2.On verification of the description of the products filed by the applicant with regard to various types of "Chilled and Frozen Chicken" which were derived from live birds by removing skin, feathers and cut into pieces which are chilled or frozen, packed and sold without addition of any ingredients, it was clarified that,"Chilled and Frozen Chicken" are taxable at 5.5% under entry 73 of III Schedule to KVAT Act, 2003 with effect from 01-08-2012 vide clarification under reference (2).

3. The applicant vide representation under reference(3), has sought modification of the clarification issued vide reference(2) by excluding "Chilled Chicken from tax net and limiting the levy only to "Frozen Chicken" by making reference to the Sl.No.10 in the circular of Commissioner of Commercial Taxes No.1/2006-07 Dated 20.4.2006. Representation of the applicant with regard to the clarification issued vide reference (2) is examined with reference to the circular and entries in the schedules. Circular No.1/2006-07 Dated 20.4.2006 of Commissioner of Commercial Taxes has interpreted entry No.73 of the third schedule to KVAT Act, 2003 and entry No. 36 of the first schedule at Sl.No.(10) of para 36 of the Circular. Sl. No. (10) of para 36 of the said circular reads as follow:

"(10) Entry Sl. No. 73 has been substituted to tax at 4%, all meat which is not covered by entry Sl.No.36 of First Schedule. It may be noted that apart from meat which is cured or frozen, even processed meat would be covered under this entry. It may also be noted that cured meat means that which has been salted or smoked or similarly treated to increase its shelf life and that frozen meat means that which is blast frozen(rapid freezing) to increase its shelf life. Consequently, raw meat sold along with ice, whether in loose condition or in sealed containers of plastic sheet or wraps which are crimped or stapled would not be frozen meat, even though their shelf life may be about 2 or 3 days. Further, dressed chicken (cut and cleaned) or other meat, which is merely cut and cleaned, whether sold in loose condition or in a sealed container would not be taken as processed meat for the purpose of this entry. It may also be noted that processed meat means that which is semi-cooked or needs to be just heated before consumption or other preparations of meat."

Perusal of the goods described at Sl.No. 1 to 12 and at Sl.No.21 and 22 of the table in para 3 of the clarification issued vide reference (2), it is noticed that they are '**Chilled and packed**' and **not cured or frozen or processed**.As the description of the products does not come under the purview of the Entry No. 73 of the III Schedule to KVAT Act, 2003 which provides for levy of tax at 5.5% in respect of '**Meat including flesh of poultry, fish, prawns, shrimps and lobsters when cured or frozen or processed**', the goods described at Sl.No. 1 to 12 and at Sl.No.21 and 22 of the table in para 3 of the clarification issued vide reference (2), fall under entry 36 of the I Schedule to KVAT Act, 2003 which exempts meat *which is not cured or frozen*. Therefore, goods mentioned in Sl.No. 1 to 12 and at Sl.No. 21 and 22 of the table in para 3 of the clarification issued vide reference (2) are exempted. Hence, the clarification issued at reference (2) is modified to that extent and clarified as under.

CLARIFICATION NO. CLR/CR-111(1)/2015-16 DATED : 25.04.2017

It is hereby clarified that, goods described in Sl.No.1to 12 and at Sl.No.21 and 22 of the table in para 3 of the clarification issued under reference (3) fall under entry No. 36 of the I Schedule to KVAT Act, 2003 and hence liable for exemption and the goods described in Sl.No. 13 to 20 in the same table fall under entry No. 73 of the III Schedule to KVAT Act, 2003 and are taxable at 5.5% with effect from 01-08-2012.
