Part–B. The Indian Soldiers' Litigation Act, 1925.

1. An 'Indian Solider' is defined in the Indian Soldiers' Litigation Act, 1925, as a person subject to the Army Act, 150 or the Air Force Act 1950. Section 3 defines the circumstances in which an Indian Soldier shall be deemed to be serving ''under special conditions''. According to Section 6, when a Court (Civil or Revenue), has reasons to believe that a party to a suit before

it is an Indian Soldier who is not duly represented and is unable to appear it must give notice thereof to the 'prescribed authority' certificates that the soldier is serving under ''special conditions'' the case must be postponed. section 10 confers power on the Court to set aside decrees and orders passed against an Indian soldier serving under 'War' or 'special conditions' in certain circumstances. Section 11 permits the period spent in such service to be deducted from the normal period of limitation, except in the case of preemption suits. For the purposes of section 10 and Section 11, the Court may refer the question as to whether a soldier has been serving under 'special or War conditions' to the prescribed authority, and certificate granted by that authority is conclusive on the point.

CHAPTER VII-A

(Part C)

PART C.—PROCEEDINGS WITH RESPECT TO SUCCESSION CERTIFICATES.

As some doubt and difference of opinion existed in connection with the plication of Sections 5 and 6 of the Indian Soldiers' Litigation Act, 1925, to ses for the grant of succession certificates under the Indian Succession Act, 1925 (No. XXXIX of 1925), the following instructions have been issued for e guidance of subordinate Courts.

(1) A ‘‘party to any proceeding’’ is a person actually impleaded e.g., a plaintiff or defendant or an appellant or respondent and the phrase does not include persons named under section 372, sub section (1), clause (c) of the Indian succession Act, 1925, in an application for the grant of a certificate until the Court has, by order under Section 373 (1) (a) of that Act, expressed the opinion that special notice of the application should be given to them.

(2) When the Court finds that a person falling under clause (c) of Section 372 (1) aforesaid, is an Indian soldier serving under special or War conditions, and there is no special and obvious reason for suspecting the good faith of the members of the family actually applying for the certificate, the Court should declare that, in the circumstances, it is unnecessary to make the soldier a party to the proceeding or to issue notice to him; but in such cases the Court should always demand security under section 375 of the Act. If, on the other hand, there is any good reason to suspect the good faith of the applicant, then he should be required to get a power of attorney from the absent soldier or some written assurance from him that he does not object to the application.

By Order.

c. The Committee shall assess the case (s) in entirety under this Scheme as well as the preliminary merit-point matrix prepared by the concerned DDO for the purpose of preparing eligibility list based on the RMPAS. The merit/eligibility list of the eligible applicants shall be prepared based on RMPAS score in descending order, with the applicants having higher merit at the top followed by applicants having lower score for compassionate appointments against the posts earmarked for that purpose.

d. In cases of tie, the income available per dependent shall serve as a tie breaking factor. If a tie persists, the remaining service of the deceased Government employee may be considered, prioritizing applications with longer leftover service of the deceased.

vi. Recommendations by the Committee for Appointment/ Monetary Compensation:

a. The Committee shall meet in the first week of the succeeding quarter to consider applications for compassionate appointments received in the previous quarter. The Committee shall recommend appointment based on the total score obtained by each applicant against the posts earmarked for the purpose.

b. Every valid application shall be assessed strictly on the basis of the RMPAS provided under this Scheme. A merit list based on the RMPAS of the eligible applicants shall be prepared in descending order of merit, as provided at sub-clause v(c) above.

c. The departments based on the recommendations of the Committee shall consider appointments of applicants against the vacancies earmarked for the purpose. However, where the eligible applicants exceed the posts available in the concerned department, those cases shall be forwarded to the GAD for considering appointment against common pool of embarked vacancies:

