecting the said video cassette as well as audio cassette.

16. The petition was filed on July 30, 1991. In response to the summons, the respondent entered appearance and filed his written statement Exh.[illegible] on December 5, 1991. In the written statement, the Respondent traversed all the allegations made by the petitioner against him in the petition. In the view of the matter that I am inclined to take, it is not necessary for me to refer to the contents of the written statement in extenso. However, in order to appreciate the submission of Mr.H.L.Patel, the learned Advocate for the Respondent that the copy of the election petition supplied by the petitioner to the Respondent is not a true copy in as much as the said copy does not contain the copy of page 24 of the original petition, reference is required to be made to paragraph 28 of the written statement. In paragraph 28 of the written statement, the Respondent denied the averments made by the

petitioner in paragraph 25 of the petition. He denied that any meeting was held on 3.6.1991 at Amreli, and then he stated that he was not supplied with page 24 of the petition.

Thus, at the very outset, the respondent has stated in his written statement that the copy of the petition supplied to him does not contain the copy of page 24 of the original petition.

17. Issues were framed upon the pleadings of the parties and several witnesses have, so far, been examined in the matter. P.W. 27 - Ramesh Kalubhai Dhadani was produced by the petitioner as a witness and during his chief-examination, Mr.P.M.Raval, the learned advocate for the petitioner wanted to produce before the court a video cassette said to be covering the proceedings of the meeting held at Amreli on April 29, 1991, at which Sadhvi Rutumbhara Devi made speech which according to the petitioner was highly fiery and inflammatory, and which attempted to create hatred amongst the electorate on communal lines, some parts of which the petitioner has referred to in the petition. Mr.Raval wanted to show the video cassette on a TV set by means of a VCR to the court in the presence of the parties and their advocates and in the presence of P.W. 27 - Rameshbhai. When this attempt was made by Mr.Raval, L.A. for the

petitioner, Mr.H.L.Patel, L.A. for the Reepondent strongly objected to that course being followed. On the question whether the course which Mr.Raval wanted to be followed could be permitted to be followed was debated at the bar. Mr.Patel raised a further vital question by contending that the entire petition should be dismissed for the reason that the copy of the cassette which Mr.Raval wanted to produce before the court and show to the court by means of a VCR and TV set has not been supplied to the respondent and therefore, the copy of the petition supplied to the respondent as given by the petitioner is not a true copy of the petition, and therefore, it does not conform to the requirement of S. 81(3) of the Act and the consequence thereof would be that the entire petition would be liable to be rejected. Mr.Patel took out another arm from his armoury and contended that as the copy of the petition supplied to the respondent does not contain page 24 of the original petition, the copy of the petition supplied to the respondent is not a true copy of the original petition and therefore, the petition is liable to be rejected. As Mr.Patel raised the questions which go to the root of the matter, detailed arguments of the learned advocates were heard on these two submissions of Mr.Patel. The matter was thereafter adjourned, and after having considered the matter from all relevant angles, I am convinced that the submissions

IV-C-162

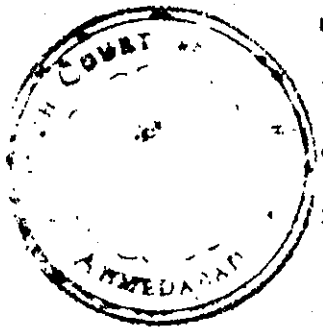

INDEX

made by Mr.Patel deserve acceptance, and in that view of the matter, the petition is required to be rejected.

18. It is not in dispute that the copy of the video cassette which Mr.Raval wanted to produced and wanted to show to the court by means of a TV set and VCR has not been supplied to the Respondent. It is also not in dispute that the cassette has so far not been produced by the petitioner in the court. Copy of the cassette has also not been annexed to the petition.

19. According to Mr.Patel, in view of the averments made in the petition as regards the speech by Sadhvi Rutumbhara Devi, and in view of the allegation that at the meeting held at Amreli on April 29, 1991, whereat Sadhvi Rutumbhara Devi addressed the audience, not only that original Respondent No.2, the election agent of the Respondent was present, but the respondent himself was present, and that the Respondent had offered a garland to Rutumbhara Devi with a view to making a show that the meeting was independent of the BJP, it had got to be said that the cassette which the petitioner now wants to produce and show to the court, forms an integral part of the petition and that being so,

the petitioner was, in terms of S.81(3) of the Act, required to submit alongwith his election petition, a copy of the cassette for being supplied to the Respondent, and such copy was required to be attested by the petitioner under his own signature to be a true copy of the cassette. In the submission of Mr.Patel, not only that the copy was required to be attested by the petitioner to be a true copy of the petition, but in fact the copy was required to be a true copy of the petition, and even though the petitioner might have made the endorsement under his signature on the copy of the petition, about it being the true copy, if in fact that copy is not a true copy, then there is clear violation of the mandatory requirement of S. 81(3) of the Act, and the consequence thereof would be, as mandated by S. 86(1) of the Act, dismisal of the petition.

20. On the other hand, Mr. Raval, submitted that though the petitioner, in the petition, has referred to certain statements said to have been made by Rutumbhara Devi at the meeting held at Amreli on April 29, 1991, those statements are merely parts of evidence and they do not form an integral part of the material facts on which the petitioner relies nor do they form the integral part of the full particulars of the corrupt practices which the petitioner alleges for having

the election of the respondent set aside, and therefore, the petitioner was not required to furnish the copy of the cassette for being given to the respondent.

21. At the bar, various authorities were referred to by the learned advocates for the parties.

In Ch. SUBBARAO vs. MEMBER, ELECTION TRIBUNAL, HYDERABAD AND OTHERS, AIR 1964 S.C. p.1027 it has been posited :

> " When S. 81(3) requires an election petition to be accompanied by the requisite number of copies, it becomes a requirement for the presentation of the election petition to the Commission, and therefore, a condition precedent for the proper presentation of an election petition. If that is a requirement of S. 81, no distinction can be drawn between the requirements of sub-section (1) and (2) and of sub-section (3). If there is a total and complete noncompliance with the provisions of S. 81(3), the election petition might not be "an election petition presented in accordance with the provisions of this Part" within S.80 of the Act. If there had been such a non-compliance with the requirement of sub-sec. (3) not merely the Election Commission under S. 85 but the Election Tribunal under S. 90(3) would prima facie not merely be justified but

INDEX

would be required to dismiss the election petition. "

In that decision, however, it has been held that "if there is substantial compliance with the requirements of S. 81(3), the election petition cannot be dismissed by the Tribunal under S. 90(3)."

22. In SMT. SUHODRABAI RAI vs. RAM SINGH AHARWAR AND OTHERS, AIR 1968 S.C. p.1079, it is observed as follows :

" Under the Representation of the People Act, details of corrupt pretice or averments too compendious for being included in the election petition maybe set out in the schedules or annexures to the election petition. The law requires that even though they are outside the election petition, they must be signed and verified, but such annexures or schedules are then treated as integrated with the election petition and copies of them must be served on the respondents if the requirement regarding service of the election petition is to be wholly complied with. But this does not apply to documents which are merely evidence in the case but which for reasons of clarity and to lend force to the petition are not kept back but produced or filed with the election

IV-C-163

INDEX

petition. They are in no sense an integral part of the averments of the petition but are only evidence of those averments and in proof thereof. "

23. In **JAGAT KISHORE PRASAD NARAIN SINGH vs. RAJENDRA KUMAR PODDAR AND OTHERS,** AIR 1971, S.C. p.342, in Annexure 'C', relating to the particulars of corrupt practice mentioned in paragraph 25 of the election petition, it had been stated in the original that Shri Munshi Hansda, M.L.A. had offered money and promised to pay money to Shri Jetha Kiski, M.L.A. for casting his first preference vote in favour of respondent No. 1 at the M.L.A. Flat on 19.3.1966, but in Exh. 'O' ( that was the copy of the petition supplied to the Respondent ), mention had been made of the name of Paul Hansda, M.L.A. as the alleged offerer of money to Shri Jethu Kisku, M.L.A. In that case, the petition was dismissed inter alia on the ground of discrepency between what was stated in the original petition and what was stated in the copy of the petition which was supplied to the Respondents. Their Lordships of the Supreme Court referred to the decision in the case of Ch.SUBBARAO, AIR 1964, S.C. p. 1007 (supra), and with reference to the judgment of the trial court said :

