This Convention No. 81 of ILO provides for maintenance of a system of labour inspection in industrial and commercial workplaces. The Labour Laws, have specific provisions for appointment and empowerment of labour-Inspectors, The ILO Convention No. 81, mandates that the labour inspectors shall be recruited with sole regard to their qualifications and adequately trained for the performance of their duties.

The labour inspection as a process is one of the core functions of the State to ensure decent conditions of service and healthy industrial relations climate in workplaces. However keeping in mind the size of the Labour Inspectorate, the Government of Karnataka hereby introduce this Scheme.

Through this Scheme, the State Government intends to empanel and accredit the third party agencies, who shall verify the status of labour law compliance in intending industry / unit / establishment that volunteers to take benefit of this Scheme. The single-most important purpose of the scheme is to allow the industry to file a third party certificate to the concerned authorities of the Department of Labour to state that labour norms are implemented in the unit/establishment.

The third party certification is a method of assessing, understanding, reporting and finally improving. performance of the industry / establishment / unit, against standards prescribed under labour laws. The third party certification scheme is designed with an intention of narrowing down gaps between statutory standards and reality in workplace and it creates an impact on governance of industry. The third party certification is a continuous process and not an event.

Whereas the draft of the "Classification of Industries to streamline and simplify the inspection system" was published in Notification No: LD 396 LET 2015, dated 05-10-2016 in part IVA of the Karnataka Gazette No: 152 dated 06/04/2017 inviting objections and suggestions from all the persons likely to be affected thereby within 30 days from the date of its publication in the Official Gazette. The said Gazette was made available to the public on 06/04/2017.

And whereas, no suggestions or objections have been received on the said draft by the State Government.

Now, therefore Government of Karnataka hereby notifies the following inspection system:-

The Department of Labour has taken certain measures to bring reforms in the inspection system under all labour laws being enforced -by the Department. Inspection system is a mechanism to ensure the statutory and welfare benefits and decent livelihood to the working community. Normally an inspector is appointed by the competent authority through delegation of powers by government notification under each Act. The notified inspector inspects an establishment exercising the delegated powers in order to ensure these provisions. It is observed that all categories of industries / establishments do not require same frequency of inspections. Several establishments / industries are voluntarily complying with the provisions of various labour laws, and some are complying with the intervention of the Department. Hence the inspection requirement varies from establishment to establishment.

Recognising the voluntary compliance by certain industries, the government intends to fix the frequency of inspection accordingly, Therefore the government has classified the establishments Into 3 categories as high risk, medium risk and low risk industry, which require different levels of inspections; considering the nature of employment, awareness level among the workers, existence of internal unions, past history of compliances, mutual settlements, absence of industrial disputes and so on. The parameters for classification of establishments are as follows:-

Sl. No.	Risk Parameters	Low Risk	Weightage	Medium Risk	Weightage	High Risk	Weightage
1	Hazardous/ Non-Hazardous	Non-Hazardous	8	Non- Hazardous	8	Hazardous	0
2	Lockouts/strikes/ Retrenchment/Lay-off-Closure (in past three years)	No	10	No	10	Yes in any one area	0
3	Types of Workers Employed in the Establishment	Permanent Workers only	12	No. of Contract Workers is more than 30%	6	No.of Contract Workers and migrant workers are more than 50%	4
4	Attrition	Low	8	Medium	6	High	4
5	Existence of Settlements	Yes	10	Efforts initiated for settlement through conciliation process	6	No	0
6	Existence Standing Order	Yes	8	Under process of certification	6	No	0