Provide that notwithstanding the non-availability of the vacancies in any department, the Committee shall meet quarterly for determining the merit/eligibility of left over cases for that year and recommend such cases to General Administration Department in the order of quarters i.e. Left over cases of 1st Quarter followed by 2nd Quarter and so on.

d. Minutes of the Meeting of the Committee shall be published on the Departments/Organization website within three weeks of the meeting.

vii. Approval and Issuance of Orders: Based on the recommendations of the Committee, the competent authority shall consider the cases for compassionate appointment or otherwise. In case the competent authority approves the case, the concerned

department shall issue the appointment orders after obtaining the Character and Antecedent report of the applicant from CID.

viii. Referral to General Administration Department:

a. The cases recommended to the General Administration Department (GAD) by the Administrative Departments, shall be considered for compassionate appointment by utilizing vacancies earmarked for such appointments as provided in Clause 7(b) of this Scheme.

b. A quarter-wise common merit/eligibility list based on the RMPAS of all such recommended cases upto previous quarter, including the roll over cases, shall be prepared in General Administration Department in descending order of merit against the earmarked common pool vacancies. Those cases, which may not be settled on account of non-availability of vacancies in a particular quarter will roll over to the succeeding quarter(s). The applicant shall be eligible to be considered for compassionate appointment up to and including the 5th year from the date of application submitted by the applicant after which his/her application shall not be considered for compassionate appointment and shall be entitled for cash compensation only\:

   Provided that applicants falling under Clause 6(B) (b) of this Scheme, the delisting shall be reckoned from the date of attaining such eligibility.

c. The unfilled vacancies in a quarter shall be carried forward to the next quarter and shall be available for appointment on compassionate grounds under this Scheme. Vacancies which may remain unfilled in the department(s), after completion of all quarters (in a calendar year), shall be referred to the General Administration Department forming part of the common pool of vacancies.

d. The referred cases in the GAD which may not be considered due to non-availability of vacancies during a year, shall roll over to the next year.

ix. Procedure for considering cases under the Scheme received since 6th September, 2022, 2023 and 2024:

Notwithstanding the provisions/procedure prescribed in the Scheme, all the pending applications received since the inception of this Scheme upto last quarter of 2023, shall be considered en-bloc by the respective departments and General Administration Department by holding special meeting of the Committee constituted in terms of Clause 12 (v) (a) against Class-IV (MTS)/equivalent vacancies earmarked for the calendar year, 2023 and if required, roll-over procedure shall be followed accordingly:

Provided that the procedure prescribed in Clause 7 (b) of the Scheme shall be followed while considering these cases.

Further, the applications received in 2024 shall be considered in the subsequent quarter(s) against the Class-IV (MTS)/equivalent vacancies earmarked for calendar year, 2024.

11. Clause "13" shall be substituted by the following, namely :-

“13. UNDERTAKING FOR MAINTENANCE OF THE FAMILY OF THE DECEASED EMPLOYEE” :

A person appointed on compassionate grounds under the Scheme shall give an undertaking in writing as per format at (Annexure-IV) that he/she will maintain properly the other family members who were dependent on the deceased in question and in case it is proved subsequently (at any time) that the family members are being neglected or are not being maintained properly by him/her, his/her appointment may be terminated forthwith. This shall be incorporated as one of the additional conditions in the appointment order applicable only in the case of appointment on compassionate grounds."

12. Clause "16" shall be substituted by the following, namely:-

"16. TERMINATION OF SERVICE":

The compassionate appointments can be terminated on the ground of non-compliance of any condition stated in the appointment order after providing an opportunity to the compassionate appointee by way of issuing of a show cause notice asking him/her to explain why his/her services cannot be terminated non-compliance of the condition(s) in the offer of appointment.

In order to check its misuse, the power of termination of services for non-compliance of the condition(s) in the compassionate appointment shall vest with the concerned "Appointing Authority."

The above amendments shall be deemed to have been incorporated in the scheme *ab initio*.

By order of the Lieutenant Governor.