INDEX

" Admittedly Shri Munshi Hansda and Paul Hansda are members of the Patna Legislative Assembly. In the election petition it was stated that money was offered to Shri Jetha Kisku, M.L.A. by Munshi Hansda, but in Exh. 'O' it was stated that money was offered by Paul Hansda. This divergence was bound to mislead the contesting respondents and prejudice their defence. Pleadings in a case has great import--ance and that is more so in election petitions particularly when the returned candidate is charged with corrupt practice. He must know what the charge against him is so that he may prepare his defence. If relying on the allegations in the copy of the petition served on him that the money was paid to Jetha Kisku through Paul Hansda, the 1st respondent had collected evidence to show that the allegation is false then the entire basis of his defence would have fallen to the ground because at a later stage he had to meet a totally different case. The law requires that a true copy of the election petition should be served on the respondents. That requirement has not been either fully or substantially complied with. Therefore, we have no doubt in our mind that the election petition is liable to be dismissed under Section 86 of the Act. "

24. In M.KARUNANIDHI vs. H.V.HANDA, AIR 1983 S.C., p.568, in the election petition it was averred that the returned candidate was guilty of corrupt practice under sub-sec. (6) of S. 123 of the Act by incurring or authorising expenditure in contravention of S. 77.

It was alleged that he had failed to disclose certain items of expenditure in his statement of election expenses filed by him in connection with the election. The allegation related to an expenditure of about Rs.50,000/- in erecting fancy banners throughout the constituency and it was alleged that there were such fancy banners about 50 in number, the cost of each banner being not less than Rs.1,000/- It was averred that a photograph of one such banner was filed alongwith the petition. Though the petitioner had filed with the election petition a photograph of one such banner, a copy of the photogra... was not annexed to the copy of the petition furnished to the returned candidate.

On these facts, the Supreme Court held that the photograph was a part of the averment contained in the petition. In the absence of the photograph, the averment contained in the petition would be incomplete. The photograph was therefore, an integral part of the election petition. It follows that there was total non-compliance with the requirements of sub-section (3) of Sec. 81 of the Act by failure to serve the appellant with a copy of the election petition. The words "copies thereof" in sub-section (3) of Sec. 81 read in the context of sub-sec. (2) of S. 83 must necessarily refer not only to the electionn petition proper but also to

schedules or annexures thereto containing particulars of any corrupt practice alleged therein. "

25. In **MITHILESH KUMAR PANDEY, vs. BAIDYANATH YADAV AND OTHERS,** A.I.R. 1984, S.C. p.305, it has been enunciated that "before the election petition can be entertained, the copy sent to the elected candidate must be a true copy, failing which there would be a serious disobedience of the mandate contained in S. 81(3) which would be fatal to the maintainability of the said petition. To determine the question of non-compliance of Sec. 81(3) the following principles are well established :

(1) That where the copy of the election petition served on the returned candidate contains only clerical or typographical mistakes which are of no consequence, the petition cannot be dismissed straightway under Section 86 ;

(2) A true copy means a copy which is wholly and substantially the same as the original and where there are insignificant or minimal mistakes, the court may not take notice thereof;

(3) Where the copy contains important omissions or discrepancies of a vital nature, which are likely to cause prejudice to the defence of the returned candidate, it cannot be said that there has been a substantial compliance of the provisions of Section 81(3) of the Act ;

IV-C-164

INDEX

(4) Prima facie, the statute uses the words "true copy" and the concept of substantial compliance cannot be extended too far to include serious or vital mistakes which shed the character of a true copy so that the copy furnished to the returned candidate cannot be said to be a true copy within the meaning of Section 81(3) of the Act ;

and

(5) As Section 81(3) is meant to protect and safeguard the sacrosanct electoral process so as not to disturb the verdict of the voters, there is no room for giving a liberal or broad interpretation to the provisions of the said section. "

... that case, there were allegations of corrupt practices. Schedule-I to the election petition contained the list of persons through whom the corrupt practices were alleged to have been committed. In the copy of the petition supplied to the returned candidate there were mistakes as regards the names of the persons in the aforesaid list, viz. complete omission of some names which have been mentioned in the election petition, but not in the copy, giving wrong names, and some names given in the petition appeared to be males but in the copy they appeared to be females.

INDEX

On these facts, it was held that .... " the mistakes in the copy of election petition were vital and would seriously prejudice the defence. In the circumstances, the election petition was liable to be dismissed in limine ".

26. In RAJENDRA SINGH vs. SMT. USHA RANI AND OTHERS, A.I.R. 1984 S.C. p. 956, it has been held:-

> " A perusal of Sections 81(3) and 86 of the Act gives the impression that they do not contemplate filing of incorrect copies at all and if an election petitioner disregards the mandate contained in Section 81(3) by filing incorrect copies, he takes the risk of the petition being dismissed a limine under S.86. It is no part of the duty of the respondent to wade through the entire record in order to find out which is the correct copy. If out of the copies filed, the respondent's copy is found to be an incorrect one, it amounts to non-compliance of th provisions of S. 81(3) which is sufficient to entail a dismissal of the election petition at the behest."

27. Mr.H.L.Patel, L.A. very heavily relied upon the decision in the case of U.S.SASIDHARAN vs. K.KARUNAKARAN AND ANOTHER, A.I.R. 1990 S.C. p.924. That was also a case of Video Cassette. In that case

the appellant before the Supreme Court was a voter in Mala Constituency of the Kerala Legislative Assembly. The election of the members of the Assembly was held on March 23, 1987, and the first Respondent before the Supreme Court who was then the sitting Chief Minister of the State of Kerala, was declared elected from Mala constituency. The appellant challenged the election of the first Respondent on various grounds. In paragraph 5(xi) of the election petition, the petitioner inter alia stated as follows :-

> " 5(xi) ..... Besides at the instigation of the first respondent a video cassette called "Malayudie Purogathi" has been used in the constituency. The persons who speak are one Shri Jose P. George, Government Pleader, Kerala High Court, 2. Shri Thomas Thottoppally, Veterinary Doctor, Veterinary Polyclinic, Valiyaparambu. This is also a corrupt practice. The video cassette is produced herewith in a sealed cover. "

The video cassette referred to in paragraph 5(xi) of the petition was annexed to that petition in a sealed cover. However, admittedly, the copy of the video cassette was not supplied to the first respondent. The High Court came to the finding that the allegations in the petition would really show that the video cassette forms an integral part of

the election petition and therefore, it was necessary to serve a copy thereof on the first respondent, and that having not been done, the election petition was dismissed under S. 86(1) of the Act. The question before the Supreme Court in that case was whether the video cassette in question could be said to be the integral part of th election petition. Their Lordships of the Supreme Court analysed the scheme of Ss.81(3), 83 and 86(1) of the Act. With reference to Clauses (a) and (b) of S. 83 of the Act, Their Lordships have said that an election petition shall contain a concise statement of the material facts, and also set forth full particulars of the corrupt practices. These two requirements are also mandatory in nature. So whenever there is an allegation of corrupt practice, the election petition shall contain a concise statement of the material facts and must also set forth the full particulars of the corrupt practices alleged by the petitioner.

