Part II - Section 3

केन्द्र-शासित प्रदेश लद्दाख प्रशासन
ADMINISTRATION OF UNION TERRITORY OF LADAKH

F. No: Secy.AdmUTL/PDD/2026/146
Power Development and New & Renewable Energy Department

NOTIFICATION

Ladakh, the 28th day of April, 2026

In exercise of the powers conferred under Regulation 32 and Regulation 45 of the Central Electricity Authority (Measures Relating to Safety and Electric Supply) Regulations, Supply code issued by Hon'ble JERC-JKL for UT Jammu, Kashmir & Ladakh and in supersession of all earlier orders issued in this regard (if any), the following procedure shall be adopted for inspection, testing and certification of electrical

installations prior to commencement or recommencement of electricity supply in the Union Territory of Ladakh:

I. Electrical Installations having Voltage less than 250 Volts (LT Supply):

In accordance with Regulation 31 of the Central Electricity Authority (Measures Relating to Safety and Electric Supply) Regulations, 2023, minor electrical works involving installation / replacement of lamps, fans, fuses, switches or household appliances not exceeding 250 Volts are permitted without testing and inspection, provided that there is no alteration to the capacity or character of the installation and the installations confirm to the IS Standards.

II. Electrical Installations having Voltage above 250 Volts and up to 650 Volts (LT Supply):

1. In respect of electrical installations having voltage above 250 Volts but less than or equal to 650 Volts, including installations of domestic, commercial, industrial and other relevant consumer categories, the installation shall be self-certified by a consumer/supplier/owner and the test certificate to be signed by empanelled Chartered Electrical Safety Engineer in accordance with the provisions of Regulation 32 of the Central Electricity Authority (Measures Relating to Safety and Electric Supply) Regulations, 2023, before commencement of supply or recommencement of supply after a shutdown of six months or more.
2. The self-certification along with the Test report shall be submitted to the Office of the Electrical Inspector, Union Territory of Ladakh, for record and compliance with safety regulations.
3. Provided that, the owner, consumer or supplier may opt to have the installation inspected and tested by the Electrical Inspector of UT of Ladakh, by submitting an application along with the prescribed inspection fee to the Office of the Chief Electrical Inspector.
4. In case the Office of the Electrical Inspector does not acknowledge receipt of the self-certification report within three (3) working days, the report shall be deemed to have been received by the said office.

III. Electrical Installations having Voltage exceeding 650 Volts (HT/EHT Supply):

In respect of electrical installations having voltage exceeding 650 Volts, including installations where supply is received at 11 kV or above, inspection and testing of the electrical installation shall be carried out by the Electrical Inspector in accordance with Regulation 45 of the Central Electricity Authority (Measures Relating to Safety and Electric Supply) Regulations, 2023, and also the Supply code issued by Hon'ble JERC-JKL for UT Jammu, Kashmir & Ladakh, before commencement of supply or recommencement of supply after shutdown of six months or more.

This notification shall come into force with immediate effect.
By order and in the name of the Lieutenant Governor of Ladakh.

P.T Rudra Goud, IAS
Administrative Secretary
Power Development Department
Union Territory of Ladakh