MEDICAL CERTIFICATE OF CAUSE OF DEATH

Directions for completing the form

Name of deceased : To be provided in the format of [first name] [middle name] [last name] where full name (not abbreviation) to be written in capital letters and first name is mandatory. There should be minimum two characters in either [first name] or [middle name] or [last name]. If deceased is an infant, not yet named at time of death, leave blank.

Age : If the deceased was over 1 year of age, give age in completed years. If the deceased was below 1 year of age, give age in months and if below 1 month give age in completed number of days, and if below one day, in hours.

Cause of Death : This part of the form should always be completed by the attending physician personally.

The certificate of cause of death is divided into two parts, I and II. Part I is again divided into three parts, lines (a) (b) (c). If a single morbid condition completely explains the deaths, then this will be written on line (a) of Part I, and nothing more need be written in the rest of Part I or in Part II, for example, smallpox, lobar pneumonia, cardiac beriberi, are sufficient cause of death and usually nothing more is needed.

Often, however, a number of morbid conditions will have been present at death, and the doctor must then complete the certificate in the proper manner so that the correct underlying cause will be tabulated. First, enter in Part I(a) the immediate cause of death. This does not mean the mode of dying, e.g., heart failure, respiratory failure, etc. These terms should not be appear on the certificate at all since they are modes of dying and not causes of death. Next consider whether the immediate cause is a complication or delayed result of some other cause. If so, enter the antecedent cause in Part I, line (b). Sometimes there will be three stages in the course of events leading to death. If so, line (c) will be completed. The underlying cause to be tabulated is always written in last in Part I.

Morbid conditions or injuries may be present which were not directly related to the train of events causing death but which contributed in some way to the fatal outcome. Sometimes the doctor finds it difficult to decide, especially for infant deaths, which of several independent conditions was the primary cause of death; but only one cause can be tabulated, so the doctor must decide. If the other diseases are not effects of the underlying cause, they are entered in Part II.

Do not write two or more conditions on a single line. Please write the names of the diseases (in full) in the certificates as legibly as possible to avoid the risk of their being misread.

Onset : Complete the column for interval between onset and death whenever possible, even if very approximately, e.g., "from birth" "several years".

Accidental or violent deaths : Both the external cause and the nature of the injury are needed and should be stated. The doctor or hospital should always be able to describe the injury, stating the part of the body injured, and should give the external cause in full when this is shown. Example : (a) Hypostatic pneumonia; (b) Fracture of neck of femur; (c) Fall from ladder at home.

Maternal deaths : Be sure to answer the question on pregnancy and delivery. This information is needed for all women of child-bearing age, even though the pregnancy may have had nothing to do with the death.

Old age or senility : Old age (or senility) should not be given as a cause of death if a more specific cause is known. If old age was a contributory factor, it should be entered in Part II. Example : (a) Chronic bronchitis, II old age.

Completeness of information : A complete case history is not wanted, but, if the information is available, enough details should be given to enable the underlying cause to be properly classified.

Example : *Anaemia* – Give type of anaemia, if known. *Neoplasm* – Indicate whether benign or malignant, and site, with site of primary neoplasm, whenever possible, *Heart disease* – Describe the condition specifically; if congestive heart failure, chronic on pulmonale, etc., are mentioned, give the antecedent conditions. *Tetanus* – Describe the antecedent injury, if known. *Operation* – State the condition for which the operation was performed. *Dysentery* – Specify whether bacillary, amoebic, etc., if known. *Complications of pregnancy or delivery* – Describe the complication specifically, *Tuberculosis* – Give organs affected.

Symptomatic statement : Convulsions, diarrhea, fever, ascites, jaundice, debility, etc., are symptoms which may be due to any one of a number of different conditions. Sometimes nothing more is known, but whenever possible, give the disease which caused the symptom.