In paragraph 13 of the report, Their Lordships have said that when a candidate gets himself elected by adopting or committing any corrupt practice, his election must be set aside on proof of such corrupt practice. At the same time, the procedure prescribed by the Act for challenging an election must be strictly followed. So, if there be

INDEX

any deviation from or non-compliance of the provisions of S. 81(3), the court will have no other alternative than to dismiss the election petition. In that case, before the High Court, the grievance about the copy of the petition served to the returned candidate being not a true copy was based upon non-supply to the returned candidate, copies of the notice, photograph and the video cassette. However, before the Supreme Court, ultimately the matter boiled down to the case arising from the non-supply of the video cassette, to the returned candidate.

In paragraph 15 of the report, Their Lordships said that " the material facts or particulars relating to any corrupt practice may be contained in a document and the election petitioner, without pleading the material facts or particulars of corrupt practice, may refer to the document. When such a reference is made in the election petition, a copy of the document must be supplied in-as-much as by making a reference to the document and without pleading its contents in the election petition, the document becomes incorporated in the election petition by reference. In other words, it forms an integral part of the election petition. Section 81(3) provides for giving a true copy of the election petition. When a document forms an integral part of

the election petition, and a copy of such document is not furnished to the respondent alongwith a copy of the election petition, the copy of the election petition will not be a true copy within the meaning of Section 81(3) and, as such, the court has to dismiss the election petition under S. 86(1) for non-compliance with Section 81(3). "

28. In paragraph 16 of the report, Their Lordships said that "on the other hand, if the contents of the document in question are pleaded in the election petition, the document does not form an integral part of the election petition. In such a case, a copy of the document need not be served on the respondent and that will not be non-compliance with the provision of Sec.81(3). The document maybe relied upon as an evidence in the proceedings. In other words, when the document does not form an integral part of the election petition, but has been either referred to in the petition or filed in the proceedings as evidence of any fact, a copy of such a document need not be served on the respondent along with a copy of the election petition. "

In paragraph 17 of the report, Their Lordships have said that when the document forms an integral part of an election petition containing material facts or particulars of corrupt practice,

INDEX

then a copy of the election petition without such a document is not complete and cannot be said to be a true copy of the election petition. Copy of such document must be served on the respondents.

29. In view of the aforesaid principles which came to be deduced by the Supreme Court, Their Lordships, in paragraph 18 of the report, considered the question whether the Video Cassette in that case, which was mentioned in paragraph 5(xi) of the election petition formed an integral part of the election petition. In that case, though the video cassette was produced in a sealed cover alongwith the election petition, admittedly, a copy thereof was not served to Respondent No.1. It was urged on behalf of the appellant before the Supreme Court that the video cassette was only an evidence of the facts stated in paragraph 5(xi) of the election petition. It was alleged in that case that at the instigation of the first respondent, the video cassette called " MALAYUDE PUROGATHI " has been used in the constituency. It was further alleged that the persons whose speeches have been recorded in the video cassette regarding "progress of Mala" are two Government Officers named in paragraph 5(xi), and that the cassette has been used in the constituency at the instigation of the first respondent. This had been averred as a corrupt practice. It was also

INDEX

mentioned in that paragraph 5(xi) that the video cassette was produced with the election petition in a sealed cover. The corrupt practice that was alleged in paragraph 5(xi) fell within S. 123(7) of the Act. Relying upon the wording of S. 123(7) of the Act, it was contended on behalf of the appellannt before the Supreme Court that the speeches of the Government Servants as recorded in the video cassette, and alleged to have been used in the constituency at the instigation of the first respondent were not alleged in the election petition to have been used with a view to obtaining or procuring or abetting or attempt-ing to obtain or procure any assistance for the furtherance of the prospects of the first respondent's election. The Supreme Court negatived that contention.

In paragraph 21 of the report, the Supreme Court said that " it is true that there is no allegation in paragraph 5(xi) that the video cassette was used by the first respondent for the purpose of any assistance for the furtherance of the prospects of his election. But, in the opinion of Their Lordships, it was apparent that such an allegation was implied in that paragraph. After alleging that the video cassette was used in the constituency at the instigation of the first respondent, it was

IV-C-166

alleged that the same constituted a corrupt practice which points to the only fact that the video cassette containing the speeches of the Government servants was used for he purpose of some assistance for the furtherance of the prospects of the election of the first respondent ". " It was implied, said the Supreme Court, that the video cassette is referred to in paragraph 5(xi) in regard to the alleged assistance for the furtherance of the prospects of the election of the first respondent, and accordingly, the contents of the cassette are incorporated in that paragraph by reference. In other words, the cassette formed an integral part of paragraph 5(xi). "

In paragraph 22 of the report, Their Lordships have pointed out that it was clear from Item No.1 of the List of Documents that it was the specific case of the appellant that the video cassette was prepared at the instance of the first respondent for election propaganda, as stated in paragraph 5(xi) of the election petition. Whether it was so stated in Item no. I of the List of Documents or not, it was, as stated already, apparent on the face of the allegation in paragraph 5(xi) that it was used by the first respondent by way of assistance in furtherance of the prospects of his election, and so the video cassette formed an integral part of paragraph 5(xi).

INDEX

Their Lordships there held that "unless a copy of the video cassette was given to the first respondent, he would not know how the speeches of the said Govern--ment servants could assist the furtherance of the prospects of his election and would not be in a position to deal with the allegations made in paragraph 5(xi). The copy of the election petition which was served on the first respondent without a copy of the video cassette was not, therefore, a true copy of the election petition within the meaning of S.81(3) of the Act."

30. In paragraph 26 of the report, Their Lordships considered the judgment in the case of M.KARUNANIDHI vs. H.V.Hande, A.I.R. 1983 S.C. p.558, and Their Lordships said that that was the most important case for their purpose. I have hereinabove referred to that judgment in the case of M.KARUNANIDHI.

31. As noticed above, in the case of M.KARUNANIDHI (supra), the allegation of corrupt practice was based on the fact that the returned candidate had incurred or authorised to incur expenditure for election in contravention of S. 77. In that connection, it was alleged that the returned candidate had got erected fancy banners throughout the constituency and spent about Rs.50,000/- in so

doing. A Photograph of one of the banners was annexed to the petition, but the copy thereof was not supplied to the returned candidate. On those facts, the Supreme Court held that the photograph we a part of the avermente contained in the petition, and in absence of the photograph, the avermente contained in the petition would be incomplete. The photograph was therefore, an integral part of the election petition, and as the copy thereof was not served to the returned candidate, the petition was liable to be dismised as the same did not conform to the mandatory requirement of Sec.81(3) of the Act.

In the case of U.S.SASIDHARAN (supra) also the speeches of Government servants were said to have been recorded on a video cassette. The video cassette was produced before the court in a sealed cover with the election petition, but a copy thereof was not supplied to the returned candidate - Responcent no.1 in that case. The Supreme Court once again held that the video cassettte formed an integral part of the election petition, and the copy thereof having ot been supplied to the respondent, the petition was liable to be dismissed under S. 86(1) of the Act as it did not conform to the mandatory requirement of S. 81(3) of the Act.

These two judgments, in my opinion, squarely apply to the facts of the present case.

INDEX

32. I have hereinabove in extenso referred to the averments made by the petitioner in the petition. In the petition, the petitioner has contended that VHP organised meetings at which election propaganda for BJP and its candidate, i.e. respondent Dilipbhai Sanghani was made. The petitioner further alleged that at many of such meetings the respondent remained present. Coming to the relevant meeting held at Amreli on April 29, 1991, at which Sadhviji Rutumbhara Devi made the speech, which is said to be inflammatory, and which is said to constitute corrupt practice at the election, it is the allegat-ion of the petitioner that not only the Respondent - returned candidate Dilipbhai Sanghani, but his election agent - original respondent no.2, Purshottam Rupala, were present at that meeting. It is further alleged that Respondent No.1 offered garland to Sadhviji Rutumbhara Devi in order to make a show that the meetings were independent of the BJP. As noticed hereinabove, in paragraph 17 of the petition, some excerpts from the alleged speech of Sadhviji Rutumbhara Devi have been given.

