Terms of Reference:

1. Provide guidance and support for implementation of activities through all the phases of the MoU and set-up working groups for the four themes of the diagnostic phase {service delivery, health financing, human resources for health and difficult (hard-to-reach) areas}.
2. Develop guiding principles and objectives of reform. Facilitate implementation of selected reform options for demonstration and testing pilots.
3. Undertake periodic review on the progress of implementation of the project.
4. Discuss and decide financial requirements for development of budget required towards implementation of reforms in the 2nd, 3rd and 4th year.
5. Initiate scaling-up of successful reforms.
6. Invite sectoral experts and co-opt other members for discussions and meetings as and when required.

By Order of the Governor

Dr. BRAJA KISHORE BRAHMA
Special Secretary (MS) to Government
