In pursuance of the approval accorded by the Ministry of Micro, Small and Medium Enterprises, Government of India, under the Raising and Accelerating MSME Performance (RAMP) Programme, and with a view to mitigating the high logistics costs arising from the geographical remoteness and difficult terrain of the Union Territory of Ladakh, the Administration of the Union Territory of Ladakh hereby notifies the following Operational Guidelines for Transport Subsidy on Finished Goods for Micro, Small and Medium Enterprises (MSMEs) located in Ladakh.

1. Short Title and Commencement

1. These guidelines shall be called “RAMP-Transport Subsidy Scheme for Finished Goods – Ladakh, 2026.”

2. Objectives

The objectives of the scheme are to:

2. Enhance competitiveness of Ladakhi products in domestic and international markets by reducing logistics-related cost disadvantages.
3. Promote market access for priority sectors including handicrafts, handloom, Pashmina value chain, agro and organic produce, food processing, GI-tagged products and local manufacturing.

Priority shall be accorded to consignments transported beyond **300 kilometres**, with higher administrative priority for consignments exceeding **800 kilometres**, including metro markets and export gateways.

4.2 Extended Scope – Inward Transportation of Raw Materials and Packaging (Subject to Approval of the Ministry of MSME)

Inward transportation of raw materials or packaging inputs may be considered subject to the following conditions:

2. Inward transport subsidy shall not exceed **50% of the total subsidy approved** for the MSME.