33. In paragraph 18 of the petition, it is stated that fiery and inflammatory speeches were made by the speakers ; and the voters were called upon to vote for the BJP and its candidate Dilipbhai Sanghani, and those speeches, according to the

IV-C 167

INDEX

petitioner clearly amounted to corrupt practice of seeking votes on the ground of religion at the election.

34. In paragraph 19 of the petition, the petitioner averred that the dominant theme of the speakers was to create hatred towards Muslims by referring to various atrocities in Kashmir, and about Muslim Rulers, and the construction of the Mosque and thus, the speakers at the meetings, committed corrupt practice within the definition of the expression as given in S. 123(3A) of the Act. In that paragraph, the petitioner submitted that that corrupt practice was committed by the returned candidate or his election agent, and/or by the speakers at the said meeting with the consent of Respondent No.1 ( the respondent - Dilipbhai Sanghani) and/or Respondent No.2 (Purshottam Rupala, the election agent of the respondent). In paragraph 22 also, the petitioner averred that the corrupt practice was committed by the speakers at the meeting with the consent of Respondents No. 1 and 2 (i.e. the Respondent - the returned candidate and his election agent). In paragraph 28 of the petition, the petitioner stated that the facts averred by him in the earlier paragraphs of the petition constituted corrupt practice of undue influence as defined in S. 123((2) and S. 123(3A) of the Act which was

committed by the respondent and his election agent or by the speakers mentioned in the petition with the consent of the returned candidate, and/or his election agent. The petitioner further averred in that paragraph 28 of the petition that he was not in possession of the details about the speeches, but then, he had reliably learnt that video and audio cassettes were made by VHP or BJP with the consent of the respondent and/or respondent no.2, i.e. the election agent of the respondent. The statement in this paragraph that the petitioner, at the time the petition was presented, was not in possession of the details of the speeches, would go to show that what the petitioner averred in paragraph 17 of the petition is not the full and true account of the speech of Rutumbhara Devi made at the Amreli meeting on 29.4.1991, and that what is contained in paragraph 17 of the petition, most of which is devoted to what is said to have been spoken by Rutumbhara Devi at the said meeting is only an excerpt or a summary or a rough impression of what Rutumbhara Devi is said to have spoken at the said meeting. To put it differently, what is contained in paragraph 17 of the petition is not the exact speech of Rutumbhara Devi, said to have been given by her at the aforesaid meeting at Amreli on April 29, 1991. However, according to the

INDEX

petitioner, as reliably learnt by him, video and audio cassettes were made by VHP and BJP with the consent of the respondent (i.e. the returned candidate) and/or his election agent. Thus, it would be clear that the speech of Rutumbhara Devi was recorded on audio and video cassettes. As further averred by the petitioner in paragraph 28 of the petition, that video cassette was freely displayed through VCR and TV set mounted or kept in jeep or matador, etc. Such cassettes were also displayed just in front of the main election offices of the returned candidate at Amreli and also at Kodinar, and other election offices of the respondent.

35. In paragraph 29 of the petition, the petitioner stated that he was then presently not in possession of the video cassette of the speeches made at the meeting by Sadhwiji Rutumbhara Devi and others at Amreli on April 29, 1991, and he craved leave to suitably amend the petition to give the full particulars in that behalf after collecting and obtaining the video and audio cassettes.

36. Mr.Raval, the learned Advocate for the petitioner, as said above, wanted to produce the video cassette on which, according to him, the proceedings of the speech of Rutumbhara Devi at the aforesaid meeting have been recorded. That video

INDEX

cassette was brought to the court. Even a TV Set and a VCR were brought to the court, and the demonstration of the cassette was attempted to be made, at which point of time, Mr.H.L.Patel, the learned Advocate for the Respondent raised a strong objection to that course being adopted. This would mean that the petitioner has now got the video cassette with him, and yet, so far, he has not amended the petition, when assuming that under law, he could have applied for the amendment of the petition.

37. In paragraph 30 of the petition, it is stated that at Bagasara meeting, an important speaker did not come and therefore, the cassette of the speeches of Rutumbhara Devi and other speakers, at the said meeting were displayed. It is in the evidence of P.W. 27 that one election meeting was held by BJP at Amreli and it was announced that Uma Bharati will address that meeting. P.W.27 went to the venue of the meeting. But Uma Bharati did not come. According to P.W. 27, some cassettes were shown and the meeting then dispersed. The cassettes which were shown at that meeting were video cassettes, and they were screened on a TV set by means of a VCR. The cassettes showed Rutumbhara Devi and also the Kar seva. Thus, going by the evidence of P.W. 27, in light of what is said in paragraph 30

IV-C-168

of the petition, at places more than one, when some important speaker did not come at the meeting to address the audience, the video cassette covering the proceedings of the speech of Rutumbhara Devi was shown to the audience. Thus, the video cassette of the speech of Rutumbhara Devi by any account forms an integral part of the election petition. Though the petitioner says in the petition that at the time he filed the petition, he was not in possession of the details of the speeches of the speakers, in paragraph 17 of the petition, he has given the brief outline of what Rutumbhara Devi is said to have spoken at the meeting held on April 29, 1991 at Amreli. In the petition, the petitioner has specifically averred that video cassette covering the proceedings of that meeting and the speech of Rutumbhara Devi was made by VHP and BJP with the consent of the respondent, and that video cassette was freely displayed through a VCR and TV set at various places, as referred to in paragraph 28 of the petition. It is further the case of the petitioner that Rutumbhara Devi and other speakers who addressed the audience committed corrupt practice with the consent of the respondent. Thus, the petitioner in order to have the election of the respondent set aside, relies heavily upon the corrupt practices committed by Rutumbhara Devi and other speakers, with the consent of the respondent.

INDEX

Allegations on that line have been made in the petition. However, in absence of the video cassette these allegations would be incomplete for, the proceedings of the meeting have been recorded on a video cassette. It is not disputed that the video cassette would be a document. Therefore, the proceedings of the meeting have been recorded on a document which is a video cassette. The petitioner has, as a part of his petition, averred corrupt practices having been committed by Rutumbhara Devi and other speakers, with the consent of the Respond--ent and/or his election agent. That would be certainly a material fact on which the petitioner relies for the purpose of having the election of the returned candidate - the respondent - set aside within the meaning of the expression " material fact " as used in S.83(1)(a) of the Act. The same fact would also be the particular of the corrupt practice that the petitioner alleges, within the meaning of the expression " particulars of the corrupt practice " as used in S. 83(1)(b) of the Act. As said above, though in the petition, the petitioner craved leave to suitably amend the petition to give further particulars in that behalf, after collecting the video and audio cassettes, he has, so far, not made any attempt for amendment of the petition. Therefore, the petition, at this

juncture, has to be taken as it is. In the petition, the allegation is that Rutumbhara Devi committed corrupt practices with the consent of the respondent and the proceedings of the speech of Rutumbhara Devi have been recorded on a video cassette. The case on this line is very much similar to the case of U.S.SASIDHARAN (supra) where also the Supreme Court was concerned with the case of a video cassette on which the speeches of the Government servants were said to have been recorded, and the copy of the cassette was not given to the returned candidate. Applying the same test as has been applied by Their Lordships of the Supreme Court in the case of U.S.SASIDHARAN, I have no doubt in my mind that the video cassette which Mr.Raval wanted to produce and show to the court, does form an integral part of the election petition. Copy thereof having not been given to the respondent, the copy of the election petition, supplied to the respondent is not a complete and true copy of the election petition. There was, therefore, breach of the mandatory requirement of S. 81(3) of the Act, and the petition is, therefore, liable tobe rejected under S. 86(1) of the Act.