Manner of Death : Deaths not due to external cause should be identified as 'Natural'. MEDICAL CERTIFICATE OF CAUSE OF DEATH

Directions for completing the form

Name of deceased: To be provided in the following format of [first name] [middle name] [last name] where full name (not abbreviation) to be written in capital letters and first name is mandatory. There should be minimum two characters in either [first name] or [middle name] or [last name]. If deceased is an infant, not yet named at time of death, leave blank.

Age : If the deceased was over 1 year of age, give age in completed years. If the deceased was below 1 year of age, give age in months and if below 1 month give age in completed number of days, and if below one day, in hours.

Cause of Death : This part of the form should always be completed by the attending physician personally.

The certificate of cause of death is divided into two parts, I and II. Part I is again divided into three parts, lines (a) (b) (c). If a single morbid condition completely explains the deaths, then this will be written on line (a) of Part I, and nothing more need be written in the rest of Part I or in Part II, for example, smallpox, lobar pneumonia, cardiac beriberi, are sufficient cause of death and usually nothing more is needed.

Often, however, a number of morbid conditions will have been present at death, and the doctor must then complete the certificate in the proper manner so that the correct underlying cause will be tabulated. First, enter in Part I(a) the immediate cause of death. This does not mean the mode of dying, e.g., heart failure, respiratory failure, etc. These terms should not be appear on the certificate at all since they are modes of dying and not causes of death. Next consider whether the immediate cause is a complication or delayed result of some other cause. If so, enter the antecedent cause in Part I, line (b). Sometimes there will be three stages in the course of events leading to death. If so, line (c) will be completed. The underlying cause to be tabulated is always written in last in Part I.

Morbid conditions or injuries may be present which were not directly related to the train of events causing death but which contributed in some way to the fatal outcome. Sometimes the doctor finds it difficult to decide, especially for infant deaths, which of several independent conditions was the primary cause of death; but only one cause can be tabulated, so the doctor must decide. If the other diseases are not effects of the underlying cause, they are entered in Part II.

Do not write two or more conditions on a single line. Please write the names of the diseases (in full) in the certificates as legibly as possible to avoid the risk of their being misread.

Onset : Complete the column for interval between onset and death whenever possible, even if very approximately, e.g., "from birth" "several years".

Accidental or violent deaths : Both the external cause and the nature of the injury are needed and should be stated. The doctor or hospital should always be able to describe the injury, stating the part of the body injured, and should give the external cause in full when this is shown. Example : (a) Hypostatic pneumonia; (b) Fracture of neck of femur; (c) Fall from ladder at home.

Maternal deaths : Be sure to answer the question on pregnancy and delivery. This information is needed for all women of child-bearing age, even though the pregnancy may have had nothing to do with the death.

Old age or senility : Old age (or senility) should not be given as a cause of death if a more specific cause is known. If old age was a contributory factor, it should be entered in Part II. Example : (a) Chronic bronchitis, II old age.

Completeness of information : A complete case history is not wanted, but, if the information is available, enough details should be given to enable the underlying cause to be properly classified.

Example : *Anaemia* – Give type of anaemia, if known. *Neoplasm* – Indicate whether benign or malignant, and site, with site of primary neoplasm, whenever possible, *Heart disease* – Describe the condition specifically; if congestive heart failure, chronic on pulmonale, etc., are mentioned, give the antecedent conditions. *Tetanus* – Describe the antecedent injury, if known. *Operation* – State the condition for which the operation was performed. *Dysentery* – Specify whether bacillary, amoebic, etc., if known. *Complications of pregnancy or delivery* – Describe the complication specifically, *Tuberculosis* – Give organs affected.

Symptomatic statement : Convulsions, diarrhea, fever, ascites, jaundice, debility, etc., are symptoms which may be due to any one of a number of different conditions. Sometimes nothing more is known, but whenever possible, give the disease which caused the symptom.

In accordance with the provisions of section 10(3) of the Registration of Births and Deaths Act, 1969 (amended in 2023), a certificate of cause of death shall be given to the person required under this Act to give information concerning the death.
