NOTIFICATION OF THE SOCIAL IMPACT ASSESSMENT
(SUB SECTION 1 of SECTION 4)

Lakshadweep Administration intends to acquire the following land for a public purpose as stated below, as per the relevant provisions of the 'The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 for which Social Impact Assessment study has to be undertaken for the affected area as per Section 4 of the said Act read with Sub rule 1 of Rule 3 of the Right to Fair Compensation and Transparency in Land Acquisition Rehabilitation and Resettlement Rules, 2014.

1	Project Developer	Indian Air Force
2	Brief Description about purpose of proposed acquisition of land	Agatti Island is a strategically important location within the Lakshadweep archipelago due to its geographical positioning, connectivity, and existing airstrip infrastructure. The increasing administrative, security, and operational requirements in the region necessitate the establishment of dedicated Forward/Field Base Support Units (FBSUs) to enhance response capability, logistical coordination, and long-term strategic presence. Currently, the absence of a dedicated facility limits the operational efficiency of the concerned unit/department, particularly in areas such as rapid deployment, resource staging, storage, maintenance, and personnel accommodation. Establishing FBSUs will significantly augment regional readiness and improve the effectiveness of ongoing and future missions.