36. Mr.Raval, the learned advocate for the petitioner submitted that whereas in the case of

M. KARUNANIDHI photograph in question was produced alongwith the election petition, and whereas in the case of V.S.SASIKUMARAN, the cassette was produced in a sealed cover alongwith the election petition, in the present case, the petitioner has not produced the video cassette or the copy thereof alongwith the petition, and that would be a feature which would distinguish the case before me from the cases of M.KARUNANIDHI (supra) and V.S.SASIKUMARAN (supra). I think the argument cannot be accepted. Whether the original cassette was or was not produced alongwith the election petition, would not be that material as the question whether the cassette in question forms an integral part of the election petition. If the argument of Mr.Raval is accepted, then the petitioner in an election petition can easily get away from the mandatory requirement of S. 81(3) of the Act by not producing the document which forms an integral part of the petition, alongwith the petition. The petitioner would conveni-ently not produce alongwith the petition, the relevant document which forms an integral part of the petition, and then contend that as he has not produced that document alongwith the petition, he was not bound to supply the copy thereof to the returned candidate. Such a result, I am sure, could never have been envisaged by the Legislature while enacting Ss. 81(3), 83(1)(c), 83(2) and 86(1) of

V-C-169

INDEX

the Act. If the argument of Mr.Raval is accepted, that would render the aforesaid provisions nugatory. In order to get out of the rigor of the mandatory provisions referred to above, the petitioner then has to do only this,that he would not annex to the petition, the relevant documents which form an integral part of the petition. If the argument of Mr.Raval is accepted, in that event, the petitioner could not be faulted for not having supplied a true copy of the petition, meant for being supplied to the returned candidate and the other respondents. The argument of Mr.Raval, therefore, obviously cannot be accepted.

39. As I see the petition, the averment about corrupt practice having been committed by Rutumbhara Devi by delivering fiery speech, with the consent of the respondent - the returned candidate in the case, is one of the material facts, on which the petitioner relies for the relief prayed in the petition. In any view of the matter, that is a fact which would form the particulars of the corrupt practice and that fact is recorded on a video cassette. Therefore, it has got to be said that the viedo cassette in question, forms an integral part of the petition. The copy thereof having not been supplied to the respondent, the petition does not conform to the mandatory requirement of S.81(3) of

INDEX

the Act, and therefore, it is liable to be rejected.

40. Mr.Raval, the learned Advocate for the petitioner submitted that it was only by way of indication of he evidence to be led at the trial that the petitioner in the petition referred to the speech of Rutumbhara Devi and others. In view of what I have stated above, this contention cannot be accepted.

41. Mr.Raval, then tried to rely upon the doctrine of " Substantial compliance ". He submitted that if the requirements of S. 81(3) are substantially complied with, the petition cannot be dismissed. I think, here again, Mr.Raval's submission cannot be accepted. As indicated hereinabove, the video cassette forms an integral part of the petition. Non-supply thereof to the respondent cannot be said to be only a minor deviation from the mandatory requirement of S. 81(3) of the Act, and it cannot be said that the petitioner has substantially complied with the requirement of S.81(3) of the Act.

42. As seen above, in the case of JAGAT KISHORE PRASAD NARAIN SINGH (supra), in the original petition, the name of the offerer of money was stated to be SHRI MUNSHI HANSDA, M.L.A., while in the copy of the petition, that was served to the

INDEX

respondent, the name of the offerer was stated to be PAUL HANSDA, M.L.A. . Even such a variation between the original petition and the copy thereof served to the returned candidate has been held by the Supreme Court to be fatal to the maintainability of the petition. Here in the case before me, not only that in the petition, elaborate averments about the video cassette having been made by VHP and/or BJP with the consent of the respondent have been made, but also the averments about the video cassettes having been displayed or used at the meeting and other places have been made, and yet, a copy of the video cassette has not been given to the respondent alongwith the copy of the election petition. The copy of the election petitioon supplied to the respondent, therefore, cannot be said to be a true copy.

43. In the aforesaid view of the matter, I think on the first ground raised by Mr.Patel itself, the petition is liable to be rejected.

44. Mr.Patel nextly submitted that the copy of the petition supplied to the respondent does not contain the copy of page 24 of the original petition, and therefore also, the petition is liable to be rejected.

INDEX

Hereinabove, I have referred to the contents of page 24 of the original petition. The petition came to be filed before this Court of July 30, 1991. On October 4, 1991, summons of the petition was ordered to be issued to the respondent. In response to the summons, the Respondent filed his written statement Exh. 5, on December 5, 1991. This written statement has been filed by the Respondent on verification. In paragraph 28 of the written statement, the respondent has stated that he has not been supplied with page 24 of the petition. Under Rule 15(v) of the Election Rules framed by this High Court, the respondent is required to serve a true copy of the written statement together with all annexures on the petitioner or his advocate, on or before filing the same in the office of the High Court. Accordingly, undisputedly, the respondent has served to the petitioner's advocate, a copy of this written statement Exh. 5. In that written statement, as stated just now, the respondent has made a pointed grievance that the copy of the Page 24 of the original petition has not been served to him, and yet, till the time Mr.Patel raised the objection on this line on April 17, 1993, the copy of page 24 of the petitioin was not supplied to the Respondent. Though the respondent, in his written

IV-C-170

INDEX

written statement filed as early as December 5, 1991 made a pointed grievance of the fact that the copy of page 24 of the petition was not supplied to him, that statement made by the respondent on verification, in his written statement, has so far not been controverted by the petitioner by saying that he has, in fact, supplied to the respondent, a copy of page 24 of the petition. It would, therefore, be obvious that the grievance of the respondent that he has not been supplied the copy of page 24 of the petition is true. On page 24 of the petition, the petitioner has referred to the speech of Shri Ashok Bhatt of BJP made by him at the meeting held on June 3, 1991 at Amreli, and in that meeting Shri Ashok Bhatt is said to have told the audience that after June 15, 1991, the State will be governed by the laws of Ramayan and Geeta and not by Shariyat and nobody will be surprised then. It is stated in paragraph 25 on page 24 of the petition that at that meeting the respondent and his election agent (original respondent no.2) were present. At page 24 in paragraph 26 of the petition, the petitioner stated that the speech of Shri Ashok Bhatt amounted to corrupt practice within the provisions of S. 123(3A) of the Act, and that was made for the furtherance of the prospects of the election of the Respondent and for prejudicially affecting the election of the defeated candidate Shri Manubhai

Kotadia. The facts stated on page 24 of the petition are the facts about corrupt practice committed by Shri Ashok Bhatt in presence of the respondent and his election agent. Therefore, the facts stated on page 24 of the petition are material facts, and the copy of that page 24 of the petition having not been given to him, the respondent is deprived of the opportunity of understanding the case that he has to meet at the trial. The copy of the petition sans the copy of page 24 thereof can, by no stretch of reasoning, be said to be the true copy of the petition. In that view of the matter also, there is clear violation of the mandatory requirement of S. 81(3) of the Act entailing dismissal of the petition under S. 86(1) of the Act.

45. Mr.Raval, made an attempt to submit that originally in the petition there were three respondents, and the petitioner has supplied to the Registry of this court, three copies of the petition, and if, out of those three copies, one copy which has gone to the respondent - the returned candidate - didnot contain page 24, that would not prove fatal to the maintainability of the petition for, may be, the other two copies of the petition supplied by the petitioner, would be complete copies, in as much as they must have contained the

INDEX

copy of page 24 of the petition. I am afraid, the submission of Mr.Raval, cannot be accepted.

46. As held in RAJENDRA SINGH Vs. SMT. USHA RANI AND OTHERS, A.I.R. 1984, S.C., p.956, it is no part of the duty of the respondent to wade through the entire record in order to find out which is the correct copy. If out of the copies filed, the respondent's copy is found to be an incorrect one, it amounts to non-compliance of the provisions of S. 81(3), which is sufficient to entail a dismissal of the election petition at the behest.

Therefore, even if it is assumed that the other two copies which must have been supplied by the petitioner at the time he filed the petition, were correct and true copies which also contained the copy of page 24 of the petition, as the copy of the election petition supplied to the present respondent - the returned candidate - is incomplete and not a true copy, in as much as it does not contain the copy of page 24 of the election petition, the election petition is liable to be rejected and it is no part of the duty either of the respondent or of the court to wade through the record in order to find out whether the two other copies supplied by the petitioner were true copies.

INDEX

47. Mr.Raval, the learned advocate for the petitioner nextly submitted that under S. 86(1) of the Act, the petition can be dismissed only at the threshold, and not after the trial has commenced. This submission cannot be accepted. What can be done at the threshold also can be done after the trial has commenced for, there is violation of the mandatory requirements of the provisions of the Act. Those violations cannot be waived by the Respondent, and so far as the case of video cassette is concerned, it was only when P.W. 27 came to be examined as a witness that, on behalf of the petitioner, an attempt was made to produce and show that video cassette by means of a TV Set and a VCR. The objection on the part of the respondent that the copy of the petition supplied to him is not a true copy because he had not been supplied with the copy of the video cassette could permissibly be taken at the time when the video cassette was sought to be produced and shown to the court. I have earlier dealt with the argument of Mr.Raval that the video cassette has not been produced alongwith the election petition.

48. Having considered the matter from all relevant angles and having read the authorities cited at the bar, I am convinced that the copy of the election petition supplied to the respondent is not

IV-C-171

INDEX

a true c... of the original election petition, firstly for the reason that the video cassette referred to in the petition as an integral part of the petition was not supplied to the respondent ; and secondly because the copy of the election petition supplied to the respondent did not contain the copy of page 24 of the original election petition. On both these grounds, the copy of the election petition supplied to the respondent is not a true copy ; therefore, the petition does not comply with the mandatory requirement of S. 81(3) of the Act. The petition is therefore, required to be rejected. Mr. Patel, the learned advocate for the Respondent agrees that the parties should be left to bear their respective costs of the petition.

49. In the result, the election petition is rejected. The parties are left to bear their own costs.

The substance of this decision be intimated to the Election Commission, and the Speaker of the Lok Sabha at the earliest, and the authenticated copy of this judgment be sent to the Election Commission.

### AGRICULTURE, CO-OPERATION AND RURAL DEVELOPMENT DEPARTMENT

**Notification**

Sachivalaya, Gandhinagar, 12th August, 1993.

No. GHKH-43/93/FER-1792/G-302/K-5(16).—The following notification and order of Government of India, Ministry of Agriculture (Department of Agriculture and Co-operation) New Delhi are republished.

GOVERNMENT OF INDIA

MINISTRY OF AGRICULTURE

(DEPARTMENT OF AGRICULTURE AND COOPERATION)

**Notification**

New Delhi, the 18th June, 1993.

S. O. 396 (E).—In pursuance of sub-clause (a) of clause 21 of the Fertiliser (Control) Order, 1985 the Controller of Fertiliser hereby makes the following further amendments in the Order of the Government of India in the Ministry of Agriculture (Department of Agriculture and Cooperation), No. S.O. 977(E) dated the 9th November, 1987, namely:—

In the said Order—

(1) in items (a) and (b), for sub-item (i), the following shall be substituted, namely:—

"(i) Name of Manufacturer/Pool Handling Agency/Importer (where a manufacturer is also a Pool Handling Agency, the word 'P' and as the case may be, if an Importer the word 'I' shall be written against the name of such manufacturer, if the bag contains imported fertilisers).":

INDEX

(2) in items (c), (d), (e) and (f) for sub-item (i), the following shall be substituted, namely:-

"(i) Name of Manufacturer/Importer (wherever manufacturer is also an Importer the word 'I' shall be written against the name of such manufacturer, if the bag contains imported fertilisers).";

(3) in items (a) and (b), in sub-item (iii) and in items (d) and (e), in sub-item (iv) after the word "fertiliser", the words and brackets" (In case of imported fertilisers, the word 'Imported' shall be superscribed).", shall be added ;

(4) in item (c), in sub-item (iv), after the words "Fertiliser mixture", the words and brackets "(In case of imported fertiliser mixtures, the word 'Imported' shall be superscribed)" shall be added.

---

*Note* :- The Principal Order was published in the Gazette of India (Extraordinary), Part-II, Section 3, Sub-section (ii) vide S.O. No. 977 (E) dated 9th November, 1987 and subsequently amended by the following :—

(i) S. O. 260 (E) dated 16th April, 1991.

(ii) S. O. 355 (E) dated 3rd June, 1993.

---

GOVERNMENT OF INDIA

**MINISTRY OF AGRICULTURE**

(DEPARTMENT OF AGRICULTURE AND COOPERATION)

**Order**

New Delhi, the 18th June, 1993.

S. O. 397(E).—In exercise of the powers conferred by section 3 of the Essential Commodities Act, 1955 (10 of 1955) the Central Government hereby makes the following order further to amend the Fertiliser (Control) Order. 1955 namely:—

1. (1) This Order may be called the Fertiliser (Control) (Amendment) Order, 1993.

(2) It shall come into force on the date of its publications in the Official Gazette.

2. In the Fertiliser (Control) Order, 1985 (hereinafter referred to as the said Order).

(1) after the words "manufacturer" and "manufacturers", wherever they occur, the words "importer" and "importers" shall respectively be inserted ;

(2) in clause 2 of the said Order, after sub-clause (k), the following sub-clause shall be inserted, namely:—

"(kk) "importer" means a person who imports fertiliser in accordance with the Export and Import Policy of the Central Government, as amended from time to time;"

(3) after the word "manufacture", wherever it occurs the word "import" shall be inserted ;

(4) in cluse 35 of the order after, sub-cluase (3), the following sub-clause shall be added, namely:—

"(4) Every importer shall inform the Director of Agriculture of the State in which he intends to discharge the imported fertiliser, under intimation to the Central Government, before the import is made or within a period of fifteen days after an indent for import is placed, the following details, namely:—

INDEX

"(i) name of fertiliser.

(ii) name of the country of import.

(iii) name of manufacturer.

(iv) quantity to be imported.

(v) date of arrival of the consignment.

(vi) name of the dischagre port.

(vii) other information."

It is hereby notified that consequent upon the resignation of Shri Rajnikant J. Darji an elected Member of the Senate from the constituency of registered graduates in Commerce under Section 18(1) Class II (A) (iv) of the M. S. University of Baroda Act, it is necessary to hold a bye-election to fill up the vacancy by one representative from the registered graduates in Commerce.

The Vice-Chancellor has under Statute 143 fixed Sunday, the 9th January, 1994 as the date for holding the above bye-election.

As per provision of S. (147), the electoral roll of registered Graduates in Commerce which was published on 2nd November, 1991 for the purpose of general Election of registered Graduates Constituency Faculty wise, will be utilised for the purpose of bye-Election under provision of S. 153.

The elected representative will hold office of the Senate upto 11th February, 1997.

Dt. 14th September, 1993.
Vadodara.

D. P. CHHAYA,
Registrar.

### GANDHIDHAM DEVELOPMENT AUTHORITY

**Revised Notification**

**Adipur (Kutch), Dated 27th September, 1993.**

No. 5-GDA(9)/93/966.—In exercise of powers conferred by section 31 of the Gandhidham (Development and Control on Erection of Buildings) Act, 1957 (Bombay Act No. XIX of 1958), the Authority, with the previous approval of the State Government received under Urban Housing and Urban Development Department letter No. UDA-3882-3421-V, dated 26th June, 1987 and letter No. GVS/1092/2944/K, dated 7th September, 1993 makes the following amendments to the Gandhidham (Development and Control on Erection of Buildings) Regulations, 1959.

1. These regulations may be called the Gandhidham (Development and Control on Erection of Buildings) (Amendment) Regulations, 1993.

2. In the Gandhidham (Development and Control on Erection of Buildings) Regulations, 1959 (hereinafter referred to as "the said Regulations"), in Regulation 15 :—

(1) For clause (1) following clause shall be substituted namely:—

"(1) Application for permission Every person desiring to obtain the permission referred to in section 7 of the Act, shall make an application in writing to the Secretary in such of the forms prescribed in schedule I hereto as may be applicable. The application shall be accompanied by the plans indicated therein and the following fee:—

Form A—The application fee shall be five paise per Sq. m of land intended to be developed subject to minimum of rupees One hundred and maximum of rupees One thousand.

Form B—The application fee shall be at the rate of fifty paise per Sq. m. of the intended total covered area on ground floor subject to minimum of rupees fifty per building plus rupees fifty for each additional floor subject to maximum of rupees five hundred in the aggregate per building.

INDEX

Form C—The application fee shall be rupees fifty.
and
form D

Form E—The application fee shall be at the rate of fifty paise per sq. m. of the intended additional covered area of each floor subject to maximum of rupees fifty per floor excluding ground floor. In case of an additional floor, the application fee shall be rupees fifty. The minimum application fee and the maximum application fee in the aggregate shall be rupees twenty five and rupees five hundered respectively per building.".

(2) In clause (2), for sub-clause (f) following sub-clause shall be substituted, namely:—

"(f) Any permission granted under section 7 shall be valid for a period of two years from the date of the permission. If the work for which permission is granted is not commenced within this period, the permission granted shall be lapse. Renewal of lapsed permission shall be done by charging fee only; but shall be subject to Directions in force at the time of seeking renewal. However, disposal of an application for permission should not take more than six months ordinarily. If no reply is given within six months to the applicant from the date of application, the applicant will be free to proceed ahead with the work according to plan(s) submitted by him to the Authority. He shall, however, keep the Gandhidham Development Authority informed accordingly before starting the work."

(3) After clause (2), following clauses shall be added, namely:—

"(3) **Completion Certificate :**

(a) The applicant shall deposit and keep deposited as Security Deposit an amount mentioned below for observance and performance of the conditions of permission. The amount of Security deposit shall be paid at the time of making application alongwith application fees.

Rs. 200/-for plots upto 250 Sq. m.

Rs. 500/- for plots above 250 sq. m.

Rs. 2000/- for non-residential plots having plot area more than 1000 sq. m.

(b) The amount of Security deposit shall be paid in cash.

(c) Government, Semi-Government, Kandla Port Trust, Local authorities and public charitable trusts registered under the Societies Registration Act, 1960 are exempted from this provision.

(d) The rates of security deposit shall be liable to be revised whenever it is necessary to do so.

(e) As soon as the work of building/additions and alterations is completed, the applicant and the Architect/Engineer shall furnish a Completion report and Completion certificate in the forms (Annexures 'A' and 'B').

(f) Where only a portion of building has been completed as per the approved plan, in that case, the applicant shall furnish a copy of plan showing in red colour the completed portion of the building. Nevertheless, the applicant when desiring to construct the remaining portion of the building as per the approved plan, he shall inform of his said intention to the Gandhidham Development Authority and shall remit the amount of security deposit again before commencing work of the remaining portion of the building.

(g) After receipt of the said completion Report and Completion Certificate, an Official of the Authority shall inspect the site and make his report.

(h) When it is certified by the official of the Authority that the work has been carried out as per the approved plan, the amount of security deposit without interest shall be redfunded to the applicant.

INDEX

(i) The security deposit shall be forfeited at the absolute discretion of the Secretary of the Authority for breach of any of the provisions of these Regulations and Conditions of the permission. Such forfeiture shall be without prejudice to any other remedy or right of the Authority.

(j) Appeal against the order of the Secretary can be made to the Chairman, Gandhidham Development Authority whose decision shall be final and binding.

**(4) Licence :**

**(a) Registration of Licenced Architect/Engineer :**

Qualifications and Experience of persons licenced to act as Architect or Engineer :

**Architect :**

As person registered under the provisions of Enforcement of the Architect Act, 1972 as an Architect

**Engineer :**

A Degree in Civil Engineering recognised by All India Board of Technical Education or a Diploma in Civil Engineering recognised by the said Board of Technical Examination of any State of India. In addition to the qualification cited above the applicant should have atleast 5 years experience in the professional work if he is a holder of Diploma in Civil Engineering and he must have atleast 2 years experience if he is a holder of Degree in Civil Engineering.

The initial licence fee shall be Rs. 250/- and renewal fees shall be Rs. 100/- per year or part thereof for registration as licenced Architect or Engineer. The fee shall be payable in advance and shall not be refundable.

**(b) Renewal of licence :**

The licence shall be valid for the financial year or part thereof and it shall be renewable from year to year on payment of licence fees of Rs. 100/- per year or part thereof.

**(c) Responsibilities of Licenced Architect/Engineer :**

It shall be the duty of the person who prepares plans and sections to see that the existing position on the site is correctly represented in the plan. He shall also comply with the other requirements prescribed under these Regulations and prepare plans and sections in compliance of the Directions issued under section 6 of the Act and as directed by the Authority.

**(d) Revocation of licence :**

A licence shall be liable to be revoked temporarily or permanently by the Secretary of the Authority if the licencee is found guilty of negligence or default in discharge of his responsibilities and duties or if any breach of any of these Regulations and Direction issued by the Gandhidham Development Authority.

(e) The Secretary of the Gandhidham Development Authority shall be the Authority to issue/revoke/renew such licence. Appeal against the said orders of the Secretary shall lie with the Chairman of the Gandhidham Development Authority whose decisions shall be final and binding.

5. In the said Regulations, in SCHEDULE—I,—.

In Form A, B, D and E For paragraph 6 and in form C for paragraph 5, following paragraph shall be substituted, namely:—

I/We remit a sum of Rs.....being the application fee as per Regulation No. 15 (1).

NOTE :- THESE AMENDMENTS TO THE REGULATIONS TAKE EFFECT FROM THE DATE OF ISSUE OF ORIGINAL NOTIFICATION (1ST JULY 1987).

By Order and in the name of the Authority,

Round Seal

G. N. SHIVDASANI,
Secretary.
Gandhidham Development Authority.

## GUJARAT STATE FINANCIAL CORPORATION

(Incorporat Under State Financial Corporations Act, 1951)

**Notification**

*Read* : (1) Board decision under Item No. C—1 (a) dated. 22-7-1992.

(2) ODBI letter No. : DFID No. 3426/28 (6) dated 4-12-1992.

(3) Govt. letter Industries and Mines Deptt. No. GFC/1091/512/P dt. 23-10-1992.

Ref. No. GSFC/GR/26/15799.—In exercise of the powers conferred in the Section 48 of the State Financial Corporation Act, 1951 (Act. LXIII of 1951) the Board of Directors with the concurrance of the Industrial Development Bank of India and approval of the State Government is pleased to substitute the existing Reg. No. 9 (4), 14 and 20 of Gujarat State Financial Corporation (grant of advance to the employee of the Corporation for acquisition of residential accommodation) Regulations 1974 (hereinafter referred to as the said Regulations) as follows namely,—

**Regulation 9 (4).**

Advance required for purchasing a ready built house may be sanctioned by the competent authority after being satisfied that prima pacies the title of the employees on completion of the coneamplated purchase shall be good and marketable. Disbursement of the entire amount as admissibie to the applicant may be made in one lumpsum in case of ready made house, by insltament/s in case of building under construction on the applicant's executing an agreement for the repayment of the loan. Within three months after the daee of which the advance way is drawn the purchase shall be compeleted and interest in the house shall be mortgage either by way of equitable mortgage or registered mortgage as the case may be to the Corporation failing which the advance together with interest and penalinterest @2.75 % in addition to normal rate of interest for the default period in case where the emplyoee who has been sartioned HBA on or after 1-4-1992 or at such other rate as moght be revised from time to time by the Board shall be refunded by the applicant to the Corportion forthwith unless extension of time is grnted by the sanctiening authority'

INDEX

**Regulation 14 : Misutilisation of loan.**

If an employee utilise a loan under these regulations for the purpose other than that for which it was sanctioned, he will be liable to disciplinary action under the Gujarat State Financial Corporation (Staff) Regulations, 1961 in addition tothe liability to refund the entire amount of loan for with alongwith interest and penal interest @ 2.75 % in addition to the normal rate of interest for the default period in case where the employee who has been sanctioned HBA on or after 1-4-1992 or at sush other rate as might be revised from time to time by the Board.

**Regulation 20 :.**

**Time for completion of construction of house :**

The construction of the house or enlarging residential accomodation in existing house should be completed within 18 months of the date on which the first instalment of the advance is paid to the applicants. Failure to do so will render the loans to refund the entire amount advanced to him together with interst thereon and penal interest @% 2.74 % in addition to the normal rate of interest for the default period in case where the employee who has been sanctioned HBA on or after 1-4-1992 or at such other rate as might be revised from timet to time by the Board in one lump-sum. An extension of the time limit may be allowed upto one year by the sanctioning authority ad for a longer period by Board of Directors of Gujarat State Finacial Corporation in those cases where the work is delayed due to circumstances beyond the control of the loanee. The employee availing of the advance shall report to the sanctioning authority forthwith the date of completion of the construction.

Ahmedabad, 30th October, 1993.

R. K. SHAH,
Managing Director.

### GUJARAT INDUSTRIAL DEVELOPMENT CORPORATION

**Notification**

Udyog Bhavan, Gandhinagar, 6th December, 1993.

GUJARAT INDUSTRIAL DEVELOPMENT ACT, 1962.

NO. GIDC/EST/LAW/AMD/12(4).—In exercise of the powers conferred by Section 54 of the Gujarat Industrial Development Act, 1962 (Guj. XXIII of 1962) read with Sub-Section (*3*) of Section 12 thereof, the Gujarat Industrial Development Corporation with the previous approval of the State Government hereby amends* the Gujarat Industrial Development Corporation (Staff) Regulations, 1963 as follows namely:-

1. These regulations may be called the Gujarat Industrial Development Corporation (Staff) (Fourth amendment) Regulations, 1993.

2. In the Gujarat Industrial Development Corporation (Staff) Regulations, 1963 (hereinafter reffered to 'as' 'the said regulation'), in Appendix 'B' the entry at serial No. 2 relating to 'Estate Manager' shall be deleted.

3. In the said regulations, in Appendix 'B' the present entries at Sr. No. 3, 4, 5, 6, 7, 8, 9, & 10 relating to 'Ceramics ', Firing Instructor Cum Supervisors', 'Mechanic-Fitter/Cum-Supervisor' 'Modellar/ Designer', 'Accountant', 'Store-Keeper', 'Junior Clerk-cum-Typist' and 'Peon-cum-Sweeper' and 'Chowki dar-cum-Attendant' shall be renumbered as 2, 3, 4, 5, 6, 7, 8, & 9 respectively.

By order of the Gujarat Industrial Development Corporation.

N. M. BIJLANI
Vice Chairman & Managing Director.

*These regulations were lastly amended by Notification No. GIDC/EST/LAW/AMD/12(4), dated 17th September, 1993 published in GGG Part IV-C dated 16th September, 1993 at Page No. 704 & 705.

ગુજરાત ઔદ્યોગિક વિકાસ નિગમ

જાહેરનામું

ઉદ્યોગ ભવન, ગાંધીનગર, ૬ઠ્ઠી ડિસેમ્બર, ૧૯૯૩.

ગુજરાત ઔદ્યોગિક વિકાસ અધિનિયમ, ૧૯૬૨.

ક્રમાંક : જીઆઈડીસી/ઈએસટી/એલએડબલ્યુ/એએમડી/૧૨(૪).—ગુજરાત ઔદ્યોગિક વિકાસ અધિનિયમ, ૧૯૬૨ (૧૯૬૨નો ગુજરાતનો ત્રેવીસમો)ની કલમ—૧૨ની પેટા-કલમ—૩ સાથે વાંચનમાં લેતાં તેની કલમ—૫૪થી મળેલ સત્તાની રૂએ, ગુજરાત ઔદ્યોગિક વિકાસ નિગમ, ગુજરાત સરકારની પૂર્વ મંજૂરીથી, ગુજરાત ઔદ્યોગિક વિકાસ નિગમ (કર્મચારી વર્ગ) વિનિયમો, ૧૯૬૩માં નીચે મુજબ સુધારો* કરે છે:—

(૧) આ વિનિયમો ગુજરાત ઔદ્યોગિક વિકાસ નિગમ (કર્મચારી વર્ગ) (ચોથો સુધારો) વિનિયમો, ૧૯૯૩ તરીકે ઓળખાશે.

(૨) ગુજરાત ઔદ્યોગિક વિકાસ નિગમ (કર્મચારી વર્ગ) ૧૯૬૩, (હવે પછી જેનો 'ઉક્ત વિનિયમો' તરીકે ઉલ્લેખ કરેલ છે)માં પરિશિષ્ટ 'બ'માં અનુક્રમ નં. ૨ની નોંધ જે 'એસ્ટેટ મેનેજર'ને લગતી છે તે કમી કરવી.

(૩) ઉક્ત વિનિયમોમાં પરિશિષ્ટ 'બ'માં હાલની નોંધો અનુક્રમ નં. ૩, ૪, ૫, ૬, ૭, ૮, ૯ અને ૧૦ જે 'સીરેમીકસ', 'ફાયરીંગ ઈન્સ્ટ્રક્ટર-કમ-સુપરવાઈઝર', 'મીકેનીક ફીટર/કમ-સુપરવાઈઝર', 'મોડેલર/ડીઝાઈનર', 'એકાઉન્ટન્ટ', 'સ્ટોરકીપર', 'જુનીયર ક્લાર્ક કમ ટાઈપીસ્ટ', 'ખુન કમ સ્વીપર' અને 'ચોકીદાર કમ એટેન્ડન્ટ' ને લગતી છે. તેને નવા નંબરો ૨, ૩, ૪, ૫, ૬, ૭, ૮ અને ૯ યથાનુક્રમે આપવો.

ગુજરાત ઔદ્યોગિક વિકાસ નિગમના હુકમથી,

નં. મો. બીજવાણી,
ઉપાધ્યક્ષ અને વહીવટી સંચાલક.

## BY THE HIGH COURT OF GUJARAT AT AHMADABAD

### Notification

No. C. 1322/92.-The Honourable the Chief Justice has been pleased to direct that the following amendments be made in the High Court of Gujarat (Recruitment and Conditions of Service of Staff) Rules, 1992:—

I

Substitute the following for the existing clause (a) of sub-rule 2 of Rule 8.

2(a) By promotion from the establishment of the High Court, of Assistant Registrars preferably having a degree in law.

II

1. Delete the words "to the post of Assistant from Clerk and" from sub-rule (2) of Rule 47 and re-numbered the same as clause (a) of sub-rule 2 of Rule 47.

2. Add the following para as clause (b) of sub-rule 2 of Rule 47 after clause (a) of sub-rule 2 of Rule 47.

2(b) "For promotion to the post of Assistant from Clerk, the promotion will be effected on consideration of efficiency and proved merits. Merits shall be determined on the basis of the past performance and performance at the oral test to be taken by the Selection Commitee as may be appointed by the Chief Justice."

INDEX

III

Substitute the following for the existing sub-rule (4) of Rule 47.

4. "No one shall be promoted to the post of Assistant, Section Officer and Assistant Registrar unless he has passed the Departmental Examinations as prescribed."

IV

1. Delete the words "and Private Secretaries" from Clause (iii) of Sub-rule 6 of Rule 47.

2. Insert the word "and" between the words "Section Officers" and "Senior Translator" in clause (iii) of sub-rule 6 of Rule 47.

High Court of Gujarat,
Ahmadabad-380 009.
Date : 5th November, 1993.

A. A. KURESHI,
Officer on Special Duty.
